THEORY

■ TAX

It is a compulsory charge levied by the Government. Taxes are of two types:

- (a) Direct Tax
- (b) Indirect Tax

■ DIRECT AND INDIRECT TAXES

Taxes are broadly classified into direct and indirect taxes.

Direct Taxes

- A direct tax is a kind of charge, which is imposed directly on the taxpayer and paid directly to the Government by the persons on whom it is imposed.
- A direct tax is one that cannot be shifted by the taxpayer to someone else.
E.g. Income Tax.

Indirect Taxes

- An indirect tax is one that can be shifted by the taxpayer to someone else.
- Its incidence is borne by the consumers who ultimately consume the product or the service, while the immediate liability to pay the tax may fall upon another person such as a manufacturer or provider of service or seller of goods.
- They are regressive in nature because they are not based on the principle of ability to pay.
- Indirect taxes are levied on consumption, expenditure, privilege, or right but not on income or property.
- E.g. GST, Custom Duty.

■ FEATURES OF INDIRECT TAXES

- **An important source of revenue:** Indirect taxes are a major source of tax revenues for Governments worldwide and continue to grow as more countries move to consumption oriented tax regimes. In India, indirect taxes contribute more than 50% of the total tax revenues of Central and State Governments.

- ❑ **Tax on commodities and services:** It is levied on commodities at the time of manufacture or purchase or sale or import/export thereof. Hence, it is also known as commodity taxation. It is also levied on provision of services.
- ❑ **Shifting of burden:** There is a clear shifting of tax burden in respect of indirect taxes. For example, GST paid by the supplier of the goods is recovered from the buyer by including the tax in the cost of the commodity.
- ❑ **No perception of direct pinch:** Since, the value of indirect taxes is generally inbuilt in the price of the commodity, most of the time the taxpayer pays the same without actually knowing that he is paying tax to the Government. Thus, the taxpayer does not perceive a direct pinch while paying indirect taxes.
- ❑ **Inflationary:** Tax imposed on commodities and services causes an all-round price spiral. In other words, indirect taxation directly affects the prices of commodities and services and leads to inflationary trend.
- ❑ **Wider tax base:** Unlike direct taxes, the indirect taxes have a wide tax base. Majority of the products or services are subject to indirect taxes with low thresholds.
- ❑ **Promotes social welfare:** High taxes are imposed on the consumption of harmful products (also known as 'sin goods') such as alcoholic products, tobacco products etc. This not only checks their consumption but also enables the State to collect substantial revenue.
- ❑ **Regressive in nature:** Generally, the indirect taxes are regressive in nature. The rich and the poor have to pay the same rate of indirect taxes on certain commodities of mass consumption. This may further increase the income disparities between the rich and the poor.

■ CONCEPT OF GST

- ❑ GST is a value added tax levied on manufacture, sale and consumption of goods and services.
- ❑ GST offers a comprehensive and continuous chain of tax credits from the producer's point/service provider's point up to the retailer's level/consumer's level thereby taxing only the value added at each stage of the supply chain.
- ❑ The supplier at each stage is permitted to avail credit of GST paid on the purchase of goods and/or services and can set off this credit against the GST payable on the supply of goods and services to be made by him. Thus, only the final consumer bears the GST charged by the last supplier in the supply chain, with set-off benefits at all the previous stages.
- ❑ Since, only the value added at each stage is taxed under GST, there is no tax on tax or cascading of taxes under the GST system. GST does not differentiate between goods and services and thus, the two are taxed at a single rate.

Why India Needed GST

Following reasons demanded implementation of GST:

- ❑ Double taxation of a transaction as both goods and services.
- ❑ Non-inclusion of several local levies in State VAT such as luxury tax, entertainment tax, etc.
- ❑ Cascading of taxes on account of (i) levy of Non-VAT able CST and (ii) inclusion of CENVAT in the value for imposing VAT.
- ❑ Non-integration of VAT & service tax
- ❑ No CENVAT after manufacturing stage

■ FRAMEWORK OF GST AS INTRODUCED IN INDIA

1. **Dual GST:** India has adopted a Dual GST model in view of the federal structure of the country.
 - Centre and States simultaneously levy GST on taxable supply of goods or services or both, which takes place within a State or Union Territory. Thus, tax is imposed concurrently by the Centre and States, i.e. Centre and States simultaneously tax goods and services.
 - GST is a destination based tax applicable on all transactions involving supply of goods and services for a consideration subject to exceptions thereof. GST in India comprises of:
 - On **intra-State supplies** of taxable goods and/or services
 - (a) **Central Goods and Services Tax (CGST)** - levied and collected by Central Government,
 - (b) **State Goods and Services Tax (SGST)** - levied and collected by State Governments/ Union Territories with Legislatures and
 - (c) **Union Territory Goods and Services Tax (UTGST)** - levied and collected by Union Territories without Legislatures.

Union Territories	
Without State Legislature	With State Legislature
<ul style="list-style-type: none"> ○ Andaman & Nicobar islands ○ Lakshadweep ○ Ladakh ○ Dadra and Nagar Haveli & Daman and Diu ○ Chandigarh 	<ul style="list-style-type: none"> ○ Delhi ○ Jammu & Kashmir ○ Puducherry

- **Inter-State supplies** of taxable goods and/or services are subject to Integrated Goods and Services Tax (IGST). IGST is the sum total of CGST and SGST/UTGST and is levied by Centre on all inter-State supplies.

2. GST – A tax on goods and services: GST is levied on all goods and services, except alcoholic liquor for human consumption and petroleum crude, diesel, petrol, ATF and natural gas.

- (a) **Alcoholic liquor for human consumption:** is outside the realm of GST. The manufacture/production of alcoholic liquor continues to be subjected to State excise duty and inter-State/intra-State sale of the same is subject to CST/VAT respectively.
- (b) **Petroleum crude, diesel, petrol, ATF and natural gas:** As regards petroleum crude, diesel, petrol, ATF and natural gas are concerned, they are not presently leviable to GST. GST will be levied on these products from a date to be notified on the recommendations of the GST Council.
- (c) Till such date, central excise duty continues to be levied on manufacture/production of petroleum crude, diesel, petrol, ATF and natural gas and inter-State/intra-State sale of the same is subject to CST/VAT respectively.
- (d) **Tobacco:** Tobacco is within the purview of GST, i.e. GST is leviable on tobacco. However, Union Government has also retained the power to levy excise duties on tobacco and tobacco products manufactured in India. Resultantly, tobacco is subject to GST as well as central excise duty.
- (e) **Opium, Indian hemp and other narcotic drugs and narcotics:** Opium, Indian hemp and other narcotic drugs and narcotics are within the purview of GST, i.e. GST is leviable on them. However, State Governments have also retained the power to levy excise duties on such products manufactured in India. Resultantly, Opium, Indian hemp and other narcotic drugs and narcotics are subject to GST as well as State excise duties.
- (f) Further, real estate sector has been kept out of ambit of GST, i.e. GST will not be levied on sale/purchase of immovable property.

■ BENEFITS OF GST

GST is a win-win situation for the entire country. It brings benefits to all the stakeholders of industry, Government and the consumer. The significant benefits of GST are discussed hereunder:

Benefits to Economy

- (i) **Creation of unified national market:** GST aims to make India a common market with common tax rates and procedures and remove the economic barriers thus paving the way for an integrated economy at the national level.
- (ii) **Boost to 'Make in India' initiative:** GST gives a major boost to the 'Make in India' initiative of the Government of India by making goods and services produced in India competitive in the national as well as international market. This will create India as a – Manufacturing hub.
- (iii) **Enhanced investment and employment:** The subsuming of major Central and State taxes in GST, complete and comprehensive setoff of input tax on goods and services and phasing out of Central Sales Tax (CST) reduces the cost of locally manufactured goods and services and increases the competitiveness of Indian goods and services in the international market and thus, gives boost to investments and Indian exports. With a boost in exports and manufacturing activity, more employment is generated and GDP is increased.

Simplified Tax Structure

- (i) **Ease of doing business:** Simpler tax regime with fewer exemptions along with reduction in multiplicity of taxes under GST has led to simplification and uniformity. The uniformity in laws, procedures and tax rates across the country makes doing business easier.
- (ii) **Certainty in tax administration:** Common system of classification of goods and services ensures certainty in tax administration across India.

Easy Tax Compliance

- (i) **Automated procedures with greater use of IT:** There are simplified and automated procedures for various processes such as registration, returns, refunds, tax payments. All interaction is through the common GSTN portal, therefore, less public interface between the taxpayer and the tax administration.
- (ii) **Reduction in compliance costs:** The compliance cost is lesser under GST as multiple record-keeping for a variety of taxes is not needed, therefore, there is lesser investment of resources and manpower in maintaining records. The uniformity in laws, procedures and tax rates across the country goes a long way in reducing the compliance cost.

Advantages for Trade and Industry

- (i) **Benefits to agriculture and industry:** GST has given more relief to industry, trade and agriculture through a more comprehensive and wider coverage of input tax set-off and service tax set-off, subsuming of several Central and State taxes in the GST and phasing out of CST. The transparent and complete chain of set-offs which results in widening of tax base and better tax compliance also leads to lowering of tax burden on an average dealer in industry, trade and agriculture.
- (ii) **Mitigation of ill effects of cascading:** By subsuming most of the Central and State taxes into a single tax and by allowing a set-off of prior-stage taxes for the transactions across the entire value chain, it helps in mitigating the ill effects of cascading, improving competitiveness and improving liquidity of the businesses.
- (iii) **Benefits to small traders and entrepreneurs:** GST has increased the threshold for GST registration for small businesses. Further, single registration is needed in one State. Small businesses have also been provided the additional benefit of composition scheme. With the creation of a seamless national market across the country, small enterprises have an opportunity to expand their national footprint with minimal investment.

Constitutional Provisions Regarding GST

The Constitution of India is the **Supreme law in India**. The Parliament can make law only with regard to the matters which are allowed as per the constitution otherwise the law made by parliament shall be called Ultra vires i.e. it is not enforceable. The constitution consists of a preamble, 25 parts containing 448 articles and 12 Schedules.

India has a **three-tier federal structure**, comprising the Union Government, the State Governments and the local Government. The power to levy taxes and duties is distributed among the three tiers of Governments, in accordance with the provision of the Indian Constitution.

Power to levy taxes emerges from the Constitution of India.

Article 265: No tax shall be levied or collected except by authority of Law.

2. **State List** – If matter is mentioned in the State List, the State legislature can make law with regard to such matter. (there are 66 entries)
3. **Concurrent List** – If matter is mentioned in Concurrent List, both of the governments can make law with regard to such matter. (there are 47 entries)

Some of the Important Entries in the Union List are as given below:

Union List No. 82: Taxes on income other than agricultural income.

QUESTION BANK

1. Differentiate between direct and indirect taxes.

Sol.

Direct taxes	Indirect taxes
A direct tax is charge, which is imposed directly on the taxpayer and paid directly to the Government by the persons on whom it is imposed. The burden of this tax cannot be shifted by the taxpayer to someone else.	Indirect taxes are imposed on goods and services. Its incidence is borne by the consumers who ultimately consume the product or service. It is also called consumption taxes.
A significant direct tax imposed in India is Income tax.	Indirect taxation in India has witnessed a drastic change on July 01, 2017 and all indirect taxes have been amalgamated into - GST & Customs.
Direct taxes are progressive in nature. Hence a rich person pays more compared to a poor person. Example: Income tax is higher for higher income groups and lower for lower income groups.	Indirect taxes are regressive in nature because they equally impact the rich or the poor. Example: GST paid on food in restaurant is same whether a person is rich or poor.

2. Explain the salient features of indirect taxes.

- Sol. (i) An important source of revenue: Indirect taxes are a major source of tax revenues for Governments worldwide and continue to grow as more countries move to consumption oriented tax regimes. In India, indirect taxes contribute more than 50% of the total tax revenues of Central and State Governments.
- (ii) Tax on commodities and services: It is levied on commodities at the time of manufacture or purchase or sale or import/export thereof. Hence, it is also known as commodity taxation. It is also levied on provision of services.
- (iii) Shifting of burden: There is a clear shifting of tax burden in respect of indirect taxes. For example, GST paid by the supplier of the goods is recovered from the buyer by including the tax in the cost of the commodity.
- (iv) No perception of direct pinch: Since, value of indirect taxes is generally inbuilt in the price of the commodity, most of the time the taxpayer pays the same without actually knowing that he is paying tax to the Government. Thus, the taxpayer does not perceive a direct pinch while paying indirect taxes.
- (v) Inflationary: Tax imposed on commodities and services causes an all-round price spiral. In other words, indirect taxation directly affects the prices of commodities and services and leads to inflationary trends.
- (vi) Wider tax base: Unlike direct taxes, the indirect taxes have a wide tax base. Majority of the products or services are subject to indirect taxes with low thresholds.

- (vii) Promotes social welfare: High taxes are imposed on the consumption of harmful products (also known as 'sin goods') such as alcoholic products, tobacco products etc. This not only checks their consumption but also enables the State to collect substantial revenue.
- (viii) Regressive in nature: Generally, the indirect taxes are regressive in nature. The rich and the poor have to pay the same rate of indirect taxes on certain commodities of mass consumption. This may further increase the income disparities between the rich and the poor.

3. Write a short note on various Lists provided under Seventh Schedule to the Constitution of India.

Sol. Seventh Schedule to Article 246: It contains three lists which enumerate the matters under which the Union and the State Governments have the authority to make laws.

Union list – List I (Parliament)	State list – List II (State legislature)	Concurrent list - List III
It contains the matters in respect of which the Parliament (Central Government) has the exclusive right to make laws.	It contains the matters in respect of which the State Government has the exclusive right to make laws.	It contains the matters in respect of which both the Central & State Governments have power to make laws.

4. Enumerate the deficiencies of the existing indirect taxes which led to the need for ushering into the GST regime.

Sol. Under the earlier indirect tax regime, despite the introduction of the principle of taxation of value added in India – at the Central level in the form of CENVAT and at the State level in the form of State VAT – its application always remained piecemeal and fragmented on account of the following reasons:

- (i) Double taxation of a transaction as both goods and services as the distinction between goods and services was often blurred, e.g. software was liable to both VAT and service tax.
- (ii) CENVAT did not include a chain of value addition in the distributive trade below the stage of production. Similarly, in the State-level VAT, CENVAT load on the goods was not removed leading to the cascading of taxes. To illustrate, when the goods were manufactured and sold, both central excise duty (CENVAT) and State-Level VAT were levied.
- (iii) Though CENVAT and State-Level VAT were essentially value added taxes, set-off of one against the credit of another was not possible as CENVAT was a central levy and State-Level VAT was a State levy.
- (iv) There were several taxes in the States, such as, Luxury Tax, Entertainment Tax, etc. which were not subsumed in the VAT.
- (v) VAT on goods was not integrated with tax on services, at the State level, to remove the cascading effect of the Service Tax. With the service sector being the fastest growing sector in the economy, the exclusion of services from the tax base of the States potentially eroded their tax-buoyancy.
- (vi) CST was another source of distortion in terms of its cascading nature since it was non-VATABLE. Being an origin based tax; CST was also against one of the basic principles of consumption taxes that tax should accrue to the jurisdiction where consumption takes place.

5. Why is Dual GST required?

Sol. India is a federal country where both the Centre and the States have been assigned the powers to levy and collect taxes through appropriate legislation. Both the levels of Government have distinct responsibilities to perform according to the division of powers prescribed in the Constitution for which they need to raise resources. A dual GST will, therefore, be in keeping with the Constitutional requirement of fiscal federalism.

6. Which of the existing taxes are subsumed under GST? List any four State levies, which subsumed in GST.

Sol. The GST replaced the following taxes:

(i) Taxes which was levied and collected by the Centre:

(a) Central Excise duty

(b) Duties of Excise (Medicinal and Toilet Preparations)

(c) Additional Duties of Excise (Goods of Special Importance)

(d) Additional Duties of Excise (Textiles and Textile Products)

(e) Additional Duties of Customs (commonly known as CVD)

(f) Special Additional Duty of Customs (SAD)

(g) Service Tax

(h) Central Surcharges and Cess so far as they relate to supply of goods and services

(ii) State taxes which was subsumed under the GST:

(a) State VAT

(b) Central Sales Tax

(c) Luxury Tax

(d) Entry Tax (all forms)

(e) Entertainment and Amusement Tax (except when levied by the local bodies)

(f) Taxes on advertisements

(g) Purchase Tax

(h) Taxes on lotteries, betting and gambling

(i) State Surcharges and Cess so far as they relate to supply of goods and services

The GST Council made recommendations to the Union and States on the taxes, Cess and surcharges levied by the Centre, the States and the local bodies which were subsumed in the GST.

7. List the taxes, which are not subsumed in GST

Sol. (a) Basic Customs Tax

(b) Property tax and stamp duty

(c) Electricity duty

(d) Excise duty on alcohol

(e) Excise duty on petrol, diesel etc.

(f) Entertainment tax charged by Local Bodies (Municipality)

8. What is the Goods and Services Tax (GST)?

Sol. GST has been defined under Article 366(12-A) of the Constitution of India. GST has been defined to mean a tax on supply of goods or services or both except tax on supply of alcoholic liquor for human consumption.

Following are the broad features of this tax:

(1) GST a tax:

- Being a tax, it can be levied only under authority of law. (Article 265)
- Regarding GST, Article 246-A (not article 246) provides authority of law.

(2) GST is tax on 'SUPPLY' of goods or services or both:

- The taxable event for levy of GST is 'supply'.
- Supply is a word of wide meaning. GST law has defined the term 'supply' under Section 7 of CGST Act, 2017.

(3) GST is an indirect tax:

- GST taxes 'goods' and/or 'services', thus it is an indirect tax.
- Supplier making such supply have been made responsible to pay GST to the Government. Supplier is entitled to collect GST from the recipient of supply.
- Supplier liable to pay GST to the Government shall take registration.
- Such registered supplier now shall issue a specified document (tax invoice) for the supply made by him.
- The GST element collected from the recipient shall be separately indicated on such document.

(4) GST is a consumption tax:

- "Consumption tax" means, in economic terms, that the tax is ultimately borne by consumers, not by suppliers (producers, traders or service providers).
- Business Entity, in reality, acts as collector of tax for the Government. Ultimately, the burden of tax is to be borne by the final consumer.

(5) GST is also a VALUE ADDED TAX:

- It is levied at all stages right from manufacture up to final consumption with credit of taxes paid at previous stages available as setoff. In a nutshell, only value addition will be taxed and the burden of tax is to be borne by the final consumer.

(6) GST is a destination-based tax:

- Destination based tax is a tax that would accrue to the taxing authority which has jurisdiction over the place of consumption which is also termed as place of supply.
- Being a consumption tax, tax revenue arising out of GST shall belong to the destination territory. In other words, import into India will be subjected to GST, while export from India shall be kept free of GST.

9. Which are the commodities which have been kept outside the purview of GST?

Sol. Article 366(12A) of the Constitution as amended by 101st Constitutional Amendment Act, 2016 defines the Goods and Services Tax (GST) as a tax on supply of goods or services or both, except supply of alcoholic liquor for human consumption. So, alcohol for human consumption is kept out of GST by way of definition of GST in the Constitution. THEORY

Meaning of Goods Section 2(52)

“Goods” means every kind of movable property other than money and securities but includes actionable claim, growing crops, grass and things attached to or forming part of the land which are agreed to be severed before supply or under a contract of supply. (As per schedule 3 actionable claims shall not be considered to be supplied except specified actionable claims.)

Actionable claim: Means a claim to any debt, other than a debt secured by mortgage of immovable property or by hypothecation or pledge of movable property, or to any beneficial interest in movable property not in the possession, either actual or constructive, of the claimant, which the civil courts recognise as affording grounds for relief, whether such debt or beneficial interest be existent, accruing, conditional or contingent [Section 2(1) of CGST Act read with Section 3 of the Transfer of Property Act, 1882].

Money: Means the Indian legal tender or any foreign currency, cheque, promissory note, bill of exchange, letter of credit, draft, pay order, traveller cheque, money order, postal or electronic remittance or any other instrument recognised by the Reserve Bank of India when used as a consideration to settle an obligation or exchange with Indian legal tender of another denomination but shall not include any currency that is held for its numismatic value [Section 2(75) of CGST Act].

Meaning of Services Section 2(102)

“Services” means anything other than goods, money and securities but includes activities relating to the use of money or its conversion by cash or by any other mode, from one form, currency or denomination, to another form, currency or denomination for which a separate consideration is charged.

Explanation—For the removal of doubts, it is hereby clarified that the expression “services” includes facilitating or arranging transactions in securities.

Section 7 Meaning of Supply**Section 7(1)**

(a) Supply includes all forms of supply (goods and/or services) and includes agreeing to supply when they are for a consideration and in the course or furtherance of business. It specifically includes

- | | |
|--------------|-----------------|
| (i) Sale | (ii) Transfer |
| (iii) Barter | (iv) Exchange |
| (v) Licence | (vi) Rental |
| (vii) Lease | (viii) Disposal |

Consideration

Consideration can be in money or in kind.

Further, a consideration need not always flow from the recipient of the supply. It can also be made by a third person.

However, any subsidy given by the Central Government or a State Government is not considered as consideration.

A deposit given in respect of the supply of goods or services or both shall not be considered as payment made for such supply unless the supplier applies such deposit as consideration for the said supply.

Business Includes:

Any trade/commerce, manufacture, profession etc. even if there is no monetary benefit.

Supply/acquisition of goods including capital goods & services - in connection with commencement/closure of business.

Provision of facilities by club/association etc.

Admission to any premises for consideration.

Services as holder of office accepted in course/furtherance of trade, profession.

Activities of a race club including by way of totalisator or a license to book maker or activities of a licensed book maker in such club.

Any activity by Government/local authority as public authorities.

For any trade, commerce, or any other similar activity to qualify as business, frequency, volume, continuity or regularity of such transaction is not a pre-requisite.

Examples

- Rishabh buys a car for his personal use and after a year sells it to a car dealer. Sale of car by Rishabh to car dealer is not a supply under CGST Act because said supply is not made by Rishabh in the course or furtherance of business.
- Manikarnika sold her old gold bangles and earrings to 'Aabhushan Jewellers'. Sale of old gold jewellery by an individual to a jeweller will not constitute supply as the same cannot be said to be in the course or furtherance of business of the individual.
- Sundaram Acharya, a famous actor, paints some paintings and sells them. The consideration from such a sale is to be donated to a Charitable Trust - 'Kind Human'. The sale of paintings by the actor qualifies as supply.
- A Resident Welfare Association provides the service of depositing the electricity bills of the residents in lieu of some nominal charges. Provision of service by a club or association or society to its members is treated as supply as this is included in the definition of 'business'.
- Services by way of admission to circus, cinema halls, amusement parks including theme parks, water parks, etc. are considered as supply as these are services by way of admission of persons to any premises for a consideration.
- Royal Turf Race Club is engaged in facilitating the wagering (betting) transactions on horses placed through totalisator 10. For providing the service of facilitating wagering transactions, Royal Turf Race Club gets commission which is deducted and retained by the club from the total bet value. Said services amount to supply as the activities of a race club are included in business.

- (a) The activities or transactions, by a person, other than an individual, to its members or constituents or vice-versa, for cash, deferred payment/other valuable consideration.

Explanation—For the purposes of this clause, it is hereby clarified that, notwithstanding anything contained in any other law for the time being in force or any judgment, decree or order of any Court, tribunal or authority, the person and its members or constituents shall be deemed to be two separate persons and the supply of activities or transactions inter se shall be deemed to take place from one such person to another.

- (b) Supply includes import of a service, made for a consideration and whether or not in the course or furtherance of business.

This implies that import of services even for personal consumption would qualify as 'supply' and therefore would be liable to tax. This would not be subject to the threshold limit as tax is expected to be payable on reverse charge basis, and the threshold limits do not apply in case of supplies attracting tax on reverse charge basis.

- (c) The activities specified in Schedule I, made or agreed to be made without consideration.

Schedule I

1. Permanent transfer of business assets where input tax credit has been availed:

The word 'transfer' in this clause suggests that there should be another person who would receive the business assets at the other end. The use of the words 'permanent transfer' implies that the goods should be transferred without any intention or requirement of having to receive the goods back. However, even in these types of transactions, it is essential that there is delivery of the business assets.

E.g. Infosys limited upgraded their 1000 Laptops and donated their old laptops (ITC Claimed) to the Government Schools. In this case, such donation is treated as supply as per Schedule I.

2. Supply of goods and/or services between related person, or between distinct persons:

Any supply of goods and/or services in the course of business or furtherance of business by a taxable person to a related person (as defined by way of explanation below Section 15(5)), or by one taxable person to another taxable person (as Provided in Section 25 of the Act), when made without consideration, would qualify as 'supply'.

E.g. Free supplies to related persons, stock transfers to a unit outside the State/a different business vertical, etc. will be reckoned as supplies.

Meaning of Distinct Person

A person who has obtained/is required to obtain more than one registration, whether in one State/Union territory or more than one State/Union territory shall, in respect of each such registration, be treated as distinct persons [Section 25(4) of the CGST Act].

E.g. Mohan, a Chartered Accountant, has a registered head office in Delhi. He has also obtained registration in the State of West Bengal in respect of his newly opened branch office. Mohan shall be treated as distinct persons in respect of registrations in West Bengal and Delhi.

Further, where a person who has obtained or is required to obtain registration in a State or Union territory in respect of an establishment, has an establishment in another State or Union territory, then such establishments shall be treated as establishments of distinct persons [Section 25(5) of the CGST Act].

Stock transfers or branch transfers qualify as supply provided the transfer of goods or services is between:

- (i) Different locations (with separate GST registrations) of same legal entity as these are transactions between distinct persons, or
- (ii) Establishments of distinct persons.

Examples

- (a) Raghbir Fabrics transfers 1000 shirts from his factory located in Lucknow to his retail showroom in Delhi so that the same can be sold from there. The factory and retail showroom of Raghbir Fabrics are registered in the States where they are located. Although no consideration is charged, supply of goods from factory to retail showroom constitutes supply.
- (b) Raghbir Fabrics transfers 1000 shirts from his factory located in Lucknow to his retail showroom in Kanpur so that the same can be sold from there. It has taken one registration in the State of Uttar Pradesh declaring Lucknow factory as its principal place of business and Kanpur showroom as its additional place of business. Since no consideration is charged, supply of goods from factory to retail showroom in the same State under single registration does not constitute supply.

Meaning of **Related Person** “**Related persons**” means

- (i) Such persons are partners in business. Example – Mr. A and Mr. B are partners in a business. They will be considered to be related persons.
- (ii) Any person holds twenty-five per cent or more of shares of both of them. Example – Mr. A has 25% shares in X limited and 25% shares in Y limited, in this case X ltd & Y ltd will be considered to be related persons.
- (iii) One of them controls the other, E.g. A limited is holding 51% shares of X limited, they are related persons.
- (iv) Together they directly or indirectly control a third person, E.g. ABC limited has 26% shares of X limited and PQR limited has 27% shares of X limited, in this case ABC & PQR shall be related person.
- (v) Such persons are employer and employee;
- (vi) They are members of the same family; As per Section 2(49) “family” means,—
 - (a) The spouse and children of the person, and
 - (b) The parents, grand-parents, brothers and sisters of the person if they are wholly or mainly dependent on the said person.

Note: Any perquisites provided by the employer to its employees in terms of contractual agreement entered into between the employer and the employee are in lieu of the services provided by employee to the employer in relation to his employment. It follows therefrom that perquisites provided by the employer to the employee in terms of contractual agreement entered into between the employer and the employee will not be subjected to GST.

3. Supply of goods by a principal to his agent, where the agent undertakes to supply such goods on behalf of the principal.

E.g. A company is located in Nagpur and employs an agent in Mumbai to undertake sales on behalf of the company. Goods transferred by the company to the premises of the agent in Mumbai would qualify as a 'supply'.

4. Supply of goods by an agent to his principal, where the agent undertakes to receive such goods on behalf of the principal.

E.g. A company is located in Kanpur and employs an agent in Jaipur to undertake purchases on behalf of the company. Goods procured and transferred by the agent to the company would qualify as a 'supply'.

If agent has the authority to pass or receive the title of the goods on behalf of the principal i.e. where the invoice for further supply is being issued by the agent in his name then, any provision of goods from the principal to the agent would fall within the schedule I. However, where the invoice is issued by the agent to the customer in the name of the principal, such agent shall not fall within the schedule I. Similarly, where the goods being procured by the agent on behalf of the principal are invoiced in the name of the agent then further provision of the said goods by the agent to the principal would be covered by Schedule I.

5. Import of services by a taxable person from a related person, or from any of his other establishments outside India, in the course or furtherance of business.

Note: Importation of services as covered by the definition does not include importation without consideration. Therefore, this clause is inserted to rope in such services that are received from related persons/their establishments outside India.

Examples

- Jhumroo Associates received legal consultancy services from its head office located in Malaysia. The head office has rendered such services free of cost to its branch office. Since Jhumroo Associates and the head office are related persons, services received by Jhumroo Associates will qualify as supply even though the head office has not charged anything from it.
- A ltd. India has Foreign Subsidiary company B ltd. of USA. A ltd. Received management consultancy services from B ltd. without consideration. In this case this supply will be covered under this clause of Schedule I.
- Chakmak, a proprietor registered in Delhi, has sought architect services from his son located in the US, with respect to his newly constructed house in Delhi. Although services have been received by Chakmak without consideration from his son – a related person, yet it will not qualify as supply since the same has not been received in course or furtherance of business.

Section 7(2)

It may be noted that services provided by the Government to business entities including by way of grant of privileges, licences, mining rights, natural resources such as spectrum etc. against payment of consideration in the form of fee, royalty etc. are taxable under GST. Tax is required to be paid by the business entities on such services under reverse charge.

- B. An employer and employee are treated as “related persons” and hence any supply of goods or services by employer to employee without consideration would be considered as supply as per schedule I. However, gifts not exceeding ₹50,000 in value in a financial year by an employer to employees shall not be treated as supply of goods or services or both.

Section 7(3)

The Central Government or the State Government may notify such other transactions to either qualify as ‘supply of goods’ or as ‘supply of services’. This notification must be issued only upon recommendations from the Council.

Section 8 Composite and Mixed Supplies

As per Section 2(30), “composite supply” means a supply made by a taxable person to a recipient consisting of two or more taxable supplies of goods or services or both, or any combination thereof, which are naturally bundled and supplied in conjunction with each other in the ordinary course of business, one of which is a principal supply.

Principal supply means the supply of goods or services which constitutes the predominant element of a composite supply and to which any other supply forming part of that composite supply is ancillary.

E.g. When a consumer buys a television set and he also gets a warranty and a maintenance contract with the TV, this supply is a composite supply. In this example, supply of TV is the principal supply, warranty and maintenance services are ancillary.

E.g. Charger supplied along with the mobile phone is a composite supply.

E.g. Poshak Manufacturers entered into a contract with Cheeku Ltd. for supply of readymade shirts packed in designer boxes at Cheeku Ltd.'s outlet. Further, Poshak Manufacturers would also get them insured during transit. In this case, supply of goods, packing materials, transport & insurance is a composite supply wherein supply of goods is principal supply.

As per Section 2(74), "mixed supply" means two or more individual supplies of goods or services, or any combination thereof, made in conjunction with each other by a taxable person for a single price where such supply does not constitute a composite supply:

E.g. A gift pack comprising of chocolates and sweets is a mixed supply.

E.g. A supply of a package consisting of canned foods, sweets, chocolates, cakes, dry fruits, aerated drink and fruit juices when supplied for a single price is a mixed supply.

The tax liability on a composite or a mixed supply shall be determined in the following manner, namely:—

- (a) A composite supply comprising two or more supplies, one of which is a principal supply, shall be treated as a supply of such principal supply; and
- (b) A mixed supply comprising two or more supplies shall be treated as a supply of that particular supply which attracts the highest rate of tax.

Supplies Given Below Are The Composite Supplies. CBIC Has Clarified As To What Constitutes The Principal Supply In The Given Composite Supplies:

1. ***Supply of printed books, pamphlets, brochures, envelopes, annual reports, leaflets, cartons, boxes etc., printed with design, logo, name, address or other contents supplied by the recipient of such printed goods.***

In the case of printing of books, pamphlets, brochures, annual reports, and the like, where only content is supplied by the publisher or the person who owns the usage rights to the intangible inputs while the physical inputs including paper used for printing belong to the printer, supply of printing [of the content supplied by the recipient of supply] is the principal supply and therefore such supplies would constitute supply of service.

In case of supply of printed envelopes, letter cards, printed boxes, tissues, napkins, wallpaper etc. by the printer using its physical inputs including paper to print the design, logo etc. supplied by the recipient of goods, predominant supply is supply of goods and the supply of printing of the content [supplied by the recipient of supply] is ancillary to the principal supply of goods and therefore such supplies would constitute supply of goods.

2. **Retreading of tyres**

Pre-dominant element is the process of retreading which is a supply of service. Rubber used for retreading is an ancillary supply.

Supply of retreaded tyres, where the old tyres belong to the supplier of retreaded tyres, is a supply of goods.

Buy one get one free offer

It may appear at first glance that in case of offers like "Buy One, Get One Free", one item is being "supplied free of cost" without any consideration. In fact, it is not an individual supply of free goods, but a case of two or more individual supplies where a single price is being charged for the entire supply. It can at best be treated as supplying two goods for the price of one.

Taxability of such supply will be dependent upon as to whether the supply is a composite supply or a mixed supply and the rate of tax shall be determined accordingly.

More Than One Supply Made Together And Taxed At The Individual Rates

There can be a case where an activity/transaction involves more than one supply of goods or services or both, but neither they are composite supplies nor can be categorised as mixed supplies, that is, all supplies carry independent significance. In such a case, if separate consideration is indicated against each supply, each such supply shall be charged at the respective rate applicable to that particular supply.

Example

In case of servicing of cars involving supply of both goods (spare parts) and services (labour) where the value of goods and services are shown separately, the goods and services would be liable to tax at the rates as applicable to such goods and services separately.

■ CLARIFICATIONS

1. Art works sent by artists to galleries for exhibition is not a supply

Artists give their work of art to galleries where it is exhibited for supply. However, no consideration flows from the gallery to the artist when the art works are sent to the gallery for exhibition and therefore, the same is not a supply. It is only when a buyer selects a particular art work displayed at the gallery, that the actual supply takes place and applicable GST would be payable at the time of such supply. [Circular No. 22/22/2017 GST dated 21.12.2017].

2. CBIC has clarified Taxability of 'tenancy rights'/pagadi under GST as under:

Pagadi system, i.e. transfer of tenancy rights against tenancy premium, is prevalent in some States. The activity of transfer of tenancy right against consideration [i.e. tenancy premium] is squarely covered under supply of service liable to GST. It is a form of lease or renting of property and such activity is specifically declared to be a service in of Schedule II i.e. any lease, tenancy, easement, licence to occupy land is a supply of services.

Although stamp duty and registration charges have been levied on such transfer of tenancy rights, it shall be still subject to GST since merely because a transaction/supply involves execution of documents which may require registration and payment of registration fee and stamp duty, would not preclude them from the 'scope of supply' and from payment of GST.

The transfer of tenancy rights cannot be treated as sale of land/building. Thus, it is not a negative list activity and consequently, a consideration for the said activity shall attract levy of GST. To sum up, transfer of tenancy rights to a new tenant against consideration in the form of tenancy premium is taxable. Further, services provided by outgoing tenant by way of surrendering the tenancy rights against consideration in the form of tenancy premium is liable to GST [Circular No.44/18/2018 CGST dated 02.05.2018]

3. Inter-State movement of various modes of conveyance

Inter-State movement of various modes of conveyance, between distinct persons as Specified in Section 25(4) of the CGST Act, including-

- Buses,
- Trains,
- Trucks,
- Tankers,
- Trailers,
- Vessels,
- Containers,
- Aircrafts,

- (i) Carrying goods or passengers or both; or
- (ii) For repairs and maintenance, except in cases where such movement is for further supply of the same conveyance, such inter-State movement shall be treated 'neither as a supply of goods or supply of service' and therefore not be leviable to IGST. Thus, above activity may not be treated as supply and consequently IGST will not be payable on such supply.

However, applicable CGST/SGST/IGST, as the case may be, shall be leviable on repairs and maintenance done for such conveyance.

4. Donations/Charity/Gift

GST is not leviable where all the following three conditions are satisfied namely:

- (a) Gift or donation is made to a charitable organisation
- (b) Payment has the character of gift or donation
- (c) Purpose is philanthropic (i.e., it leads to no commercial gain) and not advertisement

Examples

- Bhushan donated a blackboard to Yoganisht Sansthan – a charitable yoga institution. Yoganisht Sansthan printed underneath the blackboard so donated – “Good wishes from Mr. Bhushan”.
- Smt. Durga Devi donated some money to a temple in the memory of her late father. The Temple Trust constructed a room in the temple complex from such donations and wrote “Donated by Smt. Durga Devi in the memory of her father” on the door floor of the room.

