

# CA FOUNDATION TRUE AND FALSE

**CA | CS | CMA**

**KALKAJI | SHEIKH SARAI | MADANGIR**

## THEORITICAL FRAMEWORK

**Q1. There is no difference between book keeping and accounting both are same.**

**False:** Book-keeping and accounting are different from each other. Accounting is a broad subject. It calls for a greater understanding of records obtained from book- keeping and an ability to analyse and interpret the information provided by book- keeping records.

**Q2. Management Accounting covers the preparation and interpretation of financial statements and communication to the users of accounts.**

**False:** Financial accounting covers the preparation and interpretation of financial statements and communication to the users of accounts.

**Q3. Financial accounting is concerned with internal reporting to the managers of a business unit.**

**False:** Management accounting is concerned with internal reporting to the managers of a business unit.

**Q4. Customers of business should not be considered as users of accounts prepared by business. They are not interested to know performance of the business**

**False:** Customers are also concerned with the stability and profitability of the enterprise because their functioning is more or less dependent on the supply of goods

**Q5. Summarizing is the basic function of accounting. All business transactions of a financial characters evidenced by some documents such as sales bill, pass book, salary slip etc. are recorded in the books of account.**

**False:** Recording is the basic function of accounting. Summarising is concerned with the preparation and presentation of the classified data in a manner useful to the internal as well as the external users of financial statements

**Q6. Balance sheet shows the position of the business on the day of its preparation and not on the future date.**

**True:** Balance Sheet is a statement of the financial position of an enterprise at a given date.

**Q7. Objectives of book-keeping are complete recording of transactions & ascertainment of financial effect on the business.**

**True:** Book-keeping is concerned with complete recording and combined effect of transactions made during the accounting period.

**Q8. Customers of business should not be considered as users of accounts prepared by business. They are not interested in knowing the performance of the business. (JAN25)**

**FALSE :** Customers are also concerned with the stability and profitability of the enterprise because their functioning is more or less dependent on the supply of goods.

**Q9 Book keeping and accounting are not synonymous terms; they are different from each other. (JAN25)**

**TRUE :** Book-keeping and accounting are different from each other. Accounting is a broad subject. It calls for a greater understanding of records obtained from book keeping and an ability to analyse and interpret the information provided by book keeping records. Book keeping is the recording phase while accounting is concerned with the summarising phase of an accounting system.

## **ACCOUNTING CONCEPTS, PRINCIPLE AND CONVENTIONS**

**Q10. The concept helps in keeping business affairs free from the influence of the personal affairs of the owner is known as the matching concept.**

**False:** Under matching concept all expenses matched with the revenue of that period should only be taken into consideration. In the financial statements of the organization if any revenue is recognized then expenses related to earn that revenue should also be recognized.

**Q11. Entity concept means that the enterprise is liable to the owner for capital investment made by the owner.**

**True:** Since the owner invested capital, he has claim on the profits of the enterprise.

**Q12. Accrual means recognition as money is received or paid and not of revenue and costs as they are earned or incurred.**

**False:** Under accrual concept, the effects of transactions and other events are recognised on mercantile basis i.e., when they occur and they are recorded in the accounting records and reported in the financial statements of the periods to which they relate.

**Q13. The Conservatism Concept states that no change should be counted unless it has materialized.**

**False:** The Realization Concept states that no change should be counted unless it has materialized.

**Q14. The concept of consistency implies non-flexibility as not to allow the introduction of improved method of accounting.**

**False:** The concept of consistency does not imply non-flexibility as not to allow the introduction of improved method of accounting.

**Q15. The materiality depends only upon the amount of the item and not upon the size of the business, nature and level of information, level of the person making the decision etc.**

**False:** As per materiality principle, all the items having significant economic effect on the business of the enterprise should be disclosed in the financial statements.

