Question 7

What are the two schools of Hindu law and where are they prevalent? Explain. Also, mention the difference between the two schools of Hindu Law. [SM Q.]

Answer 7

The two schools of Hindu law are Dayabaga school, prevalent in West Bengal and Assam, and Mitakshara school, prevalent in rest of India. Under the Dayabaga school of Hindu Law, nobody acquires the right, share in the property by birth as long as the head of family is living. Thus, the children do not acquire any right, share in the family property, as long as his father is alive and only on death of the father, the children will acquire right/share in the property. Hence, the father and his brothers would be the coparceners of the HUF.

Under the Mitakshara school of Hindu Law, one acquires the right to the family property by his birth and not by succession irrespective of the fact that his elders are living. Thus, every child born in the family acquires a right/share in the family property.

The Jain HUF in Assam comprises of Mr. Suresh Jain, his wife Mrs. Sapna Jain, his son Mr. Sarthak Jain, his daughter-in-law Mrs. Preeti Jain, his daughter Miss Seema Jain and his unmarried brother Mr. Pritam Jain. Which of the members of the HUF are eligible for coparcenary rights? [SM Q.]

Answer 8

Dayabaga school of Hindu law is prevalent in Assam. In Dayabaga school of Hindu law, nobody acquires the right, share in the property by birth as long as the head of family is living. Thus, the children do not acquire any right, share in the family property, as long as his father is alive and only on death of the father, the children will acquire right/share in the property.

Hence, Mr. Suresh Jain and his brother, Mr. Pritam Jain would be the coparceners of the Jain HUF and are eligible for coparcenary rights.

Question 9

What is the difference between an Association of Persons and Body of Individuals? [SM Q.]

Answer 9

In order to constitute an Association of Persons (AOP), persons must join for a common purpose or action and their object must be to produce income; it is not enough that the persons receive the income jointly.

Body of Individuals denotes the status of persons like executors or trustees who merely receive the income jointly and who may be assessable in like manner and to the same extent as the beneficiaries individually. Thus, coexecutors or co-trustees are assessable as a BOI as their title and interest are indivisible.

The difference between an AOP and BOI is that in case of a BOI, only individuals can be the members, whereas in case of AOP, any person can be its member i.e. entities like company, firm etc. can be the member of AOP but not of BOI.

In case of an AOP, members voluntarily come together with a common will for a common intention or purpose, whereas in case of BOI, such common will may or may not be present.

Question 10

State any four instances where the income of the previous year is assessable in the previous year itself instead of the assessment year. [SM Q.]

Answer 10

The income of an assessee for a previous year is charged to income-tax in the assessment year following the previous year. However, in a few cases, the income is taxed in the previous year in which it is earned. These exceptions have been made to protect the interests of revenue. The exceptions are as follows:

- (i) Where a ship, belonging to or chartered by a non-resident, carries passengers, livestock, mail or goods shipped at a port in India, the ship is allowed to leave the port only when the tax has been paid or satisfactory arrangement has been made for payment thereof 7.5% of the freight paid or payable to the owner or the charterer or to any person on his behalf, whether in India or outside India on account of such carriage is deemed to be his income which is charged to tax in the same year in which it is earned.
- (ii) Where it appears to the Assessing Officer that any individual may leave India during the current assessment year or shortly after its expiry and he has no present intention of returning to India, the total income of such individual for the period from the expiry of the respective previous year up to the probable date of his departure from India is chargeable to tax in that assessment year.
- (iii) If an AOP/BOI etc. is formed or established for a particular event or purpose and the Assessing Officer apprehends that the AOP/BOI is likely to be dissolved in the same year or in the next year, he can make assessment of the income up to the date of dissolution as income of the relevant assessment year.
- (iv) During the current assessment year, if it appears to the Assessing Officer that a person is likely to charge, sell, transfer, dispose of or otherwise part with any of his assets to avoid payment of any liability under this Act, the total income of such person for the period from the expiry of the previous year to the date, when the Assessing Officer commences proceedings under this section is chargeable to tax in that assessment year.
- (v) Where any business or profession is discontinued in any assessment year, the income of the period from the expiry of the previous year up to the date of such discontinuance may, at the discretion of the Assessing Officer, be charged to tax in that assessment year.

[SM Q.]

Question 12

Question 14

Explain with brief reasons, whether the following income can be regarded as agricultural income, as per the provisions of the Income-tax Act, 1961:

- Rent received for letting out agricultural land for a movie shooting.
- Income from sale of seedlings in a nursery adjacent to the agricultural lands owned by an assessee.

[SM Q.]

Answer 14

(i) Rent received for letting out agricultural land for a movie shooting:

As per section 2(1A), "agricultural income" means, inter alia,

- any rent or revenue derived from land
- which is situated in India and is used for agricultural purposes.

In the present case, rent is being derived from letting out of agricultural land for a movie shoot, which is not an agricultural purpose and hence, it does not constitute agricultural income.

(ii) Income from sale of seedlings in a nursery:

As per Explanation 3 to section 2(1A), income derived from saplings or seedlings grown in a

nursery is deemed to be agricultural income, whether or not the basic operations were carried out on land.

Therefore, the amount received from sale of seedlings in a nursery adjacent to the agricultural lands owned by the assessee constitutes agricultural income.

Question 15

Mr. Raja, a resident Indian, earns income of ₹ 10 lakhs from sale of coffee grown and cured in India during the A.Y. 2025-26. His friend, Mr. Shyam, a resident Indian, earns income of ₹ 20 lakhs from sale of coffee grown, cured, roasted and grounded by him in India during the A.Y. 2025-26. What would be the business income chargeable to tax in India of Mr. Raja and Mr. Shyam? [SM Q.]

Answer 15

In case of income derived from the sale of coffee grown and cured by the seller in India, 25% income on such sale is taxable as business income. In case of income derived from the sale of coffee grown, cured, roasted and grounded by the seller in India, 40% income on such sale is taxable as business income.

Business income of Mr. Raja = 25% of ₹ 10 lakhs = ₹ 2.5 lakhs

Business income of Mr. Shyam = 40% of ₹ 20 lakhs = ₹ 8 lakhs

Question 16

Mr. X, a resident, has provided the following particulars of his income for the P.Y. 2024-25.

- (i) Income from salary (computed) - ₹ 4,80,000 ✓
- (ii) Income from house property (computed) - ₹ 3,50,000
- (iii) Agricultural income from a land in Jaipur - ₹ 4,80,000

Compute his tax liability for A.Y. 2025-26 assuming his age is -

- (a) 45 years
- (b) 70 years

Question 17

Miss Vivitha, a resident and ordinarily resident in India, has derived the following income from various operations (relating to plantations and estates owned by her) during the year ended 31-3-2025:

S. No.	Particulars	₹
(i)	Income from sale of centrifuged latex processed from rubber plants grown in Darjeeling.	3,00,000
(ii)	Income from sale of coffee grown and cured in Yercaud, Tamil Nadu.	1,00,000
(iii)	Income from sale of coffee grown, cured, roasted and grounded, in Colombo. Sale consideration was received at Chennai.	2,50,000
(iv)	Income from sale of tea grown and manufactured in Shimla.	4,00,000
(v)	Income from sapling and seedling grown in a nursery at Cochin. Basic operations were not carried out by her on land.	80,000

You are required to compute the business income and agricultural income of Miss Vivitha for the A.Y. 2025-26. [SM Q.]

Question 18

Discuss the taxability of the following transactions giving reasons, in the light of relevant

provisions, for your conclusion.

- (i) Mr. Rajpal took a land on rent from Ms. Shilpa on monthly rent of ₹ 10,000. He sub-lets the land to Mr. Manish for a monthly rent of ₹ 11,500. Manish uses the land for grazing of cattle required for agricultural activities. Mr. Rajpal wants to claim deduction of ₹ 10,000 (being rent paid by him to Ms. Shilpa) from the rental income received by it from Mr. Manish.
- (ii) Mr. Netram grows paddy on land. He then employs mechanical operations on grain to make it fit for sale in the market, like removing hay and chaff from the grain, filtering the grain and finally packing the rice in gunny bags. He claims that entire income earned by him from sale of rice is agricultural income not liable to income-tax since paddy as grown on land is not fit for sale in its original form.

Answer 18

- (i) The rent or revenue derived from land situated in India and used for agricultural purposes would be agricultural income under section 2(1A)(a). Therefore, rent received from sub-letting of the land used for grazing of cattle required for agriculture activities is agricultural income. The rent can either be received by the owner of the land or by the original tenant from the sub-tenant. Accordingly, rent received by Mr. Rajpal from Mr. Manish for using land for grazing of cattle required for agricultural activities is agricultural income exempt u/s 10(1). As per section 14A, no deduction is allowable in respect of exempt income.
- (ii) The income from the process ordinarily employed to render the produce fit to be taken to the market would be agricultural income under section 2(1A)(b)(ii). The process of making the rice ready from paddy for the market may involve manual operations or mechanical operations, both of which constitute processes ordinarily employed to make the product fit for the market. Accordingly, the entire income earned by Mr. Netram from sale of rice is agricultural income.

Residence and Scope of Total Income

Question 1

Mr. Anand is an Indian citizen and a member of the crew of a Singapore bound Indian ship engaged in carriage of passengers in international traffic departing from Chennai port on 6th June, 2024. From the following details for the P.Y. 2024-25, determine the residential status of Mr. Anand for A.Y. 2025-26, assuming that his stay in India in the last 4 previous years (preceding P.Y. 2024-25) is 400 days: [SM Q.]

Particulars	Date
Date entered into the Continuous Discharge Certificate in respect of joining the ship by Mr. Anand	6th June, 2024
Date entered into the Continuous Discharge Certificate in respect of signing off the ship by Mr. Anand	9th December, 2024

Answer 1

In this case, since Mr. Anand is an Indian citizen and leaving India during P.Y. 2024-25 as a member of the crew of the Indian ship, he would be resident in India if he stayed in India for 182 days or more.

The voyage is undertaken by an Indian ship engaged in the carriage of passengers in international traffic, originating from a port in India (i.e., the Chennai port) and having its destination at a port outside India (i.e., the Singapore port). Hence, the voyage is an eligible voyage for the purposes of section 6(1).

Therefore, the period beginning from 6th June, 2024 and ending on 9th December, 2024, being the dates entered into the Continuous Discharge Certificate in respect of joining the ship and signing off from the ship by Mr. Anand, an Indian citizen who is a member of the crew of the ship, has to be excluded for computing the period of his stay in India. Accordingly, 187 days [25 + 31 + 31 + 30 + 31 + 30 + 9] have to be excluded from the period of his stay in India. Consequently, Mr. Anand's period of stay in India during the P.Y. 2024-25 would be 178 days [i.e., 365 days – 187 days]. Since his period of stay in India during the P.Y. 2024-25 is less than 182 days, he is a non-resident for A.Y. 2025-26.

Question 2

- Would your answer change if the above facts relate to Srinath, an Indian citizen who resides in Australia and represents the Australian cricket team?
- What would be your answer if Srinath had visited India for 120 days instead of 100 days every year, including P.Y. 2024-25?

[SM Q.]

Question 3

Mr. B, a Canadian citizen, comes to India for the first time during the P.Y. 2020-21. During the financial years 2020-21, 2021-22, 2022-23, 2023-24 and 2024-25, he was in India for 55 days, 60 days, 90 days, 150 days and 70 days, respectively. Determine his residential status for the A.Y. 2025-26. [SM Q.]

Question 4

The business of a HUF is transacted from Australia and all the policy decisions are taken there. Mr. E, the Karta of the HUF, who was born in Kolkata, visits India during the P.Y. 2024-25 after 15 years. He comes to India on 1.4.2024 and leaves for Australia on 1.12.2024. Determine the residential status of Mr. E and the HUF for A.Y. 2025-26. [SM Q.]

Question 5

Mr. David, an Indian citizen aged 40 years, a Government employee serving in the Ministry of External Affairs, left India for the first time on 31.03.2024 due to his transfer to High Commission of Canada. He did not visit India any time during the previous year 2024-25. He has received the following income for the Financial Year 2024-25:

S. No.	Particulars	₹
(i)	Salary (Computed)	5,00,000 ✓
(ii)	Foreign Allowance [not included in (i) above]	4,00,000 Exempt 10(7)
(iii)	Interest on fixed deposit from bank in India	✓ 1,00,000
(iv)	Income from agriculture in Nepal	2,00,000 X
(v)	Income from house property in Nepal	2,50,000 X

Compute his Gross Total Income for Assessment Year 2025-26.

[SM Q.]

Answer 5

As per section 6(1), Mr. David is a non-resident for the A.Y. 2025-26, since he was not present in India at any time during the previous year 2024-25.

As per section 5(2), a non-resident is chargeable to tax in India only in respect of following incomes:

- (i) Income received or deemed to be received in India; and
- (ii) Income accruing or arising or deemed to accrue or arise in India.

In view of the above provisions, income from agriculture in Nepal and income from house property in Nepal would not be chargeable to tax in the hands of David, assuming that the same were received in Nepal. Income from 'Salaries' payable by the Government to a citizen of India for services rendered outside India is deemed to accrue or arise in India as per section 9(1)(iii). Hence, such income is taxable in the hands of Mr. David, even though he is a non-resident.

However, allowances or perquisites paid or allowed as such outside India by the Government to a citizen of India for rendering service outside India is exempt under section 10(7). Hence, foreign allowance of ₹ 4,00,000 is exempt under section 10(7) in the hands of Mr. David.

Gross Total Income of Mr. David for A.Y. 2025-26

Particulars	₹
Salaries (computed)	5,00,000
Income from other sources (Interest on fixed deposit in India)	1,00,000
Gross Total Income	6,00,000

Question 6

Chapter 2: Residence and Scope of Total Income

Miss Vivitha paid a sum of 5000 USD to Mr. Kulasekhara, a management consultant practising in Colombo, specializing in project financing. The payment was made in Colombo. Mr. Kulasekhara is a non-resident. The consultancy is related to a project in India with possible Ceylonese collaboration. Is this payment chargeable to tax in India in the hands of Mr. Kulasekhara, since the services were used in India? [SM Q.]

Answer 6

A non-resident is chargeable to tax in respect of income received outside India only if such income accrues or arises or is deemed to accrue or arise to him in India.

The income deemed to accrue or arise in India under section 9 comprises, inter alia, income by way of fees for technical services, which includes any consideration for rendering of any managerial, technical or consultancy services. Therefore, payment to a management consultant relating to project financing is covered within the scope of "fees for technical services".

The Explanation below section 9(2) clarifies that income by way of, inter alia, fees for technical services, from services utilized in India would be deemed to accrue or arise in India in case of a non-resident and be included in his total income, whether or not such services were rendered in India or whether or not the non-resident has a residence or place of business or business connection in India.

In the instant case, since the services were utilized in India, the payment received by Mr. Kulasekhara, a non-resident, in Colombo is chargeable to tax in his hands in India, as it is deemed to accrue or arise in India.

Question 8

HW Mr. Ram, an Indian citizen, left India on 22.09.2024 for the first time to work as an officer of a company in Germany. Determine the residential status of Ram for the assessment year 2025-26. [SM Q.]

Answer 8

Under section 6(1), an individual is said to be resident in India in any previous year if he satisfies any one of the following conditions –

- (i) He has been in India during the previous year for a total period of 182 days or more, or
- (ii) He has been in India during the 4 years immediately preceding the previous year for a total period of 365 days or more and has been in India for at least 60 days in the previous year.

In the case of Indian citizens leaving India for employment, the period of stay during the previous year must be 182 days instead of 60 days given in (ii) above.

During the previous year 2024-25, Mr. Ram, an Indian citizen, was in India for 175 days only (i.e., 30+31+30+31+31+22 days). Thereafter, he left India for employment purposes.

Since he does not satisfy the minimum criteria of 182 days stay in India during the relevant previous year, he is a non-resident for the A.Y. 2025-26.

Question 9

HW Mr. Dey, a non-resident, residing in US since 1990, came back to India on 1.4.2023 for permanent settlement. What will be his residential status for assessment year 2025-26? [SM Q.]

Answer 9

Mr. Dey is a resident in A.Y. 2025-26 since he has stayed in India for a period of 365 days (more than 182 days) during the P.Y. 2024-25.

As per section 6(6), a person will be "Not ordinarily Resident" in India in any previous year, if such person, inter alia,:

- (a) has been a non-resident in 9 out of 10 previous years preceding the relevant previous year; or
- (b) has during the 7 previous years immediately preceding the relevant previous year been in India for 729 days or less.

If he does not satisfy either of these conditions, he would be a resident and ordinarily resident.

For the previous year 2024-25 (A.Y. 2025-26), his status would be "Resident but not ordinarily resident" since he was non-resident in 9 out of 10 previous years immediately preceding the P.Y. 2024-25. He can be resident but not ordinarily resident also due to the fact that he has stayed in India only for 365 days (i.e., less than 730 days) in 7 previous years immediately preceding the P.Y. 2024-25.

Chapter 2: Residence and Scope of Total Income

Question 10

Mr. Ramesh & Mr. Suresh are brothers and they earned the following incomes during the financial year 2024-25. Mr. Ramesh settled in Canada in the year 1996 and Mr. Suresh settled in Delhi. Compute the total income for the A.Y. 2025-26, assuming that he has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A) –

[SM Q.]

Sr. No.	Particulars	Mr. Ramesh (₹)	Mr. Suresh (₹)

- In case of a resident and ordinarily resident, his global income is taxable as per section 5(1). However, as per section 5(2), in case of a non-resident, only the following incomes are chargeable to tax:

- Income received or deemed to be received in India; and
- Income accruing or arising or deemed to accrue or arise in India.

Therefore, fees for technical services rendered in India would be taxable in the hands of Mr. Ramesh, even though he is a non-resident.

- In case of an individual, interest upto ₹ 10,000 from savings account with, inter alia, a bank is allowable as deduction under section 80TTA.

Question 11

Examine the correctness or otherwise of the statement - "Income deemed to accrue or arise in India to a non-resident by way of interest, royalty and fees for technical services is to be taxed irrespective of territorial nexus". [SM Q.]

Answer 11

This statement is correct.

As per Explanation to section 9, income by way of interest, royalty or fees for technical services which is deemed to accrue or arise in India by virtue of clauses (v), (vi) and (vii) of section 9(1), shall be included in the total income of the non-resident, whether or not -

- (i) non-resident has a residence or place of business or business connection in India; or
- (ii) the non-resident has rendered services in India.

In effect, the income by way of fees for technical services, interest or royalty from services utilised in India would be deemed to accrue or arise in India in case of a non-resident and be included in his total income, whether or not such services were rendered in India and irrespective of whether the non-resident has a residence or place of business or business connection in India.

Question 12

Examine with reasons whether the following transactions attract income-tax in India in the hands of recipients:

- (i) Salary paid by Central Government to Mr. John, a citizen of India ₹ 7,00,000 for the services rendered outside India.
- (ii) Interest on moneys borrowed from outside India ₹ 5,00,000 by a non-resident for the purpose of business within India say, at Mumbai.
- (iii) Post office savings bank interest of ₹ 19,000 received by a resident assessee, Mr. Ram, aged 46 years.
- (iv) Royalty paid by a resident to a non-resident in respect of a business carried on outside India.
- (v) Legal charges of ₹ 5,00,000 paid in Delhi to a lawyer of United Kingdom who visited India to represent a case at the Delhi High Court. **[SM Q.]**

Answer 12

	Taxable/Not Taxable	Amount liable to tax (₹)	Reason
(i)	Taxable	6,50,000	As per section 9(1)(iii), salaries payable by the Government to a citizen of India for service rendered outside India shall be deemed to accrue or arise in India. Therefore, salary paid by Central Government to Mr. John for services rendered outside India would be deemed to accrue or arise in India since he is a citizen of India. He would be entitled to standard deduction of ₹ 50,000 under section 16(ia).
(ii)	Taxable	5,00,000	As per section 9(1)(v)(c), interest payable by a non-resident on moneys borrowed and used for the purposes of business carried on by such person in India shall be deemed to accrue or arise in India in the hands of the recipient.
(iii)	Partly Taxable	5,500	The interest on Post Office Savings Bank a/c, would be exempt u/s 10(15)(i), only to the extent of ₹ 3,500 in case of an individual a/c. Further, interest upto ₹ 10,000, would be allowed as deduction u/s 80TTA from Gross Total Income. Balance ₹ 5,500 i.e., ₹ 19,000 - ₹ 3,500 - ₹ 10,000 would be taxable in the hands of Mr. Ram, a resident.
(iv)	Not Taxable	-	Royalty paid by a resident to a non-resident in respect of a business carried outside India would not be taxable in the hands of the non-resident provided the same is not received in India. This has been provided as an exception to deemed accrual mentioned in section 9(1)(vi)(b).

Chapter 2: Residence and Scope of Total Income

	Taxable/Not Taxable	Amount liable to tax (₹)	Reason
(v)	Taxable	5,00,000	In case of a non-resident, any income which accrues or arises in India or which is deemed to accrue or arise in India or which is received in India or is deemed to be received in India is taxable in India. Therefore, legal charges paid in India to a non-resident lawyer of UK, who visited India to represent a case at the Delhi High Court would be taxable in India.

Question 14

You are required to determine the residential status of Mr. Dinesh, a citizen of India, for the previous year 2024-25.

Mr. Dinesh is a member of crew of a Singapore bound Indian ship, carrying passengers in the international waters, which left Kochi port in Kerala, on 16th August, 2024.

Following details are made available to you for the previous year 2024-25:

Particulars	Date
Date entered into the Continuous Discharge Certificate in respect of joining the ship by Mr. Dinesh	16th August, 2024
Date entered into the Continuous Discharge Certificate in respect of signing off the ship by Mr. Dinesh	21st January, 2025

In June, 2024, he had gone out of India to Dubai on a private tour for a continuous period of 27 days.

During the last four years preceding the PY 2024-25, he was present in India for 425 days. During the last seven PY's preceding the PY 2024-25, he was present in India for 830 days.

[RTP NOV-20 Q.]

Answer 14

Determination of residential status of Mr. Dinesh for the P.Y. 2024-25

As per Explanation 1 to section 6(1), where an Indian citizen leaves India as a member of crew of an Indian ship, he will be resident in India only if he stayed in India for 182 days during the relevant previous year.

As per Explanation 2 to section 6(1), in case of an individual, being a citizen of India and a member of the crew of a foreign bound ship leaving India, the period or periods of stay in India shall, in respect of an eligible voyage, not include the period commencing from the date entered into the Continuous Discharge Certificate in respect of joining of ship by the said individual for the eligible voyage and ending on the date entered into the Continuous Discharge Certificate in respect of signing off by that individual from the ship in respect of such voyage.

Eligible voyage includes a voyage undertaken by an Indian ship engaged in the carriage of passengers in international traffic, originating from any port in India and having its destination at a port outside India.

In this case, voyage is undertaken by a foreign bound Indian ship engaged in the carriage of passengers in international traffic, originating from a port in India (i.e., the Kochi port) and having its destination at a port outside India (i.e., the Singapore port). Hence, the voyage is an eligible voyage.

Therefore, the period from 16th August, 2024 and ending on 21st January, 2025 has to be excluded for computing the period of stay of Mr. Dinesh in India. Accordingly, the period of 159 days [16+30+31+30+31+21] has to be excluded for computing the period of his stay in India during the P.Y. 2024-25.

24.25.

Chapter 2: Residence and Scope of Total Income

Further, since Mr. Dinesh had also gone out of India to Dubai on a private tour for a continuous period of 27 days in June, 2024, such period has also to be excluded for computing his period of stay in India during the P.Y. 2024-25.

Consequently, the period of stay in India during the P.Y. 2024-25 would be 179 days [i.e., 365 days – 159 days – 27 days], which is less than 182 days.

Thus, Mr. Dinesh would be a non-resident for A.Y. 2025-26.

Since the residential status of Mr. Dinesh is “non-resident” for A.Y. 2025-26 consequent to his number of days of stay in India in P.Y. 2024-25, being less than 182 days, his period of stay in India in the earlier previous years become irrelevant.

- (3) Interest on fixed deposit with Punjab National Bank (Delhi) amounting to ₹ 10,500 was credited to his saving account. [MTP Q.]

Answer 16

Determination of residential status

Mr. Raghu would be a resident in India in P.Y. 2024-25, if he satisfies any one of the following conditions:

- (i) He has been in India during the previous year for a total period of 182 days or more, or
- (ii) He has been in India during the 4 years immediately preceding the previous year for a total period of 365 days or more and has been in India for at least 60 days in the previous year.

If he satisfies any one of the mentioned above, he is a resident. If both the above conditions are not satisfied, he would be a non-resident.