In above examples, it may be noticed that there is no reference or mention of any business activity of the donor which otherwise would have been advertised.

Clarification Of Issues Pertaining To Del-Credere Agent (DCA)

A DCA is a selling agent who is engaged by a principal to assist in supply of goods or services by contacting potential buyers on behalf of the principal. The factor that differentiates a DCA from other agents is that the DCA guarantees the payment to the supplier.

In such scenarios where the buyer fails to make payment to the principal by the due date, DCA makes the payment to the principal on behalf of the buyer (effectively providing an insurance against default by the buyer), and for this reason the commission paid to the DCA may be relatively higher than that paid to a normal agent.

Issue 1

Whether a DCA falls under the ambit of agent under Para 3 of Schedule I of the CGST Act?

Clarification

Whether or not the DCA will fall under the ambit of agent under Para 3 of Schedule I of the CGST Act depends on the following possible scenarios:

- (a) In cases where the invoice for supply of goods is issued by the supplier to the customer, either himself or through DCA, the DCA does not fall under the ambit of the agent.
- (b) In cases where the invoice for supply of goods is issued by the DCA in his own name, the DCA would fall under the ambit of the agent.

Issue 2

Whether the temporary short term transaction based loan extended by the DCA to the recipient (buyer), for which interest is charged by the DCA, is to be included in the value of goods being supplied by the supplier (principal) where DCA is not an agent under Para 3 of Schedule I of the CGST Act?

Clarification

In such a scenario, following activities are taking place:

1. Supply of goods from supplier (principal) to recipient;
2. Supply of agency services from DCA to the supplier or the recipient or both;
3. Supply of extension of loan services by the DCA to the recipient.

It is clarified that in cases where the DCA is not an agent under Para 3 of Schedule I of the CGST Act, the temporary short-term transaction based loan being provided by DCA to the buyer is a supply of service by the DCA to the recipient on Principal to Principal basis and is an independent supply. Therefore, the interest being charged by the DCA would not form part of the value of supply of goods supplied (to the buyer) by the supplier.

Issue 3

Where DCA is an agent under Para 3 of Schedule I of the CGST Act and makes payment to the principal on behalf of the buyer and charges interest to the buyer for delayed payment along with the value of goods being supplied, whether the interest will form a part of the value of supply of goods also or not?

Clarification

In such a scenario following activities are taking place:

1. Supply of goods by the supplier (principal) to the DCA
2. Further supply of goods by the DCA to the recipient
3. Supply of agency services by the DCA to the supplier or the recipient or both
4. Extension of credit by the DCA to the recipient.

It is clarified that in cases where the DCA is an agent under Para 3 of Schedule I of the CGST Act, the temporary short-term transaction based credit being provided by DCA to the buyer no longer retains its character of an independent supply and is subsumed in the supply of the goods by the DCA to the recipient. It is emphasised that the activity of extension of credit by the DCA to the recipient would not be considered as a separate supply as it is in the context of the supply of goods made by the DCA to the recipient.

No supply of service by the insured to the insurance company in lieu of 'No Claim Bonus' offered by said insurance company to him

The issue which arose for consideration was whether the deduction on account of 'No Claim Bonus' (NCB) allowed by the insurance company from the insurance premium payable by the insured, can be considered as consideration for the supply provided by the insured to the insurance company, for agreeing to the obligation to refrain from the act of lodging insurance claim during the previous year(s).

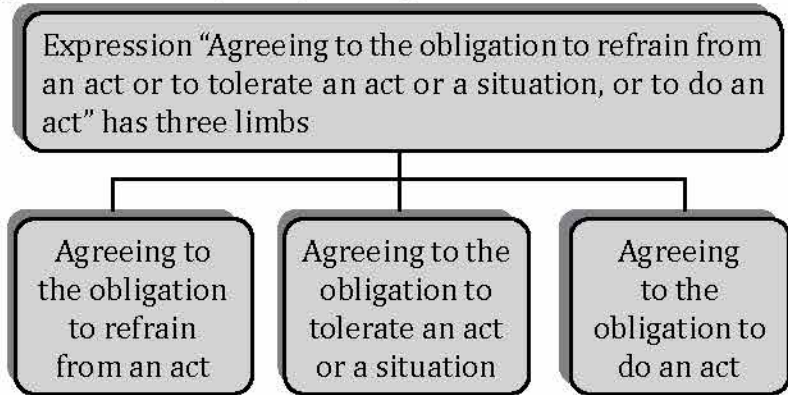

As per practice prevailing in the insurance sector, the insurance companies deduct 'No Claim Bonus' from the gross insurance premium amount, when no claim is made by the insured person during the previous insurance period(s). The customer/insured procures insurance policy to indemnify himself from any loss/ injury as per the terms of the policy and is not under any contractual obligation not to claim insurance claim during any period covered under the policy, in lieu of NCB.

It is, therefore, clarified that there is no supply provided by the insured to the insurance company in form of agreeing to the obligation to refrain from the act of lodging insurance claim during the previous year(s) and NCB cannot be considered as a consideration for any supply provided by the insured to the insurance company. [Circular No. 186/18/2022 GST dated 27.12.2022]

Applicability on liquidated damages, compensation and penalty arising out of breach of contract or other provisions of law

CBIC has clarified issues with respect to GST applicability on liquidated damages, compensation and penalty arising out of breach of contract or other provisions of law.

Clarification: “Agreeing to the obligation to refrain from an act or to tolerate an act or a situation, or to do an act” has been specifically declared to be a supply of service in para 5(e) of Schedule II if the same constitutes a “supply” within the meaning of the CGST Act.

Agreeing to the obligation to REFRAIN from an act

Examples

- Example of activities that would be covered by this part of the expression would include non-complete agreements, where one party agrees not to compete with the other party in a product, service or geographical area against a consideration paid by the other party.
- Another example of such activities would be a builder refraining from constructing more than a certain number of floors, even though permitted to do so by the municipal authorities, against a compensation paid by the neighbouring housing project, which wants to protect its sunlight, or an industrial unit refraining from manufacturing activity during certain hours against an agreed compensation paid by a neighbouring school, which wants to avoid noise during those hours.

Agreeing to the obligation to tolerate an act or a situation

This would include activities such a shopkeeper allowing a hawker to operate from the common pavement in front of his shop against a monthly payment by the hawker, or an RWA tolerating the use of loud speakers for early morning prayers by a school located in the colony subject to the school paying an agreed sum to the RWA as compensation.

Agreeing to the obligation to do an act

This would include the case where an industrial unit agrees to install equipment for zero emission/discharge at the behest of the RWA of a neighbouring residential complex against a consideration paid by such RWA, even though the emission/discharge from the industrial unit was within permissible limits and there was no legal obligation upon the individual unit to do so.

Above three activities must comply with the following conditions:

1. There must be an expressed or implied agreement or contract must exist

Above three activities must be under an “agreement” or a “contract” (whether express or implied) to fall within the ambit of para 5(e) of Schedule II. In other words, one of the parties to such agreement/contract (the first party) must be under a contractual obligation to either (a) refrain or (b) tolerate or (c) do.

Such contractual arrangement must be an independent arrangement in its own right. Such arrangement/agreement can take the form of an independent stand-alone contract or may form part of another contract.

Thus, a person (the first person) can be said to be making a supply by way of refraining from doing something or tolerating some act or situation to another person (the second person) if the first person was under an obligation to do so and then performed accordingly.

Such a contract cannot be imagined or presumed to exist just because there is a flow of money from one party to another. There must be an expressed or implied promise by the recipient of money to agree to do or abstain from doing something in return for the money paid to him.

2. Consideration must flow in return to this contract/agreement

Some “consideration” must flow in return from the other party to this contract/agreement (the second party) to the first party for such (a) refraining or (b) tolerating or (c) doing.

Taxability of some of the transactions has been discussed in detail as under:

□ Liquidated Damages

- ‘Liquidated Damages’ refers to cash compensation payable to aggrieved party for breach of contract.
- Liquidated damages cannot be said to be a consideration received for tolerating the breach or non-performance of contract. They are rather payments for not tolerating the breach of contract.
- A contract is entered into for execution and not for its breach. The liquidated damages or penalty are not the desired outcome of the contract.
- Hence, where ‘liquidated damages’ is paid only to compensate for loss or damage suffered by the aggrieved party due to breach of the contract, and
 - There is no agreement, express or implied, by the aggrieved party receiving the liquidated damages, to refrain from or tolerate an act or to do anything for the party paying the liquidated damages,
 - Such payments do not constitute consideration for a supply & are not taxable.
- Eg. Penalty stipulated in a contract for delayed construction of houses
- Eg. Forfeiture of earnest money by a seller in case of breach of ‘an agreement to sell’ an immovable property by the buyer.

Forfeiture of such earnest money is not a consideration for tolerating the breach of contract but as a compensation for the losses suffered and as a penalty for discouraging the non-serious buyers

Such payments being merely flow of money are not a consideration for any supply and are not taxable.

- The main element in such cases is to consider whether payments constitute consideration for another independent contract envisaging tolerating an act or situation or refraining from doing any act or situation or simply doing an act. If the answer is yes, then it constitutes a ‘supply’ irrespective of by what name it is called.

Eg. A contract for package tour may stipulate forfeiture of security deposit in the event of cancellation of tour by the customer.

Eg. A contract for lease of movable or immovable property may stipulate that the lessee shall not terminate the lease before a certain period and if he does so he will have to pay certain amount as early termination fee or penalty.

- **Cheque dishonor fine/penalty**
 - The supplier wants payment to be received on time and does not want cheque to be dishonoured.
 - There is never an implied or express offer or willingness on part of the supplier that he would tolerate deposit of an invalid, fake or unworthy instrument of payment against consideration in the form of cheque dishonour fine or penalty.
 - Therefore, cheque dishonor fine or penalty is not a consideration for any service and not taxable.
- **Penalty imposed for violation of laws**
 - Penalty imposed for violation of laws such as traffic violations, or for violation of pollution norms or other laws are also not consideration for any supply received and are not taxable
 - Laws are not framed for tolerating their violation. They stipulate penalty not for tolerating violation but for not tolerating, penalizing and deterring such violations.
 - There is no agreement between the Government and the violator specifying that violation would be allowed or permitted against payment of fine or penalty.
- **Forfeiture of salary or payment of bond amount in the event of employee leaving employment before the minimum agreed period.**
 - The said amounts are recovered by the employer not as a consideration for tolerating the act of such premature quitting of employment but as penalties for dissuading the non-serious employees from taking up employment and to discourage and deter such a situation.
 - Further, the employee does not get anything in return from the employer against payment of such amounts.
 - Therefore, such amounts recovered by the employer are not taxable as consideration for the service of agreeing to tolerate an act or a situation.
- **Late payment surcharge or fee.**
 - Facility of accepting late payments with interest or late payment fee, fine or penalty is a facility granted by supplier naturally bundled with the main supply.
 - Almost all service providers across the world provide the facility of accepting late payments with late fine or penalty.
 - Since it is ancillary to and naturally bundled with the principal supply such as of electricity, water, telecommunication, cooking gas, insurance etc. it should be assessed at the same rate as the principal supply.
 - However, same cannot be said of cheque dishonor penalty as discussed earlier.
- **Fixed charges for power**
 - The price charged for electricity by the power generating companies from the State Electricity Boards (SEBs)/DISCOMS or by SEBs/DISCOMs from individual customers has 2 components namely,
 - Minimum fixed charge, and
 - Variable per unit charge
 - Are charged for sale of electricity and are thus not taxable, as electricity is exempt from GST.
- **Cancellation charges**
 - Suppliers of services such as hotel accommodation, tour and travel, transportation etc. provide the facility of cancellation of the intended supplies within a certain time period on payment of cancellation fee.

- This cancellation facility against payment of charges is a natural part of supply.
- The amount forfeited in the case of non-refundable ticket for air travel or security deposit or earnest money forfeited in case of the customer failing to avail the travel, tour operator or hotel accommodation service or such other intended supplies should be assessed at the same rate as applicable to the service contract, say air transport or tour operator service, or other such services.

■ CLARIFICATION RELATED TO SUPPLY OF FOOD AND BEVERAGES AT CINEMA HALLS TAXABLE AS RESTAURANT SERVICE

It is hereby clarified that:

- Supply of food or beverages in a cinema hall is taxable as 'restaurant service' as long as:
 - The food or beverages are supplied by way of or as part of a service, and
 - Supplied independent of the cinema exhibition service.
- Where the sale of cinema ticket and supply of food and beverages are clubbed together, and such bundled supply satisfies the test of composite supply, the entire supply will attract GST at the rate applicable to service of exhibition of cinema, the principal supply.

■ CLARIFICATION ON TAXABILITY OF SHARES HELD IN A SUBSIDIARY COMPANY BY HOLDING COMPANY

It is clarified that securities are considered neither as goods nor as services in terms of definition of goods under section 2(52) and the definition of services under section 2(102). Further, securities include 'shares' as per definition of securities.

Therefore, **the activity of holding of shares of subsidiary company by the holding company per se cannot be treated as a supply of services** by a holding company to the said subsidiary company and cannot be taxed under GST.

QUESTION BANK

It is further clarified that the value of the interest charged for such credit would be required to be included in the value of supply of goods by DCA to the recipient as per Section 15(2)(d) of the CGST Act.

1. What is the taxable event under the GST?
Sol. Taxable event under the GST is supply of goods or services or both. CGST and SGST/UTGST will be levied on intra-State supplies. IGST will be levied on inter-State supplies.
2. What is the tax treatment of composite supply and mixed supply under the GST?
Sol. Composite supply shall be treated as supply of the principal supply. Mixed supply would be treated as supply of that particular goods or services which attracts the highest rate of tax.
3. Supply of all goods and/or services is taxable under the GST. Discuss the validity of the statement.
Sol. The statement is incorrect. Supplies of all goods and services are taxable except:
 - (i) Supply of alcoholic for human consumption
 - (ii) Petroleum products
 - High speed diesel
 - Petroleum crude
 - Motor spirit
 - Aviation turbine fuel
 - Natural gasShall be taxable with effect from a future date. This date would be notified by the Government on the recommendations of the GST Council.
4. Whether transfer of title and/or possession is necessary for a transaction to constitute supply of goods?
Sol. Title as well as possession both has to be transferred for a transaction to be considered as a supply of goods. In case title is not transferred, the transaction would be treated as supply of service in terms of Schedule II (1) (b) of the CGST Act. In some cases, possession may be transferred immediately but title may be transferred at a future date like in case of sale on approval basis or hire purchase arrangement. Such transactions will also be termed as supply of goods.
5. Examine whether the following activities would amount to supply under Section 7 of the CGST Act:
 - (a) Sulekha Manufacturers have a factory in Delhi and a depot in Mumbai. Both these establishments are registered in respective States. Finished goods are sent from the factory in Delhi to the Mumbai depot without consideration so that the same can be sold.
 - (b) Raman is an architect in Chennai. His brother who is settled in London is a well-known lawyer. Raman has taken legal advice from him free of cost with regard to his family dispute.
 - (c) Would your Solution be different if in the above case, Raman has taken advice in respect of his business unit in Chennai?**Sol.** (a) Schedule I of the CGST Act, inter alia, stipulates that supply of goods or services or both between related persons or between distinct persons as specified in Section 25, is supply even without consideration provided it is made in the course or furtherance of business. Further, where a person who has obtained or is required to obtain registration in a State in respect of an establishment, has an establishment in another State, then such establishments shall be treated as establishments

of distinct persons [Section 25 of the CGST Act]. In view of the same, the factory and depot of Sulekha Manufacturers are establishments of two distinct persons. Therefore, supply of goods from Delhi factory of Sulekha Manufacturers to Mumbai Depot without consideration, but in course/furtherance of business, is supply under Section 7 of the CGST Act.

- (b) Schedule I of the CGST Act, inter alia, stipulates that import of services by a taxable person from a related person located outside India, without consideration is treated as supply if it is provided in the course or furtherance of business. Explanation to Section 15, inter alia, provides that persons shall be deemed to be “related persons” if they are members of the same family. Further, as per Section 2(49) of the CGST Act, 2017, family means,—

- (i) The spouse and children of the person, and
- (ii) The parents, grand-parents, brothers and sisters of the person if they are wholly or mainly dependent on the said person.

In the given case, Raman has received free of cost legal services from his brother. However, in view of Section 2(49)(ii) above, Raman and his brother cannot be considered to be related as Raman’s brother is a well-known lawyer and is not wholly/mainly dependent on Raman. Further, Raman has taken legal advice from him in personal matter and not in course or furtherance of business. Consequently, services provided by Raman’s brother to him would not be treated as supply under Section 7 of the CGST Act read with Schedule I.

- (c) In the above case, if Raman has taken advice with regard to his business unit, services provided by Raman’s brother to him would still not be treated as supply under Section 7 of the CGST Act read with Schedule I as although the same are provided in course or furtherance of business, such services have not been received from a related person.

6. State whether the following supplies would be treated as supply of goods or supply of services as per Schedule II of the CGST Act:

- (a) Renting of immovable property.
- (b) Goods forming part of business assets are transferred or disposed of by/under directions of the person carrying on the business, whether or not for consideration.
- (c) Transfer of right in goods without transfer of title in goods.
- (d) Transfer of title in goods under an agreement which stipulates that property shall pass at a future date.

Sol. (a) Supply of services (b) Supply of goods
(c) Supply of services (d) Supply of goods

7. Determine whether the following supplies amount to composite supplies:

- (i) A hotel provides a 4 days- 3 nights package wherein the facility of breakfast and dinner is provided along with the room accommodation.
- (ii) A toothpaste company has offered the scheme of free toothbrush along with the toothpaste.

Sol. Under composite supply, two or more taxable supplies of goods or services or both, or any combination thereof, are naturally bundled and supplied in conjunction with each other, in the ordinary course of business, one of which is a principal supply [Section 2(30) of the CGST Act].

In view of the same,

- (i) Since the supply of breakfast and dinner with the accommodation in the hotel are naturally bundled, said supplies qualify as ‘composite supply’.
- (ii) Since the supply of toothbrushes along with the toothpaste are not naturally bundled, said supplies do not qualify as ‘composite supply’.

8. Whether goods supplied on hire purchase basis will be treated as supply of goods or supply of services? Give a reason.

Sol. Supply of goods on hire purchase shall be treated as supply of goods as there is transfer of title, albeit at a future date.

9. Examine whether the activity of import of service in the following independent cases would amount to supply under Section 7 of the CGST Act, 2017?

(i) Miss Shriniti Kaushik received vastu consultancy services for her residence located at Bandra, Mumbai from Mr. Racheal of Sydney (Australia). The amount paid for the said service is 5,000 Australian dollars.

(ii) Miss Shriniti Kaushik received vastu consultancy services for her residence located at Bandra, Mumbai from her son, Mr. Varun residing in Sydney (Australia). Further, Miss Shriniti did not pay any consideration for the said service.

(iii) Miss Shriniti Kaushik received vastu consultancy services for her business premises located at Bandra, Mumbai from her son, Mr. Varun residing in Sydney (Australia). Further, Miss Shriniti did not pay any consideration for the said service.

Sol. (i) Supply, under Section 7 of the CGST Act, 2017, inter alia,

- Includes import of services for a consideration
- Even if it is not in the course or furtherance of business.

Thus, although the import of service for consideration by Miss. Shriniti Kaushik is not in the course or furtherance of business, as the vastu consultancy service has been availed in respect of residence, it would amount to supply.

(ii) Section 7 of the CGST Act, 2017 read with Schedule I provide that import of services by a taxable person from a related person located outside India, without consideration is treated as supply if it is provided in the course or furtherance of business.

In the given case, import of service without consideration by Miss Shriniti from her son – Mr. Varun [son, being a member of the same family, is a related person] will not be treated as supply as it is not in the course or furtherance of business.

(iii) Section 7 of the CGST Act, 2017 read with Schedule I provide that import of services by a taxable person from a related person located outside India, without consideration is treated as supply if it is provided in the course or furtherance of business.

Thus, import of service without consideration by Miss Shriniti from her son – Mr. Varun (son, being member of the same family, is a related person) will be treated as supply as she receives vastu consultancy service for her business premises, i.e. in course or furtherance of business.

10. Explain the meaning of the term “recipient of supply of goods and/or services” under the CGST Act, 2017.

Sol. Recipient of supply of goods or services or both, means—

- (a) Where a consideration is payable for the supply of goods or services or both, the person who is liable to pay that consideration;
- (b) Where no consideration is payable for the supply of goods, the person to whom the goods are delivered or made available, or to whom possession or use of the goods is given or made available; and
- (c) Where no consideration is payable for the supply of a service, the person to whom the service is rendered, and any reference to a person to whom a supply is made shall be construed as a reference to the recipient of the supply, and shall include an agent acting as such on behalf of the recipient in relation to the goods or services or both supplied.

11. "State Government has exclusive power to notify a transaction to be supply of goods or services." Discuss the correctness of the statement.

Sol. The said statement is not correct. State Government can notify a transaction to be supply of goods or services but only on the recommendations of the GST Council. Further, Central Government or State Government, both on the recommendations of the GST Council, can notify an activity to be the supply of goods and not supply of services or supply of services and not supply of goods or neither a supply of goods nor a supply of services.

12. National Electronics Ltd., registered in Kerala dealing in supply of electronic items, transferred some of its stock to its another unit located in Karnataka (inter-state transfer). Whether such self-supplies are taxable under the GST?

Sol. Yes, transfers of stocks made by National Electronics Ltd. are taxable under GST. The definition of supply given under Section 7 of the CGST Act, 2017 is an inclusive one. It does not specify that supply is to be made by one person to another. So, self-supplies are to be treated as supply in terms of Section 7 of the CGST Act. Further, Section 25(5) provides that where a person who has obtained or is required to obtain registration in a State or Union territory in respect of an establishment has an establishment in another State or Union territory, then such establishments shall be treated as establishments of distinct persons.

Clause (2) of Schedule I of the CGST Act, 2017 inter alia provides that supply of goods between distinct persons as specified in Section 25 made in the course or furtherance of business is to be treated as supply even if made without consideration.

Inter-state self-supplies such as stock transfers, branch transfers or consignment sales shall be taxable under IGST even though such transactions may not involve payment of consideration.

Every supplier is liable to register under the GST law in the State or Union Territory from where he makes a taxable supply of goods or services or both in terms of Section 22 of the CGST Act. However, intra-state self-supplies are not taxable subject to not opting for registration as a business vertical.

13. R-TECH Consultancy, registered in Bangalore, supplies technical consultancy services to its clients. It has been providing technical services to Tata Ltd., Bangalore since past two years. Consideration is settled by Tata Ltd. assignment wise. Tata Ltd. paid ₹66 lakh to R-TECH Consultancy on 10th September, 20XX on R-TECH consultancy agreeing to not provide similar technical services to any other business entity in India or abroad for a period of 8 years. R-TECH Consultancy is of the view that ₹66 lakh is not chargeable to GST.

You are required to examine whether the view taken by R-TECH Consultancy is valid in law. Calculate the GST liability of R-TECH Consultancy, if any. The technical services provided by R-TECH consultancy are otherwise chargeable to the GST at the rate of 18%. It may be noted that Tata Ltd. is not ready to pay any further amount to R-TECH Consultancy in addition to the amount already agreed.

Sol. The view taken by R-TECH Consultancy is not valid in law. The scope of supply is defined by Section 7(1) of the CGST Act, 2017. It includes deemed supply given under Schedule II. The paragraph 5(e) of Schedule II provides that agreeing to the obligation to refrain from an act, or to tolerate an act or a situation, or to do an act is treated as supply of service.

Thus, any consideration received for agreeing to the obligation to refrain from an act, is subject to the GST. Consideration received for non-compete agreement is deemed as consideration for supply of services. Consideration of ₹66 lakh received on the promise of R-TECH consultancy of not providing similar services to any other person, is consideration for supply which is chargeable to the GST.

Since the GST is not separately collected, it will be assumed that it is included in ₹66 lakh. Rule 35 of the CGST Rules, 2017 provides that where the value of supply is inclusive of GST, the tax amount is determined in the following manner:

Tax amount = (Value inclusive of taxes × GST rate in %) [IGST or CGST, SGST/UTGST]/(100 + sum of GST rates in %)

Consequently, the value of taxable supply will be ₹55,93,220 (i.e., ₹66,00,000 × 100/118).

GST liability on ₹55,93,220 will be calculated as follows-

Particulars	₹
Taxable value of supply	55,93,220
Add: CGST @ 9% of ₹55,93,220	5,03,390
SGST @ 9% of ₹55,93,220	5,03,390
Total GST liability	10,06,780

14. A professional training institute gets its training material printed from a printing press. The content of the material is provided by the training institute who owns the usage rights of the same while the physical inputs including paper used for printing belong to the printer

Ascertain whether supply of training material by the printing press constitutes supply of goods or supply of services.

- Sol.** Supply of books printed with contents supplied by the recipient of such printed goods, is composite supply and the question, whether such supplies constitute supply of goods or services would be determined on the basis of what constitutes the principal supply.

Principal supply has been defined in Section 2(90) of the CGST Act as supply of goods or services which constitutes the predominant element of a composite supply and to which any other supply forming part of that composite supply is ancillary.

In the case of printing of books where content is supplied by the publisher or the person who owns the usage rights to the intangible inputs while the physical inputs including paper used for printing belong to the printer, supply of printing [of the content supplied by the recipient of supply] is the principal supply and therefore, such supplies would constitute supply of service.

15. "Exchange is a form of supply of goods or services or both, made or agreed to be made for a consideration by a person in the course or furtherance of business." — Explain it with the help of an example.

- Sol.** When two persons mutually transfer the ownership of one thing for the ownership of another, neither thing nor both things being money only, the transaction is called an exchange.

Exchange offers on products such as televisions, mobile phones and refrigerators are also taxable under the GST as these are also transactions for consideration in course or furtherance of business.

Example: Mr. Raju is a dealer of new cars. He sells new cars for ₹8,25,000 and agrees to reduce ₹1,25,000 on surrendering of an old car. Mr. Abin who intends to buy a new car worth ₹8,25,000 agreed to exchange his old car with a new car.

Under the GST law, it will be treated as Mr. Raju has supplied the goods (new car) to Mr. Abin. Consideration for this supply is an old car and some money.

It shall be noted that supply of an old car by Mr. Abin to Mr. Raju will not constitute supply if Mr. Abin is not a business entity, the reason being that any transaction for consideration amounts to supply only if it is made in course or furtherance of business.

16. Whether actionable claim liable to GST?

Sol. As per Section 2(52) of the CGST/SGST Act actionable claims are to be considered as goods. Schedule III read with Section 7 of the CGST/SGST Act lists the activities or transactions which shall be treated neither as supply of goods nor supply of services. The Schedule lists actionable claims other than lottery, betting and gambling as one of such transactions. Thus, only betting, gambling and lottery shall be treated as supplies under the GST regime. All the other actionable claims shall not be supplies.

17. Whether transaction in securities taxable in the GST?

Sol. Securities have been specifically excluded from the definition of goods as well as services. Thus, the transaction in securities shall not be liable to GST.

18. Discuss the applicability of GST in the following cases:

- (i) Manu transfers 1,000 debentures of Chugg Ltd. to Naresh for a consideration of ₹5,94,000.
- (ii) Taju transfers a plot of land situated in Mumbai to Babu for a consideration of ₹55 lakhs. Consideration is, however, payable in installments.

Sol. (i) Sale of debentures – GST is applicable on supply of goods and/or services. Debentures are securities. Under GST law, securities are neither ‘goods’ (as defined u/Section 2(52)) nor ‘services’ (as defined u/Section 2(102)). Thus, transfer of debentures (securities) is not subject to GST.

- (ii) Sale of plot of land – Plot of land, being immovable property, is not ‘goods’ as defined u/Section 2(52) of CGST Act. However, it is covered by definition of ‘service’ as given u/Section 2(102) of CGST Act. However, transactions of sale of land are out of scope of supply under GST law (Section 7(2) of CGST Act read with Schedule III of CGST Act). Thus, sale consideration is not subject to GST.

19. Discuss the applicability of GST in the following cases:

- (i) Mr. Amal deposits ₹1.5 lakh in cash in his savings account with ICICI bank, Delhi.
- (ii) Sale of derivatives by Mr. Yash for a consideration of ₹8,60,000. Mr. Yash is a dealer in shares and security.
- (iii) Mr. Zamir takes a housing loan from HDFC bank. Rate of interest is 7.5%. Loan is repayable after 7 years. ₹13,500, being documentation charges, is payable by Mr. Zamir at the time of taking loan. Interest would be part of EMI which will be payable on the 10th day of every month.

Sol. (i) Cash deposit in bank – It is a transaction in money. GST is not applicable on making a bank deposit.

- (ii) Transfers of derivatives – Derivatives are securities. Securities are neither goods nor services. Thus, GST is not applicable on transfer of securities.
- (iii) Housing loan – Supply of money by bank does not constitute supply of goods or services. Thus, GST is not applicable. However, document charges of ₹13,500 are subject to GST. Interest payable being for use of money constitutes ‘supply of services’. However, GST on interest element is exempt (entry 27 of exemption notification).

20. Whether import of services will be liable to tax under the GST regime? Alternative, Will import of services without consideration be taxable under the GST?

Sol. The following import of service will qualify as supply under CGST Act, 2017:

- (i) Import of service for a consideration: Such import will constitute ‘supply’ whether or not it is in the course or furtherance of business is a supply (Section 7(1)(b) of CGST Act, 2017).

(ii) Import of service without consideration: Such import will constitute 'supply' only if import of service has been made by a person from a related person or from any of his other establishments outside India, in the course or furtherance of business (Section 7(1)(c) read with Schedule I of CGST Act, 2017)

21. Mrs. Pragati received legal advice for her personal problems & paid 1,000 pounds as a legal fee to Miss Unnati of U.K. (London). Explain whether the above activity of import of service would amount to supply under Section 7 of the CGST Act, 2017?

If in the above case both of them are real sisters & no consideration is paid then will it change your Solution? Further in the above case both of them are real sisters & Mrs. Pragati receives legal advice for her business & she didn't pay any consideration then what will be your Solution?

Sol. The given situation is a case of import of service (location of supplier outside India, recipient in India and place of supply of service determined as per Sec. 13 of IGST Act is in India)

Solutions to each given situation is as follows

(1) Import of legal service for consideration of 1,000 pound:

Importation of service for consideration is supply whether or not in the course or furtherance of business [Section 7(1) (b) of CGST Act]. Thus, even if Mrs Pragati has received such service for his personal purpose, import will qualify as supply as it is being made for consideration.

(2) Import of legal service without consideration:

(a) Import of legal service in personal matter

Import of any service without consideration amounts to supply in terms of Section 7(1) (c) read with Schedule I (Para 4)

Only if following conditions are fulfilled:

(i) Import is by a person;

(ii) Import is in course or furtherance of business of such taxable person;

(iii) Import is from related person or own establishment outside India.

Presuming Mrs Pragati is taxable person under GST, still import of legal service by will not amount to supply as such import it not in course or furtherance of business (as such advice is for personal matter)

(b) Import of legal service in business matter

If Mrs Pragati is a person and import of service is for business matters, then such import without consideration would amount to supply if it is from a related person or his other establishment outside India.

Import from a real sister is not an import from 'related person'. GST law has defined a related person to include members of the same family. Sister is considered as a family member if she is wholly or mainly dependent upon the person. In given question, it seems Mrs Unnati in UK is quite independent and no way dependent upon Mrs Pragati and therefore, Mrs Pragati and Mrs Unnati are not 'related person' under GST law.

Since import of service without consideration is not from a related person or other establishment outside India, it will not amount to supply under GST law.

22. Sahab Sales, an air-conditioner dealer in Janakpuri, Delhi, needs 4 air-conditioners for his newly constructed house in Safdarjung Enclave. Therefore, he transfers 4 air-conditioners [on which ITC has already been availed by it] from its stock, for the said purpose. Examine whether the said activity amounts to supply under Section 7 of the CGST Act, 2017.

Further, a Janakpuri resident, Aakash, approached Sahab Sales. He sold an air-conditioner to Sahab Sales for ₹5,000. Aakash had bought the said air-conditioner six months before, for his residence. Does sale of the air conditioner by Aakash to Sahab Sales amount to supply under Section 7 of the CGST Act, 2017.

Sol. Section 7 defines the scope of supply'. In general, supply covers those transactions where goods or services or both are supplied for consideration in the course of or furtherance of business (Section 7(1) (a)). Besides that, scope of supply has been extended to cover certain specified transactions which are undertaken even without any consideration (Section 7(1) (c) read with Schedule I). One such transaction without consideration is where business assets on which ITC has been availed are transferred or disposed-off permanently.

In view of said provisions, the Solution to given situations are as follows:

- (a) Permanent transfer of air-conditioner (trading stock which is his business asset on which he has availed ITC): Permanent transfer of air conditioners by Sahab Sales from its stock for personal use at its residence, though without consideration, would amount to supply.
- (b) Sale by Aakash (non-business entity) of his second-hand air-conditioner: Such sale will not qualify as supply under Section 7 of the CGST Act, 2017 as although it is made for a consideration, it's not in the course or furtherance of business.

23. Examine whether the following activity would amount to supply under Section 7 of the CGST Act: Happy Charitable Trust, a trust who gets the eye treatment of needy people done free of cost, donates clothes and toys to children living in slum areas.

Sol. Happy Charitable Trust is providing eye treatment services free of cost to the needy people (unrelated persons). Its activity does not fall within the scope of supply (as supply made for without consideration and not getting covered by Section 7(1)(c) read with Schedule I of CGST Act).

In view of the above, it is not a GST registered entity. Being an unregistered entity, it must not have availed any ITC of the tax paid clothes and toys purchased by it. Thus, free supply of such goods is not getting covered by Section 7(1)(c) read with Schedule I of CGST Act. Thus, even such a supply will not attract any GST in the hands of Happy Charitable trust.

24. Whether gifts given by employers to employees will also qualify as supply?

Sol. Section 7(1)(c) of the CGST Act defines scope of supply to include transactions specified in Schedule I of CGST Act which are made without consideration. One type of such transaction is supply of goods or services or both between related persons.

Explanation to Section 15 of the CGST Act defines 'related person'. The said definition covers employer and employee as related persons. Thus, a gift by an employer to an employee will be a supply and will attract a levy of GST.

However, any gifts for a value not exceeding ₹50,000 in a financial year will not qualify as supply and as such will not be liable to tax.

25. Mr A paid a penalty of ₹2,00,000 to the Government for contravention of certain provisions of the GST Law. Whether this payment can be considered as consideration towards service activity of tolerance of an act of Mr A by the Government and thus, a taxable supply? Give a reason.

Sol. Penalty under the GST law is statutory penalty which has been paid for contravention of law. Its payment is not arising out of any contract between Mr A and the Government. Thus, it is not contractual payment and hence, cannot be considered as 'consideration', that being so, there is no receipt of consideration by the Government. Thus, there is no supply transaction.

26. What is outside the scope of the term supply as defined in CGST Act, 2017?

Sol. Section 7(2) of the CGST Act, 2017 provides exclusion of following from the scope of supply:

(a) The activities specified under Schedule III of the CGST Act;

B- Bond to bond transfer

E- Employee to the employer in the course of or in relation to his employment

N- Non-taxable territory to non-taxable territory without such goods entering to India C- Court or tribunal established under any law

H- High seas sale

F- Funeral, burial, crematorium or mortuary including transportation of the deceased L- Sale of land and completed building subjected to the clause (b) of para of schedule II A- Actionable claims, other than Betting, gambling, and lottery (BGL)

G- Functions performed by the government officials

(b) Any activity undertaken by the Central Govt. or a State Govt. or any local authority in which they are engaged as public authority and which have been notified by Government (on recommendation of council). Presently,

- Services by way of any activity in relation to function entrusted to a Panchayat or a Municipality (as amended on 26th July, 2018) under Constitution of India and
- Services by way of grant of alcoholic liquor license, against consideration in the form of license fee or application fee or by whatever name it is called has been notified and thus, such activity is excluded from scope of supply.

27. What is Mixed Supply? Illustrate with an example.

Sol. In terms of Section 2(74) of the CGST Act, mixed supply means two or more individual supplies of goods or services or any combination thereof, made in conjunction with each other by a taxable person for a single price where such supply does not constitute a composite supply.

The example of mixed supply is:

A supply of a package consisting of canned foods, sweets, chocolates, cakes, dry fruits, aerated drinks and fruit juices when supplied for a single price is a mixed supply. Each of these items can be supplied separately and is not dependent on any other. It shall not be a mixed supply if these items are supplied separately.

28. Brishti Ltd. is manufacturer of cosmetic products: (1) Hair oil (GST Rate - 18%), (2) Sun screen cream (GST Rate - 28%), (3) Shampoo (GST rate - 28%), and (4) Hair comb (GST Rate - 12%). The said products are supplied in a single package and the Price per package is ₹500 (exclusive of taxes). 20,000 packages were supplied by the company to its dealer. Determine the nature of supply and its tax liability.