**Q16. Accrual basis of accounting is the method of recording transactions by which revenues and costs and assets and liabilities are reflected in the accounts in the period in which actual receipts or actual payments are made.**

**False:** Cash Basis of Accounting is the method of recording transactions by which revenues and costs and assets and liabilities are reflected in the accounts in the period in which actual receipts or actual payments are made.

**Q17. Matching concept is based on accrual concept ? (JAN25)**

**TRUE :** This concept is based on accrual concept as it considers the occurrence of expenses and income and do not concentrate on actual inflow or outflow of cash. This leads to adjustment of certain items like prepaid and outstanding expenses, unearned or accrued incomes.

**Q18. The concept of conservatism when applied to the Balance Sheet results in understatement of assets.**

**True:** Conservatism states that the accountant / entity should not anticipate any future income. However, they should provide for all possible / probable losses. Imprudent use of concept of conservatism may lead to understatement of Income and Assets.

## **CAPITAL AND REVENUE EXPENDITURE (VERY IMPORTANT)**

**Q19. The nature of business is not an important- criteria in separating an expenditure between capital and revenue.**

**False:** The nature of business is a very important criteria in separating an expenditure between capital and revenue. **For example- For a trader dealing in furniture, purchase of furniture is revenue expenditure but for any other trade, the purchase of furniture should be treated as capital expenditure and shown in the balance sheet as asset.**

**Q20. Expenditure incurred for major repair of the asset so as to increase its productive capacity is Revenue in nature.**

**False:** Expenditure incurred for major repair of the asset so as to increase its productive capacity is capital in nature.

**Q21. Amount spent as lawyer's fee to defend a suit claiming that the firm's factory site belonged to the plaintiff's land is Capital Expenditure. (IMPORTANT )**

**False:** Legal expenses incurred to defend a suit claiming that the firm's factory site belongs to the plaintiff is maintenance expenditure of the asset. By this expense, neither any enduring benefit can be obtained in future in addition to that what is presently available nor the capacity of the asset will be increased. Maintenance expenditure in relation to an asset is **revenue expenditure**.

**Q22. Amount spent for replacement of worn-out part of machine is Capital Expenditure.**

**False:** Amount spent for replacement of any worn out part of a machine is revenue expense since it is part of its maintenance cost.

**Q23. Legal fees to acquire property is Capital Expenditure.**

**True:** Legal fee paid to acquire any property is a part of cost of that property. It is incurred to possess the ownership right of the property and hence a capital expenditure.

**Q 24. Amount spent for the construction of temporary huts, which were necessary for construction of the cinema house and were demolished when the cinema house was ready, is Capital Expenditure. (MTP-2 SEPTEMBER-24)**

**True:** Since temporary huts were necessary for the construction, their cost should be added to the cost of the cinema hall and thus capitalised.

**Q25. Subsidy received from the government for working capital by a manufacturing concern is a revenue receipt. ( MTP-1 JUNE-24 | MTP-3 JUNE 24 )**

**True :** Subsidy for working capital supports day-to-day operations, making it a revenue receipt, not related to creating long-term assets.

**Q26. Insurance claim received on account of plant and machinery completely damaged by fire is a capital receipt. (MTP-2 JUNE 24 ) (MTP1 MAY25)**

**True :** The insurance claim compensates for the loss of a capital asset (plant and machinery), so it is treated as a capital receipt, not related to regular business operations.

**Q27. Overhauling expense of a second-hand machine purchased is a revenue expenditure. (SEPT-24)**

**False :** Overhauling expenses of a second-hand machine are incurred to make it operational and enhance its future benefits. **Hence, it is treated as a capital expenditure**

**Q28. Any amount spent for replacement of worn out part of a machine is capital expenditure. (MTP2 JAN 25)**

**False:** Amount spent for replacement of any worn- out part of a machine is revenue expense **since it is part of its maintenance cost.**

## **CONTINGENT ASSETS AND CONTINGENT LIABILITY**

**Q29. A contingent liability need not be disclosed in the financial statements.**

**False:** A Contingent liability is required to be disclosed unless possibility of outflow of a resource embodying economic benefits is remote.

