 - b) After 01/04/2001

- d) Asset acquired prior to 01/04/2001 by previous owner & received by Assessee after 01/04/2001
 $FMV \text{ on } 1/4/2001 / COA \text{ to } Previous Owner, whichever is higher \times \frac{CII \text{ of the year of transfer}}{CII \text{ of year in which first held by Assessee IMP JIaji}}$

 $COA \text{ to } Previous Owner \times \frac{CII \text{ of the year of transfer}}{CII \text{ of year in which first held by Assessee}}$

Manjula shah vs CIT : If assessee acquire CA by way of gift & transferred such assets, then ICA would be with reference to year in which previous owner held the assets & not in which Assessee becomes the owner. Therefore CII should be based on the year in which previous owner acquired the assets & not in which assessee becomes the owner.

2) Index cost of Improvement
 $COI \text{ of the asset } \times \frac{CII \text{ of the year of transfer}}{CII \text{ of the year in which improvement made by assessee/previous owner}}$

CIT v. Shree Govindbhai Jethalal Nathavani Charitable Trust (2015) (Guj.)

Can Commissioner reject an application for grant of approval u/s 80G(5) on the ground that the trust has failed to apply 85% of its income for charitable purposes? At time of granting approval of exemption u/s 80G, only object of trust is required to be examined &, therefore, assessee's application seeking approval u/s 80G(5) could not be rejected on ground that it failed to incur expense to extent of 85% of its income during relevant year.
