Deemed Resident

Notwithstanding anything contained in Sec 6(1), an individual, being citizen of India (not PIO), having total income, other than the income from foreign sources, exceeding 15,00,000 during the PY shall be deemed to be resident in India in that PY, if he is not liable to tax in any other country / territory by reason of his domicile / residence / in any other criteria of similar nature
As per Sec 6(6), If a person is deemed Resident as per Sec 6(1A) he shall deem to be RNOR.

Other Points :

If a person is resident as per Sec 6(1), then Sec 6(1A) shall not apply. Sec 6(1A) does not apply to an individual who is not a citizen of India but a person of Indian Origin

Person of Indian Origin

A person is deemed to be of Indian origin if he, or either of his parents or any of his grandparents, was born in Undivided India. It may be noted that grandparents include both maternal and paternal grand parents.

Resident & Ordinarily Resident (ROR) :

An individual may become a ROR in India if he satisfies both following conditions given u/s 6(6) besides satisfying any one of the above mentioned conditions:

- he is a resident in atleast any two out of the ten PYs immediately preceding the relevant PY, and
- he has been in India for 730 days or more during the 7 PYs immediately preceding the relevant PY.

Resident but Not Ordinarily Resident (RNOR) :

An individual is RNOR in any PY if-

- he has been a NR in India in 9/10 PYs preceding that year, or
- he has during the 7 PYs preceding that year been in India for period of, or periods amounting in all to; 729 days or less

- a citizen of India who is deemed to be resident in India - clause (1a)

Non - Resident :

If an individual does not satisfy any of the above basic condition then, he will be treated as Non-resident. It must be noted that the fulfillment of any one of the above conditions (a) / (b) as applicable will make an Individual resident in India for tax purposes. Further it is to be noted that these conditions are alternative & not cumulative in their application.

Important Notes :

The fact that an assessee is resident in India in respect of one year does not automatically mean that he would be resident in the preceding or succeeding years as well. Consequently, the residential status of the assessee should be determined for each year separately. This is in view of the fact that a person resident in one year may become NR or RNOR in another year and vice versa.

The stay may be anywhere in India and for any length of time at each place in cases where the stay in India is at more places than one, what is required is the total period of stay should not be less than the number of days specified in each condition.

While determining residential status, the day of leaving and returning to India should be considered as a stay in India

Where the exact arrival and departure time is not available then the day he comes to India and the day he leaves India is counted as stay in India

India means territory of India, its territorial waters, continental shelf, Exclusive Economic Zone (upto 200 nautical miles) and airspace above its territory and territorial waters.

Exception to the basic condition :

being a citizen of India, who leaves India in any PY as a member of the crew of an Indian ship as defined in sec 3(18) of the Merchant Shipping Act, 1958, or for the purposes of employment outside India Rule 126. Computation of period of stay in India in certain cases -

CROSS TRANSFERS

In the case of cross transfers also (e.g., A making gift of ₹50,000 to the wife of his brother B for the purchase of a house by her and a simultaneous gift by B to A's minor son of shares in a foreign company worth ₹50,000 owned by him), the income from the assets transferred would be assessed in the hands of the deemed transferor if the transfers are so intimately connected that they form part of a single transaction, and each transfer constitutes consideration for the other by being mutual or otherwise. Thus, in the instant case, the transfers have been made by A and B to persons who are not their spouse or minor child so as to circumvent the provisions of this section, showing that such transfers constituted consideration for each other.

The Supreme Court, in case of CIT v. Keshavji Morarji [1967], observed that if two transactions are inter-connected and are parts of the same transaction in such a way that it can be said that the circuitous method was adopted as a device to evade tax, the implication of clubbing provisions would be attracted. Accordingly, the income arising to Mrs. B from the house property should be included in the total income of B and the dividend from shares transferred to A's minor son would be taxable in the hands of A. This is because A and B are the indirect transferors to their minor child and spouse, respectively, of income-yielding assets, so as to reduce their burden of taxation.

Amendment Based Question

1) Mr. Gupta, a resident Indian, is in retail business and his turnover for F.Y.2021-22 was ₹ 12 crores. He regularly purchases goods from another resident, Mr. Agarwal, a wholesaler, and the aggregate payments during the F.Y.2022-23 was ₹ 95 lakh (₹ 20 lakh on 1.6.22, ₹ 25 lakh on 12.8.2022, ₹ 22 lakh on 23.11.2022 and ₹ 28 lakh on 25.3.2023). Assume that the said amounts were credited to Mr. Agarwal's account in the books of Mr. Gupta on the same date. Mr. Agarwal's turnover for F.Y. 2021-22 was ₹ 15 crores.

- Based on the above facts, examine the TDS/TCS implications, if any, under the Income-tax Act, 1961.
- 1) Would your answer be different if Mr. Gupta's turnover for F.Y.2021-22 was ₹ 8 crores, all other facts remaining the same?
 - 2) Would your answer to (1) and (2) change, if PAN has not been furnished by the buyer or seller, as required?