**Q30 A Provision fails to meet the recognition criteria.**

**False:** A contingent liability fails to meet the recognition criteria.

**Q31 A claim that an enterprise is pursuing through legal process, where the outcome is uncertain, is a contingent liability. (MTP-1 JAN 25)**

**False:** A claim that an enterprise is pursuing through legal process, where the outcome is uncertain, is a contingent asset

**Q32 When it is probable that the firm will need to pay off the obligation, this gives rise to Contingent liability.**

**False:** When it is probable that the firm will need to pay off the obligation, this gives rise to provision.

**Q33 Present financial obligation of an enterprise, which arises from past event is termed as contingent liability.**

**False:** When it is probable that the firm will need to pay off the obligation, this gives rise to provision.

## ACCOUNTING POLICIES

**Q34 There is a single list of accounting policies, which are applicable to all enterprises in all circumstances.**

**False:** There cannot be single list of accounting policies, which are applicable to all enterprises in all circumstances. There would always be different policies chosen by different industries under different circumstances.

**Q35 Selection of accounting policy doesn't impact financial performance and financial position of the business**

**False:** Accounting policy has big impact on value of items goes under financial statements, hence it impacts financial performance and financial position of the business.

**Q36 A change in accounting policies should be made as and when business like to show result as per their choice.**

**False:** A change in accounting policies should be made in the following conditions:

- (a) It is required by some statute or for compliance with an Accounting Standard.
- (b) Change would result in more appropriate presentation of financial statement

**Q37 Choosing FIFO or weighted average method for inventory valuation is selection of accounting policy.**

**True:** An enterprise may adopt FIFO or weighted average method for inventory valuation and the method selected for valuation is called an accounting policy.

**Q38 Selection of an inappropriate accounting policy decision will overstate the performance and financial position of a business entity every time.**

**False:** It could understate/overstate the performance and financial position of a business entity.

## ACCOUNTING DISCIPLINES

**Q39. There are four generally accepted measurement bases.**

**(i) Historical Cost, (ii) Current Cost (iii) Realizable Value; (iv) Future Value**

**False:** There are four generally accepted measurement bases.

(i) Historical Cost;

(ii) Current Cost;

(iv) Realizable Value;

(iv) Present Value.

**Q40 Historical Cost means price paid at time acquisition.**

**True:** Historical cost means the acquisition price.

**Q41. As per future value, assets are carried at the amount of cash or cash equivalents that could currently be obtained by selling the assets in an orderly disposal.**

**False:** At Realisable value, assets are carried at the amount of cash or cash equivalents that could currently be obtained by selling the assets in an orderly disposal.

**Q42. At Present value, liabilities are carried at the value of future net cash outflows that are expected to be required to settle the liabilities in the normal course of business.**

**False:** Liabilities are carried at the present discounted value of future net cash outflows that are expected to be required to settle the liabilities in the normal course of business.

**Q43 ABC purchased a machinery amounting 10,00,000 on 1st April, 2021. On 31st March, 2022, similar machinery could be purchased for 20,00,000. Historical cost of machine is 20,00,000**

**False:** Historical cost is ₹10,00,000.

**Q44. ABC purchased a machinery amounting 10,00,000 on 1st April, 2001. On 31st March, 2022, similar machinery could be purchased for 20,00,000.**

**True:** Since similar machine is purchased at 20,00,000, the current cost of machine is 20,00,000.

**Q45 Change in accounting estimate has to be given retrospective effect.**

**Ans False:** Change in accounting estimate has not to be given retrospective effect.

**Q46 The financial statements must disclose all the relevant and reliable information in accordance with the Full Disclosure Principle. (MTP-2 JUNE 24) (MTP1 MAY25)**

**True** The Full Disclosure Principle ensures that all material and relevant information is disclosed in the financial statements to provide a complete and transparent view of the entity's financial position and performance to stakeholders.