Sol. The treatment would be as follows:

<p>Nature of Combination Supply: Each of the goods in the package has individual identity and can be supplied separately but are deliberately supplied conjointly for a single consolidated price. Hence, the supply would constitute a mixed supply.</p>	<p>Mixed supply</p>
---	---------------------

Treatment under GST: Highest tax rate applicable As per Section 8(b) of the CGST Act, tax rates applicable in case of mixed supply would be the rate of tax attributable to that one supply (goods, or services) which suffers the highest rate of tax from amongst the supplies forming part of the mixed supply. Therefore, entire package will be chargeable to 28% GST.	28% GST
Value of Supply: Value of taxable supply per package	500
No. of packages	20,000
Total Value	1,00,00,000
GST Liability @ 28%	28,00,000

29. The temple of the ancestral deity of Mr. Aman Goel and his family is located at Beri, Haryana. The temple is run by a charitable organization registered under Section 12AA of the Income Tax Act, 1961. The family has got unshakeable faith in their ancestral deity. Mr. Aman is a big entrepreneur having a flourishing business of tiles in Gurugram. Upon the birth of their first child, he donated ₹10 lakh to the said temple for construction of a sitting hall in the temple. On the main door of the sitting hall, a name plate was placed stating "Donated by Mr. Aman Goel upon birth of his first child".

You are required to examine the levability of GST on the donation received from Mr. Aman Goel?

Sol. It has been clarified vide Circular No. 116/35/2019 GST dated 11.10.2019 that when the name of the donor is displayed in the religious institution premises, by placing a name plate or similar such acknowledgement, which can be said to be an expression of gratitude and public recognition of donor's act of philanthropy and is not aimed at giving publicity to the donor in such manner that it would be an advertising or promotion of his business, then it can be said that there is no supply of service for a consideration (in the form of donation). There is no obligation (quid pro quo) on part of the recipient of the donation or gift to do anything (supply a service). Therefore, there is no GST liability on such consideration.

In the given case, there is no reference or mention of any business activity of the donor which otherwise would have got advertised. Thus, since the gift or donation is made to a charitable organization, the payment has the character of gift or donation and the purpose is philanthropic (i.e., it leads to no commercial gain) and not advertisement, hence GST is not leviable.

- (i) @ 5% (2.5% CGST+2.5% SGST/UTGST or 5% IGST) where GTA has not taken the Input Tax Credit (ITC) on goods or services used in supplying GTA service (there can be either of the cases - where GTA exercises the option to itself pay GST at said rate or /does not exercise the option to itself pay GST at said rate, on services supplied by it) or
- (ii) @ 12% (6% CGST+6% SGST/UTGST or 12% IGST) where GTA exercises the option to itself pay GST at said rate on services supplied by it. In this case, there is no restriction on availing ITC on goods or services used in supplying GTA service by GTA.

In the following paras, we have explained as to who is the person liable to pay tax in case of each of the above two rates:

Note - Where recipient is other than the specified recipients (Unregistered individual end consumer or unregistered casual taxable person), GST will be exempt - Discussed in detail in Chapter 5 - Exemptions under GST in this Module of the Study Material.

■ TAX PAYABLE BY THE ECO ON NOTIFIED SERVICES

Electronic Commerce Operator (ECO) is any person who owns/operates/manages an electronic platform for supply of goods/services/both.

Sometimes, ECO itself supplies the goods or services or both through its electronic portal. However, many a times, the products/services displayed on the electronic portal are actually supplied by some other person to the consumer.

When a consumer places an order for a particular product/ service on this electronic portal, the actual supplier supplies the selected product/ service to the consumer. The price/ consideration for the product/ service is collected by the ECO from the consumer and passed on to the actual supplier after the deduction of commission by the ECO.

The Government may, on the recommendations of the GST Council, notify specific categories of services the tax [CGST/SGST/IGST] on supplies of which shall be paid by the electronic commerce operator (ECO) if such services are supplied through it. Such services shall be notified on the recommendations of the GST Council.

Notification No. 17/2017 CT (R) dated 28.06.2017/ Notification No. 14/2017 IT (R) dated 28.06.2017 as amended has notified the following categories of services supplied through ECO for this purpose -

- (a) Services by way of transportation of passengers by a radio-taxi, motorcab, maxicab, motor cycle, omnibus or any other motor vehicle;
- (b) Services by way of providing accommodation in hotels, inns, guest houses, clubs, campsites or other commercial places meant for residential or lodging purposes, except where the person supplying such service through electronic commerce operator is liable for registration under section 22(1) of the CGST Act.
- (c) Services by way of house-keeping, such as plumbing, carpentering etc, except where the person supplying such service through electronic commerce operator is liable for registration under sub-section 22(1) of the CGST Act.
- (d) Supply of restaurant service other than the services supplied by restaurant, eating joints etc. located at specified premises.

Meaning of various terms
<p>(i) Radio taxi: Means a taxi including a radio cab, by whatever name called, which is in two-way radio communication with a central control office and is enabled for tracking using Global Positioning System (GPS) or General Packet Radio Service (GPRS).</p>
<p>(ii) Maxi cab: Means any motor vehicle constructed or adapted to carry more than 6 passengers, but not more than 12 passengers, excluding the driver, for hire or reward.</p> <p>Motorcab: Means any motor vehicle constructed or adapted to carry not more than 6 passengers excluding the driver for hire or reward.</p> <p>Motor car: Means any motor vehicle other than a transport vehicle, omnibus, road-roller, tractor, motor cycle or invalid carriage.</p> <p>Omnibus means any motor vehicle constructed or adapted to carry more than 6 persons excluding the driver.</p>
<p>(iii) 'Specified premises' would mean premises providing hotel accommodation service having declared tariff of any unit of accommodation above ₹ 7,500 per unit per day or equivalent.</p>

It is important to note here that the above provision shall apply only in case of supply of services.

Tax on above services supplied through ECO shall be paid by the ECO. All the provisions of the CGST/IGST Act shall apply to such ECO as if he is the supplier liable for paying the tax in relation to the supply of above services.

The ECO may, on services notified under section 9(5), including on restaurant service provided through ECO, pay GST, by furnishing the details in Form GSTR-3B14, reporting them as outward taxable supplies.

In this regard, following issues have been clarified:

- (i) ECOs not to collect TCS in respect of restaurant services so notified
 ECOs will no longer be required to collect TCS (Tax Collected at Source) and file Form GSTR-815 in respect of restaurant services on which it pays tax in terms of section 9(5)16.

(ii) ECOs not required to take separate registration for paying tax on restaurant service supplied through them

As ECOs are already registered in accordance with rule 8 (as a supplier of their own goods or services), there would be no mandatory requirement of taking separate registration by ECOs for payment of tax on restaurant service under section 9(5).

(iii) ECO to pay tax on any restaurant services supplied through them

ECOs will be liable to pay GST on any restaurant service supplied through them including services supplied by an unregistered person.

(iv) Supply of restaurant services to be included in aggregate turnover of person supplying restaurant services through ECO

It is clarified that the aggregate turnover of person supplying restaurant service through ECOs shall be computed in accordance with definition of aggregate turnover under section 2(6) and shall include the aggregate value of supplies made by the restaurant through ECOs. Accordingly, for threshold consideration or any other purpose in the CGST Act, the person providing restaurant service through ECO shall account for such services in his aggregate turnover.

(v) Restaurant services provided through ECO not to be considered as inward supply for ECOs liable to RCM

ECOs are not the recipient of restaurant service supplied through them. Since these are not input services to ECO, these are not to be reported as inward supply (liable to reverse charge) in Form GSTR-3B.

(vi) Reversal of proportionate ITC on input goods and services not required by ECO

ECOs provide their own services as an electronic platform and as an intermediary for which it would acquire inputs/input service on which ECOs avail input tax credit (ITC). The ECO charges commission/fee etc. for the services it provides. The ITC is utilised by ECO for payment of GST on services provided by ECO on its own account (say, to a restaurant). The situation in this regard remains unchanged even after ECO is made liable to pay tax on restaurant service. ECO would be eligible to ITC as before. Accordingly, it is clarified that ECO shall not be required to reverse ITC on account of restaurant services on which it pays GST in terms of section 9(5). It may also be noted that on restaurant service, ECO shall pay the entire GST liability in cash (No ITC could be utilised for payment of GST on restaurant service supplied through ECO).

(vii) GST to be paid by the supplier on services not notified under section 9(5) of CGST Act but supplied through ECO

In respect of supplies not notified under section 9(5) but supplied through ECO, the liability to pay GST continues on such supplier and ECO shall continue to deposit TCS on such supplies.

(viii) ECO to raise invoice in respect of restaurant service supplied through ECO

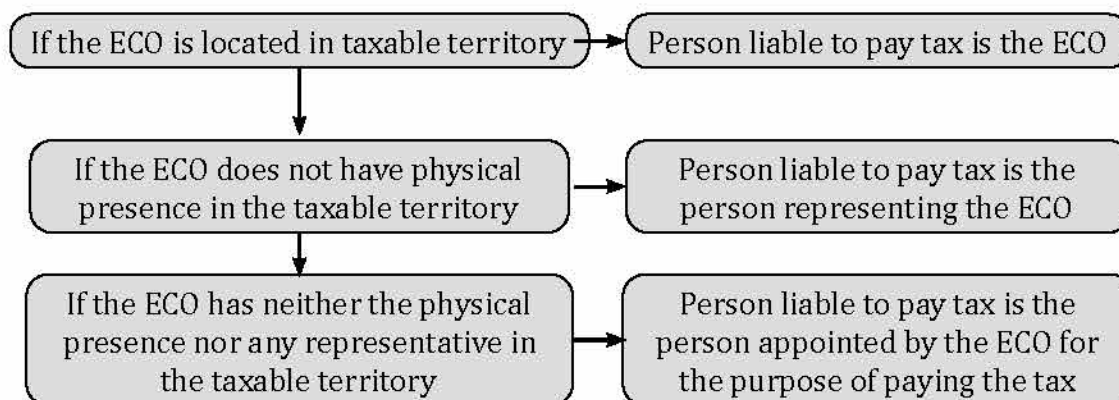

The invoice in respect of restaurant service supplied through ECO under section 9(5) will be issued by ECO.

(ix) Billing in case of 'restaurant service' and goods/services other than restaurant service being sold by a restaurant to a customer under the same order

There can a situation where 'restaurant service' and goods or services other than restaurant service are sold by a restaurant to a customer under the same order. The question arises as to who shall be liable for raising invoices in such cases.

Considering that liability to pay GST on supplies other than 'restaurant service' through the ECO, and other compliances under the CGST Act, including issuance of invoice to customer, continues to lie with the respective suppliers (and ECOs being liable only to collect tax at source (TCS) on such supplies), it is advisable that ECO raises separate bill on restaurant service in such cases where ECO provides other supplies to a customer under the same order.

Person liable to pay GST for above specified services when supplied through ECO

THEORY

Composition Scheme Section 10

The composition levy is an alternative method of levy of tax designed for small taxpayers whose turnover is up to a prescribed limit. The objective of the composition scheme is to bring simplicity and to reduce the compliance cost for the small taxpayers.

Section 10(1) & (2) Composition Scheme for Goods & Restaurant Services

Initially, the scheme was designed to benefit the small traders, manufacturers and restaurant service provide. So, the scheme was fundamentally for the supplier of goods and only for restaurant service provide. However, subsequently, suppliers availing the composition scheme were permitted to supply other services also, though only up to a small specified value.

Small taxpayers with an aggregate turnover in a preceding financial year up to ₹1.5 crore shall be eligible for composition levy. However, Threshold limit is ₹75 lakh in respect of 8 of the Special Category States namely:

Nagaland	Uttarakhand	Sikkim	Tripura
Arunachal Pradesh	Mizoram	Manipur	Meghalaya

However as per second proviso to section 10(1), composition suppliers are permitted to supply other services up to:

- (a) 10% of turnover in the state or union territory in the preceding financial year or
- (b) ₹5,00,000 whichever is higher.

Eg. Ramsewak is engaged in the supply of goods. His aggregate turnover in preceding FY is ₹60 lakh. Since his aggregate turnover in the preceding FY does not exceed ₹1.5 crore, he is eligible for composition scheme in current FY.

Calculation of Aggregate Turnover

While computing the threshold limit of ₹1.5 crore, inclusions in and exclusions from 'aggregate turnover' are as follows:

Inclusions	Exclusions
Value of all outward supplies	<ul style="list-style-type: none"> ❑ Value of inward supplies on which tax is payable under reverse charge ❑ Taxes Under GST (i.e. CGST/SGST/UTGST/IGST/Compensation Cess) ❑ Value of supply of exempt services by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount.
1. Taxable supplies	
2. Exempt supplies	
3. Exports	
4. Inter-State supplies of persons having the same PAN be computed on all India basis	

Explanation 1 to section 10 clarifies that for the purposes of computing aggregate turnover of a registered person for determining his eligibility to pay tax under this section, aggregate turnover includes value of supplies from 1st April of a FY up to the date of his becoming liable for registration.

As per Section 10(3), the option of a registered person to avail composition scheme for services shall lapse with effect from the day on which his aggregate turnover during a financial year exceeds the threshold limit of ₹150 Lakh /75 Lakh.

The rate shall be as given under Rule 7

S. No.	Category of Registered Person	Rate of Tax
1.	Manufacturer, other than manufacturer of Ice cream, Pan masala, Tobacco & Aerated Water	0.5% CGST + 0.5% SGST of Turnover in the State/Turnover in the Union Territory
2.	Person engaged in restaurant services	2.5% CGST & 2.5% SGST of Turnover in the State/Turnover in the Union Territory
3.	Any other Supplier of goods	0.5% CGST + 0.5% SGST of Taxable Supplies in the State/Turnover in the Union Territory

As per section 2(112) of the CGST Act, 2017, turnover in State/turnover in Union territory means

Inclusions	Exclusions
Value of all outward supplies 1. Taxable supplies 2. Exempt supplies 3. Exports 4. Inter-State supplies of goods or services or both made from the State or Union territory by the said taxable person	<input type="checkbox"/> Value of inward supplies on which tax is payable under reverse charge <input type="checkbox"/> Taxes Under GST (i.e. CGST/SGST/UTGST/IGST/Compensation Cess) <input type="checkbox"/> Value of supply of exempt services by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount.

Further, explanation 2 to section 10 clarifies that for the purposes of determining the tax payable by a person under this section, the expression turnover in State or turnover in Union territory shall not include the value of following supplies, namely:

- (i) Supplies from 1st April of a FY up to the date when such person becomes liable for registration under this Act; and
- (ii) Exempt supply of services provided by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount.

Note: While computing turnover in a State/UT of a supplier, other than manufacturer and restaurant service provider, eligible for composition levy for goods [eg.-trader], the exempt supplies will not be taken into consideration

As per Rule 3,

A person applying for registration may give option for composition scheme in part B of REG-01. Such intimation shall be considered only after the grant of registration to the applicant and his option to pay tax under composition levy shall be effective from the date from which registration is effective.

As per Rule 4,

A registered person who opts to pay tax under composition levy scheme shall electronically file an intimation in prescribed form on the GST Common Portal, prior to the commencement of the FY for which said option is exercised. Option to pay tax under section 10 shall be effective from the beginning of the next financial year but such person shall also furnish statement in ITC-03 for reversal of tax credit within a period of 90 days from the date of commencement of composition scheme.

As per Rule 5,

Such person should be neither casual taxable person nor non - resident taxable person.

As per Rule 6,

If turnover exceeds ₹1,50,00,000/75,00,000 he will be shifted to normal scheme with immediate effect and he will give an intimation in CMP-04 within 7 days of exceeding the limit.

Any person who is in the composition scheme may opt out of the scheme at any time and shall file an application in CMP-04 and he will get shifted to normal scheme with immediate effect. He shall be required to submit ITC-01 for availing ITC within 30 days from the date of withdrawal. Such withdrawal shall be applicable to all the places in all the states/UTs.

Section 10(2A) Composition Scheme for Service Provider

This section provides an option to a registered person whose aggregate turnover in the preceding financial year is up to ₹50 lakh and who is not eligible to pay tax under sub section (1), to pay tax @ 3% [Effective rate 6% (CGST & SGST/UTGST)] on first supplies of goods and/or services up to an aggregate turnover of ₹50 lakh made on/after 1st April in any financial year, subject to specified conditions.

Section 10(2)/(2A) Conditions for Opting to Pay Tax under Composition Scheme

- (i) **Restricted from making supply of goods or services which are not liable to GST:** Certain goods and services are not liable to GST, e.g. petroleum, alcohol for human consumption, etc. – a person opting for composition scheme shall not be entitled to make any supply of non-GST goods and services.
- (ii) **Restricted from affecting inter-State outward supplies:** The taxable person should not affect any inter-State outward supplies. This means that even stock transfers to branches outside the State would not be permitted. However, insofar as it relates to inter-State inward procurements/receipts, there is no restriction.
- (iii) **Restricted from making supplies through an e-commerce operator:** A person opting for composition scheme is not allowed to affect any supply of goods or services through an ecommerce portal, unless such portal is owned by the same person.
- (iv) **Restriction on manufacture of notified goods:** The person opting for the scheme should not be a manufacturer of certain goods as are notified in this regard. However, there is no restriction in case the person is engaged in trading of such goods.

Notified Goods:

- (i) Ice cream and other edible ice, whether or not containing cocoa
- (ii) Pan masala
- (iii) Tobacco and manufactured tobacco substitutes
- (iv) Manufacture of Aerated Water
- (v) Fly ash bricks or fly ash aggregate with 90% or more fly ash content; Fly ash blocks
- (vi) Bricks of fossil meals or similar siliceous earths
- (vii) Building bricks
- (viii) Earthen or roofing tiles
- (ix) **Would be applicable for all transactions under the same PAN:** Composition scheme would become applicable for all the business verticals having separate registrations within the State and all other registrations outside the State which are held by the person with the same PAN.
- (x) **Shall not collect tax:** Taxable person opting to pay tax under the composition scheme is prohibited from collecting tax on the outward supplies.
- (xi) **Not entitled to input tax credit:** Taxable person opting to pay tax under the composition scheme will not be eligible to claim any input tax credits.
- (xii) Such supplier shall mention the words “composition taxable person not eligible to collect tax on supplies” at the top of the bill of supply. (not allowed to issue tax invoice)

Example

A photographer ‘Champak’ has commenced providing photography services in Delhi from April this year. His turnover for various quarters till December is as follows:

April-June	₹20 lakh
July-Sept	₹30 lakh
Oct-Dec	₹20 lakh

In the given case, since Champak has started the supply of services in the current financial year, his aggregate turnover in the preceding FY is Nil. Consequently, in the current FY, he is eligible for composition scheme for services. He becomes eligible for the registration when his aggregate turnover exceeds ₹20 lakh.

While registering under GST, he opted for a composition scheme for services.

For determining his turnover of the State for payment of tax under composition scheme for services, turnover of April-June quarter [₹20 lakh] shall be excluded as the value of supplies from the first day of April of a financial year up to the date when such person becomes liable for registration under this Act are to be excluded for this purpose.

On next ₹30 lakh [turnover of July-Sept quarter], he shall pay tax @ 6% [3% CGST and 3% SGST], i.e. CGST ₹90,000 and SGST ₹90,000.

By the end of July-Sept quarter, his aggregate turnover reaches ₹50 lakh.

Consequently, his option to avail composition scheme for services shall lapse by the end of July-Sept quarter and thereafter, he is required to pay tax at the normal rate of 18%. Thus, the tax payable for Oct-Dec quarter is ₹20 lakh × 18%, i.e. ₹3,60,000.

Imposition of penalty in case of irregular availment of composition scheme [Section 10(5)]

If a taxable person has paid tax under the composition scheme though he was not eligible for the scheme, the person would be liable to penalty and the provisions of section 73 or 74 of the CGST Act shall be applicable for determination of tax and penalty.

QUESTION BANK

- (a) Services provided by an arbitral tribunal to any business entity.
- (b) Sponsorship services provided by a company to an individual.
- (c) Renting of immovable property service provided by the Central Government to a business entity

Sol. (a) Since GST on services provided or agreed to be provided by an arbitral tribunal to any business entity located in the taxable territory is payable under reverse charge, in the given case, GST is payable by the recipient – business entity.

(b) GST on sponsorship services provided by any person to anybody corporate or partnership firm located in the taxable territory is payable under reverse charge. Since in the given case, services have been provided to an individual, reverse charge provisions will not be attracted. GST is payable under forward charge by the supplier – company.

(c) GST on services supplied by Central Government, State Government, Union territory/local authority by way of renting of immovable property to a person registered under CGST Act, 2017 is payable under reverse charge. Therefore, in the given case, GST is payable under reverse charge by the recipient – registered business entity

2. A person availing composition scheme in Haryana during a financial year crosses the turnover of ₹1.5 crore during the course of the year i.e. he crosses the turnover of ₹1.5 crore in December? Will he be allowed to pay tax under composition scheme for the remainder of the year, i.e. till 31st March?

Sol. No. The option to pay tax under composition scheme lapses from the day on which the aggregate turnover of the person availing composition scheme during the financial year exceeds the specified limit (₹1.5 crore). Once he crosses the threshold, he is required to file an intimation for withdrawal from the scheme in prescribed form within 7 days of the occurrence of such event.

Every person who has furnished such an intimation, may electronically furnish at the common portal, a statement in prescribed form containing details of the stock of inputs and inputs contained in semi-finished or finished goods held in stock by him on the date on which the option is withdrawn, within a period of 30 days from the date from which the option is withdrawn.

3. Determine whether the supplier in the following cases are eligible for composition levy provided their turnover in preceding year does not exceed ₹1.5 crore:

- (i) Mohan Enterprises is engaged in trading of pan masala in Rajasthan and is registered in the same State.
- (ii) Sugam Manufacturers has registered offices in Punjab and Haryana and supplies goods in neighbouring States.

Sol. (i) A supplier engaged in the manufacture of goods as notified under section 10(2)(e), during the preceding FY is not eligible for composition scheme. Ice cream and other edible ice, whether or not containing cocoa, Pan masala, Aerated water and Tobacco and manufactured tobacco substitutes are hereby notified. However, in the given case, since Mohan Enterprises is engaged in trading of pan masala and not manufacture and his turnover does not exceed ₹1.5 crore, he is eligible for composition scheme subject to fulfilment of specified conditions.

(ii) Since supplier of inter-State outward supplies of goods are not eligible for composition levy, Sugam Manufacturers is not eligible for composition levy.

4. Subramanian Enterprises has two registered places of business in Delhi. Its aggregate turnover for the preceding year for both the places of business was ₹120 lakh. It wishes to pay tax under composition levy for one of the place of business in the current year while under normal levy for other. You are required to advise Subramanian Enterprises whether he can do so?
- Sol.** A registered person with an aggregate turnover in a preceding financial year up to ₹1.5 crore is eligible for composition levy in Delhi. Since the aggregate turnover of Subramanian Enterprises does not exceed ₹1.5 crore, it is eligible for composition levy in the current year. However, all registered persons having the same Permanent Account Number (PAN) have to opt for composition scheme. If one such registered person opts for a normal scheme, others become ineligible for the composition scheme. Thus, Subramanian Enterprises either have to opt for composition levy for both the places of business or under normal levy for both the places of business.
5. Income is received by Maharashtra Government from renting of immovable property to Ganpati Morya Pvt. Ltd., registered in Maharashtra (Turnover of the company was ₹18 lakh in the preceding financial year). Is GST payable in the present case? If yes, who is liable to pay the same?
- Sol.** Notification No. 12/2017 CT (R) dated 28.06.2017 has inter alia exempted the services provided by the State Government to a business entity with an aggregate turnover of up to ₹20 lakh (₹10 lakh in case of a Special Category States) in the preceding FY. However, the same shall not apply to services by way of renting of immovable property.
- In the given case, a service by way of renting of immovable property is provided by Maharashtra Government to Ganpati Morya Pvt. Ltd, registered in Maharashtra. Therefore, the above exemption will not apply in this case even though the turnover of the company was less than ₹20 lakh in the preceding financial year. Thus, GST is payable in the given case.
- Notification No. 13/2017 CT (R) dated 28.06.2017 as amended inter alia provides that reverse charge is applicable in case of services supplied by the State Government by way of renting of immovable property to a person registered under the Central Goods and Services Tax Act, 2017. Thus, GST is payable by Ganpati Morya Pvt. Ltd., being a registered person in the present case.
6. M/s Sai Trading Company, an eligible registered dealer in goods making intra-state supplies within the state of Andhra Pradesh, has reported an aggregate turnover of ₹78 Lakhs in the preceding financial year.
- Determine whether Sai Trading Company will be eligible for composition levy, as on 31-10-2017. Will your Solution be different, if in the above scenario, M/s Sai Trading Company is making intra state supply within the state of Jammu and Kashmir?
- Sol.** Section 10 of CGST Act, 2017 provides that a registered person, whose aggregate turnover in the preceding financial year did not exceed ₹1.5 crores may opt for composition scheme. The turnover limit is ₹75 lakhs in case of some Special Category States namely,
- In the given case, the applicable turnover limit for composition scheme will be ₹1.5 crore as Andhra Pradesh is not a Special Category State.
- Further, since the aggregate turnover of the registered person in the given case does not exceed ₹1.5 crore and it satisfies other conditions of composition scheme namely, not making inter-State supplies of goods, it is eligible for composition levy.
- Since the turnover limit for determining the eligibility for composition scheme in the State of Jammu and Kashmir is ₹1.5 crores, Sai Trading Company will be eligible for composition levy with other conditions of not making inter- State supplies of goods being fulfilled.
7. Mr. Vivek Goyal, director of A2Z Pvt. Ltd. Company has received a sitting fee amounting to ₹1 lakh from A2Z Pvt. Ltd for attending the Board meetings. Is GST payable in the present case? If yes, who is liable to pay the same?

Sol. Notification No. 13/2017 CT (R) dated 28.06.2017 inter alia provides that GST on supply of services by director of a company to the said company located in the taxable territory is payable on reverse charge basis.

Therefore, in the given case, the person liable to pay GST is the recipient of services, i.e., A2Z Pvt. Ltd. Company.

8. M/s Shakshi Associates a recovery agent (located in Chennai) empanelled by State Bank of India, Local Head Office, Nungambakkam, Chennai. The following service supplied M/s Shakshi Associates in the month of Nov 2018 are as follows:

(i) Fee of ₹2,25,825 for supply of services in relation to recovery of dues from the defaulting borrowers at the place of business/occupation and if such borrowers is/are unavailable at the place of business then at his/her residence.

(ii) Supply of services with regard to demand for recovery or taking possession of the security from defaulting Borrowers, for which separate fee charge from the bank ₹55,175/-

Solution the following:

(a) Is it supply of service?

(b) If so, who is liable to pay GST?

(c) What is the GST liability?

Note: Assume applicable rate of GST for recovery agent services @18%.

Sol. (i) Yes. It is taxable supply of service

(ii) State Bank of India being recipient of service is liable to pay GST under RCM. (c) GST liability = ₹50,580 [i.e. ₹2,25,825 + 55,175] × 18%

9. Mr. Anurag, a famous Author is engaged in supply of services by the way of transfer or permitting the use or enjoyment of a copyright covered under clause (a) of sub-section (1) of section 13 of the Copyright Act, 1957 relating to original literary works to a publisher. Explain in brief the conditions under which an Author can choose to pay tax under forward charge.

Sol. Mr. Anurag, an author, can choose to pay tax under forward charge provided he fulfils the following conditions:

(i) He has taken registration under the GST law.

(ii) He has filed a declaration, in the prescribed form, that he exercises the option to pay tax on the said service under forward charge and, to comply with all the provisions of the GST law as they apply to a person liable for paying the tax in relation to the supply of any goods and/or services and that he shall not withdraw the said option within a period of 1 year from the date of exercising such option.

(iii) He makes a declaration on the invoice issued by him in prescribed form to the publisher.

10. In the following independent cases, decide who is liable to pay GST, if any.

You may assume that the recipient is located in the taxable territory. Ignore the aggregate turnover and exemption available.

(a) 'Veer Transport', a registered Goods Transport Agency (GTA) paying IGST @ 12%, transported goods by road of Dilip & Company, a sole proprietary firm (other than specified person) which is not registered under GST or any other Law.

(b) Mr. Kamal Jain, an unregistered famous author, received ₹20 lakh of consideration from PQR Publications Ltd. for supply of services by way of temporary transfer of a copyright covered under section 13(1)(a) of the Copyright Act, 1957 relating to original literary works of his new book.

Sol. (a) In case of a GTA service, where GST is payable @ 5% and recipient is one of the specified recipients, tax is payable by the recipient of service under reverse charge.
However, where GST is payable @ 12%, tax is payable under forward charge by the supplier of service. Therefore, in the given case, tax is payable under forward charge by "Veer Transport", a registered GTA.

Note: In the given case, since the recipient of service is other than specified recipient, i.e., unregistered sole proprietorship firm, GTA service is exempt from GST. However, in the above answer, the said exemption has been ignored since the question specifically requires the students to ignore the exemptions, if any, available.

(b) Supply of services by an author by way of transfer of a copyright covered under section 13(1)(a) of the Copyright Act, 1957 relating to original literary works to a publisher located in the taxable territory is taxable under reverse charge mechanism.

Thus, in the given case, the recipient of service, i.e. PQR Publications Ltd. is liable to pay GST. The tax can be paid by the author under forward charge if the author is a registered person. Since in the given case, the author is an unregistered person, the said option is not available to him.

11. Mr. Rahim is dealer who is selling taxable goods, exempted goods and non-taxable goods (i.e. Liquor). His turnover in the preceding financial year is ₹35 lakh, ₹10 lakh, ₹15 lakh goods which are leviable to GST, exempted and non-taxable respectively. Whether MR. Rahim eligible for the Composition Scheme?

Sol. If a person is selling/supplying the goods, which are not leviable to tax under GST, then he is not eligible to opt for composition scheme.

In this case even though the aggregate turnover is not exceeding ₹1.5 crore, Mr. Rahim is not eligible for composition Scheme since he is in the business of supplying non-taxable supply.

12. Mr. H registered in Hyderabad, who is selling goods from Telangana to Tamil Nadu. Turnover of Mr. H is ₹73 Lakh in the preceding financial year. Whether Mr. H is eligible for Composition? Whether your Solution will change if Mr. H is making purchases from Tamil Nadu and selling goods in Telangana?

Sol. Mr. H is not eligible for composition as he is making interstate outward supply.

If Mr. H is making a purchase from Tamil Nadu then he is eligible for composition scheme as there is restriction on outward interstate supply not on inward interstate supply.

13. Is there any option for a registered taxable person to withdraw from the composition scheme?

Sol. The registered taxable person who intends to withdraw from the composition scheme shall, before the date of such withdrawal, file an application in FORM GST CMP-04.

Where the option of composition scheme is lapsed due to non-compliance of any of the eligibility conditions under Section 10 or rules made thereunder, then taxable person shall file an intimation of withdrawal in the same FORM GST CMP-04 within 7 days of the occurrence of event leading to disability under the scheme. Intimation for withdrawal or cancellation of permission in respect of any place of business in a State or UT shall be deemed to be intimation in respect of all other places of business registered on the same PAN.

14. Examine whether the suppliers are eligible for the composition scheme in the following independent cases. Is there any other option available for concessional tax payment with any of these suppliers, wherever composition scheme cannot be availed?

- (a) M/s Devlok, a registered dealer, is dealing in intra-State trading of electronic appliances in Jaipur (Rajasthan). It has turnover of ₹130 lakh in the preceding financial year. In the current financial year, it has also started providing repairing services of electronic appliances.
- (b) M/s Narayan & Sons, a registered dealer, is running a “Khana Khazana” Restaurant near City Palace in Jaipur. It has turnover of ₹140 lakh in the preceding financial year. In the current financial year, it has also started dealing in intra-State trading of beverages in Jaipur (Rajasthan).
- (c) M/s Indra & bro, a registered dealer, is providing restaurant services in Uttarakhand. It has turnover of ₹70 lakh in the preceding financial year. It has started providing intra-State interior designing services in the current financial year and discontinued rendering restaurant services.
- (d) M/s Him Naresh, a registered dealer, is exclusively providing intra-state architect services in Uttarakhand. It has turnover of ₹40 lakh in the preceding financial year.

Sol. As per section 10 of the CGST Act, 2017, the following registered persons, whose aggregate turnover in the preceding financial year did not exceed ₹1.5 crore, may opt to pay tax under composition levy.

- (a) Manufacturer,
- (b) Persons engaged in making supplies referred to in clause (b) of paragraph 6 of Schedule II (restaurant services), and
- (c) Any other supplier eligible for composition levy.

Thus, essentially, the composition scheme can be availed in respect of goods and only one service namely, restaurant service. However, the scheme permits supply of other marginal services for a specified value along with the supply of goods and restaurant service, as the case may be. Such marginal services can be supplied for a value up to 10% of the turnover in the preceding year or ₹5 lakh, whichever is higher.

Further, the registered person should not be engaged in making any inter-State outward supplies of goods.

Furthermore, an option of availing benefit of concessional payment of tax has been provided to a registered person whose aggregate turnover in the preceding financial year is up to ₹50 lakh and who is not eligible to pay tax under composition scheme. Said person can pay tax @ 3% [Effective rate 6% (CGST+ SGST/UTGST)] on first supplies of goods and/or services up to an aggregate turnover of ₹50 lakh made on/after 1st April in any financial year (FY), subject to specified conditions vide Section 10(2A) as amended. One of such conditions is that the registered person should not be engaged in making any inter-state outward taxable supplies.

In view of the above-mentioned provisions, the Solution to the given independent cases is as under:

- (a) The turnover limit for the composition scheme in case of Jaipur (Rajasthan) is ₹1.5 crore. Thus, M/s Devlok can opt for composition scheme as its aggregate turnover is less than ₹1.5 crore. Further, since the registered person opting for composition scheme can also supply services (other than restaurant services) for a value up to 10% of the turnover in the preceding year or ₹5 lakh, whichever is higher, in the current financial year, M/s Devlok can supply repair services up to a value of ₹13 lakh [10% of ₹130 lakh or ₹5 lakh, whichever is higher] in the current financial year.
- (b) In the given case:
 - (i) The turnover in the preceding year is less than the eligible turnover limit, i.e. ₹1.5 crore.
 - (ii) The supplier is engaged in providing restaurant service which is an eligible supply under composition scheme.

- (iii) The supplier wants to engage in trading of goods which is also an eligible supply under composition scheme.

Thus, M/s Narayan & Sons is eligible for composition scheme.

- (c) The turnover limit for composition scheme in case of Uttarakhand is ₹75 lakh. Further, a registered person who is exclusively engaged in supplying services other than restaurant services are not eligible for composition scheme. Thus, M/s Indra & bro cannot opt for composition scheme.

Further, the benefit of concessional tax payment under Section 10(2A) is available in case of a registered person whose aggregate turnover in the preceding financial year does not exceed ₹50 lakh.

Thus, in view of the above-mentioned provisions, M/s Indra & bro cannot avail the benefit of concessional tax payment as its aggregate turnover in the preceding financial year is more than ₹50 lakh.

- (d) An exclusive service provider can opt for the composition scheme only if he is engaged in supply of restaurant services. The composition scheme permits supply of marginal services for a specified value, but only when the same are supplied along with goods and/or restaurant service.

Since M/s Him Naresh is exclusively engaged in supply of services other than restaurant services, it is not eligible for composition scheme even though its turnover in the preceding year is less than ₹75 lakh, the eligible turnover limit for Uttarakhand.

However, since M/s Him Naresh is not eligible to opt for composition scheme, its aggregate turnover in the preceding financial year does not exceed ₹50 lakh and it is exclusively engaged in supply of services other than restaurant services, M/s Him Naresh is entitled to avail benefit of concessional payment of tax under U/s 10(2A).

15. Senior Advocate supplied services of ₹1,50,000/- to the business entity for Legal services. Business entity has an ITC of ₹7,000. Senior Advocate has registered office in Chennai. Business entity is located in Madurai.

Find the following:

- (a) Who is liable to pay GST?

- (b) Net GST liability? Note:

(i) All services rendered in the month of Oct 2018.

(ii) Turnover of business entity in the previous year ₹43 lakh.

(iii) Applicable rate of GST @18%

Sol. (a) Business entity being the recipient of service is liable to pay GST.

- (b) Net GST liability of the business entity: CGST 9% on ₹1,50,000 = ₹13,500/- SGST 9% on ₹1,50,000 = ₹13,500/-

Note: Recipient is not allowed to utilise ITC against his GST liability. However, after payment of GST under RCM, the same can be availed as ITC against his outward supplies.