During the P.Y. 2024-25 Mr. Raghu stayed in India for ~~179~~ days i.e. ~~365~~ days – 186 days [78 days + 34 days + 74 days] and 380 days i.e., more than 365 days during the 4 preceding previous years. He satisfies the second basic condition for being a resident. Hence, he is a resident in India for A.Y.2025-26.

A person would be “Not ordinarily Resident” in India in any previous year, if such person, inter alia:

- (a) has been a non-resident in 9 out of 10 previous years preceding the relevant previous year; or
- (b) has during the 7 previous years immediately preceding the relevant previous year been in India for 729 days or less.

For the previous year 2024-25, Mr. Raghu would be “Resident but not ordinarily resident” since he stayed for less than 729 days during the 7 previous years immediately preceding P.Y. 2024-25.

- From parents of husband ₹ 71,000 *Exempt*
 - From married sister of husband ₹ 21,000 *Exempt*
 - From two very close friends of her husband ₹ 1,41,000 and ₹ 1,21,000 ₹ 2,62,000 *Taxable*
- (i) Determine her residential status and compute the total income chargeable to tax for the Assessment Year 2025-26. Assuming that she has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A)
- (ii) Will the residential status change if she had returned to India again on 20-01-2025 instead of 20-02-2025? **[MTP Q.]**

Answer 17

(i) Determination of residential status and computation of total income of Miss Bhanushali (if she returned to India on 20.2.2025)

Particulars	₹
Under section 6(1), an individual is said to be resident in India in any previous year, if he/she satisfies any one of the following conditions:	
(i) He/she has been in India during the previous year for a total period of 182 days or more, or	
(ii) He/she has been in India during the 4 years immediately preceding the previous year for a total period of 365 days or more and has been in India for at least 60 days in the previous year.	
If an individual satisfies any one of the conditions mentioned above, he/she is a resident. If both the above conditions are not satisfied, the individual is a non-resident.	
Therefore, the residential status of Miss Bhanushali, an American National, for A.Y.2025-26 has to be determined on the basis of her stay in India during the previous year relevant to A.Y. 2025-26 i.e. P.Y.2024-25 and in the preceding four assessment years.	
Her stay in India during the previous year 2024-25 and in the preceding four years are as under:	
P.Y. 2024-25	
01.04.2024 to 11.08.2024	- 133 days
20.02.2025 to 31.03.2025	- 40 days
Total	173 days
Four preceding previous years	
P.Y.2023-24 [14.2.2023 to 31.3.2024]	- 47 days
P.Y.2022-23	- Nil
P.Y.2021-22	- Nil
P.Y.2020-21	- Nil
Total	47 days
The total stay of Miss Bhanushali during the previous year in India was less than 182 days and during the four years preceding this year was for 47 days.	
Therefore, due to non-fulfillment of any of the two conditions for a resident, she would be treated as non-resident for the Assessment Year 2025-26.	
Computation of total income of Miss Bhanushali for the A.Y. 2025-26	
Income from other sources	
Gifts received from non-relatives is chargeable to tax as per section 56(2) (x) if the aggregate value of such gifts exceeds ₹ 50,000.	Nil
- ₹ 71,000 received from parents of husband would be exempt, since parents of husband fall within the definition of 'relatives' and gifts from a relative are not chargeable to tax.	Nil

Particulars	₹
- ₹ 21,000 received from married sister-in-law is exempt, since sister of husband falls within the definition of relative and gifts from a relative are not chargeable to tax.	262000
- Gift received from two friends of her husband ₹ 1,41,000 and ₹ 1,21,000 aggregating to ₹ 2,62,000 is taxable under section 56(2)(x) since the aggregate of ₹ 2,62,000 exceeds ₹ 50,000.	262000
Total Income	

(ii) Determination of residential status of Miss Bhanushali (if she returned to India on 20.1.2025)

Particulars	₹
Yes, the answer would change, if she had returned to India again on 20.1.2025 instead of 20.2.2025.	
In such case, her stay in India during the previous year 2024-25 would be:	
01.04.2024 to 11.08.2024 - 133 days	
20.01.2025 to 31.03.2025 - 71 days	
Total 204 days	
Since she satisfies the condition of stay in India for more than 182 days during the previous year 2024-25, she would become resident in India. She would be a resident but not ordinarily resident in India for A.Y. 2025-26, since her stay in India in the preceding seven years is less than 730 days (it is only 47 days) ¹	

- ¹ In the alternative, an individual can be treated as not ordinarily resident if she is non-resident in any 9 out of 10 preceding assessment years. In this case, Miss Bhanushali is a non-resident in all 10 preceding assessment years. She was in India for only 47 days in A.Y. 2025-26 and never visited India earlier.

Answer 2

Taxable allowance in the hands of Mr. Srikant is computed as under -

If Mr. Srikant exercises the option of shifting out of the default tax regime provided under section 115BAC(1A)

Children Education Allowance:

Elder son [(₹ 150 – ₹ 100) p.m. × 12 months] = ₹ 600

If Mr. Srikant pays tax under default tax regime under section 115BAC

Question 13

Mr. X and Mr. Y are working for M/s. Gama Ltd. As per salary fixation norms, the following perquisites were offered:

(i) For Mr. X, who engaged a domestic servant for ₹ 500 per month, his employer reimbursed the entire salary paid to the domestic servant i.e. ₹ 500 per month.

(ii) For Mr. Y, he was provided with a domestic servant @ ₹ 500 per month as part of remuneration package.

You are required to comment on the taxability of the above in the hands of Mr. X and Mr. Y, who are not specified employees. [SM Q.]

Answer 13

In the case of Mr. X, it becomes an obligation which the employee would have discharged even if the employer did not reimburse the same. Hence, the perquisite will be covered under section 17(2)(iv) and will be taxable in the hands of Mr. X. This is taxable in the case of all employees.

In the case of Mr. Y, it cannot be considered as an obligation which the employee would meet. The employee might choose not to have a domestic servant. This is taxable only in the case of specified employees covered by section 17(2)(iii). Hence, there is no perquisite element in the hands of Mr. Y.

Question 15

HW

Shri Bala employed in ABC Co. Ltd. as Finance Manager gives you the list of perquisites provided by the company to him for the entire financial year 2024-25:

- (i) Domestic servant was provided at the residence of Bala. Salary of domestic servant is ₹ 1,500 per month. The servant was engaged by him and the salary is reimbursed by the company (employer).
In case the company has employed the domestic servant, what is the value of perquisite?
- (ii) Free education was provided to his two children Arthy and Ashok in a school maintained and owned by the company. The cost of such education for Arthy is computed at ₹ 900 per month and for Ashok at ₹ 1,200 per month. No amount was recovered by the company for such education facility from Bala.
- (iii) The employer has provided movable assets such as television, refrigerator and air-conditioner at the residence of Bala. The actual cost of such assets provided to the employee is ₹ 1,10,000.
- (iv) A gift voucher worth ₹ 10,000 was given on the occasion of his marriage anniversary. It is given by the company to all employees above certain grade.
- (v) Telephone provided at the residence of Shri Bala and the bill aggregating to ₹ 25,000 paid by the employer.

- (vi) Housing loan @ 6% per annum. Amount outstanding on 1.4.2024 is ₹ 6,00,000. Shri Bala pays ₹ 12,000 per month towards principal, on 5th of each month.

Compute the chargeable perquisite in the hands of Mr. Bala for the A.Y. 2025-26.

The lending rate of State Bank of India as on 1.4.2024 for housing loan may be taken as 10%. **[SM Q.]**

Answer 15**Taxability of perquisites provided by ABC Co. Ltd. to Shri Bala**

- (i) Domestic servant was employed by the employee and the salary of such domestic servant was paid/reimbursed by the employer. It is taxable as perquisite for all categories of employees.

Taxable perquisite value = ₹ 1,500 × 12 = ₹ 18,000.

If the company had employed the domestic servant and the facility of such servant is given to the employee, then the perquisite is taxable only in the case of specified employees. The value of the taxable perquisite in such a case also would be ₹ 18,000.

- (ii) Where the educational institution is owned by the employer, the value of perquisite in respect of free education facility shall be determined with reference to the reasonable cost of such education in a similar institution in or near the locality. However, there would be no perquisite if the cost of such education per child does not exceed ₹ 1,000 per month.

Therefore, there would be no perquisite in respect of cost of free education provided to his child Arthy, since the cost does not exceed ₹ 1,000 per month.

However, the cost of free education provided to his child Ashok would be taxable, since the cost exceeds ₹ 1,000 per month. The taxable perquisite value would be ₹ 14,400 (₹ 1,200 × 12).

Note – An alternate view possible is that only the sum in excess of ₹ 1,000 per month is taxable. In such a case, the value of perquisite would be ₹ 2,400.

- (iii) Where the employer has provided movable assets to the employee or any member of his household, 10% per annum of the actual cost of such asset owned or the amount of hire charges incurred by the employer shall be the value of perquisite. However, this will not apply to laptops and computers. In this case, the movable assets are television, refrigerator and air conditioner and actual cost of such assets is ₹ 1,10,000.

The perquisite value would be 10% of the actual cost i.e., ₹ 11,000, being 10% of ₹ 1,10,000.

- (iv) The value of any gift or voucher or token in lieu of gift received by the employee or by member of his household not exceeding ₹ 5,000 in aggregate during the previous year is exempt. In this case, the amount was received on the occasion of marriage anniversary and the sum exceeds the limit of ₹ 5,000.

Therefore, the entire amount of ₹ 10,000 is liable to tax as perquisite.

Note- An alternate view possible is that only the sum in excess of ₹ 5,000 is taxable. In such a case, the value of perquisite would be ₹ 5,000

- (v) Telephone provided at the residence of the employee and payment of bill by the employer is a tax free perquisite.
- (vi) The value of the benefit to the assessee resulting from the provision of interest-free or concessional loan made available to the employee or any member of his household during the relevant previous year by the employer or any person on his behalf shall be determined as the sum equal to the interest computed at the rate charged per annum by the State Bank of India (SBI) as on the 1st day of the relevant previous year in respect of loans for the same purpose advanced by it. This rate should be applied on the maximum outstanding monthly balance and the resulting amount should be reduced by the interest, if any, actually paid by him.

“Maximum outstanding monthly balance” means the aggregate outstanding balance for loan as on the last day of each month.

The perquisite value for computation is 10% - 6% = 4%

Month	Maximum outstanding balance as on last date of month (₹)	Perquisite value at 4% for the month (₹)
April, 2024	5,88,000	1,960
May, 2024	5,76,000	1,920
June, 2024	5,64,000	1,880
July, 2024	5,52,000	1,840
August, 2024	5,40,000	1,800
September, 2024	5,28,000	1,760
October, 2024	5,16,000	1,720
November, 2024	5,04,000	1,680
December, 2024	4,92,000	1,640
January, 2025	4,80,000	1,600
February, 2025	4,68,000	1,560
March, 2025	4,56,000	1,520
Total value of this perquisite		20,880

Total value of taxable perquisite = ₹ 74,280 [i.e. ₹ 18,000 + ₹ 14,400 + ₹ 11,000 + ₹ 10,000 + ₹ 20,880].

Note - In case the alternate views are taken for items (ii) & (iv), the total value of taxable perquisite would be ₹ 57,280 [i.e., ₹ 18,000 + ₹ 2,400 + ₹ 11,000 + ₹ 5,000 + ₹ 20,880].

Question 16

AB Co. Ltd. allotted 1000 sweat equity shares to Sri Chand in June 2024. The shares were allotted at ₹ 200 per share as against the fair market value of ₹ 300 per share on the date of exercise of option by the allottee viz. Sri Chand. The fair market value was computed in accordance with the method prescribed under the Act.

- What is the perquisite value of sweat equity shares allotted to Sri Chand?
- In the case of subsequent sale of those shares by Sri Chand, what would be the cost of acquisition of those sweat equity shares? **[SM Q.]**

Answer 16

- As per section 17(2)(vi), the value of sweat equity shares chargeable to tax as perquisite shall be the fair market value of such shares on the date on which the option is exercised by the assessee as reduced by the amount actually paid by, or recovered from, the assessee in respect of such shares.

Particulars	₹
Fair market value of 1000 sweat equity shares @ ₹ 300 each	3,00,000
Less: Amount recovered from Sri Chand 1000 shares @ ₹ 200 each	2,00,000
Value of perquisite of sweat equity shares allotted to Sri Chand	1,00,000

- As per section 49(2AA), where capital gain arises from transfer of sweat equity shares, the cost of acquisition of such shares shall be the fair market value which has been taken into account for perquisite valuation under section 17(2)(vi).

Therefore, in case of subsequent sale of sweat equity shares by Sri Chand, the cost of acquisition

Chapter 3: Income from Salary

would be ₹ 3,00,000.

Government employee)	
- Professional tax paid allowable as deduction as per section 16(iii)	4,000
Income chargeable under the head "Salaries"	10,06,300

Note: As per Rule 3(7)(iv), the value of any gift or voucher received by the employee or by member of his household on ceremonial occasions or otherwise from the employer shall be determined as the sum equal to the amount of such gift. However, the value of any gift or voucher received by the employee or by member of his household below ₹ 5,000 in aggregate during the previous year would be exempt as per the proviso to Rule 3(7)(iv). In this case, the gift voucher of ₹ 12,000 was received by Mr. Neeraj from his employer on the occasion of his birthday. Since the value of the gift voucher exceeds the limit of ₹ 5,000, the entire amount of ₹ 12,000 is liable to tax as perquisite. The above solution has been worked out accordingly.

An alternate view possible is that only the sum in excess of ₹ 5,000 is taxable in view of the language of Circular No.15/2001 dated 12.12.2001, which states that such gifts upto ₹ 5,000 in the aggregate per annum would be exempt, beyond which it would be taxed as a perquisite. As per this view, the value of perquisite would be ₹ 7,000. Accordingly, the gross salary and net salary would be 10,55,300 and 10,01,300, respectively.

Answer 28

Computation of income chargeable under the head “Salaries” of Ms. Akansha for A.Y.2025-26 under default tax regime

Particulars	₹
Basic Salary	6,20,000
Dearness allowance	4,20,000
Commission	75,000
Entertainment allowance	9,000
Medical expenses reimbursed by the employer is fully taxable	18,000
Professional tax paid by the employer is a taxable perquisite as per section 17(2)(iv), since it is an obligation of the employee which is paid by the employer	2,000
Health insurance premium of ₹ 8,000 paid by the employer is an exempt perquisite [Clause (iii) of proviso to section 17(2)]	Nil
Gift voucher given by employer on Ms. Akansha birthday (entire amount is taxable since the perquisite value exceeds ₹ 5,000) as per Rule 3(7)(iv)	10,000
Life insurance premium of Ms. Akansha paid by employer is a taxable perquisite as per section 17(2)(v)	26,000
Laptop provided for use at home is an exempt perquisite as per Rule 3(7)(vii)	Nil
Provision of motor car with driver (engine cubic capacity more than 1.6 litres) owned by employer to employee, the perquisite value would be ₹ 39,600 [₹ (2,400 + 900) × 12] as per Rule 3(2)	39,600
Annual credit card fees paid by employer is a taxable perquisite as per Rule 3(7)(v) since the credit card is not exclusively used for official purposes and details of usage are not available	7,000
Gross Salary	12,26,600
Less: Deductions under section 16	
- Standard Deduction as per section 16(ia)	75,000
Income chargeable under the head “Salaries”	11,51,600

Note: As per Rule 3(7)(iv), the value of any gift or voucher received by the employee or by member of his household on ceremonial occasions or otherwise from the employer shall be determined as the sum equal to the amount of such gift. However, the value of any gift or voucher received by the employee or by member of his household below ₹ 5,000 in aggregate during the previous year would be exempt as per the proviso to Rule 3(7)(iv). In this case, the gift voucher of ₹ 10,000 was received by Ms. Akansha from her employer on the occasion of her birthday.

Since the value of the gift voucher exceeds the limit of ₹ 5,000, the entire amount of ₹ 10,000 is liable to tax as perquisite. The above solution has been worked out accordingly.

An alternate view possible is that only the sum in excess of ₹ 5,000 is taxable in view of the language of Circular No.15/2001 dated 12.12.2001, which states that such gifts upto ₹ 5,000 in the aggregate

per annum would be exempt, beyond which it would be taxed as a perquisite. As per this view, the value of perquisite would be ₹ 5,000. Accordingly, the gross salary and net salary would be ₹ 12,21,600 and ₹ 11,71,600, respectively.

Answer 18

In this case, Pihu has more than two house properties for self-occupation. As per section 23(4), Pihu can avail the benefit of self-occupation (i.e., benefit of “Nil” Annual Value) only in respect of any two of the house properties, at her option. The other house property would be treated as “deemed let-out” property, in respect of which the Expected rent would be the gross annual value. Pihu should, therefore, consider the most beneficial option while deciding which house properties should be treated by her as self-occupied.

OPTION 1 [House I & II – Self-occupied and House III- Deemed to be let out]

If House I and II are opted to be self-occupied, Pihu’s income from house property for A.Y.2025-26 would be –

Particulars	Amount in ₹
House I (Self-occupied) [Annual value is Nil]	Nil
House II (Self-occupied) [Annual value is Nil, but interest deduction would be available, subject to a maximum of ₹ 30,000. In case of money borrowed for repair of self-occupied property, the interest deduction would be restricted to ₹30,000, irrespective of the date of borrowal].	(30,000)
House III (Deemed to be let-out) [See Working Note below]	82,600
Income from house property	52,600

OPTION 2 [House I & III – Self-occupied and House II- Deemed to be let out]

If House I and III are opted to be self-occupied, Pihu’s income from house property for A.Y.2025-26 would be –

Particulars	Amount in ₹
House I (Self-occupied) [Annual value is Nil]	Nil
House II (Deemed to be let-out) [See Working Note below]	46,940
House III (Self-occupied) [Annual value is Nil]	Nil
Income from house property	46,940

OPTION 3 [House I – Deemed to be let out and House II & III – Self-occupied]

If House II and III are opted to be self-occupied, Pihu’s income from house property for A.Y.2025-26 would be –

Particulars	Amount in ₹
House I (Deemed to be let-out) [See Working Note below]	70,000
House II (Self-occupied) [Annual value is Nil, but interest deduction would be available, subject to a maximum of ₹ 30,000. In case of money borrowed for repair of self-occupied property, the interest deduction would be restricted to ₹30,000, irrespective of the date of borrowal].	(30,000)
House III (Self-occupied) [Annual value is Nil]	Nil
Income from house property	40,000

Since Option 3 is more beneficial, Pihu should opt to treat House – II & III as Self- occupied and House I as Deemed to be let out, in which case, her income from house property would be ₹ 40,000 for the A.Y. 2025-26.

Working Note:

(1)	Opening balance of plant and machinery as on 1.4.2024 (i.e., WDV as on 31.3.2024 after reducing depreciation for P.Y. 2023-24)	30,00,000
(2)	New plant and machinery purchased and put to use on 08.06.2024 (C F)	20,00,000
(3)	New plant and machinery acquired and put to use on 15.12.2024 (H)	8,00,000
(4)	Computer acquired and installed in the office premises on 2.1.2025 (H)	3,00,000

Compute the amount of depreciation and additional depreciation as per the Income-tax Act, 1961 for the A.Y. 2025-26 if Mr. X has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A). Assume that all the assets were purchased by way of account payee cheque. [SM Q]

Question 2

A car purchased by Dr. Soman on 10.08.2021 for ₹ 5,25,000 for personal use is brought into professional use on 1.07.2024 by him, when its market value was ₹ 2,50,000.

Compute the actual cost of the car and the amount of depreciation for the assessment year 2025-26 assuming the rate of depreciation to be 15%. [SM Q]

Answer 2

As per section 43(1), the expression “actual cost” would mean the actual cost of asset to the assessee.

The purchase price of ₹ 5,25,000 is, therefore, the actual cost of the car to Dr. Soman. Market value (i.e. ₹ 2,50,000) on the date when the asset is brought into professional use is not relevant.

Therefore, amount of depreciation on car as per section 32 for the A.Y.2025-26 would be ₹ 78,750, being ₹ 5,25,000 x 15%.

Note: Explanation 5 to section 43(1) providing for reduction of notional depreciation from the date of acquisition of asset for personal use to determine actual cost of the asset is applicable only in case of building which is initially acquired for personal use and later brought into professional use. It is not applicable in respect of other assets.

Question 12

Delta Ltd. credited the following amounts to the account of resident payees in the month of March, 2025 without deduction of tax at source. What would be the consequence of non-deduction of tax at source by Delta Ltd. on these amounts during the financial year 2024-25, assuming that the resident payees in all the cases mentioned below, have not paid the tax, if any, which was required to be deducted by Delta Ltd.?

	Particulars	Amount in ₹
(1)	Salary to its employees (credited and paid in March, 2025)	12,00,000
(2)	Directors' remuneration (credited in March, 2025 and paid in April, 2025)	28,000

30%
X 36000
X 8400

Would your answer change if Delta Ltd. has deducted tax on directors' remuneration in April, 2025 at the time of payment and remitted the same in July, 2025? [SM Q]

Answer 12

Non-deduction of tax at source on any sum payable to a resident on which tax is deductible at source would attract disallowance u/s 40(a)(ia).

Therefore, non-deduction of tax at source on any sum paid by way of salary on which tax is deductible u/s 192 or any sum credited or paid by way of directors' remuneration on which tax is deductible under section 194J, would attract disallowance @30% u/s 40(a)(ia). Whereas in case of salary, tax has to be deducted u/s 192 at the time of payment, in case of directors' remuneration, tax has to be deducted at the time of credit of such sum to the account of the payee or at the time of payment, whichever is earlier. Therefore, in both the cases i.e., salary and directors' remuneration, tax is deductible in the P.Y. 2024-25, since salary was paid in that year and directors' remuneration was credited in that year. Therefore, the amount to be disallowed u/s 40(a)(ia) while computing business income for A.Y. 2025-26 is as follows –

Particulars	Amount paid in ₹	Disallowance u/s 40(a)(ia) @30%
(1) Salary [tax is deductible under section 192]	12,00,000	3,60,000
(2) Directors' remuneration [tax is deductible under section 194J without any threshold limit]	28,000	8,400
Disallowance under section 40(a)(ia)		3,68,400

If the tax is deducted on directors' remuneration in the next year i.e., P.Y. 2025-26 at the time of payment and remitted to the Government, the amount of ₹ 8,400 would be allowed as deduction while computing the business income of A.Y. 2026-27.

Question 13

During the financial year 2024-25, the following payments/expenditure were made/ incurred by Mr. Yuvan Raja, a resident individual (whose turnover during the year ended 31.3.2024 was ₹ 99 lacs):

- Interest of ₹ 45,000 was paid to Rehman & Co., a resident partnership firm, without deduction of tax at source;
- ₹ 10,00,000 was paid as salary to a resident individual without deduction of tax at source;
- Commission of ₹ 16,000 was paid to Mr. Vidyasagar, a resident, on 2.7.2024 without deduction of tax at source.

Briefly discuss whether any disallowance arises under the provisions of section 40(a)(ia) of

(After
P2B
empic)

the Income-tax Act, 1961 assuming that the payees in all the cases mentioned above, have not paid the tax, if any, which was required to be deducted by Mr. Raja? [SM Q]

Answer 13

Disallowance under section 40(a)(ia) of the Income-tax Act, 1961 is attracted where the assessee fails to deduct tax at source as is required under the Act, or having deducted tax at source, fails to remit the same to the credit of the Central Government within the stipulated time limit.

- (i) The obligation to deduct tax at source from interest paid to a resident arises under section 194A in the case of an individual, whose total turnover in the immediately preceding previous year, i.e., P.Y.2023-24 exceeds ₹ 1 crore.

Thus, in present case, since the turnover of the assessee is less than ₹ 1 crore, he is not liable to deduct tax at source. Hence, disallowance under section 40(a)(ia) is not attracted in this case.

- (ii) The disallowance of 30% of the sums payable under section 40(a)(ia) would be attracted in respect of all sums on which tax is deductible under Chapter XVII-B. Section 192, which requires deduction of tax at source from salary paid, is covered under Chapter XVII-B. The obligation to deduct tax at source under section 192 arises, in the hands all assessee-employer even if the turnover amount does not exceed ₹ 1 crore in the immediately preceding previous year.

Therefore, in the present case, the disallowance under section 40(a)(ia) is attracted for failure to deduct tax at source under section 192 from salary payment. However, only 30% of the amount of salary paid without deduction of tax at source would be disallowed.

- (iii) The obligation to deduct tax at source under section 194-H from commission paid in excess of ₹ 15,000 to a resident arises in the case of an individual, whose total turnover in the immediately preceding previous year, i.e., P.Y.2023-24 exceeds ₹ 1 crore. Thus, in present case, since the turnover of the assessee is less than ₹ 1 crore, he is not liable to deduct tax at source u/s 194-H. Mr. Raja is not required to deduct tax at source u/s 194M also since the aggregate of such commission to Mr. Vidyasagar does not exceed ₹ 50 lakh during the P.Y. 2024-25. Therefore, disallowance under section 40(a)(ia) is not attracted in this case.