## ACCOUNTING STANDARDS

**Q47 Accounting standards are written policy documents issued by the expert accounting body or by the government or other regulatory body covering the aspects of recognition, measurement, presentation and disclosure of accounting transactions and events in the financial statements.**

**True:** Accounting standards are documents covering recognition, measurement, presentation and disclosure of accounting transactions and events in the financial statements.

**Q48 Accounting standards can override the statute. (JUNE-24 )**

**False:** Accounting standards can never override the statute. The standards are required to be framed within the ambit of prevailing statutes.

**Q49 Difficulties in making choice between different treatments is one of the benefits of accounting standards.**

**False:** Difficulties in making choice between different treatments is one of the limitation of AS

**Q50. Requirements for additional disclosures is limitation of accounting standards.**

**False:** Benefits of accounting standards are:

- (i) Standardisation of alternative accounting treatments
- (ii) Comparability of financial statements Requirements for additional disclosures.

**Q51 ASB stands for Accounting standardisation benchmarking.**

**False:** ASB stands for Accounting Standard Board.

**Q52 There are no limitation to accounting standards.**

**False:** limitations of accounting standards Difficulties in making choice between different treatments  
Restricted scope

**Q53 Accounting Standards for non-corporate entities in India are issued by the CG**

**(MTP-1 JUNE-24)**

**False :**AS for non-corporate entities in India are issued by the **ICAI**, not by the CG.

## JOURNAL ENTERIES

**Q54 In accounting equation approach, equity + Long-term liabilities = fixed asset + current assets - current liabilities.**

**True:** As per the modern accounting equation approach- it is the basic formula in the accounting process

**Q55. In the traditional approach, for an entity a debtor will be receiver after sale of goods.**

**False:** In the traditional approach, a debtor will be giver since he will be paying money for the sale of goods by the entity.

**Q56 The rule of nominal account states that all expenses & losses are recorded on credit side.**

**False:** The rule of nominal account states that all expenses & losses are recorded on debit side.

**Q57. Journal proper is also called a subsidiary book.**

**True:** It is one of the book where in the transactions not entered in the other books are entered in this book.

**Q58 Capital account has a debit balance.**

**False:** Capital account has a credit balance.

**Q59 Purchase account is a nominal account.**

**True:** As it is considered as an expense.

**Q60 All the personal & real account are recorded in P&L A/c.**

**False:** All the personal & real account are recorded in balance sheet.

**Q61 Asset side of balance sheet contains all the personal & nominal accounts.**

**False:** Asset side of balance sheet contains all the personal & real accounts.

**Q62 Capital account is a personal account.**

**True:** As it is in the name of the proprietor who is bringing in the capital to the business.

**Q63 Journal is also known as the book of original entry.**

**True:** As the transactions are entered first in this book as a first hand record.

# LEDGER

**Q64 A ledger is also known as the principal book of accounts. (JAN25)**

**True:** Since it classifies all the amounts related to a particular account and then it is used as the base for preparing the Trial balance, a ledger is also known as principal books of accounts.

**Q65 Cash account has a debit balance.**

**True:** Being an asset under the modern equation approach, cash account has a debit balance.

**Q66 Posting is the process of transferring the accounts from ledger to journal.**

**False:** Posting is the process of transferring the balances from journal to ledger.

**Q67 At the end of the accounting year, all the nominal accounts of the ledger book are balanced.(SEPTEMBER-24)**

**False:** At the end of the accounting year, all the nominal accounts of the ledger book are totaled and transferred to P&L A/c.

**Q68 Ledger records the transactions in a chronological order.**

**False:** Ledger records the transactions in analytical order. But journal records the transactions in a chronological order.

**Q69 If the total debit side is greater than the total of credit side, we get a credit balance as opening balance.**

**False:** If the total of debit side is greater than the total of credit side, we get a debit balance as the opening balance.