16. Mr. Priyam, director of Sun Moon Company Private Limited, provided service to the company for remuneration of

₹1,25,000. Briefly answer whether GST is applicable in the below mentioned independent cases? If yes, who is liable to pay GST?

- (a) Mr. Priyam is an independent director of Sun Moon Company Private Limited and not an employee of the company.
- (b) Mr. Priyam is an executive director, i.e. an employee of Sun Moon Company Private Limited. Out of total remuneration amounting to ₹1,25,000, ₹60,000 has been declared as salaries in the books of Sun Moon Company Private Limited and subjected to TDS under section 192 of the Income-Tax Act (IT Act). However, ₹65,000 has been declared separately other than salaries in the Sun Moon Company Private Limited's accounts and subjected to TDS under section 194J of the IT Act as professional services.

Sol. (a) As per Para I of Schedule III of the CGST Act, services by an employee to the employer in the course of or in relation to his employment are non-supplies, i.e. they are neither supply of goods nor supply of services. Services provided by the independent directors who are not employees of the said company to such company, in lieu of remuneration as the consideration for the said services, are clearly outside the scope of Schedule III of the CGST Act and are therefore taxable. Further, such remuneration paid to the directors is taxable in the hands of the company, on reverse charge basis.

Thus, GST is applicable in this case and Sun Moon Company Private Limited is liable to pay GST.

- (b) The part of director's remuneration which is declared as salaries in the books of a company and subjected to TDS under section 192 of the Income-tax Act (IT Act), is not taxable being consideration for services by an employee to the employer in the course of or in relation to his employment in terms of Schedule III.

Further, the part of employee director's remuneration which is declared separately other than salaries in the company's accounts and subjected to TDS under section 194J of the IT Act as fees for professional or technical services are treated as consideration for providing services which are outside the scope of Schedule III and is therefore, taxable. The recipient of the said services i.e. the company, is liable to discharge the applicable GST on it on reverse charge basis.

In lieu of the above provisions, ₹60,000 declared as salaries in the books of Sun Moon Company Private Limited and subjected to TDS under section 192 of the Income-Tax Act (IT Act), is not taxable being consideration for services by an employee to the employer in the course of or in relation to his employment in terms of Schedule III.

Further, ₹65,000 declared separately other than salaries in the Sun Moon Company Private Limited's accounts and subjected to TDS under section 194J of the IT Act as professional services is treated as consideration for providing services which are outside the scope of Schedule III and is therefore, taxable. The recipient of the said services i.e. the Sun Moon Company Private Limited, is liable to discharge the applicable GST on it on reverse charge basis.

17. Mr. Ajay has a registered repair centre where electronic goods are repaired/serviced. His repair centre is located in the State of Rajasthan and he is not engaged in making any inter-State supply of services. His aggregate turnover in the preceding financial year (FY) is ₹45 lakh.

With reference to the provisions of the CGST Act, 2017, examine whether Mr. Ajay can opt for the composition scheme in the current financial year (FY)? Is he eligible to avail benefit of concessional payment of tax under U/s 10(2A)? Considering the option of payment of tax available to Mr. Ajay, compute the amount of tax payable by him assuming that his aggregate turnover in the current financial year is ₹35 lakh.

Will your Solution be different if Mr. Ajay procures few items required for providing repair services from neighbouring State of Madhya Pradesh?

Sol. Section 10 of the CGST Act, 2017 provides that a registered person, whose aggregate turnover in the preceding financial year did not exceed ₹1.5 crore (₹75 lakh in Special Category States except Assam, Himachal Pradesh and Jammu and Kashmir), may opt to pay, in lieu of the tax payable by him, an amount calculated at the specified rates. However, if, inter alia, such registered person is engaged in the supply of services other than restaurant services, he shall not be eligible to opt for composition levy.

In the given case, since Mr. Ajay is a supplier of repair services, he is not eligible for composition scheme even though his aggregate turnover in the preceding FY does not exceed ₹1.5 crore.

Therefore, he has to discharge his tax liability under regular provisions at the applicable rates.

However, with effect from 01.04.2019, Section 10(2A) has provided an option to a registered person whose aggregate turnover in the preceding financial year is up-to ₹50 lakh and who is not eligible to pay tax under composition scheme, to pay tax @ 3% [Effective rate 6% (CGST+ SGST/ UTGST)] on first supplies of goods and/or services up-to an aggregate turnover of ₹50 lakh made on/after 1st April in any FY, subject to specified conditions.

Thus, in view of the above-mentioned provisions, Mr. Ajay is eligible to avail the benefit of concessional payment of tax under Section 10(2A) as his aggregate turnover in the preceding FY does not exceed ₹50 lakh and he is not eligible to opt for the composition scheme.

Thus, the amount of tax payable by him under Section 10(2A) is ₹2,10,000 [6% of ₹35 lakh].

A registered person cannot opt for U/s 10(2A), if inter alia, he is engaged in making any inter-State outward supplies. However, there is no restriction on inter-State procurement of goods. Hence, Solution will remain the same even if Mr. Ajay procures a few items from the neighbouring State of Madhya Pradesh.

18. Mr. Vicky Frankyn, an unregistered famous author, received ₹3 crore of consideration from Shiv Bhawan Publications (SBP) located in Indore for supply of services by way of temporary transfer of a copyright covered under Section 13(1)(a) of the Copyright Act, 1957 relating to original literary works of his new book. He finished his work & made available the book to the publisher, but has yet not raised the invoice.

Mr. Vicky Frankyn is of the view that SBP is liable to pay tax under reverse charge on services provided by him. SBP does not concur with his view and is not ready to deposit the tax under any circumstances.

Examine whether the view of Mr. Vicky Frankyn is correct. Further, if the view of Mr. Vicky Frankyn is correct, what is the recourse available with Mr. Vicky Frankyn to comply with the requirements of GST law as SBP has completely refused to deposit the tax?

Sol. Yes, the view of Mr. Vicky Frankyn is correct. GST is payable under reverse charge in case of supply of services by an author by way of transfer/permitting the use or enjoyment of a copyright covered under Section 13(1)(a) of the Copyright Act, 1957 relating to original literary work to a publisher located in the taxable territory in terms of reverse charge Notification No. 13/2017 CT(R) dated 28.06.2017. Therefore, in the given case, person liable to pay tax is the publisher – SBP.

However, since SBP has completely refused to deposit the tax on the given transaction, Mr. Vicky Frankyn has an option to pay tax under forward charge on the same. For the purpose, he needs to fulfil the following conditions:

- (i) Since he is unregistered, he has to first take registration under the CGST Act, 2017
- (ii) He needs to file a declaration, in the prescribed form, that he exercises the option to pay CGST on the said service under forward charge in accordance with section 9(1) of the CGST Act and to comply with all the provisions as they apply to a person liable for paying the tax in relation to the supply of any goods and/or services and that he shall not withdraw the said option within a period of 1 year from the date of exercising such option;
- (iii) He has to make a declaration on the invoice, which he would issue to SBP, in prescribed form.

19. Enumerate the persons who are not eligible to opt for Composition Scheme under Section 10(2) of the CGST Act, 2017.

Sol. A registered person shall not be eligible to opt for composition scheme if:

- (i) He is engaged in supply of services other than supplies referred to in clause (b) of paragraph 6 of Schedule II.
- (ii) He is engaged in supply of goods not leviable to tax.
- (iii) He is engaged in inter-State outward supplies of goods.
- (iv) He is engaged in supply of goods through an electronic commerce operator.
- (v) He is a manufacturer of notified goods, namely, a manufacturer of Aerated water, ice cream, pan masala and tobacco.

20. (a) Chanchal started providing beauty and grooming services and inaugurated “Care & Care Beauty Centre” in Janak Puri, Delhi on 01st April, 20XX. She opted to pay tax under Section 10(2A) in the said financial year.

The aggregate turnover of Care & Care Beauty Centre for the quarter ending 30th June, 20XX was ₹20 lakh. Further, for the half year ending 30th September, 20XX, the turnover reached ₹50 lakh. Care & Care Beauty Centre recorded a rapid growth and the turnover reached ₹70 lakh by the end of October, 20XX. Determine the total tax liability of Care & Care Beauty Centre by the end of October, 20XX.

(b) Care & Care Beauty Centre wishes to opt for the composition scheme from the next financial year. You are required to advise it whether it can do so?

Note: Rate of GST applicable on such services is 18%.

Sol. (a) Section 10(2A) provides an option to a registered person to pay CGST @ 3% [Effective rate 6% (CGST+SGST/UTGST)] on first supplies of goods and/or services up-to an aggregate turnover of ₹50 lakh made on/after 1st April in any financial year, subject to specified conditions.

Period	Tax Rate	Turnover (₹)	Tax Liability
1st Quarter	Since turnover did not exceed ₹20 lakh, it was not required to obtain registration. Hence, no tax was required to be paid.	20 lakhs	Nil
2nd Quarter	Effective rate is 6% [CGST+SGST/UTGST] under Notification No. 2/2019 CT (R)	30 Lakhs [(50-20) Lakhs]	1,80,000
For the month of October, 20XX	Normal rate of GST of 18% is to be applied	20 lakh [(70-50) lakh]	3,60,000
Total Tax payable			5,40,000

It is clarified in the notification that first supplies of goods or services or both shall, for the purposes of determining eligibility of a person to pay tax under this notification, include the supplies from 1st April of a FY to the date from which he becomes liable for registration under the said Act, but for the purpose of determination of tax payable under this notification, shall not include the supplies from the first day of April of a financial year to the date from which he becomes liable for registration under the Act.

Thus, Care & Care Beauty Centre is eligible to pay tax under this notification up-to the turnover of ₹50 lakh. The total tax payable by it is as under:

(b) No, Care & Care Beauty Centre cannot opt for the composition scheme from the next financial year. Fundamentally, the composition scheme can be availed in respect of goods and only one service namely, restaurant service. As regards services other than restaurant services are concerned, only marginal supply of such services for a specified value along with the supply of goods and/or restaurant service, as the case may be, is permitted under section 10(1) of CGST Act, 2017. Therefore, a person engaged exclusively in supply of services other than restaurant services is not eligible to opt for composition scheme.

21. “Wedding Bells”, a wedding photographer, has commenced providing pre-wedding shoot services in jaipur from the beginning of current financial year 2020–2021. It has provided the following details of turnover for the various quarters till December, 2020:

S. No.	Quarter	Amount (₹in lakh)
1.	April, 2020–June, 2020	20
2.	July, 2020–September, 2020	30
3.	October, 2020–December, 2020	40

You may assume the applicable tax rate as 18%. Wedding Bells wishes to pay tax at a lower rate and opts for the composition scheme. You are required to advise whether it can do so and calculate the amount of tax payable for each quarter?

Sol. Section 10(2A) of the CGST Act, 2017 provides the turnover limit of ₹50 lakh in the preceding financial year for becoming eligible for composition levy for services. Wedding Bells has started the supply of services in the current financial year (FY), thus, it’s aggregate turnover in the preceding FY is Nil. Consequently, in the current FY, Wedding Bells is eligible for composition scheme for services. A registered person opting for composition levy for services shall pay tax @ 3% [Effective rate 6% (CGST+ SGST/UTGST)] of the turnover of supplies of goods and services in the State.

Further, Wedding Bells becomes eligible for the registration when the aggregate turnover exceeds ₹20 lakh (the threshold limit of obtaining registration). While registering under GST, Wedding Bells can opt for the composition scheme for services.

The option of a registered person to avail composition scheme for services shall lapse with effect from the day on which his aggregate turnover during a financial year exceeds the threshold limit of ₹50 lakh.

However, for the purposes of determining the tax payable under composition scheme, the expression “turnover in State” shall not include the value of supplies from the first day of April of a FY up to the date when such person becomes liable for registration under this Act.

Thus, for determining the turnover of the State for payment of tax under composition scheme for services, turnover of April, 2020 – June, 2020 quarter [₹20 lakh] shall be excluded. On next ₹30 lakh [turnover of July, 2020 – September, 2020 quarter], it shall pay tax @ 6% [3% CGST and 3% SGST].

For the purposes of computing aggregate turnover of a registered person for determining his eligibility to pay tax under this section, aggregate turnover includes the value of supplies from the 1st April of a FY up to the date of his becoming liable for registration.

Thus, while computing aggregate turnover for determining Wedding Bells's eligibility to pay tax under composition scheme, value of supplies from the first day of April of a financial year up to the date when it becomes liable for registration under this Act (i.e. turnover of April, 2020 – June, 2020 quarter), are included.

By the end of July, 2020 – September, 2020 quarter, the aggregate turnover reaches ₹50 lakh. Consequently, the option to avail composition scheme for services shall lapse by the end of July, 2020 – September, 2020 quarter and thereafter, it is required to pay tax at the normal rate of 18%. Considering the above provisions, the tax payable for each quarter is as under:

S. No.	Quarter	GST rate [CGST + SGST]	Turnover (₹in lakh)	GST payable (₹in lakh)
1.	April, 2020 – June, 2020	—	20	—
2.	July, 2020 – September, 2020	6%	30	1.8
3.	October, 2020 – December, 2020	18%	40	7.2

22. Explain in brief the conditions to be fulfilled by a registered person under GST law for availing the option to pay concessional tax @ 3% (effective rate 6%) under GST as per the provisions of Section 10(2A) as amended, with effect from 1st April, 2019.

Sol. The registered person desirous of availing the option to pay concessional tax@ 3% (effective rate 6%) under section 10(2A) should—

- (i) Not be engaged in making any supply which is not leviable to tax.
- (ii) Not be engaged in making any inter-State outward supply of goods and/or services.
- (iii) Neither be a casual taxable person nor a non-resident taxable person.
- (iv) Not be engaged in making any supply through an electronic commerce operator who is required to collect tax at source.
- (v) Not be engaged in making supplies of notified goods.
- (vi) Neither collect any tax from the recipient nor be entitled to any input tax credit.
- (vii) Issue a bill of supply instead of tax invoice.
- (viii) Not have the aggregate turnover in the preceding financial year exceeding ₹50 lakh
- (ix) Not be eligible for composition scheme.

Note: Any five conditions may be mentioned out of the above mentioned nine conditions.

23. Mr. Zafar of Assam, provides the following information for the preceding financial year 2018-19. You are required to find out the aggregate turnover for the purpose of eligibility of composition levy scheme and determine whether he is eligible for composition levy scheme or not, for the FY. 2019-20.

Particulars	Amount (₹ in lakh)
Value of taxable outward supplies (out of above, ₹10 lakh was in course of inter-state transactions).	50.00

Value of inward supplies on which he is liable to pay tax under reverse charge	5.00
Value of exports	5.00
All the amounts are exclusive of GST.	

Sol. Computation of aggregate turnover of Mr. Zafar for FY 2018-19 for the purpose of eligibility of composition levy scheme:

Particulars	Amount in lakh (₹)
Value of taxable outward supplies	50
[Value of all taxable supplies including inter-State supplies are includible in aggregate turnover]	
Value of exempt supplies	40
[Value of exempt supplies is includible in aggregate turnover. BACKGROUND

GST is a destination-based tax, i.e. the tax is levied at the place where the goods or services are consumed, rather than the place where they are produced.

The determination of 'place of supply' and the 'location of the supplier' is essential to ascertain the nature of supply, i.e. whether a supply is intra-State or inter-State.

In other words, these two factors are required to determine whether a supply is subject to SGST/UTGST plus CGST in a given State/Union territory or else would attract IGST if it is an inter-State supply.

'place of supply' is the place where the supply is consumed. Thus, place of supply determines the jurisdiction where the tax revenue should reach.

The various elements used for determining the place of supply of a service are:

- (a) location of service provider
- (b) location of service receiver
- (c) place where the activity takes place/ place of performance
- (d) place where the service is consumed
- (e) place/person to which/whom actual benefit flows

■ PLACE OF SUPPLY OF GOODS OTHER THAN SUPPLY OF GOODS IMPORTED INTO, OR EXPORTED FROM INDIA [SECTION 10]

Section 10 prescribes the provisions for determining the place of supply of goods in domestic transactions, i.e. within India.

(i) Supply involving movement of goods [Section 10(1)(a)]

In case of supply involving movement of goods, the place of supply is the location of the goods at the time when the movement of goods terminates (ends) for delivery to the recipient.

This movement, however, can be undertaken by the supplier or recipient or even any other person (like transporter) after having disclosed the destination of the movement of goods.

Example

- (1) Babban Pvt. Ltd. of Nasik, Maharashtra sells 10 refrigerators to Chaggan Pvt. Ltd. of Pune, Maharashtra for delivery at place of business of Chaggan Pvt. Ltd. in Pune. The place of supply is Pune in Maharashtra.
- (2) Babban Pvt. Ltd. of Nasik, Maharashtra sells 20 refrigerators to Dhakkan Pvt. Ltd. of Ahmedabad, Gujarat for delivery at place of business of Dhakkan Pvt. Ltd. in Ahmedabad. The place of supply is Ahmedabad.

(ii) Supply involving movement of goods where goods are delivered to recipient on the instruction of third person – ‘Bill to Ship to’ Supply [Section 10(1)(b)]

Where goods are delivered by the supplier to the recipient at the instruction of a third person, the place of supply is the principal place of business of such third person and not of the actual recipient.

It is important to identify the two supplies involved in this transaction- one supply is by supplier to third person and second supply is by third person to recipient. This provision deals only with the first limb of supply, i.e. supply by supplier to third person.

Second limb of supply, i.e. supply by third person to recipient will be governed by the provisions of section 10(1)(a), i.e. the place of supply will be the location of the goods at the time when the movement of goods terminates (ends) for delivery to the recipient.

(iii) Supply not involving movement of goods [Section 10(1)(c)]

If the supply does not involve movement of goods, the place of supply is the location of goods at the time of delivery to the recipient.

Example

1. Newton Pvt. Ltd. (New Delhi) has leased its machine (cost ₹ 8,00,000) to Gravity Pvt. Ltd. (Noida, Uttar Pradesh) for production of goods on a monthly rent of ₹ 35,000. After 12 months Gravity Pvt. Ltd. requested Newton Pvt. Ltd. to sell the machine to it for ₹ 5,00,000, which is agreed to by Newton Pvt. Ltd. In this case, there will be no movement of goods and the same will be sold on as is where is basis. Thus, the location of the machine at the time of such sale will be the place of supply, i.e. Noida.
2. Gangadhar Ltd. (Mumbai, Maharashtra) opens a new branch office at Gurugram, Haryana. It purchases a building for office from Gajodhar Builders (Gurugram). It also enters into a separate contract with Gajodhar Builders for purchase of pre-installed office furniture and fixtures in the building. Though there will be no GST liability on purchase of building (as sale of building is covered under Schedule III to CGST Act), office furniture and fixtures will be liable to GST. Since there is no movement of office furniture and fixtures, the place of supply of such goods is their location at the time of delivery to the recipient (Gangadhar Ltd.), i.e. Gurugram

(iv) Place of supply of goods purchased Over the Counter in one State and transported to another State by the buyer [Section 10(1)(ca)]

POS in case of OTC sales to unregistered persons is as follows:

- Where the address of the unregistered person is recorded in the invoice.
POS is location as per address of unregistered person recorded in the invoice.
- Where the address of the unregistered person is not recorded in the invoice
POS is location of the supplier

(v) Supply involving installation or assembly of goods [Section 10(1)(d)]

If the supply involves goods which are to be installed or assembled at site, the place of supply is the place of such installation or assembly.

This is a case of composite supply of goods wherein two supplies are involved, supply of goods and ancillary supply of installation/assembling service. The principal supply is supply of goods which are being installed.

Example

1. Ghoomghoom Pvt. Ltd. (New Delhi) purchases a machine from Dhoom Pvt. Ltd. (New Delhi) for being installed in its factory at Noida, Uttar Pradesh. The place of supply is the site at which the machine is installed, i.e. Noida.
2. Pure Refineries (Mumbai, Maharashtra) gives a contract to Mowgli Ltd. (Ranchi, Jharkhand) to supply a machine which is required to be assembled in a power plant in its refinery located in Kutch, Gujarat. The place of supply is the site of assembly of machine, i.e. Kutch even though Pure refineries is located in Maharashtra.

(v) Goods supplied on board a conveyance [Section 10(1)(e)]

Place of supply of goods supplied on a board a conveyance like aircraft, train, vessel, motor vehicle is the location where such goods have been taken on board.

Place of supply of goods supplied on board a conveyance is determined under this provision even if the supply has been made by any of the passenger on board the conveyance and not by the carrier of the conveyance.

Example

Maurya (New Delhi) boards the New Delhi-Kota train at New Delhi. He sells the goods taken on board by him (at New Delhi), in the train, at Jaipur during the journey. The place of supply of goods is the location at which the goods are taken on board, i.e. New Delhi and not Jaipur where they have been sold.

■ PLACE OF SUPPLY OF SERVICES WHERE LOCATION OF SUPPLIER OF SERVICE AND THE LOCATION OF THE RECIPIENT OF SERVICE IS IN INDIA [SECTION 12]

Section 12 contains the provisions for determining the place of supply of services where both the 'location of supplier of services' and the 'location of recipient of services' are in India

(i) General Rule [Section 12(2)]

place of supply of services made to a registered person is the location of the person receiving the services.

However, if the services is supplied to an unregistered person, the place of supply is:

- (a) The location of such unregistered person, if the address of the unregistered person is available in the records of the supplier
- (b) The location of the supplier of services in other cases.

Example

1. Mr. Aryabhatt (a Chartered Accountant registered in New Delhi) makes a supply of service to his client Champak Pvt. Ltd. of Noida, Uttar Pradesh (registered in Uttar Pradesh). In this case, since the supply is made to a registered person, the place of supply is the location of the registered recipient, i.e. Noida.
2. Mr. Heeralal, a Chartered Accountant in Gurugram, Haryana, (registered in Haryana) provides consultancy services to his client Mr. Pannalal who is a resident of New Delhi but is not registered under GST. If the address of Mr. Pannalal is available in the records of Mr. Heeralal, location of Mr. Pannalal, i.e. New Delhi will be the place of supply, else the location of Mr. Heeralal, which is Gurugram, will be the place of supply.

(ii) Services in relation to an immovable property or lodging accommodation in a hotel/boat/vessel etc. [Section 12(3)]

Section 12(3) covers supplies of services which are

- (a) Directly in relation to an immovable property,
- (b) Including those by architects, interior decorators, surveyors, engineers and other related experts, estate agents
- (c) By way of lodging accommodation in a hotel, etc. or a house-boat or vessel, or accommodation in any immovable property for organizing social, business functions etc.
- (d) Services ancillary to the above-mentioned services.

In all above cases, location of the immovable property or the boat or the vessel or where such immovable property or the boat or the vessel is intended to be located, is the place of supply. This provision is applicable on property already constructed/developed as well as on the property yet to be constructed/developed.

Note:

1. There may be a case wherein there is supply of space or supply (sale) of rights to use the space on the hoarding/structure (immovable property) belonging to vendor to the advertising company for display of their advertisement on the said hoarding/structure.

Place of supply of service provided by way of supply of sale of space on hoarding/structure for advertising or for grant of rights to use the hoarding/structure for advertising in this case would be the location where such hoarding/structure is located.

2. There may be another case where the advertising company wants to display its advertisement on hoardings/billboards at a specific location availing the services of a vendor. The responsibility of arranging the hoardings/billboards lies with the vendor who may himself own such structure or may be taking it on rent or rights to use basis from another person. The vendor is responsible for display of the advertisement of the advertising company at the said location. Such services provided by the vendor to advertising company are purely in the nature of advertisement services in respect of which place of supply shall be determined in terms of section 12(2) of IGST Act.

Example

1. Advertisements in newspapers and publications

ABC is a government agency which deals with the all the advertisement and publicity of the Government. It has various wings dealing with various types of publicity. In furtherance thereof, it issues release orders to various agencies and entities. These agencies and entities thereafter provide the service and then issue invoices to ABC indicating the amount to be paid by them. ABC issues a release order to a newspaper for an advertisement on 'Beti bachao beti padhao', to be published in the newspaper DEF (whose head office is in Delhi) for the editions of Delhi, Pune, Mumbai, Lucknow and Jaipur. The release order will have details of the newspaper like the periodicity, language, size of the advertisement and the amount to be paid to such a newspaper.

The place of supply of this service shall be in the Union territory of Delhi, and the States of Maharashtra, Uttar Pradesh and Rajasthan. The amounts payable to the Pune and Mumbai editions would constitute the proportion of value for the State of Maharashtra which is attributable to the dissemination in Maharashtra. Likewise, the amount payable to the Delhi, Lucknow and Jaipur editions would constitute the proportion of value attributable to the dissemination in the Union territory of Delhi and States of Uttar Pradesh and Rajasthan respectively. DEF should issue separate State-wise and Union territory-wise invoices based on the editions.

2. Advertisements through printed material like pamphlets, leaflets, diaries, calendars, T-shirts, etc. As a part of the campaign 'Swachh Bharat', ABC has engaged a company GH for printing of 1,00,000 pamphlets (at a total cost of ₹ 1,00,000) to be distributed in the States of Haryana, Uttar Pradesh and Rajasthan. In such a case, ABC should ascertain the breakup of the pamphlets to be distributed in each of the three States, i.e. Haryana, Uttar Pradesh and Rajasthan, from the Ministry or department concerned at the time of giving the print order. Let us assume that this breakup is 20,000, 50,000 and 30,000 respectively. This breakup should be indicated in the print order.

The place of supply of this service is in Haryana, Uttar Pradesh and Rajasthan. The ratio of this breakup, i.e. 2:5:3 will form the basis of value attributable to the dissemination in each of the three States. Separate invoices will have to be issued State-wise by GH to ABC indicating the value pertaining to that State, i.e. ₹ 20,000 - Haryana, ₹ 50,000 - Uttar Pradesh and ₹ 30,000 - Rajasthan

3. Advertisements in hoardings (other than those on trains) ABC as part of the campaign 'Saakshar Bharat' has engaged a firm IJ for putting up hoardings near the Airports in the 4 metros, i.e. Delhi, Mumbai, Chennai and Kolkata. The release order issued by ABC to IJ will have the city-wise, location-wise breakup of the amount payable for such hoardings. The place of supply of this service is in the Union territory of Delhi and the States of Maharashtra, Tamil Nadu and West Bengal. In such a case, the amount actually paid to IJ for the hoardings in each of the 4 metros will constitute the value attributable to the dissemination in the Union territory of Delhi and the States of Maharashtra, Tamil Nadu and West Bengal respectively. Separate invoices will have to be issued State-wise and Union territory-wise by IJ to ABC indicating the value pertaining to that State/UT

4. Advertisements on trains ABC places an order on KL for advertisements to be placed on a train with regard to the 'Janani Suraksha Yojana'. The length of a track in a State will vary from train to train. Thus, for advertisements to be placed on the Hazrat Nizamuddin Vasco Da Gama Goa Express which runs through Delhi, Haryana, Uttar Pradesh, Madhya Pradesh, Maharashtra, Karnataka and Goa, KL may ascertain the total length of the track from Hazrat Nizamuddin to Vasco Da Gama as well as the length of the track in each of these States and Union territory from the website www.indianrail.gov.in

The place of supply of this service is in the Union territory of Delhi and States of Haryana, Uttar Pradesh, Madhya Pradesh, Maharashtra Karnataka and Goa. The value of the supply in each of these States and Union territory attributable to the dissemination in these States will be in the ratio of the length of the track in each of these States and Union territory. If this ratio works out to say 0.5:0.5:2:2:3:3:1, and the amount to be paid to KL is ₹1,20,000, then KL will have to calculate the State-wise and Union territorywise breakup of the value of the service, which will be in the ratio of the length of the track in each State and Union territory.

In the given example, the State-wise and Union territory-wise breakup works out to Delhi (₹ 5,000), Haryana (₹ 5,000), Uttar Pradesh (₹ 20,000), Madhya Pradesh (₹ 20,000), Maharashtra (₹ 30,000), Karnataka (₹ 30,000) and Goa (₹ 10,000). Separate invoices will have to be issued State-wise and Union territory-wise by KL to ABC indicating the value pertaining to that State or Union territory.

5. Advertisements on railway tickets

ABC has issued a release order to MN for display of advertisements relating to the 'Ujjwala' scheme on the railway tickets that are sold from all the Stations in the States of Madhya Pradesh and Chattisgarh.

The place of supply of this service is in Madhya Pradesh and Chattisgarh. The value of advertisement service attributable to these two States will be in the ratio of the number of railway stations in each State as ascertained from the Railways or from the website www.indianrail.gov.in.

Let us assume that this ratio is 713:251 and the total bill is ₹ 9,640. The breakup of the amount between Madhya Pradesh and Chattisgarh in this ratio of 713:251 works out to ₹ 7,130 and ₹ 2,510 respectively. Separate invoices will have to be issued State-wise by MN to ABC indicating the value pertaining to that state

6. Advertisements on radio stations

For an advertisement on 'Pradhan Mantri Ujjwala Yojana', to be broadcast on a FM radio station OP, for the radio stations of OP Kolkata, OP Bhubaneswar, OP Patna, OP Ranchi and OP Delhi, the release order issued by ABC will show the breakup of the amount which is to be paid to each of these radio stations.

The place of supply of this service is in West Bengal, Odisha, Bihar, Jharkhand and Delhi. The place of supply of OP Delhi is in Delhi even though the studio may be physically located in another State. Separate invoices will have to be issued State-wise and Union territory-wise by MN to ABC based on the value pertaining to each State or Union territory.

7. Advertisement on television channels

ABC issues a release order with QR channel for telecasting an advertisement relating to the 'Pradhan Mantri Kaushal Vikas Yojana' in the month of November, 2017. In the first phase, this will be telecast in the Union territory of Delhi, States of Uttar Pradesh, Uttarakhand, Bihar and Jharkhand.

The place of supply of this service is in Delhi, Uttar Pradesh, Uttarakhand, Bihar and Jharkhand. In order to calculate the value of supply attributable to Delhi, Uttar Pradesh, Uttarakhand, Bihar and Jharkhand, QR has to proceed as under —

- (a) QR will ascertain the viewership figures for their channel in the last week of September 2017 from the Broadcast Audience Research Council. Let us assume it is 1,00,000 for Delhi and 2,00,000 for the region comprising of Uttar Pradesh and Uttarakhand and 1,00,000 for the region comprising of Bihar and Jharkhand
- (b) Since the Broadcast Audience Research Council clubs Uttar Pradesh and Uttarakhand into one region and Bihar and Jharkhand into another region, QR will ascertain the population figures for Uttar Pradesh, Uttarakhand, Bihar and Jharkhand from the latest census.
- (c) By applying the ratio of the populations of Uttar Pradesh and Uttarakhand, as so ascertained, to the Broadcast Audience Research Council viewership figures for their channel for this region, the viewership figures for Uttar Pradesh and Uttarakhand can be calculated. Let us assume that the ratio of the populations of Uttar Pradesh and Uttarakhand works out to 9:1. When this ratio is applied to the viewership figures of 2,00,000 for this region, the viewership figures for Uttar Pradesh and Uttarakhand work out to 1,80,000 and 20,000 respectively.

- (d) In a similar manner, the breakup of the viewership figures for Bihar and Jharkhand can be calculated. Let us assume that the ratio of populations is 4:1 and when this is applied to the viewership figure of 1,00,000 for this region, the viewership figure for Bihar and Jharkhand works out to 80,000 and 20,000 respectively.
- (e) The viewership figure for each State works out to Delhi (1,00,000), Uttar Pradesh (1,80,000), Uttarakhand (20,000), Bihar (80,000) and Jharkhand (20,000). The ratio is thus 10:18:2:8:2 or 5:9:1:4:1 (simplification).
- (f) This ratio has to be applied when indicating the breakup of the amount pertaining to each State. Thus, if the total amount payable to QR by ABC is ₹ 20,00,000, the State-wise breakup is ₹ 5,00,000 (Delhi), ₹ 9,00,000 (Uttar Pradesh) ₹ 1,00,000 (Uttarakhand), ₹ 4,00,000 (Bihar) and ₹ 1,00,000 (Jharkhand). Separate invoices will have to be issued State-wise and Union territory-wise by QR to ABC indicating the value pertaining to that State or Union territory

8. Advertisements in cinema halls

ABC commissions ST for an advertisement on 'Pradhan Mantri Awas Yojana' to be displayed in the cinema halls in Chennai and Hyderabad. The place of supply of this service is in the States of Tamil Nadu and Telangana. The amount actually paid to the cinema hall or screens in a multiplex, in Tamil Nadu and Telangana as the case may be, is the value of advertisement service in Tamil Nadu and Telangana respectively. Separate invoices will have to be issued State-wise and Union territory-wise by ST to ABC indicating the value pertaining to that State.

9. Advertisements on internet

ABC issues a release order to WX for a campaign over internet regarding linking Aadhaar with one's bank account and mobile number. WX runs this campaign over certain websites. In order to ascertain the State-wise breakup of the value of this service which is to be reflected in the invoice issued by WX to ABC, WX has to first refer to the Telecom Regulatory Authority of India figures for quarter ending March, 2017, as indicated on their website www.trai.gov.in. These figures show the service area wise internet subscribers. There are 22 service areas. Some relate to individual States some to two or more States and some to part of one State and another complete State. Some of these areas are metropolitan areas.

In order to calculate the State-wise breakup, first the State-wise breakup of the number of internet subscribers is arrived at. (In case figures of internet subscribers of one or more States are clubbed, the subscribers in each State is to be arrived at by applying the ratio of the respective populations of these States as per the latest census.). Once the actual number of subscribers for each State has been determined, the second step for WX involves calculating the State-wise ratio of internet subscribers. Let us assume that this works out to 8:1:2..... and so on for Andhra Pradesh, Arunachal Pradesh, Assam... and so on. The third step for WX will be to apply these ratios to the total amount payable to WX so as to arrive at the value attributable to each State. Separate invoices will have to be issued State-wise and Union territory-wise by WX to ABC indicating the value pertaining to that State or Union territory.

What is the place of supply of insurance services?

ANSWERS/HINTS

1. As per section 10(1)(a), the place of supply of goods is the location of the goods at the time at which the movement of goods terminates for delivery to the recipient.
2. As per section 10(1)(b), it would be deemed that the third person has received the goods and the place of supply of such goods will be the principal place of business of such person.
3. As per section 10(1)(e), in respect of goods, the place of supply is the location at which such goods are taken on board.
However, in respect of services, the place of supply is the location of the first scheduled point of departure of that conveyance for the journey in terms of sections 12(10).
4. Where the immovable property is located in more than one State, the supply of service is treated as made in each of the States in proportion to the value for services separately collected or determined, in terms of the contract or agreement entered into in this regard or, in the absence of such contract or agreement, on such other reasonable basis as may be prescribed in this behalf [Explanation to section 12(3)].
In the absence of a contract or agreement between the supplier and recipient of services in this regard, the proportionate value of services supplied in different States/Union territories (where the immovable property is located) is computed on the basis of the area of the immovable property lying in each State/Union territories [Rule 4 of the IGST Rules].

5. In case of an event, if the recipient of service is registered, the place of supply of services for organizing the event is the location of such person. However, if the recipient is not registered, the place of supply is the place where event is held.

Since the event is being held in multiple states and a consolidated amount is charged for such services, the place of supply will be deemed to be in each State in proportion to the value for services determined in terms of the contract or agreement entered into in this regard [Explanation to section 12(7)].

In the absence of a contract or agreement between the supplier and recipient of services, the proportionate value of services made in each State (where the event is held) will be computed in accordance with rule 5 of the IGST Rules by the application of generally accepted accounting principles.

6. If the recipient is registered, the location of such person is the place of supply. However, if the recipient is not registered, the place of supply is the place where the goods are handed over for transportation. Further, if the goods are transported outside India, the destination of such goods is the place of supply [Section 12(8)].
7. If the person is registered, the place of supply of passenger transportation service will be the location of recipient. If the person is not registered, the place of supply for the forward journey from Mumbai to Delhi will be Mumbai, the place where he embarks [Section 12(9)].

However, for the return journey, the place of supply will be Delhi as the return journey has to be treated as separate journey [Explanation to section 12(9)].

8. The location of supplier of mobile services cannot be the place of supply as the mobile companies are providing services in multiple states and many of these services are inter-state. The consumption principle will be broken if the location of supplier is taken as place of supply and all the revenue may go to a few states where the suppliers are located.

The place of supply for mobile connection would depend on whether the connection is on postpaid or prepaid basis. In case of postpaid connections, the place of supply is the location of billing address of the recipient of services on the record of supplier of services.

In case of pre-paid connections, if the service is supplied:

- (i) through a selling agent or a re-seller or a distributor of SIM card or re-charge voucher, the place of supply is the place address of the selling agent or re-seller or distributor as per the record of the supplier at the time of supply; or
- (ii) by any person to the final subscriber, the place of supply is the location where such prepayment is received or such vouchers are sold;
- (iii) in other cases, the place of supply is the address of the recipient as per the records of the supplier of services and where such address is not available, the place of supply shall be location of the supplier of services.