Question 16

Hari, an individual, carried on the business of purchase and sale of agricultural commodities like paddy, wheat, etc. He borrowed loans from Andhra Pradesh State Financial Corporation (APSFC) and Indian Bank and has not paid interest as detailed hereunder:

	₹
(i) Andhra Pradesh State Financial Corporation (P.Y. 2023-24 & 2024-25)	15,00,000
(ii) Indian Bank (P.Y. 2024-25)	30,00,000
	45,00,000

Both APSFC and Indian Bank, while restructuring the loan facilities of Hari during the year 2024-25, converted the above interest payable by Hari to them as a loan repayable in 60 equal installments. During the year ended 31.3.2025, Hari paid 5 installments to APSFC and 3 installments to Indian Bank.

Hari claimed the entire interest of ₹ 45,00,000 as an expenditure while computing the income from business of purchase and sale of agricultural commodities. Examine whether his claim is valid and if not what is the amount of interest, if any, allowable. [SM Q]

Answer 16

According to section 43B, any interest payable on the term loans to specified financial institutions and any interest payable on any loans and advances to, inter alia, scheduled banks shall be allowed only in the year of payment of such interest irrespective of the method of accounting followed by the assessee. Where there is default in the payment of interest by the assessee, such unpaid interest may be converted into loan. Such conversion of unpaid interest into loan shall not be construed as payment of interest for the purpose of section 43B. The amount of unpaid interest so converted as loan shall be allowed as deduction only in the year in which the converted loan is actually paid.

In the given case of Hari, the unpaid interest of ₹ 15,00,000 due to APSFC and of ₹ 30,00,000 due to Indian Bank was converted into loan. Such conversion would not amount to payment of interest and would not, therefore, be eligible for deduction in the year of such conversion. Hence, claim of Hari that the entire interest of ₹ 45,00,000 is to be allowed as deduction in the year of conversion is not tenable. The deduction shall be allowed only to the extent of repayment made during the financial year. Accordingly, the amount of interest eligible for deduction for the A.Y.2025-26 shall be calculated as follows:

	Interest outstanding	Number of Instalments	Amount per instalment	Instalments paid	Interest allowable (₹)
APSFC	15 lakh	60	25,000	5	1,25,000
Indian Bank	30 lakh	60	50,000	3	1,50,000
Total amount eligible for deduction					2,75,000

Question 17

Vinod is a person carrying on profession as film artist. His gross receipts from profession are as under:

Particulars	₹
Financial year 2021-22	1,15,000
Financial year 2022-23	1,80,000
Financial year 2023-24	2,10,000

What is his obligation regarding maintenance of books of accounts for Assessment Year 2025-26 under section 44AA of Income-tax Act, 1961? **[SM Q]**

Answer 17

Section 44AA(1) requires every person carrying on any profession, notified by the Board in the Official Gazette (in addition to the professions already specified therein), to maintain such books of account and other documents as may enable the Assessing Officer to compute his total income in accordance with the provisions of the Income-tax Act, 1961.

As per Rule 6F, a person carrying on a notified profession shall be required to maintain specified books of accounts:

- if his gross receipts in all the three years immediately preceding the relevant previous year has exceeded ₹ 1,50,000; or
- if it is a new profession which is setup in the relevant previous year, it is likely to exceed ₹ 1,50,000 in that previous year.

In the present case, Vinod is a person carrying on profession as film artist, which is a notified profession. Since his gross receipts have not exceeded ₹ 1,50,000 in financial year 2021-22, the requirement under section 44AA to compulsorily maintain the prescribed books of account is not applicable to him.

Mr. Vinod, however, required to maintain such books of accounts as would enable the Assessing Officer to compute his total income.

Question 18

Mr. Praveen engaged in retail trade, reports a turnover of ₹ 2,98,50,000 for the financial year 2024-25. Amount received in cash during the P.Y. 2024-25 is ₹ 14,00,000 and balance through prescribed electronic modes on or before 31st October 2025. His income from the said business as per books of account is ₹ 15,00,000 computed as per the provisions of Chapter IV-D "Profits and gains from business or Profession" of the Income-tax Act, 1961. Retail trade is the only source of income for Mr. Praveen. A.Y. 2024-25 was the first year for which he declared his business income in accordance with the provisions of presumptive taxation u/s 44AD.

- Is Mr. Praveen also eligible for presumptive determination of his income chargeable to tax for the assessment year 2025-26?
- If so, determine his income from retail trade as per the applicable presumptive provision.
- In case Mr. Praveen wants to declare profits as per books of account from retail trade, what are his obligations under the Income-tax Act, 1961?
- What is the due date for filing his return of income under both the options?

Answer 18

- Yes. Since his cash receipts during the P.Y. does not 5% of the total turnover $(14,00,000 / 2,98,50,000 \times 100)$ and his total turnover for the F.Y. 2024-25 is below ₹ 300 lakhs, he is eligible for presumptive taxation scheme under section 44AD in respect of his retail trade business.

Chapter 5: Profit & Gain from Business or Profession (PGBP)

- (ii) His income from retail trade, applying the presumptive tax provisions under section 44AD, would be ₹ 18,19,000 (₹ 1,12,000, being 8% of ₹ 14,00,000 + ₹ 17,07,000, being 6% of ₹ 2,84,50,000).
- (iii) Mr. Praveen had declared profit for the previous year 2023-24 in accordance with the presumptive provisions and if he wants to declare profits as per books of account which is lower than the presumptive income for any of the five consecutive assessment years i.e., A.Y. 2025-26 to A.Y. 2029-30, he would not be eligible to claim the benefit of presumptive taxation for five assessment years subsequent to the assessment year relevant to the previous year in which the profit has not been declared in accordance the presumptive provisions i.e. if he declares profits lower than the presumptive income in say P.Y. 2024-25 relevant to A.Y.2025-26, then he would not be eligible to claim the benefit of presumptive taxation for A.Y. 2026-27 to A.Y. 2030-31. Consequently, Mr. Praveen is required to maintain the books of accounts and get them audited under section 44AB, since his income exceeds the basic exemption limit.
- (iv) In case he declares presumptive income under section 44AD, the due date would be 31st July, 2025.

In case he declares profits as per books of account which is lower than the presumptive income, he is required to get his books of account audited, in which case the due date for filing of return of income would be 31st October, 2025.

Question 19

Mr. X commenced the business of operating goods vehicles on 1.4.2024. He purchased the following vehicles during the P.Y.2024-25. Compute his income under section 44AE for A.Y.2025-26.

	Gross Vehicle Weight (in kilograms)	Number	Date of purchase	
(1)	7,000 (OV) 7500	X 2 X	12m 10.04.2024 =	180000
(2)	6,500 (OV) 7500	X 1 X	1m 15.03.2025 =	7500
(3)	10,000 (OV) 7500	X 3 X	9m 16.07.2024 =	202500
(4)	11,000 (OV) 7500	X 1 X	3m 02.01.2025 =	22500
(5)	15,000 (HV) 15000	X 2 X	8m 29.08.2024 =	240000
(6)	15,000 (HV) 15000	X 1 X	2m 23.02.2025 =	30000

Would your answer change if the goods vehicles purchased in April, 2024 were put to use only in July, 2024? [SM Q]

Answer 19

Since Mr. X does not own more than 10 vehicles at any time during the previous year 2024-25, he is eligible to opt for presumptive taxation scheme under section 44AE. ₹ 1,000 per ton of gross vehicle weight or unladen weight per month or part of the month for each heavy goods vehicle and ₹ 7,500 per month or part of month for each goods carriage other than heavy goods vehicle, owned by him would be deemed as his profits and gains from such goods carriage.

Heavy goods vehicle means any goods carriage, the gross vehicle weight of which exceeds 12,000 kg.

(1)	(2)	(3)	(4)
Number of Vehicles	Date of purchase	No. of months for which vehicle is owned	No. of months × No. of vehicles [(1) × (3)]
For Heavy goods vehicle			

2	29.08.2024	8	16
1	23.02.2025	2	2
			18
For goods vehicle other than heavy goods vehicle			
2	10.4.2024	12	24
1	15.3.2025	1	1
3	16.7.2024	9	27
1	02.1.2025	3	3
			55

The presumptive income of Mr. X under section 44AE for A.Y.2025-26 would be - ₹ 6,82,500, i.e., $55 \times ₹ 7,500$ (being for other than heavy goods vehicle) + $18 \times ₹ 1,000 \times 15$ ton (being for heavy goods vehicle).

The answer would remain the same even if the two vehicles purchased in April, 2024 were put to use only in July, 2024, since the presumptive income has to be calculated per month or part of the month for which the vehicle is owned by Mr. X.

Notes:

- (1) As per section 32(1)(ia), additional depreciation is allowable in the case of any new machinery or plant acquired and installed after 31.3.2005, by an assessee engaged, inter alia, in the business of manufacture or production of any article or thing, at the rate of 20% of the actual cost of such machinery or plant.

Computation of Depreciation for A.Y. 2025-26

Particulars	Plant & Machinery (₹ in lacs)	Computer (₹ in lacs)
-------------	----------------------------------	-------------------------

	Particulars	Plant & Machinery (₹ in lacs)	Computer (₹ in lacs)
I.	Assets put to use for more than 180 days, eligible for 100% depreciation calculated applying the eligible rate of normal depreciation and additional depreciation		
	<u>Normal Depreciation</u>		
	- WDV of plant and machinery (₹ 42.5 lacs x 15%)	6.375	-
	- New Machinery purchased on 12.04.2024 (₹ 9 lacs x 15%)	1.35	-
	- Computer purchased on 15.07.2024 [₹ 2 lacs x 40%]	-	0.8

	<u>Additional Depreciation</u>		
	New Machinery purchased on 12.10.2024 (₹ 10 lakhs x 10%)	1.00	
	Additional Depreciation@20% on new computer installed in generation wing of the unit [20% of ₹ 2 lakhs]	-	
	(B)	1.00	0.4
II.	Assets put to use for less than 180 days, eligible for 50% depreciation calculated applying the eligible rate of normal depreciation and additional depreciation, if any		
	<u>Normal Depreciation</u>		
	New machinery purchased on 1.12.2024 [₹ 10 lacs x 7.5% (i.e., 50% of 15%)]	0.75	-
	(C)	0.75	0.40
	Total Depreciation (A+B+C)	9.475	1.2

Note:-

The benefit of additional depreciation is available to new plant and machinery acquired and installed in power sector undertakings. Accordingly, additional depreciation is allowable in the case of any new machinery or plant acquired and installed by an assessee engaged, inter alia, in the business of generation, transmission or distribution of power, at the rate of 20% of the actual cost of such machinery or plant.

Therefore, new computer installed in generation wing units eligible for additional depreciation@20%. Since the new machinery was purchased only on 12.10.2024, it was put to use for less than 180 days during the previous year, and hence, only 10% (i.e., 50% of 20%) is allowable as additional depreciation in the A.Y.2025-26. The balance additional depreciation would be allowed in the next year.

However, additional depreciation shall not be allowed in respect of, inter alia, any machinery or plant which, before its installation by the assessee, was used either within or outside India by any other person. Therefore, additional depreciation is not allowable in respect of imported machinery, since it was used in Colombo, before its installation by the assessee.

[SM Q]**Answer 22**

Allowability of the expenses incurred by Mr. Manav, a wholesale dealer in commodities, while computing profits and gains from business or profession

(i) Construction of school building in compliance with CSR activities

Under section 37(1), only expenditure not being in the nature of capital expenditure or personal expense and not covered under sections 30 to 36, and incurred wholly and exclusively for the purposes of the business is allowed as a deduction while computing business income.

However, any expenditure incurred by an assessee on the activities relating to corporate social responsibility referred to in section 135 of the Companies Act, 2013 shall not be deemed to have been incurred for the purpose of business and hence, shall **not** be allowed as deduction under section 37.

Accordingly, the amount of ₹ 5,60,000 incurred by Mr. Manav, towards construction of school building in compliance with CSR activities shall **not** be allowed as deduction under section 37.

(ii) Purchase of building for setting up and operating a warehousing facility for storage of food grains

Mr. Manav, would be eligible for investment-linked tax deduction under section 35AD @100% in respect of amount of ₹ 4,50,000 invested in purchase of building for setting up and operating a warehousing facility for storage of food grains which commences operation on or after 1st April, 2009 (P.Y.2024-25, in this case), if Mr. Manav does not opt for section 115BAC.

Therefore, the deduction under section 35AD while computing business income of such specified business would be ₹ 4,50,000, if Mr. Manav opts for section 35AD.

(iii) Interest on loan paid to Mr. X (a resident) ₹ 50,000 on which tax has not been deducted

As per section 194A, Mr. Manav, being an individual is required to deduct tax at source on the amount of interest on loan paid to Mr. X, since his turnover during the previous year 2023-24 exceeds ₹ 100 lacs.

Therefore, ₹ 15,000, being 30% of ₹ 50,000, would be disallowed under section 40(a)(ia) while computing the business income of Mr. Manav for non-deduction of tax at source under section 194A on interest of ₹ 50,000 paid by it to Mr. X.

The balance ₹ 35,000 would be allowed as deduction under section 36(1)(iii), assuming that the amount was borrowed for the purposes of business.

(iv) Commodities transaction tax of ₹ 20,000 paid on sale of bullion Commodities transaction tax paid in respect of taxable commodities transactions entered into in the course of business during the previous year is allowable as deduction, provided the income arising from such taxable commodities transactions is included in the income computed under the head "Profits and gains of business or profession".

Taking that income from this commodities transaction is included while computing the business income of Mr. Manav, the commodity transaction tax of ₹ 20,000 paid is allowable as deduction under section 36(1)(xvi).

Question 23

Examine with reasons, for the following sub-divisions, whether the following statements are true or false having regard to the provisions of the Income-tax Act, 1961:

- (i) For a dealer in shares and securities, securities transaction tax paid in a recognized stock exchange is permissible business expenditure.
- (ii) Where a person follows mercantile system of accounting, an expenditure of ₹ 25,000 has been allowed on accrual basis and in a later year, in respect of the said expenditure, assessee makes the payment of ₹ 25,000 through a crossed cheque, ₹ 25,000 can be the profits and gains of business under section 40A(3A) in the year of payment.
- (iii) It is mandatory to provide for depreciation under section 32 of the Income-tax Act, 1961, while computing income under the head "Profits and Gains from Business and Profession".
- (iv) The mediclaim premium paid to GIC by Mr. Lomesh for his employees, by a draft, on 27.12.2024 is a deductible expenditure under section 36.
- (v) Under section 35DDA, amortization of expenditure incurred under eligible Voluntary Retirement Scheme at the time of retirement alone, can be done.
- (vi) An individual engaged in trading activities and exercising the option of shifting out of the default tax regime provided u/s 115BAC(1A) can claim additional depreciation under section 32(1)(iia) in respect of new plant acquired and installed in the trading concern, where the increase in value of such plant as compared to the approved base year is more than 10%. [SM Q]

Answer 23

- (i) **True:** Section 36(1)(xv) allows a deduction of the amount of securities transaction tax paid by the assessee in respect of taxable securities transactions entered into in the course of business during the previous year as deduction from the business income of a dealer in shares and securities.
- (ii) **True:** As per section 40A(3A), in the case of an assessee following mercantile system of accounting, if an expenditure has been allowed as deduction in any previous year on due basis, and payment exceeding ₹ 10,000 has been made in the subsequent year otherwise than by an account payee cheque or an account payee bank draft or use of ECS through a bank account or through such other prescribed electronic modes such as credit card, debit card, net banking, IMPS, UPI, RTGS, NEFT, and BHIM Aadhar Pay, then, the payment so made shall be deemed to be the income of the subsequent year in which such payment has been made.
- (iii) **True:** According to the Explanation 5 to section 32(1), allowance of depreciation is mandatory. Therefore, depreciation has to be provided mandatorily while calculating income from business/profession whether or not the assessee has claimed the same while computing his total income.
- (iv) **True:** Section 36(1)(ib) provides deduction in respect of premium paid by an employer to keep in force an insurance on the health of his employees under a scheme framed in this behalf by GIC or any other insurer. The medical insurance premium can be paid by any mode other than cash, to be eligible for deduction under section 36(1)(ib).
- (v) **False:** Expenditure incurred in making payment to the employee in connection with his voluntary retirement either in the year of retirement or in any subsequent year, will be entitled to deduction in 5 equal annual installments beginning from the year in which each payment is made to the employee.
- (vi) **False:** Additional depreciation can be claimed only in respect of eligible plant and machinery acquired and installed by an assessee engaged in the business of manufacture or production of

any article or thing or in the business of generation or transmission or distribution of power.

In this case, the assessee is engaged in trading activities and the new plant has been acquired and installed in a trading concern. Hence, the assessee will not be entitled to claim additional depreciation under section 32(1)(ia).

Question 24

Examine, with reasons, the allowability of the following expenses under the Income-tax Act, 1961 while computing income from business or profession for the Assessment Year 2025-26:

- (i) Provision made on the basis of actuarial valuation for payment of gratuity ₹ 5,00,000. However, no payment on account of gratuity was made before due date of filing return.
- (ii) Purchase of oil seeds of ₹ 50,000 in cash from a farmer on a banking day.
- (iii) Tax on non-monetary perquisite provided to an employee ₹ 20,000.
- (iv) Payment of ₹ 50,000 by using credit card for fire insurance.
- (v) Salary payment of ₹ 4,00,000 to Mr. X outside India by a company without deduction of tax assuming Mr. X has not paid tax on such salary income.
- (vi) Payment made in cash ₹ 30,000 to a transporter in a day for carriage of goods

[SM Q]**Answer 24**

(i) Not allowable as deduction: As per section 40A(7), no deduction is allowed in computing business income in respect of any provision made by the assessee in his books of account for the payment of gratuity to his employees except in the following two cases:

- (1) where any provision is made for the purpose of payment of sum by way of contribution towards an approved gratuity fund; or
- (2) where any provision is made for the purpose of making any payment on account of gratuity that has become payable during the previous year.

Therefore, in the present case, the provision made on the basis of actuarial valuation for payment of gratuity has to be disallowed under section 40A(7), since, no payment has been actually made on account of gratuity.

Note: It is assumed that such provision is not for the purpose of contribution towards an approved gratuity fund.

(ii) Allowable as deduction: As per Rule 6DD, in case the payment is made for purchase of agricultural produce directly to the cultivator, grower or producer of such agricultural produce, no disallowance under section 40A(3) is attracted even though the cash payment for the expense exceeds ₹ 10,000.

Therefore, in the given case, disallowance under section 40A(3) is not attracted since, cash payment for purchase of oil seeds is made directly to the farmer.

(iii) Not allowable as deduction: Income-tax of ₹ 20,000 paid by the employer in respect of non-monetary perquisites provided to its employees is exempt in the hands of the employee under section 10(10CC).

As per section 40(a)(v), such income-tax paid by the employer is not deductible while computing business income.

(iv) Allowable as deduction: Payment for fire insurance is allowable as deduction under section 36(1). Since payment is made by credit card, which is a prescribed electronic mode, disallowance under section 40A(3) is not attracted in this case.

(v) Not allowable as deduction: Disallowance under section 40(a)(iii) is attracted in respect of salary payment of ₹ 4,00,000 outside India by a company without deduction of tax at source.

(vi) Allowable as deduction: The limit for attracting disallowance under section 40A(3) for payment

otherwise than by way of account payee cheque or account payee bank draft or use of ECS through a bank account or through such other prescribed electronic mode is ₹ 35,000 in case of payment made for plying, hiring or leasing goods carriage. Therefore, in the present case, disallowance under section 40A(3) is not attracted for payment of ₹ 30,000 made in cash to a transporter for carriage of goods.

Question 25

Examine with reasons, whether the following statements are true or false, with regard to the provisions of the Income-tax Act, 1961:

- (a) Payment made in respect of a business expenditure incurred on 16th February, 2025 for ₹ 25,000 through a crossed cheque is hit by the provisions of section 40A(3).
- (b) (i) It is a condition precedent to write off in the books of account, the amount due from debtor to claim deduction for bad debt.
- (ii) Failure to deduct tax at source in accordance with the provisions of Chapter XVII-B, inter alia, from the amounts payable to a non-resident as rent or royalty, will result in disallowance while computing the business income where the non-resident payee has not paid the tax due on such income. [SM Q]

Answer 25

- (a) **True:** In order to escape the disallowance specified in section 40A(3), payment in respect of the business expenditure ought to have been made through an account payee cheque. Payment through a crossed cheque will attract disallowance under section 40A(3).
- (b) (i) **True:** It is mandatory to write off the amount due from a debtor as not receivable in the books of account, in order to claim the same as bad debt under section 36(1)(vii). However, where the debt has been taken into account in computing the income of the assessee on the basis of ICDSs notified under section 145(2), without recording the same in the accounts, then such debt shall be allowed in the previous year in which such debt becomes irrecoverable and it shall be deemed that such debt or part thereof has been written off as irrecoverable in the accounts for the said purpose.
- (ii) **True:** Section 40(a)(i) provides that failure to deduct tax at source from, inter alia, rent or royalty payable to a non-resident, in accordance with the provisions of Chapter XVII-B, will result in disallowance of such expenditure, where the non-resident payee has not paid the tax due on such income.

Question 27

Mr. Sukhvinder is engaged in the business of plying goods carriages. On 1st April, 2024, he owns 10 trucks (out of which 6 are heavy goods vehicles, the gross vehicle weight of such goods vehicle is 15,000 kg each). On 2nd May, 2024, he sold one of the heavy goods vehicles and purchased a light goods vehicle on 6th May, 2024. This new vehicle could however be put to use only on 15th June, 2024.

Compute the total income of Mr. Sukhvinder for the assessment year 2025-26, taking note of the following data: [SM Q]

Particulars	₹	₹
Freight charges collected	5 × 15,000 × 12 = 9,00,000	12,70,000
Less : Operational expenses	1 × 15,000 × 2 = 30,000	6,25,000
Depreciation as per section 32	4 × 7,500 × 12 = 3,60,000	1,85,000
Other office expenses	1 × 7,500 × 11 = 82,500	15,000
Net Profit		4,45,000
Other business and non-business income	13,72,500	70,000

Answer 27

Section 44AE would apply in the case of Mr. Sukhvinder since he is engaged in the business of plying goods carriages and owns not more than ten goods carriages at any time during the previous

year.

Section 44AE provides for computation of business income of such assessee on a presumptive basis. The income shall be deemed to be ₹ 1,000 per ton of gross vehicle weight or unladen weight, as the case may be, per month or part of the month for each heavy goods vehicle and ₹ 7,500 per month or part of month for each goods carriage other than heavy goods vehicle, owned by the assessee in the previous year or such higher sum as declared by the assessee in his return of income.

Mr. Sukhvinder's business income calculated applying the provisions of section 44AE is ₹ 13,72,500 (See Notes 1 & 2 below) and his total income would be ₹ 14,42,500.

However, as per section 44AE(7), Mr. Sukhvinder may claim lower profits and gains if he keeps and maintains proper books of account as per section 44AA and gets the same audited and furnishes a report of such audit as required under section 44AB. If he does so, then his income for tax purposes from goods carriages would be ₹ 4,45,000 instead of ₹ 13,72,500 and his total income would be ₹ 5,15,000.

Where an assessee is engaged in the composite business of growing and curing of coffee, the income will be segregated between agricultural income and business income, as per Rule 7B of the Income-tax Rules, 1962.

As per the above Rule, income derived from sale of coffee grown and cured by the seller in India shall be computed as if it were income derived from business, and 25% of such income shall be deemed to be income liable to tax. The balance 75% will be treated as agricultural income.

Question 31

Dr. Arjun runs a clinic in Delhi. As per new rule in the city, private cars can be plied in the city only on alternate days. He has purchased a car on 25-09-2024, for the purpose of his medical profession, as per following details:

Cost of car (excluding GST)	15,00,000
Add: Delhi GST at 14%	2,10,000
Add: Central GST at 14%	2,10,000
Total price of car	19,20,000

He put his car to use from 25.9.2024 itself. He estimates the usage of the car for personal purposes will be 25%. He is advised by his friends that since the car has run only on alternate days, half the depreciation, which is otherwise allowable, will be actually allowed. He has started using the car immediately after purchase.