**Q70 Ledger accounts of assets will always be debited when they are increased.**

**True:** The increase to an asset shall be debited since the original balance is also debit.

**Q71 At the end of the accounting year, all the nominal accounts of the ledger book are balanced. (MTP 2 JAN 25)**

**False:** At the end of the accounting year, all the nominal accounts of the ledger book are totalled and transferred to Profit & Loss A/c

# TRIAL BALANCE

**Q72 Preparing trial balance is the third phase of accounting process.**

**True:** Preparing trial balance is the third phase of accounting process which forms the base for the preparation of the final accounts.

**Q73 Trial balance forms a base for the preparation of Financial statement.**

**True:** Based on trial balance only, we can prepare financial statement.

**Q74 Agreement of trial balance is a conclusive proof of accuracy.**

**False:** Agreement of trial balance gives only arithmetical accuracy, there can still be errors in preparing the trial balance.

**Q75 A trial balance will tally in case of compensating errors.**

**True:** Since compensating errors cancel out due to their compensating nature of the amounts, hence the Trial balance tallies.

**Q76 A trial balance can find the missing entry from the journal**

**False:** A trial balance cannot find the missing entry from the journal.

**Q77 . Suspense account opened in a trial balance is a permanent account.**

**False:** Suspense account opened in a trial balance is a temporary account

**Q78 . The balance of purchase returns account has a credit balance.**

**True:** As purchases is debited, any returns shall be credited (treated in opposite way).

# SUBSIDIARY BOOKS

**Q79. Transactions recorded in the purchase book include only purchases of goods on credit transactions.**

**True:** Since cash purchases are taken to the cash book, it is only credit transactions that are recorded in the purchases book

**Q80 Transactions regarding the purchase of fixed asset are recorded in the purchase book.**

**False:** Transactions regarding the purchase of fixed asset are not recorded in the purchase book, only the credit purchases of goods are recorded in it.

**Q81 Cash sales are recorded in the sales book.**

**False:** Credit sales are recorded in the sales book.

**Q82 Subsidiary books are also known as the books of original entry.**

**True:** Subsidiary books are maintained as an alternate to the journal.

**Q83 Bills receivable book is a subsidiary book.**

**True:** Subsidiary books are maintained as an alternate to the journal.

**Q84 . Return inward book is also known as purchase return book.**

**False:** Return inward book is also known as sales return book.

**Q85 T Purchase of a second hand machinery will be recorded in purchase book.**

**False:** Purchase of a second hand machinery will not be recorded in purchase book.

**Q86 Total of sales return book may be posted to the debit side of sales account.**

**True:** Since sales return is reduction from the total sales value, it is debited in the sales account.

**Q87 If the sales are on a frequent basis, the transactions are recorded in the sales book.**

**True:** When there are numerous transactions then there are subsidiary books like the sales book where there are recorded instead of regular journal entries.

**Q88 Bills receivable and bills payable books are type of subsidiary books. ( MTP-SEPTEMBER-24)**

**True:** Bills receivable and bills payable books are subsidiary books used to record transactions related to bills receivable and bills payable, respectively, simplifying the accounting process.

**Q89 The debit notes issued are used to prepare Sales Return Book. (MTP-2 JUNE 24 /MTP-2 JAN 25) (MTP 1 MAY 25)**

**False:** Debit notes are used to prepare Purchase return. credit notes are used to prepare sales return

# CASH BOOK

**Q90 . Cash book is a subsidiary book as well as a principal book. (MTP2 MAY25)**

**True:** Since the balance is directly taken to the Trial balance from cash book. Hence, it is a subsidiary book as well as principal book.

**Q91 Two column cash book consists of two columns cash column & bank column.**

**True:** Two column cash book consists of two columns either cash column & discount column or cash column & bank column.

**Q92. Discount column of cash book is never balanced.**

**True:** Discount column is totalled and transferred to the discount allowed or received account.

**Q93 Contra entry is passed in a two column cash book.**

**False:** Contra entry is passed in a three column cash book which includes bank and cash columns.

**Q94. If the bank column is showing the opening balance on credit side, it is an overdraft.**

**True:** The debit side of opening balance shows a favourable balance, whereas the credit balance is an unfavourable balance and treated as overdraft.

