Eg 3 : Total Income 7,25,000 with marginal relief

Solution : Upto First 3,00,000 - NIL
Next 300000 - 5% - 15000
1,25,000 - 10% - 12500
Total tax 27500

Marginal Relief

= (Tax on 7 lakh) + (TI - 7 lakh)
= Nil + 25000
= 25000 (+ HEC @4%)
= 26000

 Compute income from house property of Mr. X for the A.Y. 24-25.

P4. Based on LOP + Unrealized Rent

Mr. Anand sold his residential house property in March, 2023. In June, 2023, he recovered rent of ₹10,000 from Mr. Gaurav, to whom he had let out his house for two years from April 2017 to March 2019. He could not realise two months rent of ₹20,000 from him and to that extent his actual rent was reduced while computing income from house property for A.Y. 2019-20. Further, he had let out his property from April, 2019 to February, 2023 to Mr. Satish. In April, 2021, he had increased the rent from ₹12,000 to ₹15,000 per month and the same was a subject matter of dispute. In September, 2023, the matter was finally settled and Mr. Anand received ₹69,000 as arrears of rent for the period April 2021 to February, 2023. Would the recovery of unrealised rent and arrears of rent be taxable in the hands of Mr. Anand, and if so in which year?

Taxability of LIP

[FA 2023] The following table summarizes the exemption available u/s 10(10D) vis-a-vis the date of issue of such policies and the corresponding condition to be satisfied for exemption -

In respect of policies issued before 1.4.2003	Any sum received under a LIP including the sum allocated by way of bonus is exempt.
In respect of policies issued between 1.4.2003 and 31.3.2012	Any sum received under a LIP including the sum allocated by way of bonus is exempt. However, exemption would not be available if the premium payable for any of the years during the term of the policy exceeds 20% of "actual capital sum assured".
In respect of policies issued on or after 1.4.2012 but before 1.4.2013	Any sum received under a LIP including the sum allocated by way of bonus is exempt. However, exemption would not be available if the premium payable for any of the years during the term of the policy exceeds 10% of actual capital sum assured.
In respect of policies issued on or after 1.4.2013	a) Where the insurance is on the life of a person with disability or severe disability as referred to in section 80U or a person suffering from disease or ailment as specified under section 80DDB. Any sum received under a LIP including the sum allocated by way of bonus is exempt. Any sum received under a LIP including the sum allocated by way of bonus is exempt. However, exemption would not be available if the premium payable for any of the years during the term of the policy exceeds 10% of "actual capital sum assured".
In respect of policies issued on or after 1.4.2023	Any sum received under a LIP including the sum allocated by way of bonus is exempt. However, exemption would not be available if the premium payable for any of the years during the term of the policy exceeds 10% or 15%, as the case may be, of "actual capital sum assured. Further, exemption would also not be available if the amount of premium payable exceeds ₹ 5,00,000 for any of the previous years during the term of such policy. In a case where premium is payable by a person for more than one LIP (other than ULIP) and the aggregate of premium payable on such policies exceed ₹ 5,00,000 for any of the previous years during the term of any such policy(ies), exemption would be available in respect of any of those LIPs (other than ULIP), at the option of the assessee, whose aggregate premium payable does not exceed ₹ 5,00,000 for any of the previous years during their term.
Any sum is received on the death of a person is exempt irrespective of the annual premium payable on the policy. The condition of payment of premium of 10% or 15% or 20% or ₹ 5,00,000 would not be applicable	

Exemption is not available in respect of amount received from an insurance policy taken for disabled person u/s 80DD: Any sum received u/s 80DD(3) shall not be exempt u/s 10(10D). Accordingly, if the dependent disabled, in respect of whom an individual or the member of the HUF has paid or deposited any amount in any scheme of LIC or any other insurer, predeceases the individual or the member of the HUF, the amount so paid or deposited shall be deemed to be the income of the assessee of the previous year in which such amount is received. Keyman insurance policy: Any sum received under a Keyman insurance policy shall also not be exempt. The term includes within its scope a keyman insurance policy which has been assigned to any person during its term, with or without consideration. Therefore, such policies shall continue to be treated as a keyman insurance policy even after the same is assigned to the keyman. - If asset transferred is sold by transferee then CG is income & clubbed

Cross Transfers

In the case of cross transfers also (e.g., A making gift of ₹50,000 to the wife of his brother B for the purchase of a house by her and a simultaneous gift by B to A's minor son of shares in a foreign company worth ₹50,000 owned by him), the income from the assets transferred would be assessed in the hands of the deemed transferor if the transfers are so intimately connected that they form part of a single transaction, and each transfer constitutes consideration for the other by being mutual or otherwise.

Thus, in the instant case, the transfers have been made by A and B to persons who are not their spouse or minor child so as to circumvent the provisions of this section, showing that such transfers constituted consideration for each other. The Supreme Court, in case of **CIT v.**

Keshavji Morarji [1967], observed that if two transactions are interconnected and are parts of the same transaction in such a way that it can be said that the circuitous method was adopted as a device to evade tax, the implication of clubbing provisions would be attracted. Accordingly, the income arising to Mrs. B from the house property should be included in the total income of B and the dividend from shares transferred to A's minor son would be taxable in the hands of A. This is because A and B are the indirect transferors to their minor child and spouse, respectively, of income-yielding assets, so as to reduce their burden of taxation.