Determine the depreciation allowable on car for the A.Y. 2025-26, if this is the only asset in the block. If this car would also be used in the subsequent Assessment Year 2026-27 on the same terms and conditions above, what will be the depreciation allowable? Assume that there is no change in the legal position under the Income-tax Act, 1961. **[RTP M-20 Q]**

Answer 31

Computation of depreciation allowance

Particulars	₹
Since the car was put to use for more than 180 days in the P.Y.2024-25, full depreciation@15% of ₹ 19,20,000, which is the total price (inclusive of GST) would be allowable.	
However, the depreciation actually allowed would be restricted to 75%, since 25% of usage is estimated for personal use, on which depreciation is not allowable	
Depreciation for P.Y.2024-25 = 15% x ₹ 19,20,000 x 75% =	2,16,000
Written Down Value as on 1.4.2025 = ₹ 19,20,000 – ₹2,16,000 = ₹17,04,000	
Depreciation for P.Y.2025-26 = 15% x ₹17,04,000 x 75% =	1,91,700

Note - As per section 17(5) of the CGST Act, 2017, input tax credit would not be available in respect of motor vehicles for transportation of persons having approved seating capacity of not more than thirteen persons (including the driver), except when they are used for making the taxable supplies, namely, further supply of such motor vehicles; or transportation of passengers; or imparting training on driving such motor vehicles. Since Dr. Arjun used the car for his professional purpose and not for any purpose stated in exception cases, input tax credit would not be available and hence, both CGST & SGST would form part of actual cost of car.

Question 32

Mr. Yogesh is in the business of operating goods vehicles. As on 1st April, 2024, he had the following vehicles: **[Exam N-19 Q]**

Vehicle	Gross Vehicle Weight (in Kgs.)	Date of Purchase	Put to use during F.Y. 2024-25?
A	9000	2-6-2023	Yes
B	15000	15-5-2023	Yes
C	12000	4-8-2023	No (as under repairs)

During P.Y. 2024-25, he purchased the following vehicles:

A : $7500 \times 12 =$
B : $15000 \times 12 =$

90000
180000

604000

Vehicle	Gross Vehicle Weight (in Kgs.)	Date of Purchase	Date on which put to use
D	(OV) 11500	✓ 20-4-2024	10-5-2024
E	(HV) 14000	✓ 15-5-2024	18-5-2024

Compute his income under section 44AE of the Income-tax Act, 1961 for A.Y. 2025-26.

Answer 32

Since Mr. Yogesh does not own more than 10 vehicles at any time during the previous year 2024-25, he is eligible to opt for presumptive taxation scheme under section 44AE. As per section 44AE, ₹ 1,000 per ton of gross vehicle weight or unladen weight, as the case may be, per month or part of the month for each heavy goods vehicle and ₹ 7,500 per month or part of month for each goods carriage other than heavy goods vehicle, owned by him would be deemed as his profits and gains from such goods carriage.

Heavy goods vehicle means any goods carriage, the gross vehicle weight of which exceeds 12,000 kg.

Calculation of presumptive income as per section 44AE

Type of carriage	No. of months the vehicle is owned by Mr. Prakash	Rate per ton per month	Ton	Amount ₹
(1)	(2)	(3)	(4)	(5) [(2) x (3) x (4)]
Heavy goods vehicle				
Vehicle B (15,000 kgs) held throughout the year	12	₹ 1,000	15 (15,000/1,000)	1,80,000
Vehicle E (14,000kgs) purchased on 15.5.2024	11	₹ 1,000Rate per month	14 (14,000/1,000)	1,54,000
Goods vehicles other than heavy goods vehicle				
Vehicle A held throughout the year	12	₹ 7,500	-	90,000
Vehicle C held throughout the year	12	₹ 7,500	-	90,000
Vehicle D purchased on 20.4.2024	12	₹ 7,500	-	90,000
Total				6,04,000

The “put to use” date of the vehicle is not relevant for the purpose of computation of presumptive income under section 44AE, since the presumptive income has to be calculated per month or part of the month for which the vehicle is owned by Mr. Yogesh.

Question 33

M/s. Moksh Enterprises, a sole proprietorship owns four machines, put in use for business in March, 2023. The depreciation on these machines is charged @ 15%. The written down value of these machines as on 1st April, 2024 was ₹ 7,70,000. Two of the old machines were

sold on 15th July, 2024 for ₹ 10,00,000. A second hand plant was bought for ₹ 6,10,000 on 30th December, 2024. You are required to:

- Determine the claim of depreciation for Assessment Year 2025-26.
- Compute the capital gains liable to tax for Assessment Year 2025-26.
- If Moksh Enterprises had sold the two machines in July, 2024 for ₹ 15,00,000, explain, will there be any difference in your above workings?

Answer 33**(i) Computation of depreciation for A.Y.2025-26**

Particulars	₹
W.D.V. of the block as on 1.4.2024	7,70,000
Add: Purchase of second hand plant during the year [in December, 2024]	6,10,000
	13,80,000
Less: Sale consideration of old machinery during the year [in July, 2024]	10,00,000
W.D.V of the block as on 31.03.2025	3,80,000
Depreciation @ 15% but restricted to 50% thereon. ₹ 3,80,000 X 7.5%	28,500
[Since the value of the block as on 31.3.2025 represents part of actual cost of second hand plant purchased in December, 2023, which has been put to use for less than 180 days, depreciation is restricted to 50% of the prescribed percentage of 15% i.e. depreciation is restricted to 7½%.	
Therefore, the depreciation allowable for the year is ₹ 28,500 being 7½% of ₹ 3,80,000]	

(ii) In the given case, no capital gains would arise, since the block of asset continues to exist, and some of the assets are sold for a price which is lesser than the written down value of the block as increased by the actual cost of asset purchased during the year.

(iii) If the two machines are sold in July, 2024 for ₹ 15,00,000, then short term capital gains would arise, since the sale consideration is more than the aggregate of the written down value of the block at the beginning of the year and the additions made during the year.

Particulars	₹	₹
Sale consideration		15,00,000
Less: W.D.V. of the machines as on 1.4.2024	7,70,000	
Purchase of second plant during the year	6,10,000	13,80,000
Short term capital gains		1,20,000

Mr. Cee purchased a residential house on July 20, 2022 for ₹ 10,00,000 and made some additions to the house incurring ₹ 2,00,000 in August 2022. He sold the house property in April 2024 for ₹ 20,00,000. Out of the sale proceeds, he spent ₹ 5,00,000 to purchase another house property in September 2023.

What is the amount of capital gains taxable in the hands of Mr. Cee for the A.Y.2025-26?

[SM Q.]

Answer 27

The house is sold before 24 months from the date of purchase. Hence, the house is a short-term capital asset and no benefit of indexation would be available.

Particulars	₹
Sale consideration	20,00,000
Less: Cost of acquisition	10,00,000
Cost of improvement	2,00,000
Short-term capital gains	8,00,000

Note: The exemption of capital gains under section 54 is available only in case of long-term capital asset. As the house is short-term capital asset, Mr. Cee cannot claim exemption under section 54. Thus, the amount of taxable short-term capital gains is ₹ 8,00,000.

Answer 30**Computation of capital gains and business income of Harshita for A.Y. 2025-26**

Particulars	₹
Capital Gains	
Fair market value of land on the date of conversion deemed as the full value of consideration for the purposes of section 45(2)	2,10,00,000
Less: Indexed cost of acquisition [$₹35,00,000 \times 348(2023-24)/113(2004-05)$]	1,07,78,761
	1,02,21,239
Proportionate capital gains arising during A.Y. 2025-26 [$₹ 1,02,21,239 \times 2/3$]	68,14,159
Less: Exemption under section 54EC	50,00,000
Capital gains chargeable to tax for A.Y.2025-26	18,14,159
Business Income	
Sale price of flats [$10 \times ₹ 30$ lakhs]	
Less: Cost of flats	3,00,00,000

Fair market value of land on the date of conversion [$\text{₹ } 210 \text{ lacs} \times 2/3$]	1,40,00,000
Cost of construction of flats [$10 \times \text{₹ } 10 \text{ lakhs}$]	1,00,00,000
Business income chargeable to tax for A.Y.2025-26	60,00,000

Notes:

- (1) The conversion of a capital asset into stock-in-trade is treated as a transfer under section 2(47). It would be treated as a transfer in the year in which the capital asset is converted into stock-in-trade (i.e., P.Y.2023-24, in this case).
- (2) However, as per section 45(2), the capital gains arising from the transfer by way of conversion of capital assets into stock-in-trade will be chargeable to tax only in the year in which the stock-in-trade is sold.
- (3) The indexation benefit for computing indexed cost of acquisition would, however, be available only up to the year of conversion of capital asset into stock-in-trade (i.e., P.Y.2023-24) and not up to the year of sale of stock-in-trade (i.e., P.Y.2024-25).
- (4) For the purpose of computing capital gains in such cases, the fair market value of the capital asset on the date on which it was converted into stock-in-trade shall be deemed to be the full value of consideration received or accruing as a result of the transfer of the capital asset.
In this case, since only 2/3rd of the stock-in-trade (10 flats out of 15 flats) is sold in the P.Y.2024-25, only proportionate capital gains (i.e., 2/3rd) would be chargeable to tax in the A.Y.2025-26.
- (5) On sale of such stock-in-trade, business income would arise. The business income chargeable to tax would be the difference between the price at which the stock-in-trade is sold and the fair market value on the date of conversion of the capital asset into stock-in-trade.
- (6) In case of conversion of capital asset into stock-in-trade and subsequent sale of stock-in-trade, the period of 6 months is to be reckoned from the date of sale of stock-in-trade for the purpose of exemption under section 54EC [CBDT Circular No.791 dated 2.6.2000]. In this case, since the investment in bonds of NHAI has been made within 6 months of sale of flats, the same qualifies for exemption under section 54EC. With respect to long-term capital gains arising on land or building or both in any financial year, the maximum deduction under section 54EC would be ₹ 50 lakhs, whether the investment in bonds of NHAI or RECL are made in the same financial year or next financial year or partly in the same financial year and partly in the next financial year.

Therefore, even though investment of ₹ 50 lakhs has been made in bonds of NHAI during the P.Y. 2024-25 and investment of ₹ 50 lakhs has been made in bonds of RECL during the P.Y. 2025-26, both within the stipulated six month period, the maximum deduction allowable for A.Y. 2025-26, in respect of long-term capital gain arising on sale of long-term capital asset(s) during the P.Y. 2024-25, is only ₹ 50 lakhs.

Question 31

Mr. A is an individual carrying on business. His stock and machinery were damaged and destroyed in a fire accident.

The value of stock lost (total damaged) was ₹ 6,50,000. Certain portion of the machinery could be salvaged. The opening balance of the block as on 1.4.2024 (i.e., WDV as on 31.3.2024 after providing depreciation for P.Y. 2023-24) was ₹ 10,80,000.

During the process of safeguarding machinery and in the fire fighting operations, Mr. A lost his gold chain and a diamond ring, which he had purchased in April, 2004 for ₹ 1,20,000. The market value of these two items as on the date of fire accident was ₹ 1,80,000.

Mr. A received the following amounts from the insurance company:

- | | |
|---------------------------|------------|
| (i) Towards loss of stock | ₹ 4,80,000 |
|---------------------------|------------|

Chapter 6: Capital Gain

- (ii) Towards damage of machinery ₹ 6,00,000
- (iii) Towards gold chain and diamond ring ₹ 1,80,000

You are requested to briefly comment on the tax treatment of the above three items under the provisions of the Income-tax Act, 1961. [SM Q.]

Answer 31

- (i) **Compensation towards loss of stock:** Any compensation received from the insurance company towards loss/damage to stock in trade is to be construed as a trading receipt. Hence, ₹ 4,80,000 received as insurance claim for loss of stock has to be assessed under the head "Profit and gains of business or profession".

Note - The assessee can claim the value of stock destroyed by fire as revenue loss, eligible for deduction while computing income under the head "Profits and gains of business or profession".

- (ii) **Compensation towards damage to machinery:** The question does not mention whether the salvaged machinery is taken over by the Insurance company or whether there was any replacement of machinery during the year. Assuming that the salvaged machinery is taken over by the Insurance company, and there was no fresh addition of machinery during the year, the block of machinery will cease to exist. Therefore, ₹ 4,80,000 being the excess of written down value (i.e. ₹ 10,80,000) over the insurance compensation (i.e. ₹ 6,00,000) will be assessable as a short-term capital loss.

Note - If new machinery is purchased in the next year, it will constitute the new block of machinery, on which depreciation can be claimed for that year.

- (iii) **Compensation towards loss of gold chain and diamond ring:** Gold chain and diamond ring are capital assets as envisaged by section 2(14). They are not "personal effects", which alone are to be excluded. If any profit or gain arises in a previous year owing to receipt of insurance claim, the same shall be chargeable to tax as capital gains. The capital gains has to be computed by reducing the indexed cost of acquisition of jewellery from the insurance compensation of ₹ 1,80,000.

Question 32

Mr. Sarthak entered into an agreement with Mr. Jaikumar to sell his residential house located at Kanpur on 16.04.2024 for ₹ 1,50,00,000.

The sale proceeds were to be paid in the following manner:

- (i) 20% through account payee bank draft on the date of agreement.
- (ii) 60% on the date of the possession of the property.
- (iii) Balance after the completion of the registration of the title to the property.

Mr. Jaikumar was handed over the possession of the property on 15.07.2024 and the registration process was completed on 14.01.2025. He paid the sale proceeds as per the sale agreement.

The value determined by the Stamp Duty Authority-

- (a) on ~~16.08.2024~~ was ₹ 1,70,00,000;
- (b) on ~~15.12.2024~~ was ₹ 1,71,00,000; and
- (c) on 14.01.2025 was ₹ 1,71,50,000.

Mr. Sarthak had acquired the residential house at Kanpur on 01.04.2001 for ₹ 30,00,000. After recovering the sale proceeds from Jaikumar, he purchased two residential house properties, one in Kanpur for ₹ 20,00,000 on 24.3.2025 and another in Delhi for ₹ 35,00,000 on 28.5.2025.

Compute the income chargeable under the head "Capital Gains" of Mr. Sarthak for the Assessment Year 2025-26.

[SM/MTP Q.]

Answer 32

Computation of "Capital Gains" of Mr. Sarthak for A.Y. 2025-26

Particulars	₹
Capital Gains on sale of residential house	
Actual sale consideration	₹ 1,50,00,000
Value adopted by Stamp Valuation Authority on the date of agreement	₹ 1,70,00,000
[As per section 50C, where the actual sale consideration is less than the value adopted by the Stamp Valuation Authority for the purpose of charging stamp duty, and such stamp duty value exceeds 110% of the actual sale consideration, then, the value adopted by the Stamp Valuation Authority shall be taken to be the full value of consideration.	
In a case where the date of agreement is different from the date of registration, stamp duty value on the date of agreement can be considered provided the whole or part of the consideration is paid by way of account payee cheque/bank draft or by way of ECS through bank account or through such other electronic mode as may be prescribed, on or before the date of agreement.	
In this case, since 20% of ₹ 150 lakhs is paid through account payee bank draft on the date of agreement, stamp duty value on the date of agreement would be considered for determining the full value of consideration]	
Full value of sale consideration [Stamp duty value on the date of agreement, since it exceeds 110% of the actual sale consideration]	1,70,00,000
Less: Indexed cost of acquisition of residential house [₹ 30 lakhs x 363/100]	1,08,90,000
Long-term capital gains [Since the residential house property was held by Mr. Sarthak for more than 24 months immediately preceding the date of its transfer]	61,10,000
Less: Exemption u/s 54	55,00,000
Since, long-term capital gains does not exceed ₹ 2 crore, he would be eligible for exemption in respect of both the residential house properties purchased in India. The capital gain arising on transfer of a long-term residential property shall not be chargeable to tax to the extent such capital gain is invested in the purchase of these residential house properties in India within one year before or two years after the date of transfer of original asset. Thus, he would be eligible for exemption of ₹ 55,00,000 being ₹ 20,00,000 and ₹ 35,00,000 invested on acquisition of residential house property in Kanpur and Delhi, respectively.	
Long term capital gains chargeable to tax	6,10,000

She entered into an agreement for sale of the above said residential house with Mr. Johar (not a relative) in April 2015. The sale consideration was fixed at ₹ 700 lakhs and on 23-4-2015, Mrs. Yuvika received ₹ 20 lakhs as advance in cash by executing an agreement. agreement was ₹ 890 lakhs. The sale deed was executed and registered on 14-7-2024 for the agreed consideration. However, the State stamp valuation authority had revised the values, hence, the value of property for stamp duty purposes was ₹ 900 lakhs. Mrs. Yuvika paid 1% as brokerage on sale consideration received.

Subsequent to sale, Mrs. Yuvika made following investments:

- Acquired two residential houses at Delhi for ₹ 130 lakhs and ₹ 50 lakhs on 31.1.2025 and 15.5.2025
- Acquired a residential house at UK for ₹ 180 lakhs on 23.3.2025.

Answer 33

Computation of "Capital Gains" of Mrs. Yuvika for A.Y.2025-26

Particulars	₹ (in lakhs)	₹ (in lakhs)
Capital Gains on sale of residential building		
Actual sale consideration ₹ 810 lakhs		
Value adopted by Stamp Valuation Authority ₹ 890 lakhs [Where the actual sale consideration is less than the value adopted by the Stamp Valuation Authority for the purpose of charging stamp duty, and such stamp duty value exceeds 110% of the actual sale consideration, then, the value adopted by the Stamp Valuation Authority shall be taken to be the full value of consideration as per section 50C.		
However, where the date of agreement is different from the date of registration, stamp duty value on the date of agreement can be considered provided the whole or part of the consideration is received by way of account payee cheque/bank draft or by way of ECS through bank account or through prescribed electronic modes on or before the date of agreement.		
In this case, since advance of ₹ 80 lakh is received by RTGS, i.e., one of the prescribed modes, stamp duty value on the date of agreement can be adopted as the full value of consideration. However, in the present case since stamp duty value on the date of agreement does not exceed 110% of the actual consideration, actual sale consideration would be taken as the full value of consideration)		810.00
Gross Sale consideration (actual consideration, since stamp duty value on the date of agreement does not exceed 110% of the actual consideration)		8.10
Less: Brokerage @1% of sale consideration (1% of ₹ 810 lakhs)		

Particulars	₹ (in lakhs)	₹ (in lakhs)
Net Sale consideration		801.90
Less: Indexed cost of acquisition	✓ 282.69	
- Cost of vacant land, ₹ 80 lakhs, plus registration and other expenses i.e., ₹ 8 lakhs, being 10% of cost of land [₹ 88 lakhs × 363/113]	✓ 297.54	580.23
- Construction cost of residential building (₹ 100 lakhs × 363/122)		221.67
Long-term capital gains		
Since the residential house property was held by Mrs. Yuvika for more than 24 months immediately preceding the date of its transfer, the resultant gain is a long-term capital gain]		
Less: Exemption under section 54		✓ 130.00
Where long-term capital gains exceed ₹ 2 crore, the capital gain arising on transfer of a long-term residential property shall not be chargeable to tax to the extent such capital gain is invested in the purchase of one residential house property in India, one year before or two years after the date of transfer of original asset.		
Therefore, in the present case, the exemption would be available only in respect of the one residential house acquired in India and not in respect of the residential house in UK. It would be more beneficial for her to claim the cost of acquisition of residential house at Delhi, i.e., ₹ 130 lakhs as exemption.		✓ 50.00
Less: Exemption under section 54EC		
Amount invested in capital gains bonds of NHAI within six months after the date of transfer, of long-term capital asset, being land or building or both, would qualify for exemption, to the maximum extent of ₹ 50 lakhs, whether such investment is made in the current financial year or subsequent financial year.		
Therefore, in the present case, exemption can be availed only to the extent of ₹ 50 lakhs.		
Long term capital gains chargeable to tax		41.67

Note: Advance of ₹ 20 lakhs received from Mr. Johar, would have been chargeable to tax under the head "Income from other sources", in the A.Y. 2016-17, as per section 56(2)(ix), since the same was forfeited on or after 01.4.2014 as a result of failure of negotiation. Hence, the same should not be deducted while computing indexed cost of acquisition.

Question 1

Rahul, a resident Indian, holding 28% of equity shares in a company, took a loan of ₹ 5,00,000 from the same company. On the date of granting the loan, the company had accumulated profit of ₹4,00,000. The company is engaged in some manufacturing activity.

- Is the amount of loan taxable as deemed dividend, if the company is a company in which the public are substantially interested? *→ Widely held*
- What would be your answer, if the lending company is a private limited company (i.e. which is not a company in which the public are substantially interested)? **[SM Q.]**

Answer 1

Company held Co.

Any payment by a company, other than a company in which the public are substantially interested, of any sum by way of advance or loan to an equity shareholder, being a person who is the beneficial owner of shares holding not less than 10% of the voting power, is deemed as dividend under section 2(22)(e), to the extent the company possesses accumulated profits.

- The provisions of section 2(22)(e), however, will not apply where the loan is given by a company in which public are substantially interested. In such a case, the loan would not be taxable as deemed dividend.
- However, if the loan is taken from a private company (i.e. a company in which the public are not substantially interested), which is a manufacturing company and not a company where lending of money is a substantial part of the business of the company, then, the provisions of section 2(22)(e) would be attracted, since Rahul holds more than 10% of the equity shares in the company.

The amount chargeable as deemed dividend cannot, however, exceed the accumulated profits held by the company on the date of giving the loan. Therefore, the amount taxable as deemed dividend would be limited to the accumulated profit i.e., ₹ 4,00,000 and not the amount of loan which is ₹ 5,00,000.

Question 3

The following details have been furnished by Mrs. Hemali pertaining to the year ended 31.3.2025:

- Cash gift of ₹ 51,000 received from her friend on the occasion of her "Shastiapha Poorthi", a wedding function celebrated on her husband completing 60 years of age. This was also her 25th wedding anniversary.
- On the above occasion, a diamond necklace worth ₹ 2 lacs was presented by her sister living in Dubai.
- When she celebrated her daughter's wedding on 21.2.2025, her friend assigned in Mrs. Hemali's favour, a fixed deposit held by the said friend in a scheduled bank; the value of the fixed deposit and the accrued interest on the said date was ₹ 52,000.

Compute the income, if any, assessable as income from other sources.

[SM Q.]

Answer 3

- Any sum of money received by an individual on the occasion of the marriage of the individual is exempt. This provision is, however, not applicable to a cash gift received during a wedding function celebrated on completion of 60 years of age.
The gift of ₹ 51,000 received from a non-relative is, therefore, chargeable to tax under section 56(2)(x) in the hands of Mrs. Hemali, since the same exceeds ₹ 50,000.
- The provisions of section 56(2)(x) are not attracted in respect of any sum of money or property received from a relative. Thus, the gift of diamond necklace received from her sister, being a relative, is not taxable under section 56(2)(x), even though jewellery falls within the definition of "property".
- To be exempt from applicability of section 56(2)(x), the property should be received on the occasion of the marriage of the individual, not that of the individual's son or daughter. Therefore, this exemption provision is not attracted in this case, ₹ 52,000 shall be taxable in hands of Hemali. We assume that FD is treated under money.

Question 4

Check the taxability of the following gifts received by Mrs. Rashmi during the previous year 2024-25 and compute the taxable income from gifts for Assessment Year 2024-25:

- She gets a cash gift of ₹ 25,000 from the elder brother of her husband's grandfather on 25.10.2024.
- She has received a cash gift of ₹ 12,000 from her friend on 14.4.2024.

Question 5

Mr. A, a dealer in shares, received the following without consideration during the P.Y. 2024-25 from his friend Mr. B, -

- (1) Cash gift of ₹ 75,000 on his anniversary, 15th April, 2024.
- (2) Bullion, the fair market value of which was ₹ 60,000, on his birthday, 19th June, 2024.
- (3) A plot of land at Faridabad on 1st July, 2024, the stamp value of which is ₹ 5 lakh on that date. Mr. B had purchased the land in April, 2009.

Mr. A purchased from his friend Mr. C, who is also a dealer in shares, 1000 shares of X Ltd. @ ₹ 400 each on 19th June, 2024, the fair market value of which was ₹ 600 each on that date. Mr. A sold these shares in the course of his business on 23rd June, 2024.

Further, on 1st November, 2024, Mr. A took possession of property (office building) booked by him two years back at ₹ 20 lakh. The stamp duty value of the property as on 1st November, 2024 was ₹ 32 lakh and on the date of booking was ₹ 23 lakh. He had paid ₹ 1 lakh by account payee cheque as down payment on the date of booking.

On 1st March, 2025, he sold the plot of land at Faridabad for ₹ 7 lakh.