**Q95 . A cash book records cash transactions as well as credit transactions.**

**False:** A cash book records only cash transactions.

**Q96 Discount column of cash book records the trade discount.**

**False:** Discount column of cash book records the cash discount. Trade discount is not shown in the books of accounts.

**Q 97 The balance in petty cash book represents an asset ( MTP-1 SEPTEMBER-24 )**

**TRUE:** Balance of cash book with petty cashier is treated as an asset like normal cash balance which will be transfer to cash book

# RECTIFICATION OF ERRORS

**Q98 The method of rectification of errors depends on the stage at which the errors are detected.**

**True:** There are 3 different stages when the mistakes are identified and then the rectification depends on the stage of identification of errors.

**Q99. In case of error of complete omission, the trial balance does not tally.**

**False:** In case of error of complete omission, the trial balance tallies.

**Q100 When errors are detected after preparation of trial balance, suspense account is opened.**

**True:** In order to balance the difference of balances in the trial balance suspense account is opened.

**Q101 When purchase of an asset is treated as an expense, it is known as error of principle.**

**True:** Where the accounts being debited is principally incorrect it is termed as error of principle.

**Q102. Trial balance agrees in case of compensating errors.**

**True:** Compensating errors cancel out each other when Trial balance is prepared as the mistake pertains to the same amount being credited and later debited on account of two different mistakes.

**Q103. When amount is written on wrong side, it is known as an error of principle.**

**False:** When amount is written on wrong side, it is known as an error of commission.

**Q104 On purchase of old furniture, the amount spent on repairs should be debited to repairs account**

**False:** On purchase of furniture, the amount spent on repairs should be debited to furniture account as it is a capital expense.

**Q105 'P/L adjustment account' is opened to rectify the errors detected in the current A/C period.**

**False:** 'Profit & Loss adjustment account' is opened to rectify the errors detected in the next accounting period.

**Q106. Rent paid to landlord of the proprietors house, must be debited to 'Rent account'.**

**False:** Rent paid to land lord of the proprietors house, must be debited to 'Drawings account'

**Q107 If the errors are detected after preparing trial balance, then all the errors are rectified through suspense account.**

**False:** If the errors are detected after preparing trial balance, then all the errors are not rectified through suspense account. There may be principal errors, which can be rectified without opening a suspense account.

**Q108 If the effect of errors committed cancel out, the errors will be called compensating errors and the trial balance will disagree. (MTP-3 JUNE-24) ( MTP-2 SEPTMBER-24) ( MTP-1 JAN-25)**

**False** Compensating errors occur when one error is offset by another, resulting in no overall effect on the trial balance. In such cases, TB **will not disagree** because the errors cancel each other out.

**Q109 If the amount is posted in the wrong account or it is written on the wrong side of the account, it is called error of principle.(JUNE-24)**

**False** The error described is an error of posting, not an error of principle. An error of principle occurs when a transaction is recorded in violation of accounting principles

**Q110 All errors are rectified by means of journal entries (June-24)**

**False:** Not all errors are rectified by journal entries; some errors, like clerical errors, are corrected through ledger adjustments or by making corrective entries directly in the affected accounts.

**Q111 Wages paid for erection of machinery are debited to Profit and Loss Account.**

**(MTP-2 SEPTEMBER-24 )**

**False :** Wages paid for erection of machinery are capitalized and debited to the Machinery account, not the Profit and Loss Account.

## **BANK RECONCILIATION STATEMENT**

**Q112 Bank Reconciliation is the process of reconciling cash column of the cash book and bank column of the cash book.**

**False** Bank Reconciliation Statement reconciles bank column of cash book with the balance in the pass book i.e, customer account in the books of bank.