Solution:

Since Mr. Gupta's turnover for F.Y.2021-22 exceeds 10 crores, and payments made by him to Mr. Agarwal, a resident seller exceed ₹ 50 lakhs in the P.Y.2022-23, he is liable to deduct tax@0.1% of ₹ 45 lakhs (being the sum exceeding ₹ 50 lakhs) in the following manner -
No tax is to be deducted u/s 194Q on the payments made on 1.6.2022 and 12.8.2022, since the aggregate payments till that date i.e. 45 lakhs, has not exceeded the threshold of ₹ 50 lakhs.
Tax of ₹ 1,700 (i.e., 0.1% of ₹ 17 lakhs) has to be deducted u/s 194Q from the payment/ credit of ₹ 22 lakh on 23.11.2022 [₹ 22 lakh - ₹ 5 lakhs, being the balance unexhausted threshold limit].
Tax of ₹ 2,800 (i.e., 0.1% of ₹ 28 lakhs) has to be deducted u/s 194Q from the payment/ credit of ₹ 28 lakhs on 25.3.2023.
Note - In this case, since both section 194Q and 206C(1H) applies, tax has to be deducted u/s 194Q.

2. If Mr. Gupta's turnover for the F.Y.2021-22 was only ₹ 8 crores, TDS provisions under section 194Q would not be attracted. However, TCS provisions under section 206C(1H) would be attracted in the hands of Mr. Agarwal, since his turnover exceeds ₹ 10 crores in the F.Y.2021-22 and his receipts from Mr. Gupta exceed ₹ 50 lakhs. No tax is to be collected u/s 206C(1H) on 1.6.2022 and 12.8.2022, since the aggregate receipts till that date i.e. 45 lakhs, has not exceeded the threshold of ₹ 50 lakhs.

Tax of ₹ 1,700 (i.e., 0.1% of ₹ 17 lakhs) has to be collected u/s 206C(1H) on 23.11.2022 (₹ 22 lakh - ₹ 5 lakhs, being the balance unexhausted threshold limit). Tax of 2800 (0.1% of 28Lakh) has to be collected on 25.3.2023.

3. In case (1), if PAN is not furnished by Mr. Agarwal to Mr. Gupta, then, Mr. Gupta has to deduct tax@5%, instead of 0.1%. Accordingly, tax of ₹ 85,000 (i.e., 5% of ₹ 17 lakhs) and ₹ 1,40,000 (5% of ₹ 28 lakhs) has to be deducted by Mr. Gupta u/s 194Q on 23.11.2022 and 25.3.2023, respectively.

In case (2), if PAN is not furnished by Mr. Gupta to Mr. Agarwal, then, Mr. Agarwal has to collect tax@1% instead of 0.1%. Accordingly, tax of ₹ 17,000 (i.e., 1% of ₹ 17 lakhs) and ₹ 28,000 (1% of ₹ 28 lakhs) has to be collected by Mr. Agarwal u/s 206C(1H) on 23.11.2022 and 25.3.2023, respectively.

Question 2: Based on 206AB

A company makes a contract payment of Rs.80 lakhs to Mr P. The tax is deductible at 1%. But Mr P did not file his IT return for both the years and the due date of filing the return has expired.

Solution :

Hence, when the company deducts tax in the FY 2021-22 and learns that the payee has not filed his ITR for the last two years, the TDS should be deducted at higher of the following:
• Twice the rate prescribed in the Act, i.e. 2% (twice of 1%), or
• 5%

Hence, the tax should be deducted at the rate of 5%.

Further, if PAN is not furnished, then TDS shall be deducted at the rate of 20%, which is higher than 5%

TDS
13.18

Question 3: Based on 194Q

A buyer purchases goods from a resident Indian seller worth Rs. 90 lakhs. Here, the TDS payment would be deducted on Rs. 40 lakh, at the rate of 0.1%, as Section 194Q mandates TDS to be deducted only on amounts exceeding Rs. 50 lakh.

So, the TDS payment of Rs. 4000 needs to be deducted from Rs. 90 lakhs at the time of payment or crediting of the invoice amount.

Note: The TDS would be deducted at 5% if the seller fails to do so and furnish PAN.

Question 4 Based on 194Q

Mr. Mayank makes an advance payment of Rs. 55 lakhs for purchase of goods on 30.6.2022, and debits such purchases in his books on 15.7.2022. Mr. Mayank's turnover from his business in FY 2021-22 was Rs.11 crores.

In this case, Mr. Mayank will not be liable to deduct TDS u/s 194Q on such purchases of Rs. 55 lakhs, paid before 1.7.2022, though debited after 1.7.2022.

Question 5 Based on 234B & 234C

Mr. Jay having total income of ` 8,70,000, did not pay any advance tax during the previous year 2022-23. He wishes to pay the whole of the tax, along with interest if any, on filing the return in the month of July, 2023. What is total tax which Mr. Jay has to deposit as self-assessment tax along with interest, if he files the return on 29.07.2023? Assume that he does not exercise the option under section 115BAC.

Solution:

Obligation to pay advance tax arises in every case, where the advance tax payable is Rs.10,000 or more. As a consequence of such failure, assessee may be charged with interest under section 234B and 234C.