Question 6

Discuss the taxability or otherwise of the following in the hands of the recipient under section 56(2)(x) the Income-tax Act, 1961 -

- (i) Akhil HUF received ₹ 75,000 in cash from niece of Akhil (i.e., daughter of Akhil's sister). Akhil is the Karta of the HUF.
- (ii) Nitisha, a member of her father's HUF, transferred a house property to the HUF without consideration. The stamp duty value of the house property is ₹ 9,00,000.
- (iii) Mr. Akshat received 100 shares of A Ltd. from his friend as a gift on occasion of his 25th marriage anniversary. The fair market value on that date was ₹ 100 per share. He also received jewellery worth ₹ 45,000 (FMV) from his nephew on the same day.
- (iv) Kishan HUF gifted a car to son of Karta for achieving good marks in XII board examination. The fair market value of the car is ₹ 5,25,000. **[SM Q.]**

Answer 6

	Taxable/ Non- taxable	Amount liable to tax (₹)	Reason
(i)	Taxable	75,000	Sum of money exceeding ₹ 50,000 received without consideration from a non-relative is taxable under section 56(2)(x). Daughter of Mr. Akhil's sister is not a relative of Akhil HUF, since she is not a member of Akhil HUF.
(ii)	Non- taxable	Nil	Immovable property received without consideration by a HUF from its relative is not taxable under section 56(2)(x). Since Nitisha is a member of the HUF, she is a relative of the HUF. However, income from such asset would be included in the hands of Nitisha under 64(2).
(iii)	Taxable	55,000	As per provisions of section 56(2)(x), in case the aggregate fair market value of property, other than immovable property, received without consideration exceeds ₹ 50,000, the whole of

Chapter 7: Income from Other Sources

			the aggregate value shall be taxable. In this case, the aggregate fair market value of shares (₹ 10,000) and jewellery (₹ 45,000) exceeds ₹ 50,000. Hence, the entire amount of ₹ 55,000 shall be taxable.
(iv)	Non- taxable	Nil	Car is not included in the definition of property for the purpose of section 56(2)(x), therefore, the same shall not be taxable.

Question 7

Mr. Hari, a property dealer, sold a building in the course of his business to his friend Rajesh, who is a dealer in automobile spare parts, for ₹ 90 lakh on 1.1.2025, when the stamp duty value was ₹ 150 lakh. The agreement was, however, entered into on 1.9.2024 when the stamp duty value was ₹ 140 lakh. Mr. Hari had received a down payment of ₹ 15 lakh by a crossed cheque from Rajesh on the date of agreement. Discuss the tax implications in the hands of Hari and Rajesh, assuming that Mr. Hari has purchased the building for ₹ 75 lakh on 12th July, 2023.

Would your answer be different if Hari was a share broker instead of a property dealer?

[SM Q.]

Answer 7

Case 1: Tax implications if Mr. Hari is a property dealer

In the hands of the seller, Mr. Hari	In the hands of the buyer, Mr. Rajesh
In the hands of Hari, the provisions of section 43CA would be attracted, since the building represents his stock-in- trade and he has transferred the same for a consideration less than the stamp duty value; and the stamp duty value exceeds 110% of consideration. Under section 43CA, the option to adopt the stamp duty value on the date of agreement can be exercised only if whole or part of the consideration has been received on or before the date of agreement by way of account payee cheque or draft or by use of ECS through a bank account or through credit card, debit card, net banking, IMPS (Immediate payment Service), UPI (Unified Payment Interface), RTGS (Real Time Gross Settlement), NEFT (National Electronic Funds Transfer), and BHIM (Bharat Interface for Money) Aadhar Pay on or before the date of agreement. In this case, since the down payment of ₹ 15 lakh is received on the date of agreement by crossed cheque and not account payee cheque, the option cannot be exercised. Therefore, ₹ 75 lakh, being the difference between the stamp duty value on the date of transfer i.e., ₹ 150 lakh, and the purchase	Since Mr. Rajesh is a dealer in automobile spare parts, the building purchased would be a capital asset in his hands. The provisions of section 56(2)(x) would be attracted in the hands of Mr. Rajesh who has received immovable property, being a capital asset, for inadequate consideration and the difference between the consideration and stamp duty value exceeds ₹ 9,00,000, being the higher of ₹ 50,000 and 10% of consideration. Therefore, ₹ 60 lakh, being the difference between the stamp duty value of the property on the date of registration (i.e., ₹ 150 lakh) and the actual consideration (i.e., ₹ 90 lakh) would be taxable under section 56(2)(x) in the hands of Mr. Rajesh, since the payment on the date of agreement is made by crossed cheque and not account payee cheque/draft or ECS or through credit card, debit card, net banking, IMPS (Immediate payment Service), UPI (Unified Payment Interface), RTGS (Real Time Gross Settlement), NEFT (National Electronic Funds Transfer), and BHIM (Bharat Interface for Money) Aadhar Pay.

In the hands of the seller, Mr. Hari	In the hands of the buyer, Mr. Rajesh
price i.e., ₹ 75 lakh, would be chargeable as business income in the hands of Mr. Hari, since stamp duty value exceeds 110% of the consideration	

Case 2: Tax implications if Mr. Hari is a share broker

In the hands of the seller, Mr. Hari	In the hands of the buyer, Mr. Rajesh
In case Mr. Hari is a share broker and not a property dealer, the building would represent his capital asset and not stock-in-trade. In such a case, the provisions of section 50C would be attracted in the hands of Mr. Hari, since building is transferred for a consideration less than the stamp duty value; and the stamp duty value exceeds 110% of consideration. Thus, ₹ 75 lakh, being the difference between the stamp duty value on the date of registration (i.e., ₹ 150 lakh) and the purchase price (i.e., ₹ 75 lakh) would be chargeable as short-term capital gains.	There would be no difference in the taxability in the hands of Mr. Rajesh, whether Mr. Hari is a property dealer or a stock broker, (except where the property transferred in a residential unit fulfilling the stipulated conditions, which is not so in this case). Therefore, the provisions of section 56(2)(x) would be attracted in the hands of Mr. Rajesh who has received immovable property, being a capital asset, for inadequate consideration and the difference between the consideration and stamp duty value exceeds ₹ 9,00,000, being the higher of ₹ 50,000 and 10% of consideration.
It may be noted that under section 50C, the option to adopt the stamp duty value on the date of agreement can be exercised only if whole or part of the consideration has been received on or before the date of agreement by way of account payee cheque or draft or by use of ECS through a bank account or through credit card, debit card, net banking, IMPS (Immediate payment Service), UPI (Unified Payment Interface), RTGS (Real Time Gross Settlement), NEFT (National Electronic Funds Transfer), and BHIM (Bharat Interface for Money) Aadhar Pay on or before the date of agreement. In this case, since the down payment of ₹ 15 lakhs has been received on the date of agreement by crossed cheque and not account payee cheque, the option cannot be exercised.	Therefore, ₹ 60 lakh , being the difference between the stamp duty value of the property on the date of registration (i.e., ₹ 150 lakh) and the actual consideration (i.e., ₹ 90 lakh) would be taxable under section 56(2)(x) in the hands of Mr. Rajesh, since the payment on the date of agreement is made by crossed cheque and not account payee cheque/draft or ECS or through credit card, debit card, net banking, IMPS (Immediate payment Service), UPI (Unified Payment Interface), RTGS (Real Time Gross Settlement), NEFT (National Electronic Funds Transfer), and BHIM (Bharat Interface for Money) Aadhar Pay.

Question 9

On 10.10.2024, Mr. Govind (a bank employee) received ₹ 5,00,000 towards interest on enhanced compensation from State Government in respect of compulsory acquisition of his land effected during the financial year 2015-16.

Out of this interest, ₹ 1,50,000 relates to the financial year 2016-17; ₹ 1,65,000 to the financial year 2017-18; and ₹ 1,85,000 to the financial year 2018-19. He incurred ₹ 50,000 by way of legal expenses to receive the interest on such enhanced compensation.

How much of interest on enhanced compensation would be chargeable to tax for the assessment year 2025-26? [SM Q.]

Answer 9

Section 145B provides that interest received by the assessee on enhanced compensation shall be deemed to be the income of the assessee of the year in which it is received, irrespective of the method of accounting followed by the assessee and irrespective of the financial year to which it relates.

Section 56(2)(viii) states that such income shall be taxable as 'Income from other sources'.

50% of such income shall be allowed as deduction by virtue of section 57(iv) and no other deduction shall be permissible from such income.

Therefore, legal expenses incurred to receive the interest on enhanced compensation would not be allowed as deduction from such income.

Computation of interest on enhanced compensation taxable as "Income from other sources" for the A.Y 2025-26:

Particulars	₹
Interest on enhanced compensation taxable u/s 56(2)(viii)	✓ 5,00,000
Less: Deduction under section 57(iv) (50% x ₹ 5,00,000)	✓ 2,50,000
Taxable interest on enhanced compensation	✓ 2,50,000

Question 10

Examine the following transactions in the context of Income-tax Act, 1961:

[SM Q.]

- (i) Mr. B transferred 500 shares of R (P) Ltd. to M/s. B Co. (P) Ltd. on 10.10.2024 for ₹ 3,00,000 when the market price was ₹ 5,00,000. The ~~index~~ cost of acquisition of shares for Mr. B was computed at ₹ 4,45,000. The transfer was not subjected to securities transaction tax.

Determine the income chargeable to tax in the hands of Mr. B and M/s. B Co. (P) Ltd. because of the above said transaction.

- (ii) Mr. Chezian is employed in a company with taxable salary income of ₹ 5,00,000. He received a cash gift of ₹ 1,00,000 from Atma Charitable Trust (registered under section 12AB) in December 2024 for meeting his medical expenses.

Is the cash gift so received from the trust chargeable to tax in the hands of Mr. Chezian?

Answer 10

- (i) Any movable property received for inadequate consideration by any person is chargeable to tax under section 56(2)(x), if the difference between aggregate Fair Market Value of the property and consideration exceeds ₹ 50,000.

Thus, share received by M/s B. Co. (P) Ltd. from Mr B for inadequate consideration is chargeable to tax under section 56(2)(x) to the extent of ₹ 2,00,000.

As per section 50CA, since, the consideration is less than the fair market value of unquoted shares of R (P) Ltd., fair market value of shares of the company would be deemed to be the full value of consideration. It is presumed that the shares of R (P) Ltd are unquoted shares.

The full value of consideration (₹ 5,00,000) less the indexed cost of acquisition (₹ 4,45,000) would result in a long term capital gains of ₹ 55,000 in the hands of Mr. B.

- (ii) The provisions of section 56(2)(x) would not apply to any sum of money or any property received from any trust or institution registered under section 12AB. Therefore, the cash gift of ₹ 1 lakh received from Atma Charitable Trust, being a trust registered under section 12AB, for meeting medical expenses would not be chargeable to tax under section 56(2)(x) in the hands of Mr. Chezian.

Answer 16

- (i) **True:** Section 10(18) exempts any income by way of pension received by individual who has been in service of Central Government and has been awarded "ParamVir Chakra" or "MahaVir Chakra" or "Vir Chakra" or such other gallantry award as the Central Government, may, by notification in the Official Gazette, specify in this behalf.

Question 17

Compensation on account of disaster received from a local authority by an individual or his/her legal heir is taxable. Examine the correctness of the statement with reference to the provisions of the Income-tax Act, 1961. [SM Q.]

Answer 17

The statement is not correct. As per section 10(10BC), any amount received or receivable as compensation by an individual or his/her legal heir on account of any disaster from the Central Government, State Government or a local authority is exempt from tax. However, the exemption is not available to the extent such individual or legal heir has already been allowed a deduction under this Act on account of such loss or damage caused by such disaster.

Income of Other Persons Included in Assessee's Total Income (Clubbing of Income)

Question 1

Mr. A holds shares carrying 25% voting power in X (P) Ltd. Mrs. A is working as a computer software programmer in X (P) Ltd. at a salary of ₹ 30,000 p.m. She is, however, not qualified for the job. The other income of Mr. A & Mrs. A are ₹ 7,00,000 & ₹ 4,00,000, respectively. Compute the gross total income of Mr. A and Mrs. A for the A.Y.2025-26, assuming that they opt out from default taxation regime u/s 115BAC.

Will your answer be different if Mrs. A was qualified for the job?

[SM Q.]

Answer 1

Mr. A holds shares carrying 25% voting power in X (P) Ltd i.e., a substantial interest in the company. His wife is working in the same company without any professional qualifications for the same. Thus, by virtue of the clubbing provisions of the Act, the salary received by Mrs. A from X (P) Ltd. will be clubbed in the hands of Mr. A.

Computation of Gross total income of Mr. A

Particulars	₹	₹
Salary received by Mrs. A (₹30,000 × 12)	3,60,000	
Less: Standard deduction under section 16(ia)	50,000	3,10,000
Other Income		7,00,000
Gross total income		10,10,000

The gross total income of Mrs. A is ₹ 4,00,000.

If Mrs. A possesses professional qualifications for the job, then the clubbing provisions shall not be applicable.

Gross total income of Mr. A = ₹ 7,00,000[other income].

Gross total income of Mrs. A = Salary received by Mrs. A [₹ 30,000×12]

Less ₹ 50,000, being the standard deduction under section 16(ia) plus other income [₹ 4,00,000] = ₹ 7,10,000

Mr. B holds shares carrying 30% voting power in Y (P) Ltd. Mrs. B is working as accountant in Y (P) Ltd. getting income under the head salary (computed) of ₹ 3,44,000 without any qualification in accountancy. Mr. B also receives ₹ 30,000 as interest on securities. Mrs. B owns a house property which she has let out. Rent received from tenants is ₹ 6,000 p.m. Compute the gross total income of Mr. B and Mrs. B for the A.Y.2025-26.

Question 3

Mr. Vaibhav started a proprietary business on 01.04.2023 with a capital of ₹ 5,00,000. He incurred a loss of ₹ 2,00,000 during the year 2023-24. To overcome the financial position, his wife Mrs. Vaishaly, a software Engineer, gave a gift of ₹ 5,00,000 on 01.04.2024, which was immediately invested in the business by Mr. Vaibhav. He earned a profit of ₹ 4,00,000 during the year 2024-25. Compute the amount to be clubbed in the hands of Mrs. Vaishaly for the Assessment Year 2025-26. If Mrs. Vaishaly gave the said amount as loan, what would be the amount to be clubbed?

[SM Q.]

Question 4

Mrs. Kasturi transferred her immovable property to ABC Co. Ltd. subject to a condition that out of the rental income, a sum of ₹ 36,000 per annum shall be utilized for the benefit of her son's wife.

Mrs. Kasturi claims that the amount of ₹ 36,000 (utilized by her son's wife) should not be included in her total income as she no longer owned the property.

Examine with reasons whether the contention of Mrs. Kasturi is valid in law.

[SM Q.]

Answer 4

The clubbing provisions under section 64(1)(viii) are attracted in case of transfer of any asset, directly or indirectly, otherwise than for adequate consideration, to any person to the extent to which the

Chapter 8: Income of Other Persons included in Assessee's Total Income

income from such asset is for the immediate or deferred benefit of son's wife. Such income shall be included in computing the total income of the transferor-individual.

Therefore, income of ₹ 36,000 meant for the benefit of daughter-in-law is chargeable to tax in the hands of transferor i.e., Mrs. Kasturi in this case.

The contention of Mrs. Kasturi is, hence, not valid in law.

Note - In order to attract the clubbing provisions under section 64(1)(viii), the transfer should be otherwise than for adequate consideration. In this case, it is presumed that the transfer is otherwise than for adequate consideration and therefore, the clubbing provisions are attracted. Moreover, the provisions of section 56(2)(x) would also get attracted in the hands of ABC Co Ltd., if the conditions specified thereunder are satisfied.

If it is presumed that the transfer was for adequate consideration, the provisions of section 64(1)(viii) would not be attracted.

Question 5

Mr. A has three minor children – two twin daughters, aged 12 years, and one son, aged 16 years. Income of the twin daughters is ₹ 2,000 p.a. each and that of the son is ₹ 1,200 p.a. Mrs. A has transferred her flat to her minor son on 1.4.2024 out of natural love and affection. The flat was let out on the same date and the rental income from the flat is ₹ 10,000 p.m. Compute the income, in respect of minor children, to be included in the hands of Mr. A and Mrs. A u/s 64(1A) [assuming that Mr. A's total income is higher than Mrs. A's total income, before including the income of minor children and both Mr. A and Mrs. A exercise the option of shifting out of the default tax regime provided u/s 115BAC(1A)]. **[SM Q.]**

Answer 5

Taxable income, in respect of minor children, in the hands of Mr. A is:

Particulars	₹	₹
Twin minor daughters [₹ 2,000 × 2]	4,000	
Less: Exempt under section 10(32) [₹ 1,500 × 2]	3,000	1,000
Minor son	1,200	
Less: Exempt under section 10(32)	1,200	Nil
Income to be clubbed in the hands of Mr. A		1,000

Note – As per section 27(i), Mrs. A is the deemed owner of house property transferred to her minor son. Natural love and affection do not constitute adequate consideration for this purpose. Accordingly, the income from house property of ₹ 84,000 [i.e., ₹ 1,20,000 (-) ₹ 36,000, being 30% of ₹ 1,20,000] would be taxable directly in her hands as the deemed owner of the said property. Consequently, clubbing provisions under section 64(1A) would not be attracted in respect of income from house property, owing to which exemption u/s 10(32) cannot be availed by her.

Question 6

Compute the gross total income of Mr. & Mrs. A from the following information assuming both exercise the option of shifting out of the default tax regime provided u/s 115BAC(1A)

(f)	Gift received by C on 30.09.2024 from friend of Mrs. A	2,500

Brief working is sufficient. Detailed computation under various heads of income is not required. [SM Q.]

Answer 6

As per the provisions of section 64(1A) of the Income-tax Act, 1961, all the income of a minor child has to be clubbed in the hands of that parent whose total income (excluding the income of the minor) is greater. The income of Mr. A is ₹ 3,90,000 and income of Mrs. A is ₹ 2,30,000. Since the income of Mr. A is greater than that of Mrs. A, the income of the minor children have to be clubbed in the hands of Mr. A. It is assumed that this is the first year when clubbing provisions are attracted.

Income derived by a minor child from any activity involving application of his/her skill, talent, specialised knowledge and experience is not to be clubbed. Hence, the income of minor child C from exercise of special talent will not be clubbed.

However, interest from bank deposit has to be clubbed even when deposit is made out of income arising from application of special talent.

The Gross Total Income of Mrs. A is ₹ 2,30,000. The total income of Mr. A giving effect to the provisions of section 64(1A) is as follows:

Computation of gross total income of Mr. A for the A.Y. 2025-26

Particulars	₹	₹

Question 7

Mr. Vasudevan gifted a sum of ₹ 6 lakhs to his brother's wife on 14-6-2024. On 12-7-2024, his brother gifted a sum of ₹ 5 lakhs to Mr. Vasudevan's wife. The gifted amounts were invested as fixed deposits in banks by Mrs. Vasudevan and wife of Mr. Vasudevan's brother on 01-8-2024 at 9% interest. Examine the consequences of the above under the provisions of the Income-tax Act, 1961 in the hands of Mr. Vasudevan and his brother. [SM Q.]

Answer 7

In the given case, Mr. Vasudevan gifted a sum of ₹ 6 lakhs to his brother's wife on 14.06.2024 and simultaneously, his brother gifted a sum of ₹ 5 lakhs to Mr. Vasudevan's wife on 12.07.2024. The gifted amounts were invested as fixed deposits in banks by Mrs. Vasudevan and his brother's wife. These transfers are in the nature of cross transfers. Accordingly, the income from the assets transferred would be assessed in the hands of the deemed transferor because the transfers are so intimately connected to form part of a single transaction and each transfer constitutes consideration for the other by being mutual or otherwise.

Chapter 8: Income of Other Persons included in Assessee's Total Income

If two transactions are inter-connected and are part of the same transaction in such a way that it can be said that the circuitous method was adopted as a device to evade tax, the implication of clubbing provisions would be attracted. It was so held by the Apex Court in Keshavji Morarji (1967) .

Accordingly, the interest income arising to Mrs. Vasudevan in the form of interest on fixed deposits would be included in the total income of Mr. Vasudevan and interest income arising in the hands of his brother's wife would be taxable in the hands of Mr. Vasudevan's brother as per section 64(1), to the extent of amount of cross transfers i.e., ₹ 5 lakhs.

This is because both Mr. Vasudevan and his brother are the indirect transferors of the income to their respective spouses with an intention to reduce their burden of taxation.

However, the interest income earned by his spouse on fixed deposit of ₹ 5 lakhs alone would be included in the hands of Mr. Vasudevan's brother and not the interest income on the entire fixed deposit of ₹ 6 lakhs, since the cross transfer is only to the extent of ₹ 5 lakhs.

Question 8

Mr. Sharma has four children consisting 2 daughters and 2 sons. The annual income of 2 daughters were ₹ 9,000 and ₹ 4,500 and of sons were ₹ 6,200 and ₹ 4,300, respectively. The daughter who has income of ₹ 4,500 was suffering from a disability specified under section 80U.

Compute the amount of income earned by minor children to be clubbed in hands of Mr. Sharma assuming he has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A). **[SM Q.]**

Answer 8

As per section 64(1A), in computing the total income of an individual, all such income accruing or arising to a minor child shall be included. However, income of a minor child suffering from disability specified under section 80U would not be included in the income of the parent but would be taxable in the hands of the minor child. Therefore, in this case, the income of daughter suffering from disability specified under section 80U should not be clubbed with the income of Mr. Sharma.

Under section 10(32), income of each minor child includible in the hands of the parent under section 64(1A) would be exempt to the extent of the actual income or ₹ 1,500, whichever is lower. The remaining income would be included in the hands of the parent.

Computation of income earned by minor children to be clubbed with the income of Mr. Sharma:

	Particulars	₹
(i)	Income of one daughter	9,000
	Less: Income exempt under section 10(32)	1,500
	Total (A)	7,500
(ii)	Income of two sons (₹ 6,200 + ₹ 4,300)	10,500
	Less: Income exempt under section 10(32)	
	(₹ 1,500 + ₹ 1,500)	3,000
	Total (B)	7,500
	Total Income to be clubbed as per section 64(1A) (A+B)	15,000

Note: It has been assumed that:

- (1) All the four children are minor children;
- (2) The income does not accrue or arise to the minor children on account of any manual work done by them or activity involving application of their skill, talent or specialized knowledge and experience;

- (3) The income of Mr. Sharma, before including the minor children's income, is greater than the income of Mrs. Sharma, due to which the income of the minor children would be included in his hands; and
- (4) This is the first year in which clubbing provisions are attracted.

Question 9

During the previous year 2024-25, the following transactions occurred in respect of Mr. A.

- (a) Mr. A had a fixed deposit of ₹ 5,00,000 in Bank of India. He instructed the bank to credit the interest on the deposit @ 9% from 1-4-2024 to 31-3-2025 to the savings bank account of Mr. B, son of his brother, to help him in his education.
- (b) Mr. A holds 75% profit share in a partnership firm. Mrs. A received a commission of ₹ 25,000 from the firm for promoting the sales of the firm. Mrs. A possesses no technical or professional qualification.
- (c) Mr. A gifted a flat to Mrs. A on April 1, 2024. During the previous year 2024-25, Mrs. A's "Income from house property" (computed) was ₹ 52,000 from such flat.
- (d) Mr. A gifted ₹ 2,00,000 to his minor son who invested the same in a business and he derived income of ₹ 20,000 from the investment.
- (e) Mr. A's minor son derived an income of ₹ 20,000 through a business activity involving application of his skill and talent.

During the year, Mr. A got a monthly pension of ₹ 10,000. He had no other income. Mrs. A received salary of ₹ 20,000 per month from a part time job.

Examine the tax implications of each transaction and compute the total income of Mr. A, Mrs. A and their minor child assuming they exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A).

[SM Q.]

Question 10

Mr. A has gifted a house property valued at ₹ 50 lakhs to his wife, Mrs. B, who in turn has gifted the same to Mrs. C, their daughter-in-law. The house was let out at ₹ 25,000 per month throughout the year. Compute the total income of Mr. A and Mrs. C. Will your answer be different if the said property was gifted to his son, husband of Mrs. C?

[SM Q.]

Answer 10

As per section 27(i), an individual who transfers otherwise than for adequate consideration any house property to his spouse, not being a transfer in connection with an agreement to live apart, shall be deemed to be the owner of the house property so transferred.

Therefore, in this case, Mr. A would be the deemed owner of the house property transferred to his wife Mrs. B without consideration.

As per section 64(1)(vi), income arising to the son's wife from assets transferred, directly or indirectly, to her by an individual otherwise than for adequate consideration would be included in the total income of such individual.

Income from let-out property is ₹ 2,10,000 [i.e., ₹ 3,00,000, being the actual rent calculated at ₹ 25,000 per month less ₹ 90,000, being deduction under section 24@30% of ₹ 3,00,000]

In this case, income of ₹ 2,10,000 from let-out property arising to Mrs. C, being Mr. A's son's wife, would be included in the income of Mr. A, applying the provisions of section 27(i) and section 64(1)(vi). Such income would, therefore, not be taxable in the hands of Mrs. C.