**Q113 There are 3 types of differences between cash book and pass book namely Timing, Transactions & Errors.**

**True:** These are the three broad categories.

**Q114 Adjusting the cash book for any errors and/or omissions before preparing bank reconciliation is optional when the reconciliation is done at the end of the financial year.**

**False:** Adjusting the cash book is mandatory when bank reconciliation is done at the end of the financial year.

**Q115 Debit balance in cash book is same as overdraft as per pass book.**

**False:** Debit balance as per cash book should be represented by credit or favourable balance in pass book.

**Q116 Bank charges debited by the bank is an example of timing difference for the purposes of bank reconciliation.**

**False:** Bank charges are example of the transactions that bank carries out by itself and the same has not been recorded in the cashbook until statement is obtained from the bank.

**Q115 Overcasting of the debit side of the cash book is an example of a difference that is due to error.**

**True:** Overcasting is an example of an error.

**Q117. When we start bank reconciliation with a debit balance in cash book, then cheques issued but not yet presented should be added back to arrive at the balance as per pass book.**

**True:** Since the cheques issued would have been recorded as payments and bank balance was credited in cash book, we need to add it back as the same is not yet deducted from our bank balance.

**Q118. The bank charges charged by the bank should be deducted when bank reconciliation statement is being prepared starting from a credit balance of pass book.**

**False:** Bank charges should be added when we start with credit or favourable balance in pass book as bank would have debited the charges.

**Q119 When the causes of differences between pass book balance and cash book is not known, then the bank reconciliation statement can be prepared by matching the two books and identifying any unticked items in both sets.**

**True:** Since, we don't know the causes of difference, matching the two statements is only efficient way to identify the difference.

**Q120 While preparing the bank reconciliation statement starting with debit balance as per pass book or bank statement, the deposited cheques that are not yet cleared need not be adjusted.**

**False** Cheques deposited but not yet cleared should be subtracted from debit or unfavourable balance in pass book.

**Q121 Cash book shows a debit balance of 50,000 and the only difference from the balance as shown in pass book relates to cheques issued for 60,000 but not yet presented for payment.**

**The balance as per pass book should be 1,10,000.**

**True:** Cheques issued but not yet presented should be added back to a debit balance in cash book to arrive at pass book balance i.e.  $50,000+60,000 = 1,10,000$ .

**122 Overcasting of credit side of the cash book shall result in a higher bank balance in cash book when compared with pass book**

**False:** Overcasting of credit side means excessive payments are recorded and hence would lower the bank balance.

**Q123 A cheque for 25,000 that was issued and was also presented for payment in same month but erroneously recorded on debit side of the cash book would cause a difference of 50,000 from the balance in pass book.**

**True:** 25,000 payment is recorded as a receipt and hence it will have to be adjusted twice (once to nullify and then once to record actual payment) hence causing the difference of double amount.

**Q124 . A direct debit by bank on account of any payment as may be instructed by customer should be recorded on credit side of cash book.**

**True:** It is an example of a payment instructed by customer to be directly debited by bank, and hence credited in the cash book.

**Q125 Bank Reconciliation Statement can be prepared in two formats - "Balance" presentation and "Plus & Minus" presentation.**

**True:** Reconciliation statement can be prepared in either of the two formats.

**Q126 The difference between cash book & pass book that relates to errors are those mostly made by Bank.**

**False:** Bank rarely makes mistakes, and hence differences that relate to errors are generally made in cash book.

**Q127 A cheque for 80,000 that was discounted from bank was dishonoured and the bank charged 1,600 as the charges on account of same. While starting with debit balance in cash book for preparing bank reconciliation statement, we need to deduct 78,400 to reconcile with pass book.**

**False:** We need to deduct 81,600 (i.e. both cheque returned & charges) from debit balance in cash book to arrive at balance as per pass book.

**Q128 Interest on savings bank that is allowed or credited by bank is generally recorded in cash book prior to it being recorded by bank.**

**False:** Interest allowed by bank is mostly recorded in cash book after the entry has been made in the pass book or bank statement.