However, if the recharge is done through internet/e-payment, the location of recipient of service on record of the supplier will be taken as the place of supply [Section 12(11)].

9. The place of supply in case of banking services to any person shall be the location of the recipient of services on the records of the supplier of services. However, if the location of recipient of services is not on the records of the supplier, the place of supply shall be the location of the supplier of services i.e. Kullu-Manali, Himachal Pradesh [Section 12(12)].
10. When insurance service is provided to an unregistered person, the location of the recipient of services on the records of the supplier of insurance services is the place of supply. So Gurugram is the place of supply [Section 12(13)].

Sol. Services provided to a recognized sports body by an individual inter alia as a referee in a sporting event organized by a recognized sports body is exempt from GST.

Since in the first case, the football match is organized by Sports Authority of India, which is a recognized sports body, services provided by the individual as a referee in such football match will be exempt.

However, such exemption is not available in respect of service provided by such artist as a brand ambassador.

Since Ms. Ahana Kapoor is the brand ambassador of 'Forever Young' soap manufactured by RXL Pvt. Ltd., the services rendered by her by way of a classical dance performance in the concert organized by RXL Pvt. Ltd. to promote its brand will not be eligible for the above-mentioned exemption and thus, be liable to GST. The fact that the proceeds of the concert will be donated to a charitable organization will not have any bearing on the eligibility or otherwise to the above-mentioned exemption.

10. Shiva Medical Centre, a Multi-specialty hospital, is a registered supplier in Mumbai. It hires senior doctors and consultants independently, without entering into any employer-employee agreement with them. These doctors and consultants provide consultancy to the in-patients – patients who are admitted to the hospital for treatment – without there being any contract with such patients. In return, they are paid consultancy charges by Shiva Medical Centre.

However, the money actually charged by Shiva Medical Centre from the in-patients is higher than the consultancy charges paid to the hired doctors and consultants. The difference amount retained by the hospital, i.e. retention money, includes charges for providing ancillary services like nursing care, infrastructure facilities, paramedic care, emergency services, checking of temperature, weight, blood pressure, etc.

Further, Shiva Medical Centre has its own canteen – Annapurna Bhawan – which supplies food to the in-patients as advised by the doctor/nutritionists as also to other patients (who are not admitted) or their attendants or visitors.

The Department took a stand that senior doctors and consultants are providing services to Shiva Medical Centre and not to the patients. Hence, their services are not the health care services and must be subject to GST. Further, GST is applicable on the retention money kept by Shiva Medical Centre as well as on the services provided by its canteen – Annapurna Bhawan alleging that such services are not the health care services.

You are required to examine whether the stand taken by the Department is correct provided the services provided by Shiva Medical Centre are intra-State services.

- Sol.** As per Notification No. 12/2017 CT (R) dated 28.06.2017, services by way of health care services by a clinical establishment, an authorised medical practitioner or para-medics are exempt from GST. Health care services have been defined to mean any service by way of diagnosis or treatment or care for illness, injury, deformity, abnormality or pregnancy in any recognised system of medicines in India and includes services by way of transportation of the patient to and from a clinical establishment, but does not include hair transplant or cosmetic or plastic surgery, except when undertaken to restore or to reconstruct anatomy or functions of body affected due to congenital defects, developmental abnormalities, injury or trauma.

Circular No. 32/06/2018 GST dated 12.02.2018 has clarified that in view of the above definition, it can be inferred that hospitals also provide healthcare services. The entire amount charged by them from the patients including the retention money and the fee/payments made to the doctors etc., is towards the healthcare services provided by the hospitals to the patients and is exempt from GST. In view of the same, GST is not applicable on the retention money kept by Shiva Medical Centre. The circular also clarified that services provided by senior doctors/consultants/technicians hired by the hospitals, whether employees or not, are also healthcare services exempt from GST. Hence, services provided by the senior doctors and consultants hired by Shiva Medical Centre, being healthcare services, are also exempt from GST.

The circular further explained that food supplied by the hospital canteen to the in-patients as advised by the doctor/nutritionists is a part of composite supply of healthcare services and is not separately taxable. Thus, it is exempt from GST. However, other supplies of food by a hospital to patients (not admitted) or their attendants or visitors are taxable. In view of the same, GST is not applicable on the food supplied by Annapurna Bhawan to in-patients as advised by doctors/nutritionists while other supplies of food by it to patients (not admitted) or their attendants/visitors are taxable.

Examine whether GST law provides any scope of exemption to supply of goods or services with particular reference to the contention raised by school?

- Sol.** Yes, GST law provides the scope of exemption to supply of goods and services. Section 11 of CGST Act, 2017 provides that in the public interest, the Central or the State Government can exempt either wholly or partly, on the recommendations of the GST council, the supplies of goods or services or both from the levy of GST either absolutely or subject to conditions.

Further, the Government can exempt, under circumstances of an exceptional nature, by special order any goods or services or both.

■ INTRODUCTION

GST is payable on supply of goods or services. A supply consists of various elements that can be separated in time, like purchase, dispatch (of goods), delivery (of goods) or provision or performance of service, entry in the records, payment, deposit in the bank. So, at which of these points of time does GST become payable?

Does it become payable when an agreement to supply goods or services is made, or when the goods are shipped or the services are provided, or when the invoice is issued or when payment is made?

What if the goods are shipped over a period of time? What if the service is provided over a period of time?

Provisions relating to 'time of supply' provide answer to all such and other questions that arise on the timing of the liability to pay CGST and SGST/UTGST (intra-State supply) and IGST (inter-State supply) as time of supply fixes the point in time when the liability to pay tax arises.

Time of Supply of Goods

Section 12 (1) provides for the determination of time of supply in the following situations:

- Supply of goods where supplier is liable to pay tax;
- Supply of goods that are taxable under reverse charge;
- Supply of vouchers that can be used to pay for goods;
- Residual cases
- Addition to value of supply of goods by way of interest or late fee or penalty for delayed payment.

Supply of goods where supplier is liable to pay tax (forward charge) [Section 12(2)]

As per section 12(2), the time of supply of goods that are taxable under forward charge, is the earlier of the following two dates:

- (i) Date of issue of invoice by the supplier or the last date on which the invoice ought to have been issued in terms of section 31, to the extent the invoice covers the supply of goods; or
- (ii) Date of receipt of payment by the supplier, to the extent the payment covers the supply of goods.

Exemption To Pay Tax on advance payment received for supply of goods [NN 66/2017]

- All taxpayers (except composition suppliers) are exempted from paying GST at the time of receipt of advance in relation to supply of goods.
- The entire GST shall be payable only when the invoice for the supply of such goods is issued or ought to have been issued.

Time limit for issuance of invoice for supply of goods

As per section 31(1), the invoice needs to be issued either before or at the time of removal of goods (**where supply involves movement of goods**) or delivery of goods/making goods available to recipient (**in any other case**).

In case of **continuous supply of goods**, the invoice should be issued before or at the time of issuance of periodical statement/receipt of periodical payment [Section 31(4)].

In case of **goods sent or taken on approval for sale or return**, invoice should be issued before or at the time of supply or 6 months from the date of removal, whichever is earlier [Section 31(7)].

THEORY

GST is payable (i) on supply of goods and/or services for a consideration in the course of or furtherance of business; (ii) on certain supplies made without a consideration as specified in Schedule I to the CGST Act. As GST is an *ad valorem* levy, i.e. it is levied as a percentage of the value of supply of goods and/or services, it becomes important to know how to arrive at the value on which tax is to be paid. Provisions relating to 'value of supply' set out the mechanism to compute such a value basis which CGST and SGST/UTGST (intra-State supply) and IGST (inter-State supply) should be paid.

Section 15(1) Transaction value

Transaction value is the price actually paid or payable for the said supply of goods or services or both. Transaction value shall be accepted as Value of Supply if following two conditions are satisfied:

1. Supply is between two unrelated persons, and
2. Price is the sole consideration.

Section 15(2) Inclusions In Value Of Supply

The value of supply includes Following Elements:

1. Taxes, duties, cesses, fees and charges other than CGST, SGST, UTGST, GST Compensation Cess, if charged separately.
Note: TCS under Income-Tax Act, 1961 not includible in the taxable value for the purpose of GST
2. Any amount that the supplier is liable to pay in relation to supply but which has been incurred by the recipient of the supply and not already included in the price.
3. Incidental expenses, such as, commission and packing, charged by the supplier to the recipient of a supply

Outward freight, transit insurance

Where the supplier agrees to deliver the goods at the buyer's premises and arranges for transport and insurance, the contract of supply becomes a composite supply; the principal supply being the supply of goods. Therefore, outward freight and transit insurance become part of the value of the composite supply and GST is payable thereon at the same rate as applicable for the relevant goods. However, if the contract for supply is on ex-factory basis where buyer pays the outward freight and insurance, these will not be included in the value of supply of goods.

4. Any amount charged for anything done by the supplier in respect of the supply of goods and/or services at the time of, or before delivery of goods/supply of services.

5. Interest or late fee or penalty for delayed payment of consideration.
6. Subsidies, directly linked to the price, other than subsidies given by the State or Central Governments. It must be noted that only subsidies directly linked to the price of goods/services are added to the value. Blanket subsidy/donation received are not includible in the value. Note that if the subsidy is given by the State or Central Government, it is not to be added to the value of supply.

Section 15(3) Exclusion of discounts from Value Of Supply

The value of the supply shall not include any discount which is given—

1. Before or at the time of the supply if such discount has been duly recorded in the invoice issued in respect of such supply;
2. After the supply has been effected, if—
 - (i) Such discount is established in terms of an agreement entered into at or before the time of such supply and specifically linked to relevant invoices; and
 - (ii) Input tax credit as is attributable to the discount on the basis of a document issued by the supplier has been reversed by the recipient of the supply.

Allowability of certain specific types of discounts offered by the suppliers

(i) Staggered discounts ('Buy more, Save more' offers): In case of staggered discounts, rate of discount increases with increase in purchase volume. For example— One may get a 10% discount for purchases above ₹5,000/-, 20% discount for purchases above ₹10,000/- and 30% discount for purchases above ₹20,000/-. Such discounts are shown on the invoice itself.

Such discounts are excluded to determine the value of supply.

(ii) Periodic/year ending discounts/volume discounts: These discounts are offered by the suppliers to their stockists, etc. For example – Get an additional discount of 1% if you purchase 10,000 pieces in a year, get an additional discount of 2% if you purchase 15,000 pieces in a year. Such discounts are established in terms of an agreement entered into at or before the time of supply though not shown on the invoice as the actual quantum of such discounts gets determined after the supply has been effected and generally at the year end. In commercial parlance, such discounts are colloquially referred to as “volume discounts”. Such discounts are passed on by the supplier through credit notes.

Such discounts are excluded to determine the value of supply provided they satisfy the parameters laid down in section 15(3), including the reversal of ITC by the recipient of the supply as is attributable to the discount on the basis of document (s) issued by the supplier.

(iii) Secondary discounts: These are the discounts which are not known at the time of supply or are offered after the supply is already over. For example, M/s A supplies 10,000 packets of biscuits to M/s B at ₹10/- per packet. Afterwards, M/s A re-values it at ₹9/- per packet. Subsequently, M/s A issues a credit note to M/s B for ₹1/-per packet.

Such secondary discounts shall not be excluded while determining the value of supply as such discounts are not known at the time of supply and the conditions laid down in section 15(3)(b) are not satisfied. It may be noted that financial/commercial credit note(s) can be issued by the supplier even if the conditions mentioned in section 15(3)(b) are not satisfied. Such credit notes do not include GST, and do not have any impact on value of supply for the purposes of GST.

Example

1. Pink and Blue Pvt. Ltd. (PBPL) sold goods to Orange Pvt. Ltd. (OPL) on 15th January at ₹50,000 (exclusive of taxes and discounts) and charged ₹9,000 as IGST @18%. The terms of supply stipulated that discount @2% will be given to OPL if it makes the payment within one month of the supply. OPL avails the input tax credit of ₹9,000 in the month of January and makes the payment for the goods on 10th February. PBPL issues credit note for ₹1,180 [₹1,000 for value of discount and ₹180 for proportionate IGST leviable thereon] to OPL on 11th February. After receiving credit note, OPL reverses the input tax credit of ₹180 attributable to the discount given by the PBPL. PBPL can reduce its GST liability of the month of February by ₹180. OPL would have paid ₹57,820 (₹50,000 + ₹9,000 – ₹1,000 – ₹180) to PBPL on 10th February.
2. In the above example, if the terms of supply did not provide for discount @2% for payment within one month but PBPL offers such discount to OPL at the time of payment after negotiation, the discount will not be allowed as a deduction from the value. PBPL will issue a commercial credit note for only the value of discount, i.e. for ₹1,000. OPL will not reverse any input tax credit and PBPL will also not be able to reduce its GST liability for the month of February. In this case, OPL would pay ₹58,000 (₹50,000 + ₹9,000 – ₹1,000) to PBPL on 10th February.
3. The agreement of Raju Electrical Appliances with its dealers is that purchase of rice cookers over 1000 pieces in the Diwali month will entitle them to a discount of 5% per cooker. Therefore, the quantum of discount can be determined only at the end of Diwali month. However, since the agreement relating to discount was in existence at the time of supply, and the discount can be worked out for each invoice, such post supply discount will be allowed as a deduction from the value of supply of rice cookers.

Raju Electrical Appliances can issue credit note for 5% of the value of goods along with GST and claim adjustment of excess tax paid. The dealer must reverse the proportionate input tax credit on the relevant stock to bring it in line with the reduced tax.
4. A company announces turnover discounts after reviewing dealer performance during the year. The discounts are based on performance slabs and are given as cash-back. As these discounts were not known at the time of supply of the goods, they will not be deducted from the value of those goods. Hence, the company will not be able to adjust excess tax paid from its tax liability.

Assume the rate of GST to be 18%. supply made by Samriddhi Advertisers.

Computation of value of taxable supply

Particulars	Amount

Such interest will be taken to be inclusive of GST and the value will be computed by making back calculations [$\text{Interest} / 100 + \text{tax rate} \times 100$].

3. AKJ Foods Pvt. Ltd. gets an order for supply of processed food from a customer. The customer wants the consignment tested for gluten or specified chemical residues. AKJ Foods Pvt. Ltd. does the testing and charges a testing fee for the same from the customer. AKJ Foods Pvt. Ltd. argues that such testing fees should not form part of the consideration for the sale as it is a separate activity.

Is his argument correct in the light of section 15?

- Sol.** Section 15(2) mandates the addition of certain elements to transaction value to arrive at taxable value. Clause (c) of section 15(2) specifies that the amount charged for anything done by the supplier in respect of the supply at the time of or before delivery of goods or supply of services shall be included in taxable value.

Since AKJ Foods Pvt. Ltd. does the testing before the delivery of goods, the charges therefore will be included in the taxable value. Therefore, AKJ Foods Pvt. Ltd. Rs argument is not correct. The testing fee should be added to the price to arrive at the taxable value of the consignment.

4. A philanthropic association makes a substantial donation each year to a reputed private management institution to subsidize the education of low income group students who have gained admission there. The fee for these individuals is reduced thereby, coming to ₹3 lakh a year compared to ₹5 lakh a year for other students.

What would be the taxable value of the service of coaching and instruction provided by the institution?

- Sol.** As per section 15(2)(e), the value of a supply includes subsidies directly linked to the price, excluding State Government and Central Government subsidies. In this case, the subsidy is not from the Government but is from a philanthropic association. Therefore, the subsidy is to be added back to the price to arrive at the taxable value, which comes to ₹5 lakh a year.

5. Mezda Banners, an advertising firm, gives an interest-free credit period of 30 days for payment by the customer. Its customer ABC paid for the supply 32 days after the supply of service. Mezda Banners waived the interest payable for a delay of two days.

The Department wants to add interest for two days as per contract. Should notional interest be added to the taxable value?

Sol. This is a supply that is valued as per transaction value under section 15(1) as the price is the sole consideration for the supply and the supply is made to an unrelated person. The concept of transaction value has been expanded to include certain elements like interest which are actually payable. Once waived, the interest is not payable and is therefore, not to be added to transaction value.

6. Crunch Bakery Products Ltd sells biscuits and cakes through its dealers, to whom it charges the list price minus standard discount and pays GST accordingly. When goods remain unsold with the dealers, it offers additional discounts on the stock as an incentive to push the sales.

Can this additional discount be reduced from the price at which the goods were sold and concomitant tax adjustments made?

Sol. The discounts were not known or agreed at the time of supply of goods to the dealers. Therefore, such discounts cannot be reduced from the price on which tax had been paid in terms of section 15(3).

- Supply of machinery (goods) with supply of ancillary services like freight is a composite supply, the principle supply of which is the supply of machinery. Thus, value of such ancillary supply is includible in the value of composite supply.
 - All incidental expenses including packing charged by the supplier to the recipient of a supply are includible in the value of supply in terms of section 15(2)(c) of CGST Act, 2017.
 - Designing charges are includible in the value of supply as any amount charged for anything done by the supplier in respect of the supply of goods at the time of, or before delivery of goods is so includible in terms of section 15(2)(c) of CGST Act, 2017.

10. Laxmi Ltd. of Bhopal (Madhya Pradesh) is a supplier of machinery. Laxmi Ltd. has supplied machinery to PQR Enterprises in Indore (Madhya Pradesh) on 1st October, 2017. The invoice for supply has been issued on 1st October, 2017. Thus, the time of supply of machinery is 1st October, 2017. Laxmi Ltd. and PQR Enterprise are not related. Following information is provided:
- Basic price of machinery excluding all taxes but including design and engineering charges of ₹10,000 and loading charges of ₹20,000 – ₹20,00,000.

Add: Extended warranty cost [Note 2]	1,00,000
Consultancy charges in relation to pre-installation planning [Note 4]	10,000
Freight and insurance charges [Note 3]	20,000
Subsidy received from Central Government [Note 5]	Nil
Receipts from Joint Venture of PQR Enterprises [Note 5]	50,000
Less: 1% discount on basic price* = ₹20,00,000 × 1% [Note 6]	(20,000)
Value of supply	21,60,000
CGST @ 9% [Note 7]	1,94,400
SGST @ 9% [Note 7]	1,94,400

Notes:

1. Laxmi Ltd. and PQR Enterprises are not related and price is assumed to be the sole consideration for the supply. Therefore, in terms of section 15(1) of the CGST Act, 2017, the value of the supply is the transaction value i.e., price actually paid or payable for the machinery by PQR Enterprises.

Design and engineering charges are includible in the value of supply as any amount charged for anything done by the supplier in respect of the supply of goods at the time of, or before delivery of goods is so includible in terms of section 15(2)(c) of CGST Act, 2017.

Further, loading charges being incidental expenses charged by the supplier to the recipient of supply, are includible in the value as per section 15 (2)(c) of the CGST Act, 2017.
2. Supply of machinery (goods) with supply of ancillary services like extended warranty is a composite supply, the principle supply of which is the supply of machinery. [Section 2(30) of the CGST Act, 2017 read with section 2(90) of that Act]. Thus, value of such ancillary supply is includible in the value of composite supply.
3. Supply of machinery (goods) with supply of ancillary services like freight and insurance is a composite supply, the principle supply of which is the supply of machinery [Section 2(30) of the CGST Act, 2017 read with section 2(90) of that Act]. Thus, value of such ancillary supply is includible in the value of composite supply.

4. Any amount charged for anything done by the supplier in respect of the supply of goods at the time of, or before delivery of goods is includible in the value of supply in terms of section 15(2)(c) of CGST Act, 2017.
5. Subsidies provided by the Central Government and State Governments are not includible in the value of supply in terms of section 15(2) (e) of the CGST Act, 2017. However, subsidy directly linked to the price received from a non-Government body is includible in the value in terms of section 15.
6. Cash discount has been given to PQR Enterprises upfront at the time of supply and thus would have been recorded in the invoice and hence, the same is excluded from the value of supply in terms of section 15(3)(a) of the CGST Act, 2017.
7. In the given case-
 - the location of the supplier is in Bhopal (Madhya Pradesh); and
 - the place of supply of machinery is the location of the machinery at the time at which the movement of the same terminates for delivery to the recipient i.e., Indore (Madhya Pradesh) vide section 10(1)(a) of IGST Act, 2017.

Therefore, as per section 8(1) of IGST Act, 2017, the given supply is an intra-State supply as the location of the supplier and the places of supply are in the same State.

Thus, the supply will be leviable to CGST and SGST.

***Note:** It is also possible to take a view that the basic price of the machinery is ₹19,70,000 [₹20,00,000 – ₹10,000 – ₹20,000] and design and engineering charges and loading charges are added to such price. In that case, 1% of discount amount will come out to be ₹19,700, value of supply would be ₹21,60,300 and CGST and SGST would be ₹1,94,427 each.

3. Subsidy directly linked to the price received from a non-Government body is includible in the value in terms of section 15(2) (e) of CGST Act, 2017.

2. Any amount that the supplier is liable to pay in relation to such supply but has been incurred by the recipient is includible in the value of supply under section 15 of the CGST Act, 2017.
3. Since arranging freight is the liability of the supplier, it is a case of composite supply and thus, freight charges are added to the value of principal supply.

Discount given before or at the time of supply if duly recorded in the invoice is deductible from the value of supply under section 15 of the CGST Act, 2017.

13. Following are the particulars, relating to one of the machines sold by SQM Ltd. to ACD Ltd. in the month of February 2020 at list price of ₹9,50,000. (exclusive of taxes and discount) Further, following additional amounts have been charged from ACD Ltd:

(i)	Municipal taxes chargeable on the machine	45,000
(ii)	Outward freight charges (Contract was to deliver machine at ACD Ltd.'s factory i.e. F.O.R. contract)	65,000

Additional information:

1. SQM Ltd. normally gives an interest-free credit period of 30 days for payment, after that it charges interest @ 1% p.m. or part thereof on list price.

ACD Ltd. paid for the supply after 45 days, but SQM Ltd. waived the interest payable.

2. SQM Ltd. received ₹50,000 as subsidy, from one non-government organization (NGO) on sale of such machines. This subsidy was not linked to the price of the machine and also not considered in the list price of ₹9,50,000.

(i)	Municipal taxes [Note-1]	45,000
(ii)	Outward freight charges [Note-2]	65,000
	Value of taxable supply	10,60,000

Notes:

1. Taxes other than GST, if charged separately, are includible in the value in terms of section 15.
2. Since the contract is to deliver machines at the buyer's factory, it is a composite supply wherein the freight charges will be added to the value of principal supply of the machine.
3. Value of supply includes interest charged for delayed payment. However, since the interest on delayed payment has been waived off, the same has not been added to the value.
4. Subsidy provided by non-Government bodies is includible in the value in terms of section 15 provided the same is directly linked to the price. Since the subsidy received from NGO is not directly linked to the price of the machine, the same has not been added to the value.
5. Since the discount was not known or agreed to at the time of supply of goods to the buyers, such discount cannot be reduced from the price, in terms of section 15.

THEORY

Scheme of ITC

- The scheme is designed to avoid the cascading effect of taxes and make GST a destination-based tax.
- Broadly, ITC is available on all inputs, input services and capital goods used for purposes of business of a taxable person. The exception is 'blocked credit', where ITC is not available even when these goods or services are used for purposes of business.
- ITC is used for payment of tax on taxable output supply to avoid cascading effect of taxes.
- GST law does not require 'one to one' correlation between inputs/input services and final products/services. Any eligible ITC can be used for payment of tax on any taxable output supply.

Important Definition

1. Capital goods means goods, the value of which is capitalised in the books of account of the person claiming the ITC and which are used or intended to be used in the course or furtherance of business [Section 2(19)].
2. Exempt supply means supply of any goods or services or both which attracts a nil rate of tax or which may be wholly exempt from tax under section 11, or under section 6 of the IGST Act, and includes non-taxable supply [Section 2(47)].
3. Input means any goods other than capital goods used or intended to be used by a supplier in the course or furtherance of business [Section 2(59)].
4. Input service means any service used or intended to be used by a supplier in the course or furtherance of business [Section 2(60)].
5. Zero-rated supply means any of the following supplies of goods or services or both, namely:
 - (a) Export of goods or services or both; or
 - (b) Supply of goods or services or both to a Special Economic Zone (SEZ) developer or a Special Economic Zone unit [Section 16(1) of the IGST Act].
6. Non-resident taxable person means any person who occasionally undertakes transactions involving supply of goods or services or both, whether as principal or agent or in any other capacity, but who has no fixed place of business or residence in India [Section 2(77)].

Section 16 Eligibility For Taking ITC

1. **Registered person to take credit:** Every registered person subject to Section 49, shall be entitled to take credit of input tax charged on any supply of goods or services or both to him which are used or intended to be used in the course or furtherance of his business. The input tax credit is credited to the electronic credit ledger.

Input tax credit can be taken on the basis of any of the following documents:

- Invoice issued under section 31
- Debit note issued under section 34
- Bill of entry
- Invoice prepared in respect of reverse charge basis u/s 9(3) and 9(4)
- Document issued by ISD u/r 7(1) for distribution of credit referred u/r 4(1)(g)

2. Conditions for availment of credit by registered person: Subject to section 41, input tax credit is available only if –

- (a) The said goods or services or both are used or intended to be used in the course or in the furtherance of his business;
- (b) He is in possession of tax invoice/debit note/tax-paying document issued by a supplier registered under this Act (listed above);
- (c) He has received the said goods or services

“Bill to Ship to” Model:

Goods delivered to another person on the direction of the registered person by way of transfer of documents of title or otherwise, either before or during the movement, are deemed to have been received by such registered person. So, ITC will be available to the registered person, on whose order the goods are delivered to a third person.

- (d) The supplier has paid the said amount of tax (as charged in the invoice) to appropriate Government in cash or by way of utilisation of input tax credit, as admissible;
- (e) He – claimant of input tax credit – has furnished return under section 39 in FORM- GSTR 3B;

Rule 36(4)

No input tax credit shall be availed by a registered person in respect of invoices or debit notes the details of which are,-

Not furnished by the supplier in the statement of outward supplies in FORM GSTR-1 or using the invoice furnishing facility; or the details of such invoices or debit notes have been not communicated to the registered person in FORM GSTR-2B.

3. Goods received in instalments: If goods are received in instalments against a single invoice, credit can be taken upon receipt of last instalment of goods.

4. If recipient of goods or service or both has not paid the supplier within 180 days from date of invoice (except in case of reverse charge), the amount equal to input tax credit availed along with the interest will be added to output liability of the recipient. The said input tax credit can be re-availed on payment of value of supply and tax payable thereon

Exceptions

This condition of payment of value of supply plus tax within 180 days does not apply in the following situations:

- (a) Supplies on which tax is payable under reverse charge
- (b) Deemed supplies without consideration
- (c) Additions made to the value of supplies on account of supplier’s liability, in relation to such supplies, being incurred by the recipient of the supply.

Under situations given in points (b) & (c), the value of supply is deemed to have been paid.

5. Claim of depreciation on tax component disqualifies a recipient of Capital goods from availment of input tax credit.
6. Time limit for availment of ITC extended – Sec 16(4)

ITC on invoices relating to a FY or debit notes issued in any FY) can be availed on or before:

- (a) 30th November of the succeeding FY (after end of FY to which such invoice or debit note pertains)
(b) Actual Date of filing of annual return (GSTR-9) for the relevant year.

Eg. X ltd. has received invoice dated 10th December, 2023, In this case last date for taking ITC shall be 30/11/2024 but if annual return has been filed on 31st July 2023, last date shall be 31st July 2023.

If any debit note has been issued in connection with any invoice, date of debit note shall be taken into consideration for the purpose of determining the time limit and not the date of invoice to which it relates, eg. Invoice is issued on 12/02/2023 and debit note is issued on 28/05/2024 in this case ITC can be taken maximum upto 20/11/2025 or the date of filing annual return whichever is earlier.

Restrictions on use of amount available in electronic credit ledger [Rule 86B]

A registered person shall not use the amount available in electronic credit ledger to discharge his liability towards output tax in excess of 99% of such tax liability, in cases where the value of taxable supply other than exempt supply and zero-rated supply, in a month exceeds ₹50 lakh.

Example

The total value of inter-State supply of Raman & Sons for the month of February 2021 is of ₹100 lakh. Said supply is taxable @ 18% IGST. Thus, total output tax liability of Raman & Sons is ₹18 lakh. Amount available in the electronic credit ledger is ₹20 lakh (IGST).

In terms of restriction imposed by rule 86B, Raman & Sons can discharge 99% of its output tax liability, i.e. ₹17,82,000 (99% of ₹18,00,000) from the amount available in electronic credit ledger. However, it has to mandatorily discharge the balance 1% of the output tax liability i.e. ₹ 18,000 (1% of ₹18,00,000) through electronic cash ledger only.

Exceptions

This restriction shall not apply in following cases:

- (a) Where the said person/proprietor/karta/managing director/any of its two partners, whole-time directors, members of Managing Committee of Associations or Board of Trustees, as the case may be, have paid more than ₹1 lakh as income tax¹ in each of the last 2 financial years.
- (b) Where the registered person has received a refund of more than ₹1 lakh in the preceding FY on account of unutilised ITC in case of (i) zero rated supplies made without payment of tax or (ii) inverted duty structure.
- (c) Where the registered person has discharged his liability towards output tax through the electronic cash ledger for an amount which is in excess of 1% of the total output tax liability, applied cumulatively, up to the said month in the current financial year.
- (d) Where the registered person is:
- Government Department
 - Public Sector Undertaking
 - Local authority
 - Statutory body

However, the Commissioner or an officer authorised by him in this behalf may remove the said restriction after such verifications and such safeguards as he may deem fit.

“Plant and machinery” means apparatus, equipment, and machinery fixed to earth by foundation or structural supports that are used for making outward supply of goods and/or services and includes such foundation or structural support but excludes land, building or other civil structures, telecommunication towers, and pipelines laid outside the factory premises.

In case the person returning the time expired goods is a registered person (other than a composition taxpayer), he may, at his option, return the said goods by treating it as a fresh supply and thereby issuing an invoice for the same (hereinafter referred to as the, “return supply”). The value of the said goods as shown in the invoice on the basis of which the goods were supplied earlier may be taken as the value of such return supply. The wholesaler or manufacturer, as the case may be, who is the recipient of such return supply, shall be eligible to avail ITC of the tax levied on the said return supply subject to the fulfilment of the conditions specified in section 16.

In case the person returning the time-expired goods is a composition taxpayer, he may return the said goods by issuing a bill of supply and pay tax at the rate applicable to a composition taxpayer. In this scenario there will not be any availability of ITC to the recipient of return supply. In case the person returning the time-expired goods is an unregistered person, he may return the said goods by issuing any commercial document without charging any tax on the same.

Where the goods returned by the retailer/wholesaler as a fresh supply, are destroyed by the manufacturer, he/she is required to reverse the ITC availed on the return supply in terms of section 17(5)(h). It is pertinent to mention here that the ITC which is required to be reversed in such scenario is the ITC availed on the return supply and not the ITC that is attributable to the manufacture of such time expired goods.

The clarification may also be applicable to return of goods for reasons other than being time expired.

42. Mr. A applied for voluntary registration on 22nd November and obtained registration on 25th November. Mr. A has stock on the following two dates:

44. M/s A Ltd. sold plant and machinery after being used in the manufacture of taxable goods for ₹4,00,000 on 1st November 20X1. GST is payable on transaction value of plant and machinery 18%. M/s A Ltd. had purchased this machine vide invoice dated 22nd November 20X0 for ₹5,50,000/- plus GST 18%. M/s A Ltd. availed the credit on said plant and machinery. Find the amount payable by M/s A Ltd. under section 18(6) of the CGST Act, 2017.

Sol.

Particulars	Amount
ITC taken on capital goods (5,50,000 × 18%)	99,000
Less: 25% reduction (5 quarters) - 5 × 5% = 25%	(24,750)

45. With reference to the provisions of section 17 of the CGST Act, 2017, examine the availability of input tax credit under the CGST Act, 2017 in the following independent cases: -

- (i) MBF Ltd., an automobile company, has availed works contract service for construction of a foundation on which a machinery (to be used in the production process) is to be mounted permanently.
- (ii) Shah & Constructions procured cement, paint, iron rods and services of architects and interior designers for construction of a commercial complex for one of its clients.
- (iii) ABC Ltd. availed maintenance & repair services from “Jaggi Motors” for a truck used for transporting its finished goods.

Sol. (i) Section 17(5)(c) of the CGST Act, 2017 blocks input tax credit in respect of works contract services when supplied for construction of an immovable property (other than plant and machinery) except where it is an input service for further supply of works contract service. Further, the term “plant and machinery” means apparatus, equipment and machinery fixed to earth by foundation or structural support that are used for making outward supply of goods and/or services and includes such foundation or structural support but excludes land, building or other civil structures, telecommunication towers, and pipelines laid outside the factory premises.

Thus, in view of the above-mentioned provisions, ITC is available in respect of works contract service availed by MBF Ltd. as the same is used for construction of plant and machinery which is not blocked under section 17(5)(c) of the CGST Act, 2017.

- (ii) Section 17(5)(d) of the CGST Act, 2017 blocks ITC on goods and/or services received by a taxable person for construction of an immovable property (other than plant and machinery) on his own account even though such goods and/or services are used in the course or furtherance of business. Thus, ITC on goods and/or services used in the construction of an immovable property is blocked only in those cases where the taxable person constructs the immovable property for his own use even if the immovable property being constructed is used in the course or furtherance of his business.

In the given case, the taxable person has used the goods and services for construction of immovable property for some other person and not on its own account. Hence, ITC in this case will be allowed.

- (iii) As per section 17(5) of the CGST Act, 2017, ITC is allowed on repair and maintenance services relating to motor vehicles, which are eligible for input tax credit. Further, as per section 17(5) (a) ITC is allowed on motor vehicles which are used for transportation of goods.

Thus, ITC on maintenance & repair services availed from “Jaggi Motors” for a truck used for transporting its finished goods is allowed to ABC Ltd.

46. Advise regarding availability of input tax credit (ITC) under the CGST Act, 2017 in the following independent cases:

- (ii) Bangur Ceramics Ltd., a manufacturing company purchased two trucks for transportation of its finished goods from the factory to dealers located in various locations within the country.

- (iii) "Hans premium" dealing in luxury cars in Chankyapuri, Delhi purchased five Skoda VRS cars for sale to customers.
- (iv) Sun & Moon Packers Pvt. Ltd. availed outdoor catering service to run a canteen in its factory. The Factories Act, 1948 requires the company to set up a canteen in its factory.

Sol. Section 17(5) of the CGST Act, 2017, inter alia, blocks input tax credit in respect of motor vehicles for transportation of persons having approved seating capacity of not more than 13 persons (including the driver), except when they are used for certain specified purposes.

Since in the given case, the mini bus has a seating capacity of 16 persons, the ITC thereon will not be blocked.

- (i) Section 17(5) of the CGST Act, 2017, inter alia, blocks input tax credit in respect of motor vehicles for transportation of persons with certain exceptions. Thus, ITC on motor vehicles for transportation of goods is allowed unconditionally.

Therefore, ITC on trucks purchased by Bangur Ceramics Ltd for transportation of its finished goods from the factory to dealers located in various locations within the country is allowed.

- (ii) Section 17(5) of the CGST Act, 2017, inter alia, blocks input tax credit in respect of motor vehicles for transportation of persons having approved seating capacity of not more than 13 persons (including the driver), except when they are used for making further supply of such motor vehicles.

Being a dealer of cars, "Hans Premium" has purchased the cars for further supply. Therefore, ITC on such cars is allowed even though seating capacity is less than 13.

- (iii) Section 17(5) of the CGST Act, 2017 inter alia, blocks input tax credit in respect of outdoor catering services. However, ITC is available on such services, when the same are provided by an employer to its employees under a statutory obligation.

- (iv) Thus, in view of the above- mentioned provisions, Sun & Moon packers Pvt. Ltd. can avail ITC in respect of outdoor catering services availed by it as the same is being provided under a statutory obligation.

THEORY

Background

- Under GST law, a supplier is required to obtain State-wise registration. There is no concept of a centralized registration under GST like the erstwhile service tax regime.
- A supplier has to obtain registration in every State/UT from where he makes a taxable supply provided his aggregate turnover exceeds a specified threshold limit. Thus, he is not required to obtain registration from a State/UT from where he makes a non-taxable supply.
- Registration in GST is PAN based, once a supplier is liable to register, he has to obtain registration in each of the States/UTs in which he operates under the same PAN.
- Supplier is normally required to obtain single registration in a State/UT. However, where he has multiple places of business in a State/UT, he has the option either to get a single registration for said State/UT or to get separate registrations for each place of business in such State/UT.
- Registration under GST is not tax specific, which means that there is single registration for all the taxes i.e. CGST, SGST/UTGST, IGST and GST compensation cess.