In case the property was gifted to Mr. A's son, the clubbing provisions under section 64 would not apply, since the son is not a minor child. Therefore, the income of ₹ 2,10,000 from letting out of property gifted to the son would be taxable in the hands of the son.

It may be noted that the provisions of section 56(2)(x) would not be attracted in the hands of the

Chapter 8: Income of Other Persons included in Assessee's Total Income

recipient of house property, since the receipt of property in each case was from a “relative” of such individual. Therefore, the stamp duty value of house property would not be chargeable to tax in the hands of the recipient of immovable property, even though the house property was received by her or him without consideration.

Question 11

A proprietary business was started by Smt. Rani in the year 2022. As on 1.4.2023 her capital in business was ₹ 3,00,000.

Her husband gifted ₹ 2,00,000 on 10.4.2023 to her and such sum is invested by Smt. Rani in her business on the same date. Smt. Rani earned profits from her proprietary business for the Financial year 2023-24, ₹ 1,50,000 and Financial year 2024-25 ₹ 3,90,000. Question 12

Mr. B is the Karta of a HUF, whose members derive income as given below:

	Particulars	₹
(i)	Income from B's profession	45,000
(ii)	Mrs. B's salary as fashion designer	76,000
(iii)	Minor son D (interest on fixed deposits with a bank which were gifted to him by his uncle)	10,000
(iv)	Minor daughter P's earnings from sports	95,000
(v)	D's winnings from lottery (gross)	1,95,000

Examine the tax implications in the hands of Mr. and Mrs. B.

[SM Q.]

Answer 12

Clubbing of income and other tax implications

As per the provisions of section 64(1A), in case the marriage of the parents subsist, the income of a minor child shall be clubbed in the hands of the parent whose total income, excluding the income of the minor child to be clubbed, is greater. In this problem, it has been assumed that the marriage of Mr. B and Mrs. B subsists.

Further, in case the income arises to the minor child on account of any manual work done by the child or as a result of any activity involving application of skill, talent, specialized knowledge or experience of the child, then, the same shall not be clubbed in the hands of the parent.

Tax implications

- Income of ₹ 45,000 from Mr. B's profession shall be taxable in the hands of Mr. B under the head “Profits and gains of business or profession”.
- Salary of ₹ 26,000 (₹ 76,000 less standard deduction under section 16(ia) of ₹ 50,000) shall be taxable as “Salaries” in the hands of Mrs. B.
- Income from fixed deposit of ₹ 10,000 arising to the minor son D, shall be clubbed in the hands of the father, Mr. B as “Income from other sources”, since Mr. B's income is greater than income of Mrs. B before including the income of the minor child.
As per section 10(32), income of a minor child which is includible in the income of the parent shall be exempt to the extent of ₹ 1,500 per child. The balance income would be clubbed in the hands of the parent as “Income from other sources”.
- Income of ₹ 95,000 arising to the minor daughter P from sports shall not be included in the hands of the parent, since such income has arisen to the minor daughter on account of an activity involving application of her skill.
- Income of ₹ 1,95,000 arising to minor son D from lottery shall be included in the hands of Mr. B

as "Income from other sources", since Mr. B's income is greater than the income of Mrs. B before including the income of minor child.

Note—Mr. B can reduce the tax deducted at source from such lottery income while computing his net tax liability.

Question 13

Rayaan gifted ₹ 15 lakhs to his wife, Sargam on her birthday on, 23rd February, 2024. Sargam lent ₹ 8,00,000 out of the gifted amount to Karuna on 1st April, 2024 for six months on which she received interest of ₹ 80,000. The said sum of ₹ 80,000 was invested in shares of a listed company on 5th October, 2024, which were sold for ₹ 96,000 on 28th March, 2025. Securities transactions tax was paid on purchase and sale of such shares. The balance amount of gift was invested on 1st April 2024, as capital by Sargam in her new business. She suffered loss of ₹ 52,000 in the business in Financial Year 2024-25.

In whose hands the above income and loss shall be included in Assessment Year 2025-26, assuming that capital invested in the business was entirely out of the funds gifted by her husband. Support your answer with brief reasons. **[RTP M-20 Q.]**

Answer 13

In computing the total income of any individual, there shall be included all such income as arises directly or indirectly, to the spouse of such individual from assets transferred directly or indirectly, to the spouse by such individual otherwise than for adequate consideration or in connection with an agreement to live apart.

Interest on loan: Accordingly, ₹ 80,000, being the amount of interest on loan received by Mrs. Sargam, wife of Mr. Rayaan, would be includible in the total income of Mr. Rayaan, since such loan was given out of the sum of money received by her as gift from her husband.

Loss from business: As per Explanation 2 to section 64, income includes loss. Thus, clubbing provisions would be attracted even if there is loss and not income.

Thus, the entire loss of ₹ 52,000 from the business carried on by Mrs. Sargam would also be includible in the total income of Mr. Rayaan, since as on 1st April 2024, the capital invested was entirely out of the funds gifted by her husband.

Short-term capital gain: Income from the accretion of the transferred asset is not liable to be included in the hands of the transferor and, therefore, short-term capital gain of ₹ 16,000 (₹ 96,000, being the sale consideration less ₹ 80,000, being the cost of acquisition) arising in the hands of Mrs. Sargam from sale of shares acquired by investing the interest income of ₹ 80,000 earned by her (from the loan given out of the sum gifted by her husband), would not be included in the hands of Mr. Rayaan. Thus, such income is taxable in the hands of Mrs. Sargam.

Question 14

Mr. Karan gifted a sum of ₹ 9 lakhs to his brother's minor son on 1-5-2024. On the same date, his brother gifted debentures worth ₹ 10 lakhs to Mrs. Karan. Son of Mr. Karan's brother invested the amount in fixed deposit with Canara Bank @ 9% p.a. interest and Mrs. Karan received interest of ₹ 81,000 on these debentures during the previous year 2024-25. Discuss the tax implications under the provisions of the Income-tax Act, 1961.

[RTP N-20]

Answer 14

In the given case, Mr. Karan gifted a sum of ₹ 9 lakhs to his brother's minor son on 1.5.2024 and simultaneously, his brother gifted debentures worth ₹ 10 lakhs to Mr. Karan's wife on the same date. Mr. Karan's brother's minor son invested the gifted amount of ₹ 9 lakhs in fixed deposit with Canara Bank.

These transfers are in the nature of cross transfers. Accordingly, the income from the assets transferred would be assessed in the hands of the deemed transferor because the transfers are so

Chapter 8: Income of Other Persons included in Assessee's Total Income

intimately connected to form part of a single transaction and each transfer constitutes consideration for the other by being mutual or otherwise.

If two transactions are inter-connected and are part of the same transaction in such a way that it can be said that the circuitous method was adopted as a device to evade tax, the implication of clubbing provisions would be attracted.

As per section 64(1A), all income of a minor child is includible in the hands of the parent, whose total income, before including minor's income is higher. Accordingly, the interest income arising to Mr. Karan's brother's son from fixed deposits would be included in the total income of Mr. Karan's brother, assuming that Mr. Karan's brother's total income is higher than his wife's total income, before including minor's income. Mr. Karan's brother can claim exemption of ₹ 1,500 under section 10(32).

Interest on debentures arising in the hands of Mrs. Karan would be taxable in the hands of Mr. Karan as per section 64(1)(iv).

This is because both Mr. Karan and his brother are the indirect transferors of the income to their spouse and minor son, respectively, with an intention to reduce their burden of taxation.

In the hands of Mr. Karan, interest received by his spouse on debentures of ₹ 9 lakhs alone would be included and not the entire interest income on the debentures of ₹10 lakhs, since the cross transfer is only to the extent of ₹ 9 lakhs.

Hence, only proportional interest (i.e., 9/10th of interest on debentures received) ₹ 72,900 would be includible in the hands of Mr. Karan.

The provisions of section 56(2)(x) are not attracted in respect of sum of money transferred or value of debentures transferred, since in both the cases, the transfer is from a relative.

Question 15

Compute Gross Total income of Mr. R and Mrs. R for the assessment year 2025-26. Assume they have opted out from 115BAC.

Answer 15

(a) Computation of Gross Total Income of Mr. R and Mrs. R for A.Y. 2025-26

	Particulars	Mr. R	Mrs. R
		Amount (₹)	
I.	Income from house property Income from property transferred to HUF without consideration		

Revt : Uncomputed 30%

Chapter 8: Income of Other Persons included in Assessee's Total Income

	Particulars	Mr. R	Mrs. R
		Amount (₹)	
II.	Since Mr. R has transferred his property to his HUF without consideration, income of ₹ 50,000 ¹ from such property would be included in the total income of Mr. R as per section 64(2).	50,000	
	Capital Gains Income from equity shares transferred by Mrs. R to Mr. R without consideration Capital gains arising to Mr. R from transfer of equity shares of RSB Ltd. gifted to him by Mrs. R would be included in the hands of Mrs. R [₹ 5,20,000 x 5,000/8,000]		3,25,000
	Capital gains arising to Mr. R from transfer of bonus shares issued by RSB Ltd. on the basis of holding of the said equity shares would be included in the income of Mr. R and not Mrs. R, since income derived from accretion of the transferred asset cannot be clubbed with the income of transferor of the original asset i.e., Mrs. R [₹ 5,20,000 x 3,000/8,000] ³	1,95,000	
III.	Income from Other Sources		
	Income from commission	4,00,000	
	Interest income		3,30,000
	Interest income on ₹ 4 lakh transferred by Mr. R to Mrs. R without consideration		
	Income of ₹ 44,000, i.e., 11% of ₹4,00,000, being the amount transferred by Mr. R to Mrs. R without any consideration and loaned by her to Mr. Girish, would be included in the income of Mr. R	44,000	
	Income of ₹ 38,500 i.e., 11% of ₹ 3,50,000, being the interest earned by Mrs. R out of amount gifted by Mr. R and thereafter, given by her as loan to Mr. Girish, would be included in the income of Mrs. R, as income derived by Mrs. R from accretion of the amount gifted by Mr. R (i.e., interest income) cannot be included in the income of Mr. R.		38,500
IV.	Total income [before considering adjustment on account of item (iii) i.e., salary income from a company in which both Mr. R and Mrs. R have substantial interest]	6,89,000	6,93,500
	Salary income from a company in which both Mr. R and Mrs. R have substantial interest Since both Mr. R and Mrs. R have substantial interest in AMG Ltd. (on account of holding equity shares carrying 20% or more of voting power) and both are in receipt of income by way of salary from AMG Ltd., such salary income would be includible in the hands of that spouse, whose total income, before including such salary income,		

¹ Assumed as computed figure.

Chapter 8: Income of Other Persons included in Assessee's Total Income

	Particulars	Mr. R	Mrs. R
		Amount (₹)	
	is higher. Accordingly, the salary income of both Mr. R and Mrs. R would be included in the hands of Mrs. R in this case, since her total income, before including such income, is higher than that of Mr. R.		
	Salary income of Mr. R = ₹ 3,20,000 – ₹ 50,000 (standard deduction)		2,70,000
	Salary income of Mrs. R = ₹ 2,70,000 – ₹ 50,000 (standard deduction)		2,20,000
	Gross Total Income	6,89,000	11,83,500

Question 16

Mr. Vatsan has transferred, through a duly registered document, the income arising from a godown to his son, without transferring the godown. In whose hands will the rental income from godown be charged?

Answer 16

Question 9

Mr. A furnishes you the following information for the year ended 31.03.2025:

		(₹)
(i)	Income from plying of vehicles (computed as per books) (He owned 5 light goods vehicle throughout the year)	3,20,000
(ii)	Income from retail trade of garments (Computed as per books) (Sales turnover ₹ 1,35,70,000) Mr. A had declared income on presumptive basis under section 44AD for the first time in A.Y. 2024-25. Assume 10% of the turnover during the previous year 2024-25 was received in cash and balance through A/c payee cheque and all the payments in respect of expenditure were also made through A/c payee cheque or debit card.	7,50,000
(iii)	He has brought forward depreciation relating to A.Y. 2023-24	1,00,000

Compute taxable income of Mr. A and his tax liability for the assessment year 2025-26 with reasons for your computation, assuming he has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A).

[SM Q.]

Answer 9

Computation of total income and tax liability of Mr. A for the A.Y. 2025-26

Particulars	₹
Income from retail trade – as per books (See Note 1 below)	7,50,000

Income from plying of vehicles – as per books (See Note 2 below)	3,20,000
	10,70,000
Less : Set off of b/f depreciation relating to A.Y. 2023-24	1,00,000
Total income	9,70,000
Tax liability	1,06,500
Add: Health and Education cess @4%	4,260
Total tax liability	1,10,760

Note:

- Income from retail trade:** Presumptive business income under section 44AD is ₹ 8,41,340 i.e., 8% of ₹ 13,57,000, being 10% of the turnover received in cash and 6% of ₹ 1,22,13,000, being the amount of sales turnover received through A/c payee cheque. However, the income computed as per books is ₹ 7,50,000 which is to be further reduced by the amount of unabsorbed depreciation of ₹ 1,00,000. Since the income computed as per books is lower than the income deemed under section 44AD, the assessee can adopt the income as per books.
However, if he does not opt for presumptive taxation under section 44AD, he has to get his books of accounts audited under section 44AB, since his turnover exceeds ₹ 1 crore (the enhanced limit of ₹ 10 crore would not be available, since more than 5% of the turnover is received in cash). Also, his case would be falling under section 44AD(4) and hence tax audit is mandatory. It may further be noted that he cannot opt for section 44AD for next five A.Ys, if he does not opt for section 44AD this year.
- Income from plying of light goods vehicles:** Income calculated under section 44AE(1) would be ₹ 7,500 x 12 x 5 which is equal to ₹ 4,50,000. However, the income from plying of vehicles as per books is ₹ 3,20,000, which is lower than the presumptive income of ₹ 4,50,000 calculated as per section 44AE(1). Hence, the assessee can adopt the income as per books i.e. ₹ 3,20,000, provided he maintains books of account as per section 44AA and gets his accounts audited and furnishes an audit report as required under section 44AB.

It is to be further noted that in both the above cases, had presumptive income provisions been opted, all deductions under sections 30 to 38, including depreciation would have been deemed to have been given full effect to and no further deduction under those sections would be allowable.

If the assessee opted for income to be assessed on presumptive basis, his total income would be as under:

Particulars	₹
Income from retail trade under section 44AD [₹ 13,57,000 @ 8% plus ₹ 1,22,13,000 @6%]	8,41,340
Income from plying of light goods vehicles under section 44AE [₹ 7,500 x 12 x 5]	4,50,000
	12,91,340
Less: Set off of brought forward depreciation – not possible as it is deemed that it has been allowed and set off	Nil
Total income	12,91,340
Tax thereon	1,99,902
Add : Health and Education cess @4%	7,996
Total tax liability	2,07,898
Total tax liability (rounded off)	2,07,900

As per section 73A(2), such loss can be carried forward indefinitely for set-off against profits of any specified business.
- (iii) Business loss cannot be set off against salary income. However, business loss of ₹90,000 (₹1,30,000 – ₹40,000 set-off against income from speculation business) can be set-off against long-term capital gains from sale of urban land. Consequently, the taxable long-term capital gains would be ₹50,000.
- (iv) Loss from card games can neither be set off against any other income, nor can it be carried forward.
- (v) For providing deduction under Chapter VI-A, gross total income has to be reduced by the amount

of long-term capital gains and casual income. Therefore, the deduction under section 80C in respect of life insurance premium paid has to be restricted to ₹20,000 [i.e., Gross Total Income of ₹1,15,000 – ₹50,000 (LTCG) – ₹45,000 (Casual income)].

- (vi) Income from betting is chargeable at a flat rate of 30% under section 115BB and no expenditure or allowance can be allowed as deduction from such income, nor can any loss be set-off against such income.

Question 3

$$120,000 + 24,000 = 144,000$$

The basic salary of Mr. A is ₹ 1,00,000 p.m. He is entitled to dearness allowance, which is 40% of basic salary. 50% of dearness allowance forms part of pay for retirement benefits. Both Mr. A and his employer, ABC Ltd., contribute 15% of basic salary to the pension scheme referred to in section 80CCD. Explain the tax treatment in respect of such contribution in the hands of Mr. A if he has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A).

What would be your answer if Mr. A pays tax under the default tax regime u/s 115BAC?

Answer 3

(i) Tax treatment in the hands of Mr. A in respect of employer's and own contribution to pension scheme referred to in section 80CCD, where Mr. A has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A) [i.e., where Mr. A pays tax under the normal provisions of the Act]

- Employer's contribution to such pension scheme would be treated as salary since it is specifically included in the definition of "salary" u/s 17(1)(viii). Therefore, ₹ 1,80,000, being 15% of basic salary of ₹ 12,00,000, will be included in Mr. A's salary.
- Mr. A's contribution to pension scheme is allowable as deduction u/s 80CCD(1). However, the deduction is restricted to 10% of salary. Salary, for this purpose, means basic pay plus dearness allowance, if it forms part of pay.

Therefore, "salary" for the purpose of deduction u/s 80CCD for Mr. A would be –

Particulars	₹
Basic salary = ₹ 1,00,000 × 12 =	12,00,000
Dearness allowance = 40% of ₹ 12,00,000 = ₹ 4,80,000	
50% of Dearness Allowance forms part of pay = 50% of ₹ 4,80,000	2,40,000
Salary for the purpose of deduction u/s 80CCD	14,40,000
Deduction u/s 80CCD(1) is restricted to 10% of ₹ 14,40,000 (as against actual contribution of ₹ 1,80,000, being 15% of basic salary of ₹ 12,00,000)	1,44,000
As per section 80CCD(1B), a further deduction of upto ₹ 50,000 is allowable. Therefore, deduction u/s 80CCD(1B) is ₹ 36,000 (₹ 1,80,000 - ₹ 1,44,000).	36,000

₹ 1,44,000 is allowable as deduction u/s 80CCD(1). This would be taken into consideration and be subject to the overall limit of

₹ 1,50,000 u/s 80CCE. ₹ 36,000 allowable as deduction u/s 80CCD(1B) is outside the overall

limit of ₹ 1,50,000 u/s 80CCE.

In the alternative, ₹ 50,000 can be claimed as deduction u/s 80CCD(1B). The balance ₹ 1,30,000 (₹ 1,80,000- ₹ 50,000) can be claimed as deduction u/s 80CCD(1).

- (c) Employer's contribution to pension scheme would be allowable as deduction u/s 80CCD(2), subject to a maximum of 10% of salary. Therefore, deduction u/s 80CCD(2), would also be restricted to ₹ 1,44,000, even though the entire employer's contribution of ₹ 1,80,000 is included in salary u/s 17(1)(viii). However, this deduction of employer's contribution of ₹ 1,44,000 to pension scheme would be outside the overall limit of ₹ 1,50,000 u/s 80CCE i.e., this deduction would be over and above the other deductions which are subject to the limit of ₹ 1,50,000.

(ii) Where Mr. A pays tax under the default tax regime u/s 115BAC

Mr. A would not be eligible for deduction u/s 80CCD(1)/(1B) in respect of his contribution to pension scheme under the default tax regime u/s 115BAC. However, he would be allowed deduction of ₹ 1,80,000 u/s 80CCD(2) in respect of employer's contribution to pension scheme. As amendment made by FA 24 deduction @14% of salary is allowed if assessee pay tax as per default taxation regime.

Answer 5**Deduction allowable u/s 80D for the A.Y.2025-26**

	Particulars	Actual Payment ₹	Maximum deduction allowable ₹
A.	Premium paid and medical expenditure incurred for self and spouse		
(i)	Medical insurance premium paid for self and spouse	20,000	20,000
(ii)	Contribution to CGHS	3,600	3,600
(iii)	Exp. on preventive health check-up of self & spouse	3,000	1,400
		26,600	25,000
B.	Premium paid or medical expenditure incurred for father, who is a senior citizen		
(i)	Mediclaime premium paid for father, who is over 60 years of age	47,000	47,000
(ii)	Expenditure on preventive health check-up of father	4,000	3,000
		51,000	50,000
	Total deduction u/s 80D (₹ 25,000 + ₹ 50,000)		75,000

Notes:

- (1) The total deduction under A. (i), (ii) and (iii) above should not exceed ₹ 25,000. Therefore, the expenditure on preventive health check-up for self and spouse would be restricted to ₹ 1,400, being (₹ 25,000 – ₹ 20,000 – ₹ 3,600).
- (2) The total deduction under B. (i) and (ii) above should not exceed ₹ 50,000. Therefore, the expenditure on preventive health check-up for father would be restricted to ₹ 3,000, being (₹ 50,000 – ₹ 47,000).
- (3) In this case, the total deduction allowed on account of expenditure on preventive health check-up of self, spouse and father is ₹ 4,400 (i.e., ₹ 1,400 + ₹ 3,000), which is within the maximum permissible limit of ₹ 5,000.

Annual repayment of loan (₹)	1,00,000	40,000	80,000
Annual repayment of interest (₹)	20,000	10,000	18,000

Compute the amount deductible u/s 80E for the A.Y.2025-26, assuming he has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A).

[SM Q.]

Answer 7

Deduction u/s 80E is available to an individual assessee in respect of any interest paid by him in the previous year in respect of loan taken for pursuing his higher education or higher education of his spouse or children. Higher education means any course of study pursued after senior secondary examination.

Therefore, interest repayment in respect of all the above loans would be eligible for deduction.

Deduction u/s 80E = ₹ 20,000 + ₹ 10,000 + ₹ 18,000 = ₹ 48,000.

Question 11

Mr. Ganesh, a businessman, whose total income (before allowing deduction u/s 80GG) for A.Y.2025-26 is ₹ 4,60,000, paid house rent at ₹ 12,000 p.m. in respect of residential accommodation occupied by him at Mumbai. Compute the deduction allowable to him u/s 80GG for A.Y.2025-26, if he has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A). [SM Q.]

Answer 11

The deduction u/s 80GG will be computed as follows:

(i) Actual rent paid less 10% of total income

$$\begin{aligned} \text{₹ } 1,44,000 (-) \frac{(10 \times 4,60,000)}{100} &= \text{₹ } 98,000 \text{ (A)} \\ &= \frac{25 \times 4,60,000}{100} = \text{₹ } 1,15,000 \text{ (B)} \end{aligned}$$

(ii) 25% of total income

(iii) Amount calculated at ₹ 5,000 p.m. = ₹ 60,000 (C)

Question 12

During the P.Y. 2024-25, ABC Ltd., an Indian company,

(1) contributed a sum of ₹ 2 lakh to an electoral trust; and

(2) incurred expenditure of ₹ 25,000 on advertisement in a brochure of a political party.

Is the company eligible for deduction in respect of such contribution/expenditure, assuming that the contribution was made by cheque? If so, what is the quantum of deduction? [SM Q.]

Answer 12

An Indian company is eligible for deduction u/s 80GGB in respect of any sum contributed by it in the previous year to any political party or an electoral trust. Further, the word “contribute” in section 80GGB has the meaning assigned to it in section 293A of the Companies Act, 1956, and accordingly, it includes the amount of expenditure incurred on advertisement in a brochure of a political party.

Therefore, ABC Ltd. is eligible for a deduction of ₹ 2,25,000 u/s 80GGB in respect of sum of ₹ 2 lakh contributed to an electoral trust and ₹ 25,000 incurred by it on advertisement in a brochure of a political party.

It may be noted that there is a specific disallowance u/s 37(2B) in respect of expenditure incurred on advertisement in a brochure of a political party. Therefore, the expenditure of ₹ 25,000 would be disallowed while computing business income/gross total income. However, the said expenditure incurred by an Indian company is allowable as a deduction from gross total income u/s 80GGB.

Question 15

Mr. A, a resident individual aged 61 years, has earned business income (computed) of ₹ 1,35,000, lottery income of ₹ 1,20,000 (gross) during the P.Y. 2024-25. He also has interest on Fixed Deposit of ₹ 30,000 with banks. He invested an amount of ₹ 1,50,000 in Public Provident Fund account. What is the total income of Mr. A for the A.Y. 2025-26, if he has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A).

[SM Q.]

Answer 15

Computation of total income of Mr. A for A.Y.2025-26

Particulars	₹	₹
Profits and gains of business or profession		1,35,000
Income from other sources		
- Interest on Fixed Deposit with banks		30,000
- lottery income		1,20,000
Gross Total Income		2,85,000
Less: Deductions under Chapter VIA [See Note below]		
U/s 80C		

Particulars	₹	₹
- Deposit in Public Provident Fund U/s 80TTB	1,50,000	
- Interest on fixed deposits with banks	30,000	
	1,80,000	
Restricted to		1,65,000
Total Income		1,20,000

Note: In case of resident individuals of the age of 60 years or more, interest on bank fixed deposits qualifies for deduction upto ₹ 50,000 u/s 80TTB.

