- ↳ FG → GST rate = lower

⊕ If in the current financial year more than 1% of output tax liability is paid through cash ledger cumulatively upto the month in which taxable P.O exceed 50L

	April	May	June	July
Output Tax	600000	700000	900000	Taxable supply
ITC	400000	680000	810000	P.O = 70L
Cash	200000	20000	90000	

Cumulative April - June o/p Tax $\Rightarrow 6L + 7L + 9L = 22L$

o/p Tax pay in cash $\Rightarrow 2L + 0.20L + 0.90L = 3.10L$

o/p Tax in cash % = $\frac{3.10L}{22L} \times 100 = 14.09\%$

Rule 86B shall not be applicable in M10 July even though taxable P.O exceed 50L because till June RP has discharged more than 1% o/p tax liability in cash.

④ Rule 86(B) is not applicable on following person.

- ① Govt department
- ② Public sector undertakings
- ③ local authority
- ④ statutory body.

Rule practical \Rightarrow Max DTC = 99% of o/p Tax
If tax TO > 50L in month.

Rule 86(A) - covered along with payment of tax