SECTION 22 REGISTRATION UNDER

SUPPLIER	Registration Requirement	
Exclusive Supply of Service Or Supply of Notified Goods Or Supply Both Goods & Services	Shall be liable to be registered in the State/Union Territory if his aggregate turnover in a financial year exceeds ₹20,00,000. However for following specified states, the threshold limit is ₹10,00,000.	
Exclusive Supply of Goods Except Notified Goods.	Registration shall be required if turnover has exceeded ₹40,00,000.	
	Limit Shall Be ₹20,00,000 in Following States:	Limit Shall Be ₹10,00,000 in Following States:
	<ul style="list-style-type: none"> □ Arunachal Pradesh □ Telangana □ Uttrakhand □ Meghalya □ Puducherry □ Sikkim 	<ul style="list-style-type: none"> □ Manipur □ Mizoram □ Nagaland □ Tripura

Notified Goods: Ice-Cream and other edible ice, Pan Masala, Tobacco and manufactured tobacco substitutes.
As per section 2(6), “**aggregate turnover**” (To be calculated on all India basis)

Particulars	Amount
Value of all taxable outward supplies (FCM/RCM)	xx
exempt supplies	xx
exports of goods or services or both	xx
inter-State supplies of persons having the same Permanent Account Number	xx
Total	xx

Exclusions

- (a) central tax, State tax, Union territory tax, integrated tax and cess.
(b) value of inward supplies on which tax is payable by a person on reverse charge basis.

Aggregate turnover shall include all supplies made by the taxable person whether on his own account or on behalf of all his principals.

If a business is carried by a taxable person who is registered under this Act has transferred his business to any other person, the transferee shall obtain fresh registration from the date of transfer of business provided transferee is not a registered entity.

Registration required only for a place of business from where taxable supply takes place

A person is required to obtain registration with respect to his each place of business in India from where a taxable supply has taken place. However, a supplier is not liable to obtain registration in a State/UT from where he makes an exempt/non-taxable supply. Further, the threshold limit of a person having places of business in more than one State/UT in India gets reduced to ₹10 lakh only when such person makes taxable supplies of goods or services or both from any of the Special Category States as per section 22.

However, in case he makes exempt/non-taxable supply from a Special Category State and taxable supplies from a State other than Special Category State, the threshold limit shall not be so reduced.

Example

Uday Enterprises is engaged in supply of taxable goods in Maharashtra. It also supplies alcoholic liquor for human consumption from Nagaland. Its turnover in the current financial year is ₹34 lakh in Maharashtra and ₹8 lakh in Nagaland. Since Uday Enterprises is exclusively engaged in making taxable supplies of goods from Maharashtra, the applicable threshold limit for obtaining registration is ₹40 lakh. However, the threshold limit will not be reduced to ₹10 lakh in this case, as supply of alcoholic liquor for human consumption from Nagaland (one of the Special Category States) are non-taxable supplies.

In the given case, since the aggregate turnover of Uday Enterprises exceeds the applicable threshold limit of ₹40 lakh, it is liable to obtain registration. It will obtain registration in Maharashtra, but is not required to obtain registration in Nagaland as he is not making any taxable supplies from said State.

Section 23 Persons not liable for registration

1. The following persons shall not be liable to registration, namely:—

- (a) any person engaged exclusively in the business of supplying goods or services or both that are not liable to tax or wholly exempt from tax under this Act or under the Integrated Goods and Services Tax Act;

(b) An agriculturist, to the extent of supply of produce out of cultivation of land.

The term agriculturist has been defined under section 2(7) as an individual/Hindu Undivided Family (HUF) who undertakes cultivation of land

(a) by own labour, or

(b) by the labour of family, or

(c) by servants on wages payable in cash or kind or by hired labour under personal supervision or the personal supervision of any member of the family.

Example

Deshbandhu is an agriculturist engaged in cultivation of wheat in his field in the State of Punjab. He was exclusively engaged in the supply of wheat cultivated in his field in the previous year. Thus, he was not liable to registration as he was exclusively engaged in supply of produce out of cultivation of land.

In the current year, he decides to start trading in rice apart from supplying his wheat produce. His turnover in the current year is ₹32 lakh from supply of wheat produced and ₹9 lakh from trading of rice. Since he is engaged in trading of rice also, he is not covered under section 23 above. - Sol.** If the information and the uploaded documents are found in order, the proper officer has to respond to the application within 3 common working days. If he communicates any deficiency or discrepancy in the application within such time, then the applicant will have to remove the discrepancy/deficiency within 7 days of such communication. Thereafter, for either approving the application or rejecting it, the proper officer has 7 days’ time from the date when the taxable person communicates removal of deficiencies. In case no response is given by the proper officer within the said time line, the portal shall automatically generate the registration.
- 18.** What will be the time of response by the applicant if any query is raised in the online application?
- Sol.** If during the process of verification, one of the tax authorities raises some query or notices some error, the same shall be communicated to the applicant and to the other tax authority through the GST Common Portal within 3 common working days. The applicant will reply to the query/rectify the error/Solution the query within a period of 7 days from the date of receipt of deficiency intimation.
- On receipt of additional document or clarification, the relevant tax authority will respond within 7 common working days from the date of receipt of clarification.
- 19.** Does cancellation of registration impose any tax obligations on the person whose registration is so cancelled?
- Sol.** Yes, as per section 29(5) of the CGST Act, every registered taxable person whose registration is cancelled shall pay an amount, by way of debit in the electronic cash ledger, equivalent to the credit of input tax in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock or capital goods or plant and machinery on the day immediately preceding the date of such cancellation or the output tax payable on such goods, whichever is higher.

20. Pure Oils, Delhi has started the supply of machine oils and high speed diesel in the month of April, 20XX. The following details have been furnished by it for the said month:

S. No.	Particulars	₹
(i)	Supply of machine oils in Delhi	2,00,000
(ii)	Supply of high speed diesel in Delhi	4,00,000
(iii)	Supply made through Fortis Lubricants – an agent of Pure Oils in Delhi	1,75,000
(iv)	Supply made by Pure Oils from its branch located in Punjab	1,80,000

Excluding GST

Determine whether Pure Oils is liable for registration. Will your Solution change, if Pure Oils supplies machine oils amounting to ₹2,50,000 from its branch located in Tripura in addition to the above-mentioned supplies?

- Sol.** As per section 22 of the CGST Act, 2017, a supplier is liable to be registered in the State/Union territory from where he makes a taxable supply of goods, if his aggregate turnover in a financial year exceeds ₹40 lakh.

However, if such taxable supplies are made from a special category States, namely Manipur, Mizoram, Nagaland, Tripura, he shall be liable to be registered if his aggregate turnover in a financial year exceeds ₹10 lakh.

As per section 2(6) of the CGST Act, 2017, aggregate turnover includes the aggregate value of:

- (i) all taxable supplies,
- (ii) all exempt supplies,
- (iii) exports of goods and/or services and
- (iv) all inter-State supplies of persons having the same PAN. The above is computed on an all India basis.

Further, the aggregate turnover excludes central tax, State tax, Union territory tax, integrated tax and cess. Moreover, the value of inward supplies on which tax is payable under reverse charge is not taken into account for calculation of 'aggregate turnover'.

Section 9 of the CGST Act, 2017 provides that CGST is not leviable on five petroleum products i.e. petroleum crude, motor spirit (petrol), high speed diesel, natural gas and aviation turbine fuel. As per section 2(47) of the CGST Act, 2017, exempt supply includes non-taxable supply. Thus, supply of high speed diesel in Delhi, being a non-taxable supply, is an exempt supply and is, therefore, includible while computing the aggregate turnover.

In the backdrop of the above-mentioned discussion, the aggregate turnover for the month of April, 20XX is computed as under:

S. No.	Particulars	Amount (in ₹)
(i)	Supply of machine oils in Delhi	2,00,000
(ii)	Add: Supply of high-speed diesel in Delhi	4,00,000
(iii)	Add: Supply made through Fortis Lubricants – an agent of Pure Oils in Delhi	1,75,000

(iv)	Add: Supply made by Pure Oils from its branch located in Punjab	1,80,000
	Aggregate Turnover	9,55,000

Since the aggregate turnover does not exceed ₹40 lakh, Pure Oils is not liable to be registered. If Pure Oils made a supply of machine oils amounting to ₹2,50,000 from its branch in Himachal Pradesh in addition to the above supply, then the threshold limit of registration will be reduced to ₹10 lakh as Tripura is one of the specified Special Category States.

Aggregate Turnover in that case would be ₹9,55,000 + ₹2,50,000 = ₹12,05,000. So, if Pure Oils supplies machine oils amounting to ₹2,50,000 from its branch in Tripura, then it is liable to be registered.

21. Mr. Akash Malhotra of Gujarat often participates in the jewellery exhibition at the Trade Fair in Delhi, which is organised every year in the month of February. Mr. Akash Malhotra applied for registration in January. The proper officer demanded an advance deposit of tax in an amount equivalent to the estimated tax liability of Mr. Akash Malhotra.

You are required to examine whether any advance tax is to be paid by Mr. Akash Malhotra at the time of obtaining registration?

- Sol.** Yes, advance tax is to be paid by Mr. Akash Malhotra at the time of obtaining registration. Since Mr. Akash Malhotra occasionally undertakes supply of goods in the course or furtherance of business in a State where he has no fixed place of business, thus he qualifies as a casual taxable person in terms of section 2(20) of CGST Act, 2017.

While a normal taxable person does not have to make any advance deposit of tax to obtain registration, a casual taxable person shall, at the time of submission of application for registration is required, in terms of section 27(2) read with proviso thereto, to make an advance deposit of tax in an amount equivalent to the estimated tax liability of such person for the period for which the registration is sought. If registration is to be extended beyond the initial period of 90 days, an advance additional amount of tax equivalent to the estimated tax liability is to be deposited for the period for which the extension beyond 90 days is being sought.

22. Determine the effective date of registration in the following instances:
- (a) The aggregate turnover of Ganesh Ltd., engaged in taxable supply of services in the state of Punjab, exceeded ₹20 lakh on 25th August, 20XX. It applied for registration on 19th September, 20XX and was granted registration certificate on 29th September, 20XX.
- (b) What will be your Solution, if in the above scenario; Ganesh Ltd. submits the application for registration on 27th September, 20XX and is granted registration on 5th October, 20XX?

- Sol.** A supplier whose aggregate turnover in a financial year exceeds ₹20 lakh in a State/UT [₹10 lakh in Special Category States except Jammu and Kashmir] is liable to apply for registration within 30 days from the date of becoming liable to registration (i.e., the date of crossing the threshold limit of ₹20 lakh/₹40 Lakh/₹10 lakh).

Where the application is submitted within the said period, the effective date of registration is the date on which the person becomes liable to registration; otherwise it is the date of grant of registration.

In the given case, the applicable turnover limit for registration will be ₹20 lakh as Punjab is not a Special Category State.

- (a) Since Ganesh Ltd. applied for registration within 30 days of becoming liable to registration, the effective date of registration is 25th August, 20XX.
- (b) In this case, since Ganesh Ltd. applies for registration after the expiry of 30 days from the date of becoming liable to registration, the effective date of registration is 5th October, 20XX.

23. Discuss the procedure for amendment of registration under CGST Act and rules thereto?

Sol. The procedures for amendment of registration are contained in section 28 read with rule 19 of CGST Rules. The significant aspects of the same are discussed hereunder:

1. Where there is any change in the particulars furnished in registration application/UIN application, registered person shall submit an application in prescribed manner, within 15 days of such change, along with documents relating to such change at the Common Portal.
2. In case of amendment of core fields of information, the proper officer may, on the basis of information furnished or as ascertained by him, approve or reject amendments in the registration particulars in the prescribed manner. Such amendment shall take effect from the date of occurrence of event warranting such amendment.
3. However, where change relates to non-core fields of information, registration certificate shall stand amended upon submission of the application for amendment on the Common Portal.
4. Where a change in the constitution of any business results in change of PAN of a registered person, the said person shall apply for fresh registration. The reason for the same is that GSTIN is PAN based. Any change in PAN would warrant a new registration.

24. Rajesh Dynamics, having its head office in Chennai, carries on the following activities with respective turnovers in a financial year

Particulars	₹
Supply of petrol at Chennai	18,00,000
Value of inward supplies on which tax is payable on reverse charge basis	9,00,000
Supply of transformer oil at Chennai	2,00,000
Value of branch transfer from Chennai to Bengaluru without payment of consideration	1,50,000
Value of taxable supplies at Manipur branch	11,50,000

Decide based on the above facts: The aggregate turnover of Rajesh Dynamics.

Sol. Computation of aggregate turnover of Rajesh Dynamics

Particulars	₹
Supply of petrol at Chennai [Being a non-taxable supply, it is an exempt supply & thus, includible in aggregate turnover vide section 2(6) of CGST Act, 2017]	18,00,000
Value of inward supplies on which tax is payable on reverse charge basis	Nil
Supply of transformer oil at Chennai	2,00,000
Value of branch transfer from Chennai to Bengaluru without payment of consideration [Being a taxable supply, it is includible in aggregate turnover]	1,50,000
Value of taxable supplies of Manipur Branch	11,50,000
Aggregate turnover	33,00,000

25. Mr X a dealer (situated in Delhi) dealing with Intra State supply of goods and services has place of business in India furnished the following information in the financial year 20XX-X1:
- Sale of taxable goods by Head Office located in Chennai for ₹1,00,000
 - Supply of taxable services by Branch office at Bengaluru for ₹50,000
 - Supply of goods exempted from GST ₹10,000
 - Export of goods for ₹2,00,000. Whether Mr. X is liable for Registration?

Sol. Statement showing computation of aggregate turnover in a Financial Year 20X1

Particulars	Value in ₹
Sale of taxable goods by Head Office located in Chennai (presumed to be intra-state supply)	1,00,000
Supply of taxable services by Branch office at Bengaluru (presumed to be intra-state supply)	50,000
Supply of goods exempted from GST (*presumed to be intra-state supply)	10,000
Export of goods (Export is considered as inter-state supply under GST law)	2,00,000
Aggregate turnover	3,60,000

Though aggregate turnover is not exceeding ₹40 lakhs, but since he is engaged in exports which are inter-state supplies, his registration falls under section 24 which provides for compulsory registration (i.e., no threshold limit of 40 Lakhs).

26. Who is a Casual Taxable Person?

Sol. Casual Taxable Person has been defined in Section 2 (20) of the CGST Act meaning a person who occasionally undertakes transactions involving supply of goods and/or services in the course or furtherance of business, whether as principal, or agent or in any other capacity, in a State or a Union territory where he has no fixed place of business.

27. Who is a Non-resident Taxable Person?

Sol. In terms of Section 2(77) of the CGST Act, a non- resident taxable person means any person who occasionally undertakes transactions involving supply of goods and/or services whether as principal or agent or in any other capacity, but who has no fixed place of business or residence in India.

28. What will be the effective date of registration?

Sol. Date of effectiveness in case of person required to take registration

Where the application for registration has been submitted within thirty days from the date on which the person becomes liable to registration, the effective date of registration shall be the date on which he became liable for registration.

Where an application for registration has been submitted by the applicant after thirty days from the date of his becoming liable to registration, the effective date of registration shall be the date of grant of registration.

Date of effectiveness in case of person opting for voluntarily registration

In case of a person taking registration voluntarily while being within the threshold exemption limit for paying tax, the effective date of registration shall be the date of grant of registration.

29. Whether Amendments to the Registration Certificate is permissible?

Sol. Yes. In terms of Section 28, the proper officer may, on the basis of such information furnished either by the registrant or as ascertained by him, approve or reject amendments in the registration particulars within a period of 15 working days from the date of receipt of application for amendment. It is to be noted that permission of the proper officer for making amendments will be required for only certain core fields of information [Change in legal name of business, Change in address of place of business, Addition, deletion or retirement of partners, directors, karta, board of trustees, CEO or equivalent, responsible for day to day affairs of the company], whereas for the other fields, the certificate of registration shall stand amended upon submission of application in the GST common portal.

30. State with reason whether following statement is true or false—

“When there is change in the constitution of business results in a change in PAN, the business entity can apply for amendment of registration in prescribed manner within 15 days.”

Sol. No. If PAN number changes, fresh registration is required under GST Law (Rule 19 of CGST Rules).

31. Discuss the circumstances where registration is liable to be cancelled

Sol. Section 29(1) of the CGST Act, 2017 provides that the proper officer may, either on his own motion or on an application filed by the registered person or by his legal heirs, in case of death of such person, cancel the registration, in such manner and within such period as may be prescribed, having regard to the circumstances where:

- (a) The business has been discontinued, transferred fully for any reason including death of the proprietor, amalgamated with other legal entity, demerged or otherwise disposed of; or
- (b) There is any change in the constitution of the business; or
- (c) The taxable person, other than the person voluntarily registered u/Sec 25(3), is no longer liable to be registered under section 22 or section 24

Further, section 29(2) of the CGST Act, 2017 provides that the proper officer can cancel the registration on his own. Such circumstances include following:

1. contravention of any of the following prescribed provisions of the CGST Act or the rules made there under;
 - (a) The registered person did not conduct any business from the declared place of business; or
 - (b) The registered person issued invoice or bill without supply of goods or services in violation of the provisions of this Act, or the rules made thereunder; or
 - (c) The registered person violated the provisions of section 171 of the Act or the rules made thereunder (Anti-profiteering measures)
 - (d) The RP violates the provisions of rule 10A.
2. Composition Supplier becoming a consistent non-return filer for 3 consecutive tax periods;
3. Regular Supplier becoming a consistent non-return filer for 6 consecutive tax periods;
4. Voluntarily registered person failed to commence business within 6 months from the date of registration;
5. Registered person who has obtained registration fraudulently.

However, before cancelling the registration, the proper officer has to follow the principles of natural justice (i.e., after grant of opportunity of being heard).

32. Can cancellation of registration order be revoked?

Sol. Yes, but only in cases where the initial cancellation has been done by the proper officer *Suo moto*, and not on the request of the taxable person or his legal heirs. A person whose registration has been cancelled '*Suo moto*' can apply to the proper officer for revocation of cancellation of registration within 30 days from the date of communication of the cancellation order. The proper officer may within a period of 30 days from the date of receipt of application for revocation of cancellation or receipt of information/clarification, either revoke the cancellation or reject the application for revocation of cancellation of registration.

33. Solution the following questions with respect to casual taxable person under the CGST Act, 2017:

- (a) Who is a casual taxable person?
- (b) Can a casual taxable person opt for the composition scheme?
- (c) When is the casual taxable person liable to get registered?
- (d) What is the validity period of the registration certificate issued to a casual taxable person?
- (e) Can the validity of registration certificate issued to a casual taxable person be extended? If yes, what will be the period of extension.

Sol. (a) Casual taxable person means a person who occasionally undertakes transactions involving supply of goods and/or services in the course or furtherance of business, whether as principal, agent or in any other capacity, in a State/UT where he has no fixed place of business.

(b) No, a casual taxable person cannot opt for the composition scheme.

(c) A casual taxable person (CTP) is liable to obtain registration compulsorily under GST laws, at least 5 days prior to commencement of business.

However, a threshold limit of ₹20 lakh (₹10 lakh in case of Special Category States other than Jammu & Kashmir) is available in case of CTP making taxable supplies of specified handicraft goods.

(d) The registration certificate issued to a casual taxable person will be valid for:

(i) the period specified in the registration application, or

(ii) 90 days from the effective date of registration whichever is earlier.

(e) Yes, the validity of registration certificate issued to a casual taxable person can be extended. It can be extended by a further period not exceeding 90 days.

34. State with brief reason, whether following suppliers of taxable goods are required to register under the GST Law:

(i) Mr. Raghav is engaged in wholesale cum retail trading of medicines in the State of Assam. His aggregate turnover during the financial year is ₹9,00,000 which consists of ₹8,00,000 as Intra-State supply and ₹1,00,000 as Inter-State supply.

(ii) Mr. S.N. Gupta of Rajasthan is engaged in trading of taxable goods on his own account and also acting as an agent of Mr. Rishi of Delhi. His turnover in the preceding financial year is ₹12 lakhs on his own account and ₹9 lakhs on behalf of principal. Both turnovers are Intra-State supply.

Sol. (i) Person making any inter-State taxable supply of goods is required to obtain registration compulsorily under GST laws irrespective of the quantum of aggregate turnover.

Thus, in the given case Mr. Raghav is required to obtain registration compulsorily under GST laws even though his aggregate turnover does not exceed the threshold limit in the financial year.

- (ii) Persons who make taxable supply of goods on behalf of other taxable persons whether as an agent or otherwise are required to obtain registration compulsorily under GST laws irrespective of the quantum of aggregate turnover.

Aggregate turnover includes all supplies made by the taxable person, whether on his own account or made on behalf of all his principals.

Since Mr. S.N. Gupta is also acting as an agent of Mr. Rishi of Delhi, he is required to obtain registration compulsorily under GST laws.

35. M/s Siya Ram is a trader of decorative items in Hauz Khas, Delhi. His aggregate turnover exceeds ₹20 lakh in the month of October, 20XX. He applied for registration on the GST portal, but failed to submit the details of his bank account. His tax consultant advised him that prior submission of bank details is mandatory to obtain registration. Examine whether the advice of Mr. Siya Ram's tax consultant is correct.

- Sol.** The advice of Mr. Siya Ram's consultant that prior submission of bank details is mandatory to obtain registration is no longer valid in law.

A new rule 10A has been inserted in the CGST Rules, 2017 vide Notification No. 31/2019 CT dated 28.06.2019 which allows the registered person to furnish information with respect to details of bank account, or any other information, as may be required on the common portal in order to comply with any other provision, soon after obtaining certificate of registration and a GSTIN, but not later than 45 days from the date of grant of registration or the date on which the return required under section 39 is due to be furnished, whichever is earlier.

This relaxation is however not available for those who have been granted registration as TDS deductor/TCS collector under rule 12 or who have obtained suo-motu registration under rule 16.

36. Examine whether the liability to register compulsorily under section 24 of the CGST Act, 2017 arises in each of the independent cases mentioned below:

- (a) Heera, a supplier in Haryana, is exclusively engaged in supply of potatoes produced out of cultivation of his own land, within Haryana and also outside Haryana.
- (b) Aanya of Telangana is exclusively engaged in intra-State supply of toys. Its aggregate turnover in the current financial year is ₹22 lakh.

- Sol.** (a) Section 24 of the CGST Act, 2017 provides that persons making any inter-State taxable supply of goods are required to obtain registration compulsorily under GST laws irrespective of the quantum of aggregate turnover.

However, as per section 23 of the CGST Act, 2017, an agriculturist, to the extent of supply of produce out of cultivation of land, is not liable to registration.

Heera is exclusively engaged in cultivation and supply of potatoes. Thus, he is not liable to registration irrespective of the fact that he is engaged in making inter-State supply of goods. Further, Heera will not be liable to registration, in the given case, even if his turnover exceeds the threshold limit.

- (b) As per section 22 of the CGST Act, 2017 read with Notification No. 10/2019 CT dated 07.03.2019, a supplier is liable to be registered in the State/Union territory from where he makes a taxable supply of goods and/or services, if his aggregate turnover in a financial year exceeds the threshold limit. The threshold limit for a person making exclusive intra-State taxable supplies of goods is as under:

- (i) ₹10 lakh for the Special Category States of Mizoram, Tripura, Manipur and Nagaland.
- (ii) ₹20 lakh for the States, namely, States of Arunachal Pradesh, Meghalaya, Puducherry, Sikkim, Telangana and Uttarakhand.

- (iii) ₹40 lakh for rest of India except persons engaged in making supplies of ice cream and other edible ice, whether or not containing cocoa, Pan masala and Tobacco and manufactured tobacco substitutes.

Since Aanya is making taxable supplies from Telangana, she will not be eligible for higher threshold limit available in case of exclusive supply of goods. The applicable threshold limit for registration for Aanya in the given case is ₹20 lakh. Thus, she is liable to get registered under GST.

37. Explain the registration requirements under GST law in the following independent cases:

- (a) Mr. Ahmad of Jammu engaged in the business of supplying tobacco based Pan Masala with an aggregate turnover of ₹24 lacs.
- (b) Mr. Lepcha of Mizoram is engaged in the supply of papers with an aggregate turnover of ₹13 lacs.

Will your answer be different if Mr. Lepcha is located in Meghalaya ?

Sol. (a) A person is eligible for enhanced threshold limit of ₹40 lakh in the State of Jammu and Kashmir if he is engaged exclusively in intra-State supply of goods.

However, the enhanced threshold limit is not applicable if the person is engaged, inter alia, in the supply of pan masala and all goods of chapter 24 i.e. Tobacco and manufactured tobacco substitutes. In that case, the normal threshold limit of ₹20 lakh will be applicable. In view of said provisions, in the given case, Mr. Ahmad is liable to register since his aggregate turnover (₹24 lakh) exceeds the applicable threshold limit for registration of ₹20 lakh.

- (b) The enhanced threshold limit of ₹40 lakh as applicable to a person engaged exclusively in intra-State supply of goods, is not applicable to Mizoram [a specified Special Category State]. Instead, a lower threshold limit of ₹10 lakh for registration is applicable for Mizoram.

Thus, in the given case, Mr. Lepcha of Mizoram is liable to register since his aggregate turnover (₹13 lakh) exceeds the applicable threshold limit for registration of ₹10 lakh.

The enhanced threshold limit of ₹40 lakh is also specifically not applicable in the State of Meghalaya. Instead, the normal threshold limit of ₹20 lakh for registration is applicable to it.

Therefore, if Mr. Lepcha is located in Meghalaya, he is not liable to register since his aggregate turnover (₹13 lakh) does not exceed the applicable threshold limit for registration of ₹20 lakh.

38. BBD Pvt. Ltd. of Gujarat exclusively manufactures and sells product 'Z' which is exempt from GST vide notifications issued under relevant GST legislations. The company sells 'Z' only within Gujarat and is not registered under GST laws. The turnover of the company in the previous year 2018-19 was ₹50 lakh. The company expects the sales to grow by 10% in the current year 2019-20.

However, effective 01.01.2020, exemption available on 'Z' was withdrawn by the Central Government and GST@ 5% was imposed thereon. The turnover of the company for the nine months ended on 31.12.2019 was ₹42 lakh.

BBD Pvt. Ltd. is of the opinion that it is not required to get registered under GST for current financial year 2019-20.

Examine the above scenario and advise BBD Pvt. Ltd. whether it needs to get registered under GST or not.

Sol. For a supplier exclusively engaged in intra-State supply of goods, the threshold limit of turnover to obtain registration in the State of Gujarat is ₹40 lakh. However, a person exclusively engaged in the business of supplying goods and/or services that are not liable to tax or are wholly exempt from tax is not liable to registration.

Therefore, since BBD Pvt. Ltd. was engaged exclusively in supplying exempted goods till 31.12.2019, it was not required to be registered till that day; though voluntary registration was allowed.

The position, however, will change from 01.01.2020 as the supply of goods becomes taxable from that day and the turnover of BBD Pvt. Ltd. is more than ₹40 lakh. Since the aggregate turnover limit of ₹40 lakh includes exempt turnover also, turnover of 'Z' till 31.12.2019 will be considered for determining the threshold limit even though the same was exempt from GST. Therefore, BBD Pvt. Ltd. needs to register within 30 days from 01.01.2020.

39. P Ltd, a registered person provided following information for the month of October, 2020:

Particulars	Amount (₹)
Intra-State outward supply	8,00,000
Inter-State exempt outward supply	4,00,000
Turnover of exported goods	20,00,000
Payment of IGST	1,20,000
Payment of CGST and SGST	45,000 each
Payment of custom duty on export	40,000
Payment made for availing GTA services	3,00,000

GST is payable on Reverse Charge for GTA services.

Explain the meaning of aggregate turnover u/s 2(6) of the CGST Act and compute the aggregate turnover of P Ltd. for the month of October, 2020. All amounts are exclusive of GST.

Sol. The term aggregate turnover means the aggregate value of:

- (i) all taxable supplies,
- (ii) exempt supplies,
- (iii) exports of goods or services or both and
- (iv) inter-State supplies of persons having the same Permanent Account Number, to be computed on all India basis but excluding
 - (a) central tax, State tax, Union territory tax, integrated tax and cess.
 - (b) the value of inward supplies on which tax is payable by a person on reverse charge basis

Computation of aggregate turnover of P Ltd. for the month of October, 2020

Particulars	Amount (₹)
In terms of the definition of the aggregate turnover given above, the aggregate turnover of P Ltd. has been computed as follows:	
Intra-State outward supply	8,00,000

Inter-State exempt outward supply	4,00,000
Turnover of exported goods	20,00,000
Payment of IGST	Nil
Payment of CGST and SGST	Nil
Payment of customs duty on export	40,000
Payment made under reverse charge for availing GTA services	Nil
Aggregate turnover	32,40,000

40. Examine the following cases and explain with reasons whether the supplier of goods is liable to get registered in GST:

- Krishna of Himachal Pradesh is exclusively engaged in intra-State taxable supply of readymade suits. His turnover in the current financial year from Himachal Pradesh showroom is ₹25 lakh. He has two more showrooms one in Manipur & another in Sikkim with a turnover of ₹15 lakh and ₹18 lakh respectively in the current financial year
- Ankit of Telangana is exclusively engaged in intra-State taxable supply of footwear. His aggregate turnover in the current financial year is ₹25 lakh:
- Aakash of Uttar Pradesh is exclusively engaged in intra-State supply of pan masala. His aggregate turnover in the current financial year is ₹30 lakh.

Sol. Every person engaged in making a taxable supply is required to obtain registration if his aggregate turnover exceeds ₹20 lakh in a financial year. An enhanced threshold limit for registration of ₹40 lakh is available to persons engaged exclusively in intra-State supply of goods in specified States.

(i) The applicable threshold limit for registration gets reduced to ₹10 lakh in case a person is engaged in making taxable supply from a Special Category State.

Since Krishna is making taxable supply from Manipur – a Special Category State, the applicable threshold limit will get reduced to ₹10 lakh. Thus, it is liable to be registered under GST as its aggregate turnover exceeds the said threshold limit.

(ii) Since Ankit is exclusively engaged in intra-State supply of goods in Telangana, which is not a specified State for enhanced threshold limit, the applicable threshold limit for registration is ₹20 lakh.

Thus, Ankit is liable to be registered under GST as its aggregate turnover exceeds the said threshold limit.

(iii) Though the enhanced threshold limit for registration of ₹40 lakh is available to Uttar Pradesh, the same will not be applicable if the person is engaged in supply of pan masala.

In view of the same, the applicable threshold limit for Aakash is ₹20 lakh. Thus, it is liable to be registered under GST as its aggregate turnover exceeds the said threshold limit.

41. Under the provision of section 29(1) of CGST Act, 2017 read with rule 21A of CGST Rules, 2017 related to suspension of registration if the registered person has applied for cancellation of registration, what is the period and manner of suspension of registration?

Sol. Where a registered person has applied for cancellation of registration, the registration shall be deemed to be suspended from:

- the date of submission of the application or
- the date from which the cancellation is sought, whichever is later, pending the completion of proceedings for cancellation of registration.

Such person shall not make any taxable supply during the period of suspension and shall not be required to furnish any return.

The expression “shall not make any taxable supply” means that the registered person shall not issue a tax invoice and, accordingly, not charge tax on supplies made by him during the suspension period.

42. Explain the circumstances under which a proper officer can cancel the registration on his own of a registered person under CGST Act, 2017.

Sol. The circumstances under which proper officer can cancel the registration on his own of a registered person under the CGST Act, 2017 are as under:

(i) A registered person has contravened any of the following prescribed provisions of the GST law:

(a) he does not conduct any business from the declared place of business.

(b) he issues invoice/bill without supply of goods/services in violation of the provisions of GST law.

(c) he violates the provisions of anti-profiteering.

(d) he violates the provisions relating to furnishing of bank details.

(ii) A person paying tax under composition levy has not furnished returns for 3 consecutive tax periods.

(iii) A registered person paying tax under a regular scheme has not furnished returns for a continuous period of 6 months.

(iv) Voluntarily registered person has not commenced the business within 6 months from the date of registration.

(v) Registration was obtained by means of fraud, wilful misstatement or suppression of facts.

E-Invoicing

The transportation of goods from one place to another is facilitated by the filing of 'e-Way Bills' on the common GST portal. Similarly, in its 35th meeting, the GST Council had decided to implement a system of e-Invoicing, which will apply to specific categories of persons. e-Invoicing does not imply the generation of invoices on the GST portal. That would be a myth. Instead, e-invoicing involves the submission of an already generated standard invoice on a common e-invoice portal. Thus, it automates multi-purpose reporting with a one-time input of invoice details.

What is e-invoicing under GST?

'e-Invoicing' or 'electronic invoicing' is a system in which B2B invoices are authenticated electronically by GSTN for further use on the common GST portal. Under the electronic invoicing system, an identification number will be issued against every invoice by the Invoice Registration Portal (IRP), managed by the GST Network (GSTN).

All invoice information will be transferred from this portal to both the GST portal and e-way bill portal in real-time. Therefore, it will eliminate the need for manual data entry while filing GSTR-1 returns and generation of part-A of the e-way bills, as the information is passed directly by the IRP to the GST portal.

To whom is e-invoicing applicable?

Taxpayers with an aggregate turnover exceeding ₹5 crore in any financial year from 2017-18 to 2022-23. The aggregate turnover will include the turnover of all GSTINs under a single PAN across India.

If the invoice is issued by a notified person in respect of supplies covered under RCM, e-invoicing is applicable.

Exception

e-Invoicing shall not be applicable to the following categories of registered persons irrespective of their turnovers:

1. An insurer or a banking company or a financial institution, including an NBFC
2. A Goods Transport Agency (GTA)
3. A registered person supplying passenger transportation services
4. A registered person supplying services by way of admission to the exhibition of cinematographic films in multiplex services
5. An SEZ unit (SEZ developer gets covered under e-invoicing provisions)
6. A government department and Local authority

Applicability of e-invoicing to Government Departments/PSUs etc. registered solely for the purpose of deduction of tax at source as per provisions of section 51

the registered person, whose turnover exceeds the prescribed threshold for generation of e-invoicing, is required to issue e-invoices for the supplies made TO Government Departments or establishments/ Government agencies/ local authorities/ PSU's

Process of getting an e-invoice

The following are the stages involved in generating or raising an e-invoice.

1. The taxpayer must raise a regular invoice on Accounting software. He must give all the necessary details like billing name and address, GSTN of the supplier, transaction value, item rate, GST rate applicable, tax amount, etc.
2. Thereafter, upload the details of the invoice, especially mandatory fields, onto the IRP. The IRP will act as the central registrar for e-invoicing and its authentication.
3. IRP will validate the key details of the B2B invoice, check for any duplications and generate an invoice reference number (hash) for reference. There are four parameters based on which IRN is generated: Seller GSTIN, invoice number, FY in YYYY-YY, and document type (INV/DN/CN).
4. IRP generates the invoice reference number (IRN), digitally signs the invoice and creates a QR code for the supplier. On the other hand, the seller of the supply will get intimated of the e-invoice generation through email (if provided in the invoice).

5. IRP will send the authenticated payload to the GST portal for GST returns. Additionally, details will be forwarded to the e-way bill portal, if applicable. The GSTR-1 of the seller gets auto-filled for the relevant tax period. In turn, it determines the tax liability.

Cancellation of Reported Invoice

Wherever needed, the seller can cancel the IRN for an e-invoice already generated within the specified time. Amendment of e-invoices already uploaded on IRP will be done on GST Portal, there is no option to amend e-invoice on IRP Portal.

Benefits of e-invoicing to businesses

Businesses will have the following benefits by using e-invoice initiated by GSTN:

1. e-Invoice resolves and plugs a major gap in data reconciliation under GST to reduce mismatch errors.
2. e-Invoices created on one software can be read by another, allowing interoperability and help reduce data entry errors.
3. Real-time tracking of invoices prepared by the supplier is enabled by e-invoice.
4. Backward integration and automation of the tax return filing process – the relevant details of the invoices would be auto-populated in the various returns, especially for generating the part-A of e-way bills.
5. Faster availability of genuine input tax credit.
6. Lesser possibility of audits/surveys by the tax authorities since the information they require is available at a transaction level.

How will e-invoicing curb tax evasion?

It will help in curbing tax evasion in the following ways:

1. Tax authorities will have access to transactions as they take place in real-time since the e-invoice will have to be compulsorily generated through the GST portal.
2. There will be less scope for manipulating invoices since the invoice gets generated before carrying out a transaction.

It will reduce the chances of fake GST invoices, and the only genuine input tax credit can be claimed as all invoices need to be generated through the GST portal. Since the input credit can be matched with output tax details, it becomes easier for GSTN to track fake tax credit claims.

■ PROHIBITION OF UNAUTHORISED COLLECTION OF TAX [SECTION 32]

A person who is not a registered person shall not collect in respect of any supply of goods or services or both any amount by way of tax under this Act.

No registered person shall collect tax except in accordance with the provisions of this Act or the rules made there under.