Though the aggregate of deductions under Chapter VI-A is ₹ 1,80,000, however, the maximum permissible deduction cannot exceed the gross total income exclusive of long term capital gains taxable u/s 112 and section 112A, short-term capital gains covered u/s 111A and winnings from lotteries of the assessee.

Therefore, the maximum permissible deduction under Chapter VI-A = ₹ 2,85,000 – ₹ 1,20,000 = ₹ 1,65,000.

- Subscription to notified bonds of NABARD would qualify for deduction u/s 80C.
- In order to be eligible to claim deduction u/s 80C, investment /contribution/ subscription etc. in eligible or approved modes, should be made from out of income chargeable to tax.

Chapter 10: Deductions from Gross Total Income

- (iv) Where an individual repays a sum of ₹ 30,000 towards principal and ₹ 14,000 as interest in respect of loan taken from a bank for pursuing eligible higher studies, the deduction allowable u/s 80E is ₹ 44,000.
- (v) Mrs. Sheela, widow of Mr. Satish (who was an employee of M/s. XYZ Ltd.), received ₹ 7 lakhs on 1.5.2024, being amount standing to the credit of Mr. Satish in his NPS Account, in respect of which deduction has been allowed u/s 80CCD to Mr. Satish in the earlier previous years. Such amount received by her as a nominee on closure of the account is deemed to be her income for A.Y.2025-26.
- (vi) Mr. Vishal, a Central Government employee, contributed ₹ 50,000 towards Tier II account of NPS. The same would be eligible for deduction u/s 80CCD. He has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A). [SM Q.]

Answer 17

- (i) **The statement is correct.** The deduction u/s 80E available to an individual in respect of interest on loan taken for his higher education or for the higher education of his relative. For this purpose, relative means, inter alia, spouse and children of the individual. Therefore, Mr. Amit will get the deduction u/s 80E in respect of interest on loan availed by him for his son's higher education. It is immaterial that his son is already employed in a firm. This would not affect Mr. Amit's eligibility for deduction u/s 80E.
- (ii) **The statement is correct.** U/s 80C(2) subscription to such bonds issued by NABARD (as the Central Government may notify in the Official Gazette) would qualify for deduction u/s 80C.
- (iii) **The statement is not correct.** There is no stipulation u/s 80C that the investment, subscription, etc. should be made from out of income chargeable to tax.
- (iv) **The statement is not correct.** Deduction u/s 80E is in respect of interest paid on education loan. Hence, the deduction will be limited to ₹14,000.
- (v) **The statement is not correct.** The proviso to section 80CCD(3) provides that the amount received by the nominee, on closure of NPS account on the death of the assessee, shall not be deemed to be the income of the nominee. Hence, amount received by Mrs. Sheela would not be deemed to be her income for A.Y. 2025-26.
- (vi) **The statement is not correct.** Contribution to Tier II account of NPS would qualify for deduction u/s 80C and not section 80CCD.

Question 18

Examine the allowability of the following, if he has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A).

- (i) Rajan has to pay to a hospital for treatment ₹ 62,000 and spent nothing for life insurance or for maintenance of dependant disabled.
- (ii) Raja, a resident Indian, has spent nothing for treatment in the previous year and deposited ₹ 25,000 with LIC for maintenance of dependant disabled.
- (iii) Rajan has incurred ₹ 20,000 for treatment and ₹ 25,000 was deposited with LIC for maintenance of dependant disabled.
- (iv) Payment of ₹ 50,000 by cheque to an electoral trust by an Indian company. [SM Q.]

Answer 18

- (i) The deduction of ₹ 75,000 u/s 80DD is allowed, irrespective of the amount of expenditure incurred or paid by the assessee. If the expenditure is incurred in respect of a dependant with severe disability, the deduction allowable is ₹ 1,25,000.
- (ii) The assessee Rajan has deposited ₹ 25,000 for maintenance of dependant disabled. The assessee is, however, eligible to claim ₹ 75,000 since the deduction of ₹ 75,000 is allowed, irrespective of the amount deposited with LIC. In the case of dependant with severe disability, the deduction allowable is ₹ 1,25,000.

- (iii) Section 80DD allows a deduction of ₹ 75,000 irrespective of the actual amount spent on maintenance of a dependent disabled and/or actual amount deposited with LIC. Therefore, the deduction will be ₹ 75,000 even though the total amount incurred/ deposited is only ₹ 45,000. If the dependant is a person with severe disability the quantum of deduction is ₹ 1,25,000.
- (iv) Amount paid by an Indian Company to an electoral trust is eligible for deduction u/s 80GGB from gross total income, since such payment is made otherwise than by way of cash.

Answer 20**Computation of total income of Mr. Rajmohan for the A.Y.2025-26**

Particulars	₹	₹
Gross Total Income		6,40,000
Less: Deduction under Chapter VI-A		
<u>U/s 80C</u>		
Stamp duty paid on acquisition of residential house	50,000	
Five year time deposit with Post Office	20,000	
	70,000	
<u>U/s 80E</u>		
Interest on loan taken for higher education of spouse, being a relative.	10,000	
<u>U/s 80G (See Note below)</u>		
Donation to recognized charitable trust (50% of ₹ 25,000)	12,500	92,500
Total Income		5,47,500

Note: In case of deduction u/s 80G in respect of donation to a charitable trust, the net qualifying amount has to be restricted to 10% of adjusted total income, i.e., gross total income less deductions under Chapter VI-A except 80G. The adjusted total income is, therefore, ₹ 5,60,000 (i.e. 6,40,000 – ₹ 80,000), 10% of which is ₹ 56,000, which is higher than the actual donation of ₹ 25,000. Therefore, the deduction u/s 80G would be ₹ 12,500, being 50% of the actual donation of ₹ 25,000.

Question 24

Mr. X is a resident individual. He deposits a sum of ₹ 50,000 with Life Insurance Corporation every year for the maintenance of his disabled grandfather who is wholly dependent upon him. The disability is one which comes under the Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995. A copy of the certificate from the medical authority is submitted. Compute the amount of deduction available u/s 80DD for the A.Y. 2025-26 assume he has exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A).

What will be the deduction if Mr. X had made this deposit for his dependant father? [SM Q.]

Answer 24

Since the amount deposited by Mr. X was for his grandfather, he will not be allowed any deduction u/s 80DD. The deduction is available if the individual assessee incurs any expense for a "dependant" disabled person. Grandfather does not come within the meaning of "dependant" as defined u/s 80DD.

If the expense was incurred for a dependant disabled person, Mr. X will be entitled to claim a deduction of ₹ 75,000 u/s 80DD, irrespective of the amount deposited. In case his father has severe disability, the deduction would be ₹ 1,25,000.

Answer 27

Computation of deduction u/s 10AA for A.Y. 2025-26

Since A.Y. 2025-26 is the 6th assessment year from A.Y. 2020-21, relevant to the previous year 2019-20, in which the SEZ unit began manufacturing of articles or things, it shall be eligible for deduction of 50% of the profits derived from export of such articles or things, assuming all the conditions specified in section 10AA are fulfilled.

$$= \text{Profit of Unit in SEZ} \times \frac{\text{Export turnover of Unit in SEZ} \times 50\%}{\text{Total Turnover of Unit in SEZ}}$$

$$= 20,00,000 \times \frac{40,00,000}{80,00,000} \times 50\% = 5,00,000$$

[RTP Nov-21 Q.]

Answer 28**Computation of deduction u/s 10AA for A.Y. 2025-26**

Advance Tax, Tax Deduction at Source and Introduction to Tax Collection at Source

Question 1

Mr. A, the employer, pays gross salary including allowances and monetary perquisites amounting to ₹ 7,30,000 to his General Manager. Besides, the employer provides non-monetary perquisites to him whose value is estimated at ₹ 1,20,000. The General Manager is exercising the option to shift out of the default tax regime and pay tax under the optional tax regime as per the normal provisions of the Act. What is the tax implication in the hands of Mr. A, the employer and General Manager, the employee?

Answer 1

	₹
Gross salary, allowances and monetary perquisites	7,30,000
Non-Monetary perquisites	<u>1,20,000</u>
	8,50,000
Less: Standard deduction under section 16(ia)	<u>50,000</u>
	<u>8,00,000</u>
Tax Liability	75,400
Average rate of tax ($\text{₹ } 75,400 / \text{₹ } 8,00,000 \times 100$)	9.425%

Mr. A can deduct ₹ 75,400 at source from the salary of the General Manager at the time of payment.

Alternatively, Mr. A can pay tax on non-monetary perquisites as under – Tax on non-monetary perquisites = 9.425% of ₹ 1,20,000 = ₹ 11,310

Balance to be deducted from salary = ₹ 64,090

If Mr. A pays tax of ₹ 11,310 on non-monetary perquisites, the same is not a deductible expenditure as per section 40(a). The amount of tax paid towards non-monetary perquisite by the employer, however, is not chargeable to tax in the hands of the employee as per section 10(10CC).

Question 2

Examine the TDS implications under section 194A in the cases mentioned hereunder–

- On 1.10.2024, Mr. Harish made a six-month fixed deposit of ₹ 10 lakh@9% p.a. with ABC Co-operative Bank. The fixed deposit matures on 31.3.2024.
- On 1.6.2024, Mr. Ganesh made three nine months fixed deposits of ₹ 3 lakh each, carrying interest@9% p.a. with Dwarka Branch, Janakpuri Branch and Rohini Branch of XYZ Bank, a bank which has adopted CBS. The fixed deposits mature on 28.2.2025.
- On 1.10.2024, Mr. Rajesh started a six months recurring deposit of ₹ 2,00,000 per month@8% p.a. with PQR Bank. The recurring deposit matures on 31.3.2025. **[SM-Q]**

Answer 2

- (i) ABC Co-operative Bank has to deduct tax at source@10% on the interest of ₹ 45,000 ($9\% \times ₹ 10 \text{ lakh} \times \frac{1}{2}$) under section 194A. The tax deductible at source under section 194A from such interest is, therefore, ₹ 4,500.
- (ii) XYZ Bank has to deduct tax at source@10% u/s 194A, since the aggregate interest on fixed deposit with the three branches of the bank is ₹ 60,750 [$3,00,000 \times 3 \times 9\% \times 9/12$], which exceeds the threshold limit of ₹ 40,000. Since XYZ Bank has adopted CBS, the aggregate interest credited/paid by all branches has to be considered. Since the aggregate interest of ₹ 60,750 exceeds the threshold limit of ₹ 40,000, tax has to be deducted@10% u/s 194A.
- (iii) No tax has to be deducted under section 194A by PQR Bank on the interest of ₹ 28,000 falling due on recurring deposit on 31.3.2025 to Mr. Rajesh, since such interest does not exceed the threshold limit of ₹ 40,000

Question 3

ABC Ltd. makes the following payments to Mr. X, a contractor, for contract work during the P.Y.2024-25–

₹ 20,000 on 1.5.2024

₹ 25,000 on 1.8.2024

₹ 28,000 on 1.12.2024

On 1.3.2025, a payment of ₹ 30,000 is due to Mr. X on account of a contract work.

Discuss whether ABC Ltd. is liable to deduct tax at source under section 194C from payments made to Mr. X. **[SM Q.]**

Answer 3

In this case, the individual contract payments made to Mr. X does not exceed ₹ 30,000. However, since the aggregate amount paid to Mr. X during the P.Y. 2024-25 exceeds ₹ 1,00,000 (on account of the last payment of ₹ 30,000, due on 1.3.2025, taking the total from ₹ 73,000 to ₹ 1,03,000), the TDS provisions under section 194C would get attracted. Tax has to be deducted@1% on the entire amount of ₹ 1,03,000 from the last payment of ₹ 30,000 and the balance of ₹ 28,970 (i.e., ₹ 30,000 – ₹ 1,030) has to be paid to Mr. X.

Question 4

Certain concessions are granted to transport operators in the context of cash payments u/s 40A(3) and deduction of tax at source u/s 194-C. Elucidate. **[SM Q.]**

Answer 4

Section 40A(3) provides for disallowance of expenditure incurred in respect of which payment or aggregate of payments made to a person in a day exceeds ₹ 10,000, and such payment or payments are made otherwise than by account payee cheque or account payee bank draft or use of electronic clearing system through bank account or through other prescribed electronic modes.

However, in case of payment made to transport operators for plying, hiring or leasing goods carriages, the disallowance will be attracted only if the payment made to a person in a day exceeds ₹ 35,000. Therefore, payment or aggregate of payments up to ₹ 35,000 in a day can be made to a transport operator otherwise than by way of account payee cheque or account payee bank draft or use of electronic system through bank account or through other prescribed electronic modes, without attracting disallowance u/s 40A(3).

Under section 194C, tax had to be deducted in respect of payments made to contractors at the rate of 1%, in case the payment is made to individual or Hindu Undivided Family or at the rate of 2%, in any other case.

However, no deduction is required to be made from any sum credited or paid or likely to be credited or paid during the previous year to the account of a contractor, during the course of the business of plying, hiring or leasing goods carriages, if the following conditions are fulfilled:-

- (1) He owns ten or less goods carriages at any time during the previous year.
- (2) He is engaged in the business of plying, hiring or leasing goods carriages;
- (3) He has furnished a declaration to this effect along with his PAN.

Question 5

Examine the applicability of the provisions for tax deduction at source under section 194DA in the following cases -

- (i) Mr. X, a resident, is due to receive ₹ 4.50 lakhs on 31.3.2025, towards maturity proceeds of LIC policy taken on 1.4.2022, for which the sum assured is ₹ 4 lakhs and the annual premium is ₹ 1,25,000.
- (ii) Mr. Y, a resident, is due to receive ₹ 3.95 lakhs on 31.3.2025 on LIC policy taken on 31.3.2012, for which the sum assured is ₹ 3.50 lakhs and the annual premium is ₹ 26,100.
- (iii) Mr. Z, a resident, is due to receive ₹ 95,000 on 1.8.2024 towards maturity proceeds of LIC policy taken on 1.8.2018 for which the sum assured is ₹ 90,000 and the annual premium was ₹ 10,000.

[SM Q.]**Question 6**

Moon TV, a television channel, made payment of ₹ 50 lakhs to a production house for production of programme for telecasting as per the specifications given by the channel. The copyright of the programme is also transferred to Moon TV. Would such payment be liable for tax deduction at source under section 194C? Discuss.

Also, examine whether the provisions of tax deduction at source under section 194C would be attracted if the payment was made by Moon TV for acquisition of telecasting rights of the content already produced by the production house.

[SM Q.]**Answer 6**

In this case, since the programme is produced by the production house as per the specifications given by Moon TV, a television channel, and the copyright is also transferred to the television channel, the same falls within the scope of definition of the term 'work' under section 194C. Therefore, the payment of ₹ 50 lakhs made by Moon TV to the production house would be subject to tax deduction at source under section 194C.

If, however, the payment was made by Moon TV for acquisition of telecasting rights of the content already produced by the production house, there is no contract for "carrying out any work", as required in section 194C(1). Therefore, such payment would not be liable for tax deduction at source under section 194C.

Question 7

XYZ Ltd. pays ₹ 50,000 per month as rent to the Mr. Kishore for a building in which one of its branches is situated. Discuss whether TDS provisions under section 194-I are attracted.

Answer 7

Section 194-I, which governs the deduction of tax at source on payment of rent, exceeding ₹ 2,40,000 p.a., is applicable to all taxable entities except individuals and HUFs, whose total sales, gross receipts or turnover from the business or profession carried on by him does not exceed ₹ 1 crore in case of business and ₹ 50 lakhs in case of profession during the financial year immediately preceding financial year in which such rent was credited or paid, is liable to deduct tax at source.

Since the rent paid by XYZ Ltd. to Mr. Kishore exceeds ₹ 2,40,000, the provisions of section 194-I for deduction of tax at source attracted.

The rate applicable for deduction at source under section 194-I on rent paid is 10%, assuming that Mr. Kishore had furnished his PAN to XYZ Ltd.

Therefore, the amount of tax to be deducted at source

$$= ₹ 6,00,000 \times 10\% = ₹ 60,000$$

Question 8

Mr. X, a salaried individual, pays rent of ₹ 55,000 per month to Mr. Y from June, 2024 for immovable property. Is he required to deduct tax at source? If so, when is he required to deduct tax? Also, compute the amount of tax to be deducted at source.

Would your answer change if Mr. X vacated the premises on 31st December, 2024? Also, what would be your answer if Mr. Y does not provide his PAN to Mr. X? **[SM Q.]**

Question 9

XYZ Ltd. makes a payment of ₹ 28,000 to Mr. Ganesh on 2.8.2024 towards fees for professional services and another payment of ₹ 25,000 to him on the same date towards fees for technical services. Discuss whether TDS provisions under section 194J are attracted. **[SM Q.]**

Answer 9

TDS provisions under section 194J would not get attracted, since the limit of ₹ 30,000 is applicable for fees for professional services and fees for technical services, separately. It is assumed that there is no other payment to Mr. Ganesh towards fees for professional services and fees for technical services during the P.Y.2024-25.

Question 10

Examine whether TDS provisions would be attracted in the following cases, and if so, under which section. Also specify the rate of TDS applicable in each case. Assume that all payments are made to residents. **[SM Q.]**

	Particulars of the payer	Nature of payment	Aggregate of payments made in the F.Y.2024-25
1	Mr. Ganesh, an individual carrying on retail business with turnover of ₹ 2.5 crores in the P.Y.2023-24	Contract Payment for repair of residential house	₹ 5 lakhs
		Payment of commission to Mr. Vallish for business purposes	₹ 80,000
2.	Mr. Rajesh, a wholesale trader whose turnover was ₹ 95 lakhs in P.Y. 2023-24.	Contract Payment for reconstruction of residential house (made during the period January- March, 2025)	₹ 20 lakhs in January, 2025, ₹ 15 lakhs in Feb 2025 and ₹ 20 lakhs in March 2025.
3.	Mr. Satish, a salaried individual	Payment of brokerage for buying a residential house in March, 2025	₹ 51 lakhs
4.	Mr. Dheeraj, a pensioner	Contract payment made during October-November 2024 for reconstruction of residential house	₹ 48 lakhs

Question 11

Mr. X sold his house property in Bangalore as well as his rural agricultural land for a consideration of ₹ 60 lakh and ₹ 15 lakh, respectively, to Mr. Y on 1.8.2024. He has purchased the house property and the land in the year 2023 for ₹ 40 lakh and ₹ 10 lakh, respectively. The stamp duty value on the date of transfer, i.e., 1.8.2024, is ₹ 85 lakh and ₹

20 lakh for the house property and rural agricultural land, respectively. Examine the tax implications in the hands of Mr. X and Mr. Y and the TDS implications, if any, in the hands of Mr. Y, assuming that both Mr. X and Mr. Y are resident Indians.

Question 12

Mr. Sharma, a resident Indian aged 77 years, gets pension of ₹ 52,000 per month from the UP State Government. The same is credited to his savings account in SBI, Lucknow Branch. In addition, he gets interest@8% on fixed deposit of ₹ 20 lakh with the said bank. Out of the deposit of ₹ 20 lakh, ₹ 2 lakh represents five year term deposit made by him on 1.4.2024. Interest on savings bank credited to his SBI savings account for the P.Y.2024-25 is ₹ 9,500.

- (1) From the above facts, compute the total income and tax liability of Mr. Sharma for the A.Y. 2025-26, assuming that he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).
- (1) What would be the amount of tax deductible at source by SBI, assuming that the same is a specified bank? Is Mr. Sharma required to file his return of income for A.Y.2025-26, if tax deductible at source has been fully deducted? Examine.
- (2) Would your answer to Q.2 be different if the fixed deposit of ₹ 20 lakh was with Canara Bank instead of SBI, other facts remaining the same? **[SM Q.]**

Answer 12

(1) Computation of total income of Mr. Sharma for A.Y.2025-26

Particulars	₹	₹
I Salaries		
Pension (52,000 x 12)	6,24,000	
Less: Standard deduction u/s 16(ia)	50,000

Interest on fixed deposit (₹ 20 lakh x 8%)	1,60,000	
Interest on savings account	9,500	
		1,69,500
Gross total income		7,43,500
Less: Deductions under Chapter VI-A

Five year term deposit (₹ 2 lakh, restricted to ₹ 1.5 lakh)	1,50,000	
Under section 80TTB		
Interest on fixed deposit and savings account, restricted to 50,000, since Mr. Sharma is a resident Indian of the age of 77 years.	50,000	
		2,00,000
Total Income		5,43,500
Computation of tax liability for A.Y.2025-26		
Tax payable [₹ 43,500 x 20% + ₹ 10,000]		18,700
Add: Health and Education Cess@4%		748
Tax liability		19,448
Tax liability (rounded off)		19,450

- (2) SBI, being a specified bank, is required to deduct tax at source u/s 194P (after considering the tax, if any, deducted on pension u/s 192) and remit the same to the Central Government. In such a

case, Mr. Sharma would not be required to file his return of income u/s 139.

- (3) If the fixed deposit of ₹ 20 lakh is with a bank other than SBI, which is the bank where his pension is credited, then, Mr. Sharma would not qualify as a “specified senior citizen”, consequent to which SBI would not be liable to deduct tax under section 194P. In this case, Mr. Sharma would have to file his return of income u/s 139, since his total income (without giving effect to deduction under Chapter VI-A) exceeds the basic exemption limit.

It may be noted that in this case, TDS provisions u/s 192 would, in any case, be attracted in respect of pension income. Further, Canara Bank would, be liable to deduct tax@10% under section 194-A on interest on fixed deposit, since the same exceeds ₹ 50,000.

Question 13

Mr. Gupta, a resident Indian, is in retail business and his turnover for F.Y.2023-24 was ₹ 12 crores. He regularly purchases goods from another resident, Mr. Agarwal, a wholesaler, and the aggregate payments during the F.Y.2024-25 was ₹ 95 lakh (₹ 20 lakh on 1.6.2024, ₹ 25 lakh on 12.8.2024, ₹ 22 lakh on 23.11.2024 and ₹ 28 lakh on 25.3.2025). Assume that the said amounts were credited to Mr. Agarwal's account in the books of Mr. Gupta on the same date. Mr. Agarwal's turnover for F.Y.2023-24 was ₹ 15 crores.

- (1) Based on the above facts, examine the TDS/TCS implications, if any, under the Income-tax Act, 1961.
- (2) Would your answer be different if Mr. Gupta's turnover for F.Y.2023-24 was ₹ 8 crores, all other facts remaining the same?
- (3) Would your answer to (1) and (2) change, if PAN has not been furnished by the buyer or seller, as required?

[SM Q.]

Answer 13

- (1) Since Mr. Gupta's turnover for F.Y.2023-24 exceeds 10 crores, and payments made by him to Mr. Agarwal, a resident seller exceed ₹ 50 lakhs in the P.Y.2024-25, he is liable to deduct tax@0.1% of ₹ 45 lakhs (being the sum exceeding ₹ 50 lakhs) in the following manner –

No tax is to be deducted u/s 194Q on the payments made on 1.6.2024 and 12.8.2024, since the aggregate payments till that date i.e. 45 lakhs, has not exceeded the threshold of ₹ 50 lakhs. Tax of ₹ 1,700 (i.e., 0.1% of ₹ 17 lakhs) has to be deducted u/s 194Q from the payment/ credit of ₹ 22 lakh on 23.11.2024 [₹ 22 lakh – ₹ 5 lakhs, being the balance unexhausted threshold limit].

Tax of ₹ 2,800 (i.e., 0.1% of ₹ 28 lakhs) has to be deducted u/s 194Q from the payment/ credit of ₹ 28 lakhs on 25.3.2025.

Note – In this case, since both section 194Q and 206C(1H) applies, tax has to be deducted u/s 194Q.

- (2) If Mr. Gupta's turnover for the F.Y.2023-24 was only ₹ 8 crores, TDS provisions under section 194Q would not be attracted. However, TCS provisions under section 206C(1H) would be attracted in the hands of Mr. Agarwal, since his turnover exceeds ₹ 10 crores in the F.Y.2023-24 and his receipts from Mr. Gupta exceed ₹ 50 lakhs.

No tax is to be collected u/s 206C(1H) on 1.6.2024 and 12.8.2024, since the aggregate receipts till that date i.e. 45 lakhs, has not exceeded the threshold of ₹ 50 lakhs.

Tax of ₹ 1,700 (i.e., 0.1% of ₹ 17 lakhs) has to be collected u/s 206C(1H) on 23.11.2024 (₹ 22 lakh – ₹ 5 lakhs, being the balance unexhausted threshold limit).

Tax of ₹ 2,800 (i.e., 0.1% of ₹ 28 lakhs) has to be collected u/s 206C(1H) on 25.3.2025.