**Q129 . A regular bank reconciliation discourages the accountants to be involved in any kind of funds embezzlement.**

**True:** In absence of any reconciliation, the accountants can mis-utilize the funds temporarily by recording the entry without actual depositing the cash,

**Q130. Timing difference relates the transactions that are recorded in the same period in both cash book and also the bank pass book.**

**False:** Timing differences relate to the transactions that are recorded in cash book and pass book in two different periods.

# INVENTORY

**Q131 Inventories are stocks of goods and materials that are maintained for mainly the purpose of revenue generation.**

**True:** Inventories refers to stocks of goods and materials that are maintained in business for revenue generation.

**Q132 . A building is considered inventory in a construction business.**

**True:** For a construction business, a building under construction will be inventory. The building is being built in the normal course of business and will eventually be sold as inventory.

**Q133 Inventory is valued as carrying cost less percentage decreases.**

**False:** Inventory is valued at lower of cost or net realizable value.

**Q134 . Management has daily information about the quantity and valuation of closing stock under physical Inventory System.**

**False:** Under Perpetual Inventory System management have daily information of closing stock.

**Q135 Periodic Inventory System is more suitable for small enterprises.**

**True:** A periodic inventory system is suitable to small and micro enterprises, where Physical counting of inventory is not a tedious process.

**Q136. When closing inventory is overstated, net income for the accounting period will be understated.**

**False:** When closing inventory is overstated, net income for the accounting period will be overstated.

**Q137. Closing inventory = Opening inventory + Purchases + Direct expenses + Cost of goods sold.**

**False:** Closing stock = Cost of goods sold - (Opening inventory + Purchases + Direct expenses).

**Q138 Cost of inventories should comprise all cost of purchase.**

**False:** Cost of inventories should comprise all cost of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

**Q139 Inventory by-products, should be valued at net realisable value where cost of by products can be separately determined.**

**False:** Inventory by-products, should be valued at net realisable value where cost of by products cannot be separately determined..

**Q140 Under inflationary conditions, FIFO will not show lowest values of cost of goods sold.(JAN25)**

**FALSE :** Under inflationary conditions, LIFO and weighted average will not show lowest value of cost of goods sold.

**Q141 Abnormal amounts of wasted materials, labour or other production overheads expenses are included in the costs of inventories.**

**False:** Abnormal amounts of wasted materials, labour or other production overheads expenses are generally not included in the costs of inventories.

**Q142. Perpetual system requires closure of business for counting of inventory.**

**False:** Periodic system requires closure of business for counting of inventory.

**Q143. Periodic inventory system is a method of ascertaining inventory by taking an actual physical count.**

**True:** Under Periodic inventory system actual physical count of inventory is taken of all the inventory on hand at a particular date.

**Q144. The value of closing inventory under simple average price method is realistic as compare to LIFO.**

**True:** Value of Closing stock as per average method is more realistic then LIFO.

**Q145. The value of stock is shown on the assets side of the balance-sheet as fixed assets.**

**False:** The value of stock is shown on the assets side of the balance-sheet as current assets. As it is realisable within 12 months.

**Q146 Under inflationary conditions, FIFO will not show lowest value of cost of goods sold.**

**False:** Under inflationary conditions, LIFO and weighted average will not show lowest value of cost of goods sold.

**Q147. Under LIFO, valuation of inventory is based on the assumption that costs are charged against revenue in the order in which they occur.**

**False:** Under FIFO, valuation of inventory is based on the assumption that costs are charged against revenue in the order in which they occur.

**Q148.Valuation of inventory, at cost or net realisable value, whichever less, is based on the principle of Conservatism. (SEPTEMBER-24 )**

**True:** The conservatism concept states that one shall not account for anticipated profits but shall provide all prospective losses. Valuing inventory at cost or net realisable value whichever is less, therefore is based on principle of Conservatism.