Not with standing anything contained in this Act or any other law for the time being in force, where any supply is made for a consideration, every person who is liable to pay tax for such supply shall prominently indicate in all documents relating to assessment, tax invoice and other like documents, the amount of tax which shall form part of the price at which such supply is made.

■ CREDIT AND DEBIT NOTES [SECTION 34]

Credit Note

During the course of trade or commerce, after the invoice has been issued, there can be situations like:

- ❑ The supplier has erroneously declared a value which is more than the actual value of the goods or services provided.
- ❑ The supplier has erroneously declared a higher tax rate than what is applicable for the kind of the goods or services or both supplied.
- ❑ The quantity received by the recipient is less than what has been declared in the tax invoice.
- ❑ The quality of the goods or services or both supplied is not to the satisfaction of the recipient thereby necessitating a partial or total reimbursement on the invoice value.
- ❑ Any other similar reasons.

The credit note is a convenient and legal method by which the value of the goods or services in the original tax invoice can be amended or revised. The issuance of the credit note easily allows the supplier to decrease his tax liability in his returns without requiring him to undertake any tedious process of refunds.

It is important to note that credit note(s) are not permitted to be issued in case secondary discounts² are allowed by the supplier since the tax liability of the supplier does not get reduced in such case. However, supplier can issue financial/ commercial credit note(s) to reduce the value of supply payable by the recipient to the supplier [Circular 92/11/2019 GST dated 07.03.2019]

Credit Note shall be issued earlier of:

- (a) 30th November of the succeeding financial year
- (b) the actual date of furnishing of annual return of the relevant financial year

Debit Note

There can be situations when after the invoice has been issued:

- ❑ The supplier has erroneously declared a value which is less than the actual value of the goods or services or both provided.
- ❑ The supplier has erroneously declared a lower tax rate than what is applicable for the kind of the goods or services or both supplied.
- ❑ The quantity received by the recipient is more than what has been θ declared in the tax invoice.
- ❑ Any other similar reasons.

The debit note/supplementary invoice is a convenient and legal method by which the value of the goods and/or services in the original tax invoice can be enhanced. The issuance of the debit note allows the supplier to pay his enhanced tax liability in his returns without requiring him to undertake any other tedious process.

Note: There is no time limit for issuance of Debit Note in GST Law

QUESTION BANK

1. Jain & Sons is a trader dealing in stationery items. It is registered under GST and has undertaken following sales during the day:

S. No.	Recipient of Supply	Amount (₹)
1.	Raghav Traders - a registered retail dealer	190
2.	Dhruv Enterprise - an unregistered trader	358
3.	Gaurav - a Painter [unregistered]	500
4.	Oberoi Orphanage - an unregistered entity	188
5.	Aaradhya - a Student [unregistered]	158

None of the recipients require a tax invoice [Raghav Traders being a composition dealer]. Determine in respect of which of the above supplies, Jain & Sons may issue a Consolidated Tax Invoice instead of Tax Invoice, at the end of the day?

- Sol.** In the given illustration, Jain & Sons can issue a Consolidated Tax Invoice only with respect to supplies made to Oberoi Orphanage [worth ₹188] and Aaradhya [worth ₹158] as the value of goods supplied to these recipients is less than ₹200 as also these recipients are unregistered and don't require a tax invoice.

As regards the supply made to Raghav Traders, although the value of goods supplied to it is less than ₹200, Raghav Traders is registered under GST. So, Consolidated Tax Invoice cannot be issued.

Consolidated Tax Invoice can also not be issued for supplies of goods made to Dhruv Enterprises and Gaurav although both of them are unregistered. The reason for the same is that the value of goods supplied is not less than ₹200.

2. Sultan Industries Ltd., Delhi, entered into a contract with Prakash Entrepreneurs, Delhi, for supply of spare parts of a machine on 7th September. The spare parts were to be delivered on 30th September. Sultan Industries Ltd. removed the finished spare parts from its factory on 29th September. Determine the date by which invoice must be issued by Sultan Industries Ltd. under GST law.

- Sol.** As per the provisions of section 31, invoice shall be issued before or at the time of removal of goods for supply to the recipient, where the supply involves movement of goods. Accordingly, in the given case, the invoice must be issued on or before 29th September.

3. MBM Caretakers, a registered person, provides the services of repair and maintenance of electrical appliances. On April 1, it has entered into an annual maintenance contract with P for its Air Conditioner and Washing Machine. As per the terms of contract, maintenance services will be provided on the first day of each quarter of the relevant financial year and payment for the same will also be due on the date on which service is rendered. During the year, it provided the services on April 1, July 1, October 1, and January 1 in accordance with the terms of contract. When should MBM Caretakers issue the invoice for the services rendered?

- Sol.** Continuous supply of service means, inter alia, supply of any service which is provided, or agreed to be provided continuously or on recurrent basis, under a contract, for a period exceeding 3 months with the periodic payment obligations.

Therefore, the given situation is a case of continuous supply of service as repair and maintenance services have been provided by MBM Caretakers on a quarterly basis, under a contract, for a period of one year with the obligation for quarterly payment.

In terms of section 31, in case of continuous supply of service, where the due date of payment is ascertainable from the contract (as in the given case), invoice shall be issued on or before the due date of payment.

Therefore, in the given case, MBM Caretakers should issue quarterly invoices on or before April 1, July 1, October 1, and January 1.

4. The aggregate turnover of Sangri Services Ltd. exceeded ₹20 lakh on 12th August. He applied for registration on 3rd September and was granted the registration certificate on 6th September. You are required to advise Sangri Services Ltd. as to what is the effective date of registration in its case. It has also sought your advice regarding the period for issuance of Revised Tax Invoices.

Sol. As per section 25 read with CGST Rules, 2017, where an applicant submits application for registration within 30 days from the date he becomes liable to registration, effective date of registration is the date on which he becomes liable to registration. Since, Sangri Services Ltd.'s turnover exceeded ₹20 lakh on 12th August; it became liable to registration on the same day. Further, it applied for registration within 30 days of becoming liable to registration, the effective date of registration is the date on which he becomes liable to registration, i.e. 12th August.

As per section 31 read with CGST Rules, 2017, every registered person who has been granted registration with effect from a date earlier than the date of issuance of certificate of registration to him, may issue Revised Tax Invoices. Revised Tax Invoices shall be issued within 1 month from the date of issuance of certificate of registration. Revised Tax Invoices shall be issued within 1 month from the date of issuance of registration in respect of taxable supplies effected during the period starting from the effective date of registration till the date of issuance of certificate of registration.

Therefore, in the given case, Sangri Services Ltd. has to issue the Revised Tax Invoices in respect of taxable supplies affected during the period starting from the effective date of registration (12th August) till the date of issuance of certificate of registration (6th September) within 1 month from the date of issuance of certificate of registration, i.e. on or before 6th October.

5. Shyam Fabrics has opted for composition levy scheme in the current financial year. It has approached you for advice on whether it is mandatory for it to issue a tax invoice. You are required to advise him regarding the same.

Sol. A registered person paying tax under the provisions of section 10 [composition levy] shall issue, instead of a tax invoice, a bill of supply containing such particulars and, in such manner, as may be prescribed [Section 31(3) (c) read with CGST Rules, 2017].

Therefore, in the given case, Shyam Fabrics cannot issue a tax invoice. Instead, it shall issue a Bill of Supply.

6. Royal Fashions, a registered supplier of designer outfits in Delhi, decides to exhibit its products in a Fashion Show being organised at Hotel Park Royal, Delhi on 4th January, 20XX. For the occasion, it gets the makeover of its models done by Aura Beauty Services Ltd., Ashok Vihar, for which a consideration is ₹5,00,000 (excluding GST) has been charged. Aura Beauty Services Ltd. issued a duly signed tax invoice on 10th February, 20XX showing the lump sum amount of ₹5,90,000 inclusive of CGST and SGST @ 9% each. Royal Fashions made the payment the very next day.

Solution the following questions:

- (i) Examine whether the tax invoice has been issued within the time limit prescribed under law?
- (ii) Tax consultant of Royal Fashions objected to the invoice raised suggesting that the amount of tax charged in respect of the taxable supply should be shown separately in the invoice raised by Aura Beauty Services Ltd. However, Aura Beauty Services Ltd. contended that there is no mandatory requirement of showing tax component separately in the invoice. You are required to examine the validity of the objection raised by the tax consultant of Royal Fashions?

Sol. (i) As per section 31 of the CGST Act, 2017 read with the CGST Rules, 2017, in case of taxable supply of services, invoices should be issued before or after the provision of service, but within a period of 30 days [45 days in case of insurer/banking company or financial institutions including NBFCs] from the date of supply of service.

In view of said provisions, in the present case, the tax invoice should have been issued in the prescribed time limit of 30 days from the date of supply of service i.e. up to 03.02.20XX. However, the invoice has been issued on 10.02.20XX.

In such a case, the time of supply as per section 13 of the CGST Act, 2017 would be 04.01.20XX i.e. earliest of the following:

- (a) Date of provision of service (04.01.20XX)
 (b) Date of receipt of payment (11.02.20XX)

(ii) Section 31 of the CGST Act, 2017 read with the CGST Rules, 2017, inter alia, provides that tax invoice shall contain the following particulars-

- (a) Total value of supply of goods or services or both;
 (b) Rate of tax (central tax, State tax, integrated tax, Union territory tax or cess);
 (c) Amount of tax charged in respect of taxable goods or services (central tax, State tax, integrated tax, Union territory tax or cess);

The objection raised by the tax consultant of Royal Fashions suggesting that the amount of tax charged in respect of the taxable supply should be shown separately in the invoice raised by Aura Beauty Services Ltd., is valid in law. In the present case, the tax amount has not been shown separately in the invoice.

7. Luv & Kush Pvt. Ltd. of Srinagar, Jammu & Kashmir engaged in the supply of gifts items provides you the following details:

S. No.	Particulars	Date
1.	Commencement of the business of supplying goods	01.08.20XX
2.	Turnover exceeds ₹30,00,000 on	15.08.20XX
3.	Turnover exceeds ₹40,00,000 on	05.09.20XX
4.	Application for registration made on	28.09.20XX
5.	Registration certificate granted on	06.10.20XX

The company seeks your advice as to how it should raise revised tax invoices for supplies made. Is there any specific provision for issuance of revised tax invoices to unregistered customers?

Explain.

Sol. A supplier whose aggregate turnover in a financial year exceeds ₹40 lakh in a State/UT is liable to apply for registration within 30 days from the date of becoming liable to registration.

Where the application is submitted within said period, the effective date of registration is the date on which the person becomes liable to registration; otherwise it is the date of grant of registration. Every registered person who has been granted registration with effect from a date earlier than the date of issuance of registration certificate to him, may issue revised tax invoices in respect of taxable supplies affected during this period within 1 month from the date of issuance of registration certificate.

Since Luv & Kush Pvt. Ltd. has made the application for registration within 30 days of becoming liable for registration, the effective date of registration becomes the date on which the company becomes liable to registration i.e. 05.09.20XX.

Thus, Luv & Kush Pvt. Ltd. may issue revised tax invoices against the invoices already issued during the period between effective date of registration (05.09.20XX) and the date of issuance of registration certificate (06.10.20XX), within 1 month from 06.10.20XX.

Further, Luv & Kush Pvt. Ltd. may issue a consolidated revised tax invoice in respect of all taxable supplies made to unregistered dealers during such period. However, in case of inter-State supplies made to unregistered dealers, a consolidated revised tax invoice cannot be issued if the value of a supply exceeds ₹2,50,000.

8. Under what circumstances does the need for issuance of debit note and credit note arise under section 34 of CGST Act, 2017?

Sol. Debit note is required to be issued

- (i) if taxable value charged in the tax invoice is found to be less than the taxable value in respect of supply of goods and/or services or
- (ii) if tax charged in the tax invoice is found to be less than the tax payable in respect of supply of goods and/or services

Credit note is required to be issued

- (i) If taxable value charged in the tax invoice is found to exceed the taxable value in respect of supply of goods and/or services, or
- (ii) If tax charged in the tax invoice is found to exceed the tax payable in respect of supply of goods and/or services, or
- (iii) if goods supplied are returned by the recipient, or
- (iv) if goods and/or services supplied are found to be deficient.

9. Determine with reason whether the following statements are true or false:

- (i) A registered person shall issue separate invoices for taxable and exempted goods when supplying both taxable as well as exempted goods to an unregistered person.
- (ii) A Non-banking financial company can issue a consolidated tax invoice at the end of every month for the supply made during that month. (Mock Test Paper October 2018 4 Marks) & (CA Intermediate May 2018 3 Marks)

Sol. (i) The given statement is false.

Where a registered person is supplying taxable as well as exempted goods or services or both to an unregistered person, a single "invoice-cum-bill of supply" may be issued for all such supplies.

(ii) The said statement is true.

By virtue of an amendment, a non-banking financial company has been allowed to issue a consolidated tax invoice or any other document in lieu thereof for the supply of services made during a month at the end of the month.

10. Jai, a registered supplier, runs a general store in Ludhiana, Punjab. Some of the goods sold by him are exempt whereas some are taxable. You are required to advise him on the following issues:
- Whether Jai is required to issue a tax invoices in all cases, even if he is selling the goods to the end consumers?
 - Jai sells some exempted as well as taxable goods valuing ₹5,000 to a school student. Is he mandatorily required to issue two separate GST documents?
 - Jai wishes to know whether it's necessary to show tax amount separately in the tax invoices issued to the customers. You are required to advise him.

Sol. (i) No, he is not required to issue a tax invoice in all cases. As per section 31(1) of the CGST Act, 2017, every registered person supplying taxable goods is required to issue a 'tax invoice'. Section 31(3)(c) of the CGST Act, 2017 stipulates that every registered person supplying exempted goods is required to issue a bill of supply instead of tax invoice.

Further, rule 46A of the CGST Rules, 2017 provides that a registered person supplying taxable as well as exempted goods or services or both to an unregistered person may issue a single 'invoice-cum-bill of supply' for all such supplies.

However, as per section 31(3)(b) of the CGST Act, 2017 read with rule 46 of the CGST Rules, 2017, a registered person may not issue a tax invoice if:

- value of the goods supplied < ₹200,
- the recipient is unregistered; and
- the recipient does not require such invoice.

Instead, such registered person shall issue a Consolidated Tax Invoice for such supplies at the close of each day in respect of all such supplies.

- As per rule 46A of the CGST Rules, 2017, where a registered person is supplying taxable as well as exempted goods or services or both to an unregistered person, a single "invoice-cum-bill of supply" may be issued for all such supplies. Thus, there is no need to issue a tax invoice and a bill of supply separately to the school student in respect of supply of the taxable and exempted goods respectively.
- As per section 33 of the CGST Act, 2017, where any supply is made for a consideration, every person who is liable to pay tax for such supply shall prominently indicate in all documents relating to assessment, tax invoice and other like documents, the amount of tax which shall form part of the price at which such supply is made. Hence, Jai has to show the tax amount separately in the tax invoices issued to customers.

11. Discuss the provisions relating to issue of an invoice/document in the following circumstances:
- Advance payment is received against a supply, but subsequently no supplies are made.
 - Goods are sent on approval for sale or return and are removed before the supply takes place.
 - Malcolm provides continuous supply of services to his client, where the due date of payment for such services is not ascertainable. No advance has been received on this behalf.

Sol. (i) As per section 31(3)(e) of CGST Act, 2017, where advance payment is received against a supply for which receipt voucher has been issued, but subsequently no supplies are made and no tax invoice is issued in pursuance thereof, a refund voucher has to be issued to the person who had made the advance payment.

(iii) As per section 31(5)(b) of CGST Act, 2017, in case of continuous supply of services, where the due date of payment is not ascertainable from the contract, the invoice shall be issued before or at the time when the supplier of service receives the payment.

12. When should a Tax Invoice be issued for supply of Goods?

Sol.

- If movement of goods is involved, then the tax invoice has to be issued before or at the time of removal of the goods for supply to the recipient.
- If movement of goods is not involved, then the tax invoice has to be issued before or at the time of the goods are delivered to the recipient or when the goods are made available to the recipient.

13. Examine the following independent cases of supply of goods and services and determine the time of issue of invoice under each of the cases as per the provisions of CGST Act, 2017:

- (i) Sakthi Enterprises, Kolkata entered into a contract with Suraj Enterprises, Surat for supply of goods on 31st October, 2018. The goods were removed from the factory at Kolkata on 11th October, 2018. As per the agreement, the goods were to be delivered by 31st October, 2018. Suraj Enterprises received the goods on 14th October, 2018.
- (ii) Trust and Fun Ltd, an event management company, has provided its services for an event at Kapoor Film Agencies, Mumbai on 5th June, 2018. Payment for the event was made on 19th June, 2018.

Sol. (i) A registered person supplying taxable goods shall issue a tax invoice, before or at the time of removal of goods for supply to the recipient, where the supply involves movement of goods. Therefore, in the given case, invoice has to be issued on or before 11th October 2018 (the time of removal of goods).

(ii) A registered person [other than an insurer/banking company/financial institution, including an NBFC] supplying taxable services shall issue a tax invoice before or after the provision of service, but within a period of 30 days from the date of supply of service.

Thus, in the given case, invoice has to be issued within 30 days of 5th June 2018 (date of supply of service), i.e. on or before 5th July 2018.

14. ABC Ltd., a registered supplier has made following taxable supplies to its customer Mr. P in the quarter ending 30th June, 20XX.

Date	Bill No.	Particulars	Invoice Value (including GST)
5 th April, 20XX	102	Notebooks [10 in numbers]	1200
10 th May, 20XX	197	Chart Paper [4 in number]	600
20 th May, 20XX	230	Crayon colors [2 packets]	500
2 nd June, 20XX	254	Poster colors [5 packets]	900
22 nd June, 20XX	304	Pencil box [4 sets]	700

Goods in respect of bill no. 102, 230 and 254 have been returned by Mr. P. You are required to advise ABC Ltd. whether it can issue consolidated credit note against all the three invoices?

- Sol.** Where one or more tax invoices have been issued for supply of any goods and/or services and
- the taxable value/tax charged in that tax invoice is found to exceed the taxable value/tax payable in respect of such supply, or
 - where the goods supplied are returned by the recipient, or
 - where goods and/or services supplied are found to be deficient, the registered person, who has supplied such goods and/or services, may issue to the recipient one or more credit notes for supplies made in a financial year containing prescribed particulars. Thus, one (consolidated) or more credit notes can be issued in respect of multiple invoices issued in a financial year without linking the same to individual invoices.

Hence, in view of the above-mentioned provisions, M/s ABC Ltd. can issue a consolidated credit note for the goods returned in respect of all the three invoices.

15. Bali Limited, a registered taxpayer, provides security services to registered persons from Mumbai office and Delhi office. The aggregate turnover of Mumbai office and Delhi office in the preceding financial year is ₹30 crore and ₹25 crore respectively. For the month of November in the current financial year, Bali Limited prepares duplicate invoices and does not issue e-invoice as it is of the view that its aggregate turnover does not cross the threshold limit to make it liable for issuing e-invoices.

Briefly explain whether the view taken by Bali Limited is correct in law? Also explain the advantages of e-invoicing, if any.

- Sol.** The view taken by Bali Limited is not correct in law.

All notified registered businesses (except specified class of persons) with an aggregate turnover (based on PAN) in the preceding financial year greater than ₹5 crore are required to issue e-invoices.

The eligibility is based on aggregate annual turnover on the common PAN. Thus, the aggregate total turnover of Bali Limited is more than ₹50 crores (considering both the GSTINs) and is required to issue e-invoices.

Further, where e-invoicing is applicable, there is no need of issuing invoice copies in triplicate/duplicate.

E-invoice has many advantages for businesses, which have been given as under:

1. Auto-reporting of invoices into GST return and auto-generation of e-way bill (wherever required). Under e-invoicing, business has to report the B2B invoice data only once in the e-invoice form and the same is reported in multiple forms (GSTR-1, e-way bill etc.). E-way bill can be auto-generated using e-invoice data. GSTR-1 can also be auto-populated with the e-invoice data. It will become part of the business process of the taxpayer.
2. Accuracy/Reconciliation. Since same data is reported to tax department as well as to the buyer to prepare his inward supplies (purchase) register, transcription errors are reduced. On receipt of information through GST System, buyer can do reconciliation with his Purchase Order.
3. Early payment. E-invoicing facilitates standardisation and inter-operability leading to reduction of disputes among transacting parties and thus, improving payment cycles.
4. Cost reduction. E-invoicing helps in reducing processing costs and thus, leads to improvement of overall business efficiency.
5. Reduction of tax evasion. Since a complete trail of B2B invoices is available with the Department, it will enable the system-level matching of input tax credit and output tax thereby reducing the tax evasion.

6. Elimination of fake invoices. E-invoicing eliminates the fake invoices. Claiming fictitious input tax credit (ITC) by raising fake invoices is also one of the biggest challenges currently faced by tax-authorities. The e-invoice system helps to curb the actions of unscrupulous taxpayers and reduce the number of fraud cases as the tax authorities have access to data in real-time.
7. Paper Elimination. E-invoicing helps in paper elimination and thereby it is eco-friendly.

16. Determine in which of the following independent cases, e-invoicing is applicable?

- (i) Harnam & Co., dealing in interior decoration products made supplies to various registered and unregistered persons in the preceding financial year. The aggregate turnover of Harnam & Co. in the preceding financial year is ₹60 crore.
- (ii) Rich & Poor Bank, registered under GST has an aggregate turnover of ₹75 crore in the preceding financial year.

Sol. All registered businesses with an aggregate turnover (based on PAN) in any preceding financial year from 2017-18 onwards greater than ₹5 crore are required to issue e- invoices in respect of B2B supplies (supply of goods and/or services to a registered person).

Further, following entities are exempt from the mandatory requirement of e-invoicing:

- (a) Special Economic Zone units
- (b) Insurer or banking company or financial institution including NBFC
- (c) GTA supplying services in relation to transportation of goods by road in a goods carriage
- (d) Supplier of passenger transportation service
- (e) Person supplying services by way of admission to exhibition of cinematograph films in multiplex screens
- (f) A government department and Local authority

Thus, above mentioned entities are not required to issue e-invoices even if their turnover exceeds ₹50 crore in the preceding financial year from 2017-18 onwards.

In view of the above mentioned provisions, the answer to the independent cases are as under:

- (i) The aggregate turnover of Harnam & Co. exceeds the threshold limit of aggregate turnover applicable for e-invoicing. Thus, Harnam & Co. is mandatorily required to issue e-invoices in respect of supplies made to registered persons.
- (ii) Banking company is specifically exempt from mandatory requirement of e-invoicing even if the turnover exceeds ₹5 crore in the preceding financial year. Thus, e-invoicing is not applicable to Rich & Poor Bank

17. Answer the Following Questions

- (a) ABC Cinemas, a registered person engaged in making supply of services by way of admission to exhibition of cinematographic films in multiplex screens was issuing consolidated tax invoice for supplies at the close of each day in terms of section 31(3)(b) of CGST Act, 2017 read with fourth proviso to rule 46 of CGST Rules, 2017.

During the month of October, 2019, the Department raised an objection for this practice and asked to issue separate tax invoices for each ticket.

Advise ABC Cinemas for the procedure to be followed in the light of recent notification.

Sol. (a) The procedure to be followed by ABC Cinemas, a registered person engaged in making supply of services by way of admission to exhibition of cinematograph films in multiplex screens, is as under:

The option to issue consolidated tax invoice is not available to a supplier engaged in making supply of services by way of admission to exhibition of cinematograph films in multiplex screens. Thus, ABC Cinemas cannot issue consolidated tax invoice for supplies made by it at the close of each day.

ABC Cinemas is required to issue an electronic ticket.

The said electronic ticket shall be deemed to be a tax invoice, even if such ticket does not contain the details of the recipient of service but contains the other information as prescribed to be mentioned.

QUESTION BANK

1. With reference to the provisions relating to the electronic way bill (E-way bill) as prescribed under the GST laws, Solution the following questions:

(i) Sindhi Toys Manufacturers, registered in Punjab, sold electronic toys to a retail seller in Gujarat, at a value of ₹48,000 (excluding GST leviable @ 18%). Now, it wants to send the consignment of such toys to the retail seller in Gujarat.

You are required to advise Sindhi Toys Manufacturers on the following issues:

(a) Whether e-way bill is mandatorily required to be generated in respect of such movement of goods?

(b) If yes, who is required to generate the e-way bill?

(c) What will be the consequences for non-issuance of e-way bill?

(ii) Power Electricals Ltd., a registered supplier of air-conditioners, is required to send from Mumbai (Maharashtra), a consignment of parts of air-conditioner to be replaced under warranty at various client locations in Gujarat. The value of consignment declared in the delivery challan accompanying the goods is ₹70,000. Power Electricals Ltd. claims that since movement of goods to Gujarat is caused due to reasons other than supply, e-way bill is not mandatorily required to be generated in this case.

You are required to examine the technical veracity of the claim made by Power Electricals Ltd.

(iii) Beauty Cosmetics Ltd. has multiple wholesale outlets of cosmetic products in Mumbai, Maharashtra. It receives an order for cosmetics worth ₹1,20,000 (inclusive of GST leviable @ 18%) from Prasanna, owner of a retail cosmetic store in Delhi. While checking the stock, it is found that order worth ₹55,000 can be fulfilled from the company's Dadar (Mumbai) store and remaining goods worth ₹65,000 can be sent from its Malad (Mumbai) store. Both the stores are instructed to issue separate invoices for the goods sent to Prasanna. The goods are transported to Prasanna in Delhi, in a single conveyance owned by Radhey Transporters. You are required to advise Beauty Cosmetics Ltd. with regard to issuance of e-way bill(s).

Sol. (i)

(a) Rule 138(1) of the CGST Rules, 2017 provides that e-way Bill is mandatorily required to be generated if the goods are moved, inter alia, in relation to supply and the consignment value exceeds ₹50,000. Further, explanation 2 to rule 138(1) stipulates that the consignment value of goods shall be the value, determined in accordance with the provisions of section 15, declared in an invoice, a bill of supply or a delivery challan, as the case may be, issued in respect of the said consignment and also includes CGST, SGST/UTGST, IGST and cess charged, if any, in the document and shall exclude the value of exempt supply of goods where the invoice is issued in respect of both exempt and taxable supply of goods.

Accordingly, in the given case, the consignment value will be as follows:

$$= ₹48,000 \times 118\%$$

$$= ₹56,640.$$

Since the movement of goods is in relation to supply of goods and the consignment value exceeds ₹50,000, e-way bill is mandatorily required to be issued in the given case.

(b) An e-way bill contains two parts namely, Part A to be furnished by the registered person who is causing movement of goods of consignment value exceeding ₹50,000/- and part B (transport details) is to be furnished by the person who is transporting the goods.

Where the goods are transported by the registered person as a consignor or the recipient of supply as the consignee, whether in his own conveyance or a hired one or a public conveyance, by road, the said person shall generate the e-way bill on the common portal after furnishing information in Part B [Rule 138(2)].

Where the goods are transported by railways or by air or vessel, the e-way bill shall be generated by the registered person, being the supplier or the recipient, who shall, either before or after the commencement of movement, furnish, on the common portal, the information in Part B [Rule 138(2A)].

Where the goods are handed over to a transporter for transportation by road, the registered person shall furnish the information relating to the transporter on the common portal and the e-way bill shall be generated by the transporter on the said portal on the basis of the information furnished by the registered person in Part A [Rule 138(3)].

Where the consignor or the consignee has not generated the e-way bill and the aggregate of the consignment value of goods carried in the conveyance is more than ₹50,000/, the transporter, except in case of transportation of goods by railways, air and vessel, shall, in respect of inter-State supply, generate the e-way bill on the basis of invoice or bill of supply or delivery challan, as the case may be, and may also generate a consolidated e-way bill on the common portal prior to the movement of goods [Rule 138(7)].

- (c) It is mandatory to generate e-way bill in all cases where the value of consignment of goods being transported is more than ₹50,000/- and it is not otherwise exempted in terms of rule 138(14) of CGST Rules, 2017.

If e-way bills, wherever required, are not issued in accordance with the provisions contained in rule 138, the same will be considered as contravention of rules. All such goods and conveyance used as a means of transport for carrying the said goods and documents relating to such goods and conveyance shall be liable to detention or seizure.

- (if) The goods to be moved to another State for replacement under warranty is not a 'supply'. However, rule 138(1) of the CGST Act, 2017, inter alia, stipulates that every registered person who causes movement of goods of consignment value exceeding ₹50,000:

- (a) In relation to a supply; or
(b) For reasons other than supply; or
(c) Due to inward supply from an unregistered person, shall, generate an electronic way bill (E-way Bill) before commencement of such movement.

CBIC via FAQs on E-way Bill has also clarified that even if the movement of goods is caused due to reasons others than supply [including replacement of goods under warranty], e-way bill is required to be issued.

Thus, in the given case, since the consignment value exceeds ₹50,000, e-way bill is required to be mandatorily generated. Therefore, the claim of Power Electricals Ltd. that e-way bill is not mandatorily required to be generated as the movement of goods is caused due to reasons other than supply, is not correct.

- (iii) Beauty Cosmetics Ltd. would be required to prepare two separate e-way bills since each invoice value exceeds ₹50,000 and each invoice is considered as one consignment for the purpose of generating e-way bills.

The FAQs on E-way Bill issued by CBIC clarify that if multiple invoices are issued by the supplier to one recipient, that is, for movement of goods of more than one invoice of same consignor and consignee, multiple e-way bills have to be generated. In other words, for each invoice, one e-way bill has to be generated, irrespective of the fact whether same or different consignors or consignees are involved. Multiple invoices cannot be clubbed to generate one e-way bill. However, after generating all these e-way bills, one consolidated e-way bill can be prepared for transportation purpose, if goods are going in one vehicle.

2. Happy Company is a registered supplier of electric goods. It has three stores for electric goods in Jodhpur (Rajasthan) namely Ram Store, Shyam Store, Mohan Store. It receives an order for supply of electric goods worth ₹1,40,000 (exclusive of GST @ 18%) from Kishan Sons of Bhopal (Madhya Pradesh). Happy Company found that order worth ₹43,000 can be fulfilled from the company's Ram Store, order worth ₹45,000 can be fulfilled from its Shyam Store and remaining goods worth ₹52,000 can be sent from its Mohan Store. All three stores are instructed to issue separate invoices for the goods sent to Kishan Sons. The goods are transported to Kishan Sons in Bhopal in a single conveyance owned by Shiv Transporters.

You are required to advise Happy Company with regard to issuance of e-way bills as per the provisions of the CGST Act, 2017.

- Sol.** Rule 138 of the CGST Rules, 2018 stipulates that e-way Bill is mandatorily required to be generated if the goods are moved, inter alia, in relation to a supply and the consignment value [including CGST, SGST/UTGST, IGST and cess charged] exceeds ₹50,000.

Further, the FAQs on E-way Bill issued by CBIC clarify that if multiple invoices are issued by the supplier to one recipient, multiple e-way bills have to be generated – one e-way bill for each invoice. Each invoice is considered as separate consignment for the purpose of generating e-way bills.

In the given case, consignment value of goods supplied against separate invoices from Ram Store, Shyam Store and Mohan Store is ₹50,740 [₹43,000 × 118%], ₹53,100 [₹45,000 × 118%] and ₹61,360 [₹52,000 × 118%] respectively.

Thus, Happy Company is required to prepare 3 separate e-way bills since value of each invoice exceeds ₹50,000.

3. Discuss the correctness of the following statements:

- (i) Once generated, an e-way bill cannot be cancelled.
(ii) E-way bill generated in one State is valid in another State.

- Sol.** (i) The said statement is partially correct. Where an e-way bill has been generated, but goods are either not transported at all or are not transported as per the details furnished in the e-way bill, the e-way bill may be cancelled electronically on the common portal within 24 hours of generation of the e-way bill.

However, an e-way bill cannot be cancelled if it has been verified in transit in accordance with the provisions of rule 138B of the CGST Rules, 2017.

- (ii) The said statement is correct. The e-way bill generated under Goods and Services Tax Rules of any State or Union territory shall be valid in every State and Union territory.

4. Mr. Shah, a consignor is required to move goods from Ahmedabad (Gujarat) to Nadiad (Gujarat). He appoints Mehta Transporter for movement of goods. Mehta Transporter moves the goods from Ahmedabad (Gujarat) to Kheda (Gujarat). For completing the movement of goods from Kheda (Gujarat) to Nadiad (Gujarat), Mehta Transporter now hands over the goods to Parikh Transporter. Explain the procedure regarding e-way bill to be followed by consignor and transporter as per provisions of GST law and rules made there under.

Sol. In the given scenario, only one e-way bill is required to be issued.

Part A can be filled by either Mr. Shah or recipient of goods or Mehta Transporter on the appropriate authorisation.

Where the goods are transferred from one conveyance to another, the consignor or the recipient, who has provided information in Part A, or the transporter shall, before such transfer and further movement of goods, update the details of conveyance in the e-way bill on the common portal in Part B.

Thus, on reaching Kheda, Mr. Shah or the recipient of the goods, who has filled Part A of the e-way bill, or Mehta Transporter can, before the transfer and further movement of goods, update the details of conveyance in Part B of the e-way bill.

Further, the consignor or the recipient, who has furnished the information in Part A, or the transporter, may assign the e-way bill number to another registered or enrolled transporter for updating the information in Part B for further movement of the consignment.

Thus, on reaching Kheda, Mr. Shah or the recipient of the goods, or Mehta Transporter can assign the said e-way bill to Parikh Transporter who will thereafter update the details of conveyance in Part B.

However, upon updation of the details of the conveyance by Parikh transporter in Part B, Mr. Shah or recipient, as the case may be, who has furnished the information in Part A shall not be allowed to assign the e-way bill number to another transporter.

5. Agni Ltd. a registered supplier wishes to transport cargo by road between two cities situated at a distance of 368 kilometres. Calculate the validity period of e-way bill under rule 138(10) of CGST Rules, 2017 for transport of the said cargo, if it is over dimensional cargo or otherwise.

(b) The validity period of e-way bill under rule 138(10) of the CGST Rules, 2017 for transport of cargo by road between two cities situated at a distance of 368 km is as under:

(i) If it is over dimensional cargo: the validity period of the e-way bill is one day from relevant date up to 20 km and one additional day for every 20 km or part thereof thereafter.

Thus, validity period in given case:

= 1 day + 18 days

= 19 days

(ii) If it is a cargo other than over dimensional cargo: the validity period of the e-way bill is one day from relevant date upto 200 km and one additional day for every 200 km or part thereof thereafter.

Thus, validity period in given case:

= 1 day + 1 day

= 2 days

6. "It is mandatory to furnish the details of conveyance in Part-B of E-way Bill."

Comment on the validity of the above statement with reference to provisions of E-Way Bill under CGST Rules, 2017.

Sol. The given statement is partially valid.

An e-way bill is valid for movement of goods by road only when the information in Part-B - which includes details of conveyance-is furnished.

However, the details of conveyance may not be furnished in Part-B of the e-way bill where the goods are transported for a distance of up to 50 km within the State/Union territory:

(i) From the place of business of the consignor to the place of business of the transporter for further transportation or

(ii) From the place of business of the transporter finally to the place of business of the consignee.

CIN or Challan Identification Number is generated by the banks, once payment in lieu of a generated Challan is successful. It is a 17-digit number that is 14-digit CPIN plus 3-digit Bank Code. CIN is generated by the authorised banks/Reserve Bank of India (RBI) when payment is actually received by such authorised banks or RBI and credited in the relevant Government account held with them. It is an indication that the payment has been realised and credited to the appropriate Government account. CIN is communicated by the authorised bank to the taxpayer as well as to GSTN.

Example 1

Mr. Alok, a registered supplier of taxable goods, filed GSTR 3B for the month of January, 2023 on 15th April, 2023. The prescribed due date to file the said GSTR3B was 20th February, 2023. The amount of net GST payable, in Cash i.e. Electronic Cash Ledger on supplies made by him for the said month worked out to be ₹36,500 which was paid on 15th April, 2023.

Briefly explain the related provisions and compute the amount of interest payable under the CGST Act, 2017 by Mr. Alok. Ignore the effect of leap year, if applicable in this case.

Answer

Interest is payable in case of delayed payment of tax @ 18% per annum from the date following the due date of payment to the actual date of payment of tax

Thus, the amount of interest payable by Mr. Alok is as under:

Period of delay = 21st February, 2023 to 15th April, 2023 = 54 days.

Hence, amount of interest = ₹36,500 × 18% × 54/365 = ₹972

Example 2

ABC Ltd., have filed their GSTR3B for the month of July, 2023 within the due date prescribed under Section 39 i.e. 20.08.2023. Post filing of the return, the registered person has noticed during September 2023 that tax dues for the month of July, 2023 have been short paid for ₹40,000. ABC Ltd., has paid the above shortfall of ₹40,000, through GSTR3B of September 2023, filed on 20.10.2023 [payment through Cash ledger- ₹30,000 and Credit ledger ₹10,000]. Examine the Interest payable under the CGST Act, 2017.