In the given case, since Mr. Jay did not deposit any amount of advance tax during the previous year, he will need to pay the total tax due on his income along with interest for default in payment of advance tax [under section 234B] and interest for deferment on returned income [under section 234C] before filing of his return.

Total tax due on returned income of Rs.8,70,000 is 89,960 [(20% of Rs.3,70,000 + 12,500) + cess@4%]

Interest under section 234B:

Interest under section 234B is attracted - a) When the assessee, who is liable to pay advance tax has failed to pay such tax; or b) Where the advance tax paid by the assessee is less than 90% of the assessed tax.

Since, Mr. Jay did not pay any amount as advance tax, interest under section 234B at 1% per month or part of the month will be levied beginning from 1st April of the following year i.e., 01.04.2023 till the time he deposits the whole tax under self-assessment.

Interest will be levied on tax liability of ` 89,900 (rounded off to nearest hundred, ignoring fraction) at 1% for four months i.e., from 1st April to 29th July.

The interest under section 234B amount to Rs.3,596

Interest under section 234C:

Assessee, other than assesses who declare profits and gains in accordance with provision of section 44AD(i) or section 44ADA(1), are liable to pay advance tax in 4 installments during the previous year. Section 234C is attracted, if the actual installment paid by the assessee is the less than the amount required to be paid by him on such instalments. The interest shall be calculated at 1% per month or part of the month for short payment or non-payment of each instalment. In the given scenario, since Mr. Jay, did not deposit any amount as advance tax, the interest under section 234C is calculated as under -

15 th June 2022	15%	13,400	3 months	402
15 th September 2022	45%	40,400	3 months	1,212
15 th December 2022	75%	67,400	3 months	2,022
15 th March 2023	100%	89,900	1 month	899
Total interest under section 234C				4,535

Jay needs to pay 98091 as total of Tax & Interest on or before filing of return in the month of July 2022

Amendment Based Questions

Question 1: Mr. Vineet submits his return of income on 12-09-2023 for A.Y. 2023-24 consisting of income under the head "Salaries", "Income from HP" and bank interest. On 21-12-2023, he realized that he had not claimed deduction under section 80TTA in respect of his interest income on the Savings Bank Account. He wants to revise his return of income. Can he do so? Examine. Would your answer be different if he discovered this omission on 21-03-2024?

Solution: Since Mr. Vineet has income only under the heads "Salaries", HP and IFOS", he does not fall under the category of a person whose accounts are required to be audited under the Act or any other law in force. Therefore, the due date of filing return for A.Y. 2023-24 under section 139(1), in his case, is 31st July, 2023. Since Mr. Vineet had submitted his return only on 12.9.2023, the said return is a belated return under section 139(4).

A belated return under section 139(4) can also be revised. Therefore, Mr. Vineet can revise the return of income filed by him under section 139(4) in December 2023, to claim deduction under section 80TTA, since the time limit for filing a revised return is 3 months prior to the end of the RAY, which is 31.12.2023. However, he cannot revise return had he discovered this omission only on 21-03-2024, since it is beyond 31.12.2023.

QUESTION 2: [Updated Return]

Mr. X would like to furnish his updated return for the A.Y. 2021-22. In case he furnished his updated return of income, he would be liable to pay ₹2,50,000 towards tax and ₹35,000 towards interest after adjusting tax and interest paid at the time filing earlier return. You are required to examine whether Mr. X can furnish updated return

- (i) as on 31.3.2023
- (ii) as on 28.2.2024
- (iii) as on 31.5.2024

If yes, compute the amount of additional income-tax payable by Mr. X at the time of filing his updated return.

Would your answer be different with respect to filing of updated return in case of (ii) above, where he has received a notice under section 147 for the said A.Y. 2021-22 on 23.7.2023

SOLUTION

1. Mr. X may furnish an updated return of his income for A.Y. 2021-22 at any time within 24 months from the end of the relevant assessment year i.e., 31.3.2022.
2. Accordingly, Mr. X can furnish updated return for A.Y. 2021-22 as on 31.3.2022 and on 28.2.2024. However, he can not furnish such return as on 31.5.2024, since such date falls after 31.3.2024.
3. Mr. X would be liable to pay additional income-tax
 - @25% of tax and interest payable, if updated return is furnished after the expiry of the time limit available under section 139(4) or 139(5) i.e., 31st December 2022 and before the expiry of 12 months from end of relevant assessment year i.e., 31.3.2023
 - @50% of tax and interest payable, if updated return is furnished after the expiry of 12 months from end of relevant assessment year i.e., 31.3.2023 and before the expiry of 24 months from end of relevant A.Y. i.e., 31.3.2024
4. Accordingly, Mr. X is liable to pay additional income-tax in case he furnishes his updated return as on
 - (i) 31.3.2023 - ₹71,250 [25% of 2,85,000, being tax of ₹2,50,000 plus interest of ₹35,000]
 - (ii) 28.2.2024 of ₹1,42,500 [50% of 2,85,000, being tax of ₹2,50,000 plus interest of ₹35,000] He cannot furnish updated return where he has received notice u/s 147, since proceeding for income escaping assessment for the A.Y. 2021-22 are pending.