What would be your answer if, GSTR-3B for the month of July 2023 has been filed belatedly on 20.10.2021 and the self-assessed tax of ₹40,000/- has been paid on 20.10.2023 [payment through electronic cash ledger - ₹30,000 and electronic credit ledger ₹10,000]

Notes:

- (a) There exists adequate balance in Electronic Cash & Credit ledger as on 31.07.2021 for the above short fall
- (b) No other supply has been made nor tax payable for the month of July, 2021 other than ₹40,000/- missed out to be paid on forward charge basis
- (c) Ignore the effect of leap year, if applicable in this case.

Answer

Interest is payable under Section 50 of the CGST Act, 2017 in case of delayed payment of tax @ 18% per annum from the date following the due date of payment to the actual date of payment of tax.

As per proviso to sub-section (1) of Section 50, interest is payable on the net tax liability paid in cash, only if the return to be filed for a tax period under Section 39, has been filed after the due date to furnish such return.

In the above scenario, ABC Ltd., has defaulted in making the payment for ₹40,000 on self-assessment basis in the return for the month of July, 2023. Accordingly, interest is payable on the gross liability and proviso of sub-section 50(1) shall not be applicable.

Thus, the amount of interest payable by ABC Ltd., is as under:

Period of delay = 21st August, 2023 to 20th October, 2023 = 61 days.

Hence, amount of interest = ₹40,000 × 18% × 61/365 = ₹1,203

Alternatively, if ABC Ltd., have filed the return for the month of July, 2023 on 20.10.2023, beyond the stipulated due date of 20.08.2023 and if the self-assessed tax for July, 2023 has been paid on 20.10.2023, Interest under proviso to Section 50(1) shall be payable on the tax paid through Electronic Cash Ledger only.

Hence Interest is payable from 21st August 2023 till 20th October 2023 = 61 days

Amount of Interest = ₹30,000 × 18% × 61/365 = ₹902

- (c) Once these two steps are exhausted, thereafter any other amount payable including demand determined under section 73 or section 74 of the CGST Act, 2017 to be discharged. Notes:

1. Services supplied by an individual advocate to any business entity located in the taxable territory is a notified service on which tax is payable on reverse charge basis by the recipient of services.
2. Services supplied by a director of a company to the said company is a notified service on which tax is payable on reverse charge basis by the recipient of services.
3. As per section 13 of the CGST Act, 2017, the time of supply of services in case of reverse charge is earliest of the following:

(a) Date of payment as entered in the books of account of the recipient or the date on which the payment is debited to his bank account, whichever is earlier, or

(b) Date immediately following 60 days since the date of issue of invoice.

Provisions of time of supply as provided under section 13 of the CGST Act are also applicable for inter-State supply vide section 20 of the IGST Act.

In view of the aforesaid provisions, the time of supply and due date for payment of tax in the given cases would be determined as under:

(i) Time of supply of the services is the date immediately following 60 days since the date of issue of invoice, i.e. 06.09.20XX. The due date for payment of tax is 20.10.20XX with return of September, 20XX.

(ii) Time of supply of service is 20.11.20XX and due date for payment of tax is 20.12.20XX with the return of December, 20XX.

4. The due date for payment of tax in case (i) is 20.10.20XX with return of September, 20XX. However, the payment of tax is actually made on 11.11.20XX. Thus, payment of tax is delayed by 22 days.

In case of delayed payment of tax, interest @ 18% per annum is payable for the period for which the tax remains unpaid starting from the day succeeding the day on which such tax was due to be paid [Section 50 of the CGST Act, 2017 read with Notification No. 13/2017 CT dated 28.06.2017]. In view of the same, in the given case, interest payable would be as follows:

Amount of interest payable = ₹22,500 × 18% × 22/365 = ₹244 (rounded off).

- Section 12 of CGST Act, 2017 read with Notification No. 66/2017 CT dated 15.11.2017 provides that the time of supply for all suppliers of goods (excluding composition suppliers) is the time of issue of invoice, without any turnover limit. Thus, liability to pay tax on the advance received in January, 20XX will also arise in the month of February, when the invoice for the supply is issued.
- All intra-State and inter-State procurements made by a registered person from an unregistered person have been exempted from reverse charge liability, without any upper limit for daily procurements up to 30.06.2018. Since in the given case, services have been received from a GTA who has paid GST @ 12%, reverse charge provisions will not be applicable.

Input tax credit is available for the services received from GTA. The input tax credit of IGST shall be used against IGST and then against CGST and SGST in any order of any proportion.

30. Kamal Book Depot, a wholesaler of stationery items, registered in Mumbai, has received an order for supply of stationery items worth ₹2,00,000/- on 12th November, 20XX from another local registered dealer, Mr. Mehta, Mumbai. Kamal Book Depot charged the following additional expenses from Mr. Mehta:

S. No	Particulars	Amount (₹)

(ii)	Freight & Cartage	2,000
(iii)	Transit insurance	1,500
(iv)	Extra designing charges	6,000
(v)	Taxes by Municipal Authority	500

The goods were delivered to Mr. Mehta on 14th November, 20XX. Since Mr. Mehta was satisfied with the quality of the goods, he made the payment of goods the same day and simultaneously placed another order on Kamal Book Depot of stationery items amounting to ₹10,00,000 to be delivered in the month of December, 20XX**. On receipt of the second order, Kamal Book Depot allowed a discount of ₹20,000 on the first order placed by Mr. Mehta.

Would your Solution be different if expenses (i) to (v) given in above table are already included in the price of ₹2,00,000?

Note:

- (a) All the amounts given above are exclusive of GST.
- (b) Kamal Book Depot and Mr. Mehta are not related persons and price is the sole consideration of the supply.

Payment and invoice for the second order will also be made in the month of December, 20XX only.

	Value of taxable supply	2,15,000
	CGST @ 9%	19,350
	SGST @ 9%	19,350

Notes:

- As per section 15(1) of the CGST Act, 2017, the value of a supply is the transaction value i.e. the price actually paid or payable for the said supply.
- All incidental expenses including packing charged by the supplier to the recipient are includible in the value of supply in terms of section 15(2) of the CGST Act, 2017.
- The given supply is a composite supply involving supply of goods (stationery items) and services (transit insurance and freight) where the principal supply is the supply of goods. As per section 8(a) of the CGST Act, 2017, a composite supply is treated as a supply of the principal supply involved therein and charged to tax accordingly.
- Any amount charged for anything done by the supplier in respect of the supply of goods or services or both at the time of, or before delivery of goods or supply of services; is includible in the value of supply vide section 15(2) of the CGST Act, 2017. Thus, extra designing charges are to be included in the value of supply.
- The taxes by Municipal Authorities are includible in the value of supply in terms of section 15(2) of the CGST Act, 2017.
- In the given case, Mr. Mehta is allowed a discount of ₹20,000 on the goods supplied to him in the month of November, 20XX. Since the said goods have already been delivered by Kamal Book Depot, this discount will be a post-supply discount.

Further, value of supply shall not include any discount which is given after the supply has been effected, if—

- Such discount is established in terms of an agreement entered into at or before the time of such supply and specifically linked to relevant invoices; and
- Input tax credit as is attributable to the discount on the basis of a document issued by the supplier has been reversed by the recipient of the supply [Section 15(3) of the CGST Act, 2017].

However, in the given case, post-supply discount given to Mr. Mehta will not be allowed as a deduction from the value of supply since the discount policy was not known before the time of such supply although the discount can be specifically linked to relevant invoice (invoice pertaining to stationery items supplied to Mr. Mehta in November, 20XX).

In case the expenses (i) to (v) given in above table are already included in the price of ₹2,00,000: Since these expenses are includible in the value of supply by virtue of the reasons mentioned in explanatory Notes above, no further addition will be required. Resultantly, the value of taxable supply will be ₹2,00,000 and CGST and SGST will be ₹18,000 and ₹18,000 respectively.

- Services supplied by an individual advocate to any business entity located in the taxable territory by way of legal services, directly or indirectly are taxable under reverse charge mechanism. Further, as per section 49(4) of the CGST Act, 2017, the amount available in the electronic credit ledger [ITC amount] may be used for making payment towards output tax. However, tax payable under reverse charge is not an output tax in terms of section 2(82) of the CGST Act, 2017. Therefore, tax payable under reverse charge cannot be set off against the input tax credit and thus, will have to be paid in cash.

2. Every registered person is entitled to take credit of input tax charged on any inward supply of goods and/or services which are used or intended to be used in the course or furtherance of his business in terms of section 16 of CGST Act, 2017. Minimum net GST payable in cash		Nil	15,000	Nil

Notes:

1. Supply of detergent and bucket together with a single price of ₹400 is a mixed supply. Being a mixed supply comprising of two supplies, it shall be treated as supply of that particular supply that attracts highest rate of tax (28%).
2. Supply of online educational journal is exempt only when the same is provided to an educational institution which provides a qualification recognised by law. Since, the private coaching centre does not provide any recognised qualification, the supply of online educational journals to the same will be taxable.
3. ITC can be taken only on the basis of a valid tax paying document. Thus, ITC will not be available on goods for which the invoice is missing.
4. ITC on motor vehicles for transportation of persons with seating capacity > 13 persons (including the driver) used for any purpose is allowed. Further, ITC is allowed on repair and maintenance services relating to motor vehicles, ITC on which is allowed.

Note: Under the amended position of law, the IGST credit, after being set off against IGST liability, can be utilised against CGST and SGST liability in any order and in any proportion. Thus, there cannot be one answer for the minimum net CGST and SGST payable in cash [i.e. GST liability] as the amount of CGST and SGST liabilities are the same as also the amount of ITC for CGST and SGST is also the same.

1. Taxable supplies made by a registered person are liable to tax irrespective of whether they are made to a registered person or to an unregistered person.
2. Supply of calculator and diary as a combi pack with a single price of ₹800 is a mixed supply. Being a mixed supply comprising of two supplies, it shall be treated as supply of that particular supply which attracts highest rate of tax.
3. Services provided by a business facilitator/business correspondent to a banking company only with respect to accounts in its rural area branch are exempt and not with respect to accounts in its urban area branch.
4. ITC can be taken only on the basis of a valid tax paying document. Thus, ITC will not be available on goods for which the invoice is missing.

CHAPTER

Tax Deduction at Source and Collection of Tax at Source

THEORY

■ TAX DEDUCTION @ SOURCE (SECTION 51 OF CGST ACT)

Deductor of tax at source

Under the GST regime, section 51 of the CGST Act, 2017 prescribes the authority and procedure for 'tax deduction at source'. The TDS provisions empower the Central Government to make it mandatory for the following Persons (the deductor) to deduct tax at source from payments made to the suppliers of taxable goods and/or services.

Central/State Government department or establishment [Section 51(1)(a)]

Local Authority [Section 51(1)(b)]

Governmental Agencies [Section 51(1)(c)]

Notified Persons/ category of persons [Section 51(1)(d)]

The following persons have been notified under clause (d) of sub-section (1) of section 51 of the CGST Act by the Central Government:

- (a) an authority or a board or any other body, -
 - (i) set up by an Act of Parliament or a State Legislature; or
 - (ii) established by any Government, with 51% or more participation by way of equity or control, to carry out any function; It has been clarified vide Circular No. 76/50/2018 GST dated 31.12.2018 that the rider of 51% or more participation by way of equity or control is applicable to both the items (i) and (ii). Thus, the provisions of section 51 of the CGST Act are applicable only to such authority or a board or any other body set up by an Act of parliament or a State legislature or established by any Government in which 51% or more participation by way of equity or control is with the Government.
- (b) society established by the Central Government or the State Government or a Local Authority under the Societies Registration Act, 1860;
- (c) public sector undertakings:

■ CATEGORIES OF PERSONS NOT LIABLE TO DEDUCT TDS

Tax is not liable to be deducted at source in the following cases:

- (i) When goods and/or services are supplied from a public sector undertaking (PSU) to another PSU, whether or not a distinct person

(ii) When supply of goods and/or services takes place between one person to another person specified in clauses (a), (b), (c) and (d) of section 51(1) of the CGST Act.

■ DEDUCTEES

The deductees are the suppliers whose total value of supply of taxable goods and/or services under a contract exceeds ₹ 2,50,000 exclusive of tax & cess as per the invoice.

■ STANDARD RATE OF DEDUCTION

The tax would be deducted @ 1% under CGST Act, 2017 of the payment made to the supplier (the deductee) of taxable goods and/or services, where the total value of such supply, under a contract, exceeds ₹ 2,50,000 (excluding the amount of Central tax, State tax, Union Territory tax, Integrated tax and cess indicated in the invoice). Thus, individual supplies may be less than ₹ 2,50,000/-, but if total value of supplies under a contract is more than ₹ 2,50,000/-, TDS has to be deducted.

TDS-1% +1% [CGST + SGST] on net value of taxable supplies

The deductors have to deduct tax at the rate of 1% from the payment made or credited to the supplier of taxable goods and/or services under CGST Act, 2017.

It may be noted that Section 20 of IGST Act provides that in the case of tax deducted at source, the deductor shall deduct tax at the rate of 2% from the payment made or credited to the supplier.

■ NOTDS

The Proviso to Section 51(1) lays down that when the location of the supplier and the place of supply is in a State/Union territory which is different from the State/Union territory of registration of the recipient, there will be no TDS.

The above statement can be explained in the following situations:

(a) Supplier, place of supply and recipient are in the same state.

It would be intra-State supply and TDS (Central plus State tax) shall be deducted. It would be possible for the supplier (i.e. the deductee) to take credit of TDS in his electronic cash ledger.

(b) Supplier as well as the place of supply are in different states.

In such cases, Integrated tax would be levied. TDS to be deducted would be TDS (Integrated tax) and it would be possible for the supplier (i.e. the deductee) to take credit of TDS in his electronic cash ledger.

(c) Supplier as well as the place of supply are in State A and the recipient is located in State B.

The supply would be intra-State supply and Central tax and State tax would be levied. In such case, transfer of TDS (Central tax + State tax of State B) to the cash ledger of the supplier (Central tax + State tax of State A) would be difficult. So, in such cases, TDS would not be deducted.

Thus, when both the supplier as well as the place of supply are different from that of the recipient, no tax deduction at source would be made.

Location of Supplier	Place of Supply	Registration of Recipient	TDS u/s 51
State A	State A	State A	Yes
State A	State A	State B	No
State A	State B	State B	Yes
UT1	UT1	UT1	Yes
UT1	UT2	UT2	Yes
UT1	UT1	UT2	No

■ VALUE OF SUPPLY

The amount indicated in the invoice excluding the Central tax, State tax, Union territory tax, Integrated tax and cess element, is the value of supply for the purpose of TDS under Section 51 of CGST Act, 2017.

Value of supply shall exclude tax & cess

■ DEPOSIT OF TDS WITH THE GOVERNMENT

The amount of tax deducted at source should be deposited to the Government account by deductor by 10th of the succeeding month.

■ TDS CERTIFICATE

A TDS certificate is required to be issued by deductor (the person who is deducting tax) in prescribed form to the deductee (the supplier from whose payment TDS is deducted).

The content of Form GSTR 7A (TDS Certificate) are given below:

1. TDS Certificate No.
2. GSTIN of deductor
3. Name of deductor
4. GSTIN of deductee
5. (a) Legal name of the deductee
(b) Trade name, if any
6. Tax period in which tax deducted and accounted for in GSTR-7
7. Details of supplies
8. Amount of tax deducted

■ NON- REMITTANCE BY THE DEDUCTOR

If the deductor has not remitted the amount deducted as TDS to the Government within the prescribed time limit, he is liable to pay penal interest under Section 50 in addition to the amount of tax deducted.

■ REFLECTION OF AMOUNT OF TDS

The amount of tax deducted is reflected in

- Electronic Cash Ledger of deductee.

- Return filed by deductor under section 39(3). [GSTR-7].

The deductee can claim credit of the tax deducted, in his electronic cash ledger. This provision enables the Government to cross check whether the amount deducted by the deductor is correct and that there is no mis-match between the amount reflected in the electronic cash ledger and the amount shown in the return filed by deductor.

This is similar to existing practice in income tax relating to E-TDS returns filed by deductor and 26AS statement available for viewing the TDS remitted in respect of transactions by deductee.

■ DETERMINATION OF AMOUNT IN DEFAULT

Any default in determination of the amount under Section 51 shall be made in the manner specified in Section 73 or section 74, as the case may be.

■ REFUND ON EXCESS/ERRONEOUS DEDUCTION

The deductor or the deductee can claim refund of excess deduction or erroneous deduction. The provisions of section 546 relating to refunds would apply in such cases.

The proper officer shall, after due verification, grant registration within 3 working days from the date of the application. Also, on a request or upon an enquiry or pursuant to any other proceeding under the Act, if the proper officer is satisfied that a person is no longer liable to deduct tax at source under section 51, then the said officer may cancel the said registration, following procedures as provided in Rule 22 of the CGST Rules for the cancellation of registration.

Example

The TDS so deposited in the Government account shall be reflected in the electronic cash ledger of the supplier (i.e. deductee) who would be able to use the same for payment of tax or any other amount.

■ TAX COLLECTION @ SOURCE (SECTION 52 OF CGST ACT)

Overview of TCS

TCS refers to the tax which is collected by the electronic commerce operator when a supplier supplies taxable goods or services through portal of e-commerce operator and the payment for that supply is collected by said electronic commerce operator. The nature of working of electronic commerce operator can be better understood with the following example.

Example

2. There are many e-Commerce operators [hereinafter referred to as an Operator], like Amazon, Flipkart, Urban clap etc. operating in India. These operators display on their portal products as well as services which are actually supplied by some other person to the consumer.

The goods or services belonging to other suppliers are displayed on the portals of the operators and consumers buy such goods/services through these portals. On placing the order for a particular product/service, the actual supplier supplies the selected product/service through the Operator to the consumer.

The price/consideration for the product/service is collected by the Operator from the consumer and passed on to the actual supplier after the deduction of commission and incidental expenses mutually agreed upon by the Operator.

Let us now have a look at the statutory provisions relating to TCS.

■ WHO IS LIABLE TO COLLECT TCS ?

Every Electronic Commerce Operator (ECO), not being an agent, has been mandated to collect tax at source (TCS) on the net value of taxable supplies [supplies net of returns if any] made through it by suppliers, where the ECO collects the consideration on behalf of the supplier for such supplies.

■ RATE OF TCS

Half percent of the net value of intra-State taxable supplies. 1% of the net value of inter-State taxable supplies.

Examples

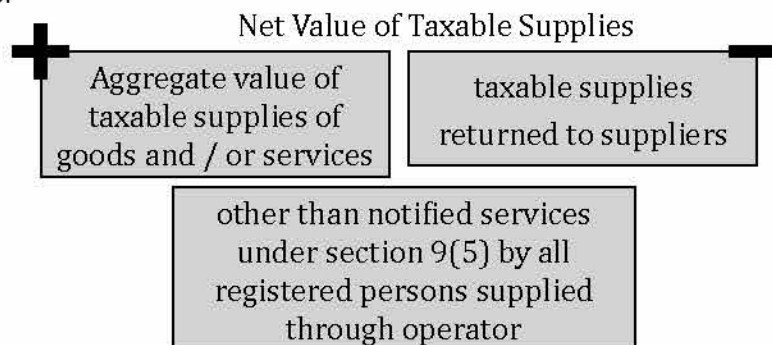

- Suppose a certain product is sold at ₹ 1,120 [including GST @12%] through an Operator by a supplier. The operator would collect tax @ 1% of the net value of ₹ 1,000 i.e. ₹ 10 in case of inter-State supplies.

Currently, services notified under section 9(5) of CGST Act, 2017 vide Notification No. 17/2017 CT (R) dated 28.06.2017/ Notification No. 14/2017 IT (R) dated 28.06.2017 as amended are given as below: services by way of transportation of passengers by a radio-taxi, motorcab, maxicab, motor cycle, or any other motor vehicle;

services by way of providing accommodation in hotels, inns, guest houses, clubs, campsites or other commercial places meant for residential or lodging purposes, except where the person supplying such service through electronic commerce operator is liable for registration under section 22(1) of the CGST Act.

services by way of house-keeping, such as plumbing, carpentering etc, except where the person supplying such service through electronic commerce operator is liable for registration under sub-section 22(1) of the CGST Act.

supply of restaurant service other than the services supplied by restaurant, eating joints etc. located at specified premises.

Currently, services notified under section 9(5) of CGST Act, 2017 vide Notification No. 17/2017 CT (R) dated 28.06.2017/ Notification No. 14/2017 IT (R) dated 28.06.2017 as amended are given as below:

- (a) Services by way of transportation of passengers by a radio-taxi, motorcab, maxicab, motor cycle, or any other motor vehicle;
- (b) Services by way of providing accommodation in hotels, inns, guest houses, clubs, campsites or other commercial places meant for residential or lodging purposes, except where the person supplying such service through electronic commerce operator is liable for registration under section 22(1) of the CGST Act.
- (c) Services by way of house-keeping, such as plumbing, carpentering etc, except where the person supplying such service through electronic commerce operator is liable for registration under sub-section 22(1) of the CGST Act.
- (d) Supply of restaurant service other than the services supplied by restaurant, eating joints etc. located at specified premises.

It may be noted that Section 20 of IGST Act provides that in case of tax collected at source, the operator shall collect tax at such rate not exceeding two per cent, as may be notified on the recommendations of the Council, of the net value of taxable supplies. The rate has been notified as 1% for tax collection at source under IGST.

Further, the power conferred on the e-commerce operator to collect tax at source, is without prejudice to other modes of recovery from operator. The powers of e-commerce operator are restricted only to the extent of tax collection at source under circumstances specified therein and nothing more.

■ DEPOSIT OF TCS BY ECO TO GOVERNMENT

The TCS amount collected by the ECO has to be remitted to the Government Treasury within 10 days after the end of the month in which the collection was made.

Example

4. If the TCS has been collected in the month of July, the amount has to be remitted into the Government Treasury on or before 10th August.

Illustration 1

Mr. X is a supplier selling his own products through a web site hosted by him. Does he fall under the definition of an “electronic commerce operator”? Whether he is required to collect TCS on such supplies?

Ans. As per the definitions in Section 2(44) and 2(45) of the CGST Act, 2017, Mr. X will come under the definition of an “electronic commerce operator”. However, according to Section 52 of the Act *ibid*, TCS is required to be collected on the net value of taxable supplies made through it by other suppliers where the consideration is to be collected by the ECO. In cases, where someone is selling their own products through a website, there is no requirement to collect tax at source as per the provisions of this Section. These transactions will be liable to GST at the prevailing rates.

Illustration 2

If Mr. A purchase goods from different vendors and in turn Mr. A, is selling them on his own website under his own billing, Is TCS required to be collected on such supplies?

Ans. No. According to Section 52 of the CGST Act, 2017, TCS is required to be collected on the net value of taxable supplies made through E-commerce operator by other suppliers where the consideration is to be collected by the ECO. In this case, there are two transactions - Mr. A purchase the goods

from the vendors, and those goods are sold through his own website. For the first transaction, GST is leviable, and will need to be paid to vendor, on which credit is available to Mr. A. The second transaction is a supply on own account of Mr. A, and not by other suppliers and there is no requirement to collect tax at source. The transaction will attract GST at the prevailing rates.

■ REGISTRATION¹⁰ [RULE 12 OF CGST RULES, 2017]

Any person required to deduct tax in accordance with the provisions of section 52 shall electronically submit a registration application in prescribed form through the common portal. The proper officer shall, after due verification, grant registration within 3 working days from the date of the application. Also, on a request or upon an enquiry or pursuant to any other proceeding under the Act, if the proper officer is satisfied that a person is no longer liable to deduct tax at source under section 52 then the said officer may cancel the said registration, following procedures as provided in Rule 22 of the CGST Rules for the cancellation of registration.

■ FILING OF MONTHLY & ANNUAL STATEMENTS BY ECO

- An electronic statement [Form GSTR 8] has to be filed by the ECO containing details of the outward supplies of goods and/ or services effected through it, including the supplies returned through it and the amount collected by it as TCS during the month within 10 days after the end of the each month in which supplies are made.
- Additionally, the ECO is also mandated to file an Annual Statement [Form GSTR 9B] on or before 31st day of December following the end of the financial year.
- The Commissioner has been empowered to extend the due date for furnishing of monthly and annual statement by the person collecting tax at source.

■ NOTICE TO THE OPERATOR SEEKING DETAILS

- An officer not below the rank of Deputy Commissioner can issue notice to an operator, asking him to furnish details relating to volume of the goods/services supplied, stock of goods lying in warehouses/godowns etc.
- The operator is required to furnish such details within 15 working days.
- In case an operator fails to furnish the information, besides being liable for penal action under section 12212, it shall also be liable for penalty up to ₹ 25,000.

QUESTION BANK

1. Whether the rate of tax of 1% notified under section 52 is CGST or SGST or a combination of both CGST and SGST?

Sol. The rate of TCS as notified under CGST Act is payable under CGST and the equal rate of TCS is expected under the SGST Act also, in effect aggregating to 1%.

2. Is every e-commerce operator required to collect tax on behalf of actual supplier?

Sol. Yes, every e-commerce operator is required to collect tax where consideration with respect to the supply is being collected by the e-commerce operator.

However, no TCS is required to be collected in the following cases:

- (i) on supply of services notified under section 9(5) of the CGST Act, 2017.
- (ii) on exempt supplies
- (iii) on supplies on which the recipient is required to pay tax on reverse charge basis.

3. State whether the provisions pertaining to tax collected at source under section 52 of CGST Act, will be applicable, if Fitan Ltd. sells watch on its own through its own website?

Sol. As per Section 52, every electronic commerce operator not being an agent, shall collect an amount calculated at such rate not exceeding one per cent., as may be notified by the Government on the recommendations of the Council, of the net value of taxable supplies made through it by other suppliers where the consideration with respect to such supplies is to be collected by the operator. Hence, if the person sells on his own, provisions pertaining to tax collected at source (TCS) won't be applicable.

4. There is no onus of filing any monthly & annual statements by ECO. Examine the technical veracity of the statement by explaining relevant provisions.

Sol. The given statement is invalid. An electronic statement has to be filed by the ECO containing details of the outward supplies of goods and/or services effected through it, including the supplies returned through it and the amount collected by it as TCS during the month within 10 days after the end of the each month in which supplies are made.

Additionally, the ECO is also mandated to file an Annual Statement on or before 31st day of December following the end of the financial year.

The Commissioner has been empowered to extend the due date for furnishing of monthly and annual statement by the person collecting tax at source.

5. State whether the provisions pertaining to tax collected at source under section 52 of CGST Act, will be applicable, if ABC limited who is dealer of Royul brand sells watches through Slipkart, an electronic commerce operator?

Sol. As per Section 52, every electronic commerce operator not being an agent, shall collect an amount calculated at such rate not exceeding one per cent., as may be notified by the Government on the recommendations of the Council, of the net value of taxable supplies made through it by other suppliers where the consideration with respect to such supplies is to be collected by the operator. If ABC limited who is dealer of Royul brand sells watches through Slipkart, then the provision of TCS will be applicable to Slipkart

(i) Section 39(1) prescribes a monthly return in Form GSTR-3 for every registered person, other than an input service distributor or a nonresident taxable person or a composition tax payer, a person deducting tax at source, an electronic commerce operator and supplier of OIDAR services.

Provided that the Government may, on the recommendations of the Council, notify a certain class of registered persons who shall furnish a return for every quarter or part thereof, subject to such conditions and restrictions as may be specified therein.

(ii) Initially, return in Form GSTR-3 was notified as the return under section 39(1) which was to be filed by 20th day of the month succeeding the relevant calendar month or part thereof. However, GSTR-3 never became practically applicable as the filing thereof has been deferred by the GST Council since the introduction of GST law. Therefore, in lieu of return in Form GSTR-3, return in Form GSTR-3B has been notified.

(iii) GSTR-3B is a simple return containing summary of outward supplies, inward supplies liable to reverse charge, eligible ITC, payment of tax etc. Thus, GSTR3B does not require invoice-wise data of outward supplies.

- (iv) GSTR-3B can be submitted electronically through the common portal, either directly or through a Facilitation Centre notified by the Commissioner. Further, a Nil GSTR-3B can be filed through an SMS using the registered mobile number of the taxpayer.

■ QRMP SCHEME

1. QRMP Scheme is an optional return filing scheme, introduced for small taxpayers having aggregate annual turnover (PAN based) of up to ₹ 5 crore in the current and preceding financial year to furnish their Form GSTR-1 and Form GSTR-3B on a quarterly basis while paying their tax on a monthly basis through a simple challan.
2. Opting for the QRMP scheme is GSTIN wise. Distinct persons can avail QRMP scheme options for one or more GSTINs. It implies that some GSTINs for a PAN can opt for the QRMP scheme and remaining GSTINs may not opt for the said scheme.
3. Conditions and restrictions:
 - (a) Registered persons under QRMP scheme must have furnished the return for the preceding month, as due on the date of exercising such option. A registered person shall not be eligible to opt for QRMP scheme if he has not furnished the last return due on the date of exercising such option.

Eg. If a registered person intending to avail of QRMP scheme for the quarter 'July to September' is exercising his option on 27th July for the said quarter, he must have furnished the return for the month of June.

Registered persons under QRMP scheme are not required to exercise the option every quarter. Where such option has been exercised once, they shall continue to furnish the return as per the selected option for future tax periods, unless they revise the said option.

- (b) A registered person intending to opt for QRMP scheme for any quarter shall indicate his preference for furnishing of return on a quarterly basis from 1st day of the 2nd month of the preceding quarter till the last day of the 1st month of the quarter for which the option is being exercised.

Eg. A registered person intending to avail of QRMP scheme for the quarter 'July to September' can exercise his option from 1st May to 31st July.

However, where such option has been exercised once, the said registered person shall continue to furnish the return on a quarterly basis for future tax periods, unless he:

- (c) becomes ineligible for this scheme as per the conditions and restrictions notified in this regard; or
(d) opts for furnishing of return on a monthly basis, electronically, on the common portal.

Option of QRMP Scheme to Lapse

In case where a registered person's aggregate turnover crosses ₹5 crore during a quarter in a financial year, he shall not be eligible for furnishing of return on quarterly basis from the first month of the succeeding quarter. He shall opt for furnishing of return on a monthly basis, electronically, on the common portal, from the first month of the quarter, succeeding the quarter during which his aggregate turnover exceeds ₹5 crore.

The facility for opting out of the scheme for a quarter will be available from 1st day of 2nd month of preceding quarter to the last day of the 1st month of the quarter.

4. Form and manner of furnishing details of outward supplies - GSTR-1

- (a) Taxpayers opting for QRMP scheme may furnish the details of such outward supplies to a registered person, as he may consider necessary, for the 1st and 2nd months of a quarter, using invoice furnishing facility (hereafter referred to as the "IFF"). Invoices pertaining to the last month of a quarter are to be uploaded in GSTR-1 only.
- (b) The facility of furnishing details of invoices in IFF has been provided so as to allow details of such supplies to be duly reflected in the Form GSTR-2A and Form GSTR-2B of the concerned recipient. In case where a buyer has made purchases from a person opting for QRMP scheme, he could not have claimed full ITC but due to introduction of IFF, such delay will not occur as the details submitted using IFF will be reflected in the GSTR-2A, GSTR-2B, GSTR-4A or GSTR-6A of the recipients, as the case may be.
- (c) The IFF is not mandatory, but an optional facility made available to the registered persons under the QRMP scheme.
- (d) Taxpayers using IFF can upload the invoice details up to a cumulative value of ₹50 lakh in each of the first 2 months of the quarter.
- (e) The invoices are to be furnished in IFF between the 1st day of the succeeding month till the 13th day of the succeeding month. After the 13th of the month, this facility for furnishing IFF for the previous month would not be available.

(f) The details of invoices furnished using IFF in the first 2 months of the quarter are not required to be furnished again in GSTR-1 for the said quarter.

Eg. A registered person who has availed the QRMP scheme wants to declare 2 invoices out of the total 10 invoices issued in the 1st month of quarter since the recipient of supplies covered by those 2 invoices desires to avail ITC in that month itself. Details of these 2 invoices may be furnished using IFF.

The details of the remaining 8 invoices shall be furnished in Form GSTR-1 of the said quarter. 5. Form and manner of filing return - GSTR-3B [Rule 61 substituted with a new rule]

1. Every registered person, other than an input service distributor or a non-resident taxable person or a composition taxpayer, a person deducting tax at source, a person collecting tax at source, i.e. an electronic commerce operator and supplier of OIDAR services located in non-taxable territory providing such services to non-taxable online recipient, is required to furnish a return in Form GSTR-3B, electronically.

2. Due date for filing return

In case of a taxpayer opting for QRMP scheme - Quarterly GSTR-3B on or before 22nd or 24th of the month succeeding the quarter for which return is furnished.

22nd day

Registered persons whose principal place of business is in the States of Chhattisgarh, Madhya Pradesh, Gujarat, Maharashtra, Karnataka, Goa, Kerala, Tamil Nadu, Telangana, Andhra Pradesh, Union territories of Daman & Diu & Dadra & Nagar Haveli, Puducherry, Andaman and Nicobar Islands or Lakshadweep.

24th day

Registered persons whose principal place of business is in the States of Himachal Pradesh, Punjab, Uttarakhand, Haryana, Rajasthan, Uttar Pradesh, Bihar, Sikkim, Arunachal Pradesh, Nagaland, Manipur, Mizoram, Tripura, Meghalaya, Assam, West Bengal, Jharkhand or Odisha, the Union territories of Jammu and Kashmir, Ladakh, Chandigarh or Delhi.

In case of other taxpayers – Monthly GSTR-3B on or before 20th of the month succeeding the month for which return is furnished.

6. Monthly payment of tax

The registered person under the QRMP Scheme would be required to pay the tax due in 1st month or 2nd month or both the months of the quarter by depositing the tax due in Form GST PMT-06. The payment is to be made by the 25th day of the month succeeding such month.

While generating the challan, taxpayers should select “Monthly payment for quarterly taxpayer” as reason for generating the challan. The said person can use any of the following two options provided below for monthly payment of tax during the first 2 months –

Fixed sum method: If a taxpayer chooses this option, a facility is available on the GST portal for generating an auto-generated/pre-filled challan in Form GST PMT-06. The challan amount is calculated by the system which cannot be edited. The amount is equal to:

- (i) 35% of the tax paid in cash in the return for the preceding quarter where the return was furnished quarterly; or 100% of tax liability paid in cash in the return for the last month of the immediately preceding quarter where the return was furnished monthly

However, no such amount may be required to be deposited-

(a) For the 1st month of the quarter, where the balance in the electronic cash ledger/electronic credit ledger is adequate for the tax liability for the said month or where there is nil tax liability;

(b) For the 2nd month of the quarter, where the balance in the electronic cash ledger/electronic credit ledger is adequate for the cumulative tax liability for the 1st and the 2nd month of the quarter or where there is nil tax liability.

- (ii) Monthly tax payment through this method would not be available to those registered persons who have not furnished the return for a complete tax period preceding such month.

A complete tax period means a tax period in which the person is registered from the first day of the tax period till the last day of the tax period.

Self-Assessment Method: The said persons, in any case, can pay the tax due by considering the tax liability on inward and outward supplies and the input tax credit available, in Form GST PMT-06. In order to facilitate ascertainment of the ITC available for the month, an auto-drafted input tax credit statement has been made available in Form GSTR-2B, for every month.

7. Applicability of interest

- For registered person making payment of tax by opting Fixed Sum Method
- No interest would be payable in case the tax due is paid in the first 2 months of the quarter by way of depositing an auto calculated fixed sum amount by the due date.

- In case such payment of tax by depositing the system calculated amount in Form GST PMT-06 is not done by the due date, interest would be payable at the applicable rate, from the due date of furnishing Form GST PMT-06 till the date of making such payment.
- Further, in case Form GSTR-3B for the quarter is furnished beyond the due date, interest would be payable as per the provisions of section 50 of the CGST Act for the tax liability net of ITC.

Eg. A registered person, who has opted for the QRMP Scheme, had paid a total amount of ₹100/- in cash as tax liability in the previous quarter of October to December. He opts to pay tax under fixed sum method. He therefore pays ₹35/- each on 25th February and 25th March for discharging tax liability for the first 2 months of quarter viz. January and February.

In his return for the quarter, it is found that total liability for the quarter net of available credit was ₹125, but he filed the return on 30th April. Interest would be payable at applicable rate on ₹55 [₹125 - ₹70 (deposit made in cash ledger in first and second month)] for the period between due date of quarterly GSTR 3B and 30th April.

For registered person making payment of tax by opting Self- Assessment Method

Interest amount would be payable as per the provision of section 50 of the CGST Act for tax or any part thereof (net of ITC) which remains unpaid/paid beyond the due date for the first 2 months of the quarter.