- (3) In case (1), if PAN is not furnished by Mr. Agarwal to Mr. Gupta, then, Mr. Gupta has to deduct tax@5%, instead of 0.1%. Accordingly, tax of ₹ 85,000 (i.e., 5% of ₹ 17 lakhs) and ₹ 1,40,000 (5% of ₹ 28 lakhs) has to be deducted by Mr. Gupta u/s 194Q on 23.11.2024 and 25.3.2025, respectively.

In case (2), if PAN is not furnished by Mr. Gupta to Mr. Agarwal, then, Mr. Agarwal has to

collect tax@1% instead of 0.1%. Accordingly, tax of ₹ 17,000 (i.e., 1% of ₹ 17 lakhs) and ₹ 28,000 (1% of ₹ 28 lakhs) has to be collected by Mr. Agarwal u/s 206C(1H) on 23.11.2024 and 25.3.2025, respectively.

Question 14

An amount of ₹ 40,000 was paid to Mr. X on 1.7.2024 towards fees for professional services without deduction of tax at source. Subsequently, another payment of ₹ 50,000 was due to Mr. X on 28.2.2025, from which tax@10% (amounting to ₹ 9,000) on the entire amount of ₹ 90,000 was deducted. However, this tax of ₹ 9,000 was deposited only on 22.6.2025. Compute the interest chargeable under section 201(1A). [SM Q.]

Answer 14

Interest under section 201(1A) would be computed as follows –

Particulars	₹
1% on tax deductible but not deducted i.e., 1% on ₹ 4,000 for 8 months	320
1½% on tax deducted but not deposited i.e. 1½% on ₹ 9,000 for 4 months	540
	860

Question 15

Ashwin doing manufacture and wholesale trade furnishes you the following information:

Total turnover for the financial year [SM Q.]

Particulars	₹
2023-24	1,05,00,000
2024-25	95,00,000

Examine whether tax deduction at source provisions are attracted for the below said expenses incurred during the financial year 2024-25:

Particulars	₹
Interest paid to UCO Bank on 15.8.2024	41,000
Contract payment to Raj (2 contracts of ₹ 12,000 each) on 12.12.2024	24,000
Shop rent paid (one payee) on 21.1.2025	2,50,000
Commission paid to Balu on 15.3.2025	7,000

Answer 15

As the turnover of business carried on by Ashwin for F.Y. 2023-24, has exceeded ₹ 1 crore, he has to comply with the tax deduction provisions during the financial year 2024-25, subject to, the exemptions provided for under the relevant sections for applicability of TDS provisions.

Interest paid to UCO Bank

TDS under section 194A is not attracted in respect of interest paid to a banking company.

Contract payment of ₹ 24,000 to Raj for 2 contracts of ₹ 12,000 each

TDS provisions under section 194C would not be attracted if the amount paid to a contractor does not exceed ₹ 30,000 in a single payment or ₹ 1,00,000 in the aggregate during the financial year. Therefore, TDS provisions under section 194C are not attracted in this case.

Shop Rent paid to one payee – Tax has to be deducted@10% under section 194-I as the annual rental payment exceeds ₹ 2,40,000.

Commission paid to Balu – No, tax has to be deducted under section 194H in this case as the commission does not exceed ₹ 15,000.

Question 16

Compute the amount of tax deduction at source on the following payments made by M/s. S Ltd. during the financial year 2024-25 as per the provisions of the Income-tax Act, 1961.

[SM Q.]

Sr. No.	Date	Nature of Payment
(i)	1-10-2024	Payment of ₹ 2,00,000 to Mr. R, a transporter who owns 8 goods carriages throughout the previous year and furnishes a declaration to this effect alongwith his PAN.
(ii)	1-11-2024	Payment of fee for technical services of ₹ 25,000 and Royalty of ₹ 20,000 to Mr. Shyam who is having PAN.
(iii)	30-06-2024	Payment of ₹ 25,000 to M/s X Ltd. for repair of building.
(iv)	01-01-2025	Payment of ₹ 2,00,000 made to Mr. A for purchase of diaries made according to specifications of M/s S Ltd. However, no material was supplied for such diaries to Mr. A by M/s S Ltd or its associates.
(v)	01-01-2025	Payment of ₹ 2,30,000 made to Mr. Bharat for compulsory Acquisition of his house as per law of the State Government.
(vi)	01-02-2025	Payment of commission of ₹ 14,000 to Mr. Y.

Answer 16

- (i) No tax is required to be deducted at source under section 194C by M/s S Ltd. on payment to transporter Mr. R, since he satisfies the following conditions:
- (1) He owns ten or less goods carriages at any time during the previous year.
 - (2) He is engaged in the business of plying, hiring or leasing goods carriages;
 - (3) He has furnished a declaration to this effect along with his PAN.
- (ii) As per section 194J, liability to deduct tax is attracted only in case the payment made as fees for technical services and royalty, individually, exceeds ₹ 30,000 during the financial year. In the given case, since, the individual payments for fee of technical services i.e., ₹ 25,000 and royalty ₹ 20,000 is less than ₹ 30,000 each, there is no liability to deduct tax at source. It is assumed that no other payment towards fees for technical services and royalty were made during the year to Mr. Shyam.
- (iii) Provisions of section 194C are not attracted in this case, since the payment for repair of building on 30.06.2024 to M/s. X Ltd. is less than the threshold limit of ₹ 30,000.
- (iv) According to section 194C, the definition of “work” does not include the manufacturing or supply of product according to the specification by customer in case the material is purchased from a person other than the customer or associate of such customer.
Therefore, there is no liability to deduct tax at source in respect of payment of ₹ 2,00,000 to Mr. A, since the contract is a contract for ‘sale’.
- (v) As per section 194LA, any person responsible for payment to a resident, any sum in the nature of compensation or consideration on account of compulsory acquisition under any law, of any immovable property, is responsible for deduction of tax at source if such payment or the aggregate amount of such payments to the resident during the financial year exceeds ₹ 2,50,000.
In the given case, no liability to deduct tax at source is attracted as the payment made does not exceed ₹ 2,50,000.
- (vi) As per section 194H, tax is deductible at source if the amount of commission or brokerage or the aggregate of the amounts of commission or brokerage credited or paid during the financial year exceeds ₹ 15,000.
Since the commission payment made to Mr. Y does not exceed ₹ 15,000, the provisions of section 194H are not attracted.

Question 17

Examine the applicability of TDS provisions and TDS amount in the following cases:

- (a) Rent paid for hire of machinery by B Ltd. to Mr. Raman ₹ 2,60,000 on 27.9.2024.
- (b) Fee paid on 1.12.2024 to Dr. Srivatsan by Sundar (HUF) ₹ 35,000 for surgery performed on a member of the family.
- (c) ABC and Co. Ltd. paid ₹ 19,000 to one of its Directors as sitting fees on 01-01-2025.

[SM Q.]

Answer 17

- (a) Since the rent paid for hire of machinery by B. Ltd. to Mr. Raman exceeds ₹ 2,40,000, the provisions of section 194-I for deduction of tax at source are attracted.

The rate applicable for deduction of tax at source under section 194-I on rent paid for hire of plant and machinery is 2%, assuming that Mr. Raman had furnished his permanent account number to B Ltd.

Therefore, the amount of tax to be deducted at source: = ₹ 2,60,000 x 2% = ₹ 5,200.

Note: In case Mr. Raman does not furnish his permanent account number to B Ltd., tax shall be deducted @ 20% on ₹ 2,60,000, by virtue of provisions of section 206AA.

- (b) As per the provisions of section 194J, a Hindu Undivided Family is required to deduct tax at source on fees paid for professional services only if the total sales, gross receipts or turnover from the business or profession exceed ₹ 1 crore in case of business or ₹ 50 lakhs in case of profession, as the case may be, in the financial year preceding the current financial year and such payment made for professional services is not exclusively for the personal purpose of any member of Hindu Undivided Family.

Section 194M, provides for deduction of tax at source by a HUF (which is not required to deduct tax at source under section 194J) in respect of fees for professional service if such sum or aggregate of such sum exceeds ₹ 50 lakhs during the financial year.

In the given case, the fees for professional service to Dr. Srivatsan is paid on 1.12.2024 for a personal purpose, therefore, section 194J is not attracted. Section 194M would have been attracted, if the payment or aggregate of payments exceeded ₹ 50 lakhs in the P.Y.2024-25. However, since the payment does not exceed ₹ 50 lakh in this case, there is no liability to deduct tax at source under section 194M also.

- (c) Section 194J provides for deduction of tax at source @10% from any sum paid by way of any remuneration or fees or commission, by whatever name called, to a resident director, which is not in the nature of salary on which tax is deductible under section 192. The threshold limit of ₹ 30,000 upto which the provisions of tax deduction at source are not attracted in respect of every other payment covered under section 194J is, however, not applicable in respect of sum paid to a director.

Therefore, tax@10% has to be deducted at source under section 194J in respect of the sum of ₹ 19,000 paid by ABC Ltd. to its director.

Therefore, the amount of tax to be deducted at source: = ₹ 19,000 x 10% = ₹ 1,900

Question 18

Examine the applicability of tax deduction at source provisions, the rate and amount of tax deduction in the following cases for the financial year 2024-25:

- (1) Payment made by a company to Mr. Ram, sub-contractor, ₹ 3,00,000 with outstanding balance of ₹ 1,20,000 shown in the books as on 31-03-2025.
- (2) Winning from horse race ₹ 1,50,000 paid to Mr. Shyam, an Indian resident.
- (3) ₹ 2,00,000 paid to Mr. A, a resident individual, on 22-02-2025 by the State of Uttar Pradesh on compulsory acquisition of his urban land.

[SM Q.]

Answer 18

- (1) Provisions of tax deduction at source under section 194C are attracted in respect of payment by a company to a sub-contractor. Under section 194C, tax is deductible at the time of credit or payment, whichever is earlier @ 1% in case the payment is made to an individual.

Since the aggregate amount credited or paid during the year is ₹ 4,20,000, tax is deductible @ 1% on ₹ 4,20,000.

Tax to be deducted = ₹ 4,20,000 x 1% = ₹ 4,200

- (2) Under section 194BB, tax is to be deducted at source, if the winnings from horse races exceed ₹ 10,000. The rate of deduction of tax at source is 30%.

Hence, tax to be deducted = ₹ 1,50,000 x 30% = ₹ 45,000.

- (3) As per section 194LA, any person responsible for payment to a resident, any sum in the nature of compensation or consideration on account of compulsory acquisition under any law, of any immovable property, is required to deduct tax at source, if such payment or the aggregate amount of such payments to the resident during the financial year exceeds ₹ 2,50,000.

In the given case, there is no liability to deduct tax at source as the payment made to Mr. A does not exceed ₹ 2,50,000.

Question 19

Briefly discuss the provisions relating to payment of advance tax on income arising from capital gains and casual income. [SM Q.]

Answer 19

The proviso to section 234C contains the provisions for payment of advance tax in case of capital gains and casual income.

Advance tax is payable by an assessee on his/its total income, which includes capital gains and casual income like income from lotteries, crossword puzzles, etc.

Since it is not possible for the assessee to estimate his capital gains, or income from lotteries etc., it has been provided that if any such income arises after the due date for any instalment, then, the entire amount of the tax payable (after considering tax deducted at source) on such capital gains or casual income should be paid in the remaining instalments of advance tax, which are due.

Where no such instalment is due, the entire tax should be paid by 31st March of the relevant financial year.

No interest liability on late payment would arise if the entire tax liability is so paid.

Note: In case of casual income the entire tax liability is fully deductible at source @30% under section 194B and 194BB. Therefore, advance tax liability would arise only if the surcharge, if any, and health and education cess@4% in respect thereof, along with tax liability in respect of other income, if any, is ₹ 10,000 or more.

Question 20

Mr. Jay having total income of ₹ 8,70,000, did not pay any advance tax during the previous year 2024-25. He wishes to pay the whole of the tax, along with interest if any, on filing the return in the month of July, 2025. What is total tax which Mr. Jay has to deposit as self-assessment tax along with interest, if he files the return on 29.07.2025? Assume that he opt out from default regime u/s 115BAC. [Past RTP Q.]

Answer 20

Obligation to pay advance tax arises in every case, where the advance tax payable is ₹ 10,000 or more. As a consequence of such failure, assessee may be charged with interest under section 234B and 234C.

In the given case, since Mr. Jay did not deposit any amount of advance tax during the previous year, he will need to pay the total tax due on his income along with interest for default in payment of

advance tax [under section 234B] and interest for deferment of advance tax [under section 234C] before filing of his return.

Total tax due on returned income of ₹ 8,70,000 is ₹ 89,960 [(20% of ₹ 3,70,000 + ₹ 12,500) + cess@4%]

Interest under section 234B

Interest under section 234B is attracted - a) When the assessee, who is liable to pay advance tax has failed to pay such tax; or b) Where the advance tax paid by the assessee is less than 90% of the assessed tax.

Since, Mr. Jay did not pay any amount as advance tax, interest under section 234B at 1% per month or part of the month will be levied beginning from 1st April of the following year i.e., 01.04.2025 till the time he deposits the whole tax under self- assessment.

Interest will be levied on tax liability of ₹ 89,900 (rounded off to nearest hundred, ignoring fraction) at 1% for four months i.e., from 1st April to 29th July.

The interest under section 234B amount to ₹ 3,596

Interest under section 234C

Assessees, other than assessee who declare profits and gains in accordance with provision of section 44AD(1) or section 44ADA(1), are liable to pay advance tax in 4 installments during the previous year. Section 234C is attracted, if the actual installment paid by the assessee is the less than the amount required to be paid by him on such instalments. The interest shall be calculated at 1% per month or part of the month for short payment or non-payment of each instalment.

In the given scenario, since Mr. Jay, did not deposit any amount as advance tax, the interest under section 234C is calculated as under –

Date of Instalment	Specified % of estimated tax	Amount due and unpaid (rounded off to nearest ₹ 100, ignoring fraction)	Period	Interest @ 1%
15th June 2024	15%	13,400	3 months	402
15th September 2024	45%	40,400	3 months	1,212
15th December 2024	75%	67,400	3 months	2,022
15th March 2025	100%	89,900	1 month	899
Total interest under section 234C				4,535

Mr. Jay needs to pay ₹ 98,091 as total of tax and interest on or before filing of return in the month of July, 2025.

Provisions for Filing return of Income and Self Assessment

Question 1

Paras aged 55 years is a resident of India. During the F.Y. 2024-25, interest of ₹ 2,88,000 was credited to his Non-resident (External) Account with SBI. ₹ 30,000, being interest on fixed deposit with SBI, was credited to his saving bank account during this period. He also earned ₹ 3,000 as interest on this saving account. Is Paras required to file return of income? Assume NRI account permitted with the approval of RBI.

What will be your answer, if he has incurred ₹3 lakhs as travel expenditure of self and spouse to US to stay with his married daughter for some time? [SM Q.]

Answer 1

An individual is required to furnish a return of income under section 139(1) if his total income, before giving effect to the deductions under Chapter VI-A or exemption under section or section 54/54B/54D/54EC or 54F, exceeds the maximum amount not chargeable to tax i.e. ₹ 3,00,000 under default tax regime u/s 115BAC and ₹ 2,50,000 if exercises the option of shifting out of the default tax regime provided u/s 115BAC(1A) (for A.Y. 2025-26)

Computation of total income of Mr. Paras for A.Y. 2025-26

Particulars	₹
Income from other sources	
Interest earned from Non-resident (External) Account ₹ 2,88,000	
[Exempt under section 10(4)(ii), assuming that Mr. Paras has been permitted by RBI to maintain the aforesaid account]	NIL
Interest on fixed deposit with SBI	30,000
Interest on savings bank account	3,000
Gross Total Income	33,000
Less: Deduction u/s 80TTA (Interest on saving bank account)	3,000
Total Income	30,000

Since the total income of Mr. Paras for A.Y.2025-26, before giving effect, inter alia, to the deductions under Chapter VI-A, is less than the basic exemption limit, he is not required to file return of income for A.Y.2025-26.

If he has incurred expenditure of ₹ 3 lakhs on foreign travel of self and spouse, he has to mandatorily file his return of income on or before the due date under section 139(1), even if his income is less than the basic exemption limit.

Question 2

Explain with brief reasons whether the return of income can be revised under section 139(5) of the Income-tax Act, 1961 in the following cases:

- (i) Belated return filed under section 139(4).
- (ii) Return already revised once under section 139(5).
- (iii) Return of loss filed under section 139(3).

[SM Q.]

Answer 2

Any person who has furnished a return under section 139(1) or 139(4) can file a revised return at any time before three months prior to the end of the relevant assessment year or before the completion of assessment, whichever is earlier, if he discovers any omission or any wrong statement in the return filed earlier. Accordingly,

- (i) A belated return filed under section 139(4) can be revised.
- (ii) A return revised earlier can be revised again as the first revised return replaces the original return. Therefore, if the assessee discovers any omission or wrong statement in such a revised return, he can furnish a second revised return within the prescribed time i.e. at any time before three months prior to the end of the relevant assessment year or before the completion of assessment, whichever is earlier. It implies that a return of income can be revised more than once within the prescribed time.
- (iii) A return of loss filed under section 139(3) is deemed to be return filed under section 139(1), and therefore, can be revised under section 139(5).

Question 3

Mrs. Hetal, an individual engaged in the business of Beauty Parlour, has got her books of account for the financial year ended on 31st March, 2025 audited under section 44AB. Her total income for the assessment year 2025-26 is ₹ 6,35,000. She wants to furnish her return of income for assessment year 2025-26 through a tax return preparer. Can she do so?

[SM Q.]

Answer 3

Section 139B provides a scheme for submission of return of income for any assessment year through a Tax Return Preparer. However, it is not applicable to persons whose books of account are required to be audited under section 44AB. Therefore, Mrs. Hetal cannot furnish her return of income for A.Y.2025-26 through a Tax Return Preparer.

Question 4

State with reasons whether you agree or disagree with the following statements:

- (a) Return of income of Limited Liability Partnership (LLP) could be verified by any partner.
- (b) Time limit for filing return under section 139(1) in the case of Mr. A having total turnover of ₹ 160 lakhs (₹ 100 lakhs received in cash) for the year ended 31.03.2025, whether or not opting to offer presumptive income under section 44AD, is 31st October, 2025.

[SM Q.]

Answer 4

(a) Disagree

The return of income of LLP should be verified by a designated partner.

Any other partner can verify the Return of Income of LLP only in the following cases:-

- (i) where for any unavoidable reason such designated partner is not able to verify the return, or,
- (ii) where there is no designated partner.

(b) Disagree

In case Mr. A opts to offer his income as per the presumptive taxation provisions of section 44AD, then, the due date under section 139(1) for filing of return of income for the year ended 31.03.2025, shall be 31st July, 2025.

In case, Mr. A does not opt for presumptive taxation provisions under section 44AD, he has to get his accounts audited under section 44AB, since his turnover exceeds ₹ 1 crore, in which case, the due date for filing return would be 31st October, 2025.

Question 5

Mr. Vineet exercised the option of shifting out of the default tax regime provided u/s 115BAC(1A) and submits his return of income on 12-09-2025 for A.Y 2025-26 consisting of income under the head "Salaries", "Income from house property" and bank interest. On 21-12-2025, he realized that he had not claimed deduction under section 80TTA in respect of his interest income on the Savings Bank Account. He wants to revise his return of income. Can he do so? Examine. Would your answer be different if he discovered this omission on 21-03-2026? [SM Q.]

Answer 5

Vineet has filed his original return of income for assessment year ~~2022-23~~ ²⁵⁻²⁶ within the due date specified in section 139(4) for filing belated return. Since Mr. Vineet has income only under the heads "Salaries", "Income from house property" and "Income from other sources", he does not fall under the category of a person whose accounts are required to be audited under the Income-tax Act, 1961 or any other law in force. Therefore, the due date of filing return for A.Y.2025-26 under section 139(1), in his case, is 31st July, 2025. Since Mr. Vineet had submitted his return only on 12.9.2025, the said return is a belated return under section 139(4).

As per section 139(5), a return furnished under section 139(1) or a belated return u/s 139(4) can be revised. Thus, a belated return under section 139(4) can also be revised. Therefore, Mr. Vineet can revise the return of income filed by him under section 139(4) in December 2025, to claim deduction under section 80TTA, since the time limit for filing a revised return is three months prior to the end of the relevant assessment year, which is 31.12.2025.

However, he cannot revise return had he discovered this omission only on 21.03.2026, since it is beyond 31.12.2025.

Question 6

Examine with reasons, whether the following statements are true or false, with regard to the provisions of the Income-tax Act, 1961:

- (i) The Assessing Officer has the power, inter alia, to allot PAN to any person by whom no tax is payable.
- (ii) Where the Karta of a HUF is absent from India, the return of income can be verified by any male member of the family. [SM Q.]

Answer 6

- (i) **True:** Section 139A(2) provides that the Assessing Officer may, having regard to the nature of transactions as may be prescribed, also allot a PAN to any other person, whether any tax is payable by him or not, in the manner and in accordance with the procedure as may be prescribed.
- (ii) **False:** Section 140(b) provides that where the Karta of a HUF is absent from India, the return of income can be verified by any other adult member of the family; such member can be a male or female member.

Question 7

Explain the term "return of loss" under the Income-tax Act, 1961. Can any loss be carried forward even if return of loss has not been filed as required? [SM Q.]

Answer 7

A return of loss is a return which shows certain losses. Section 80 provides that the losses specified therein cannot be carried forward, unless such losses are determined in pursuance of return filed under the provisions of section 139(3).

Section 139(3) states that to carry forward the losses specified therein, the return should be filed within the time specified in section 139(1).

Following losses are covered by section 139(3):

- business loss to be carried forward under section 72(1),
- speculation business loss to be carried forward under section 73(2),
- loss from specified business to be carried forward under section 73A(2).
- loss under the head “Capital Gains” to be carried forward under section 74(1); and
- loss incurred in the activity of owning and maintaining race horses to be carried forward under section 74A(3)

However, loss from house property to be carried forward under section 71B and unabsorbed depreciation under section 32 can be carried forward even if return of loss has not been filed as required under section 139(3).

If any person fails to furnish a return within the time allowed to him under section 139(1), he may furnish the belated return for any previous year at any time -

- 3 months prior to the end of the relevant assessment year; or
- before the completion of the assessment, whichever is earlier.

The last date for filing return of income for A.Y.2025-26, therefore, is 31st December 2026. Thereafter, Mr. Sudarshan cannot furnish a belated return after this date.

Carry forward and set-off of certain losses: Business loss, speculation business loss, loss from specified business under section 35AD, loss under the head "Capital Gains"; and loss from the activity of owning and maintaining race horses, would not be allowed to be carried forward for set-off against income of subsequent years, where a return of income is not furnished within the time allowed under section 139(1).

Interest under section 234A: Interest under section 234A@1% per month or part of the month for the period commencing from the date immediately following the due date under section 139(1) till the date of furnishing of return of income is payable, where the return of income is furnished after the due date.

Question 2

Miss Charlie, an American national, got married to Mr. Radhey of India in USA on 2.03.2024 and came to India for the first time on 16.03.2024. She left for USA on 19.9.2024. She returned to India again on 27.03.2025. While in India, she had purchased a show room in Mumbai on 30.04.2024, which was leased out to a company on a rent of ₹ 25,000 p.m. from 1.05.2024. She had taken loan from a bank for purchase of this show room on which bank had charged interest of ₹ 97,500 upto 31.03.2025. She had received the following cash gifts from her relatives and friends during 1.4.2024 to 31.3.2025:

- From parents of husband ₹ 51,000
- From married sister of husband ₹ 11,000
- From two very close friends of her husband (₹ 1,51,000 and ₹ 21,000) ₹ 1,72,000

(a) Determine her residential status and compute the total income chargeable to tax along with the amount of tax liability on such income for the Assessment Year 2025-26 if she opts out of the default tax regime u/s 115BAC.

(a) Would her residential status undergo any change, assuming that she is a person of Indian origin and her total income from Indian sources is ₹18,00,000 and she is not liable to tax in USA?

[SM Q.]

Answer 2

- I. U/s 6(1), an individual is said to be resident in India in any previous year, if he/she satisfies any one of the following conditions:
 - (i) He/she has been in India during the previous year for a total period of 182 days or more, or

- (ii) He/she has been in India during the 4 years immediately preceding the previous year for a total period of 365 days or more and has been in India for at least 60 days in the previous year.

If an individual satisfies any one of the conditions mentioned above, he/she is a resident. If both the above conditions are not satisfied, the individual is a non-resident.

Therefore, the residential status of Miss Charlie, an American National, for A.Y. 2025-26 has to be determined on the basis of her stay in India during the previous year relevant to A.Y. 2025-26 i.e., P.Y. 2024-25 and in the preceding four assessment years.

Her stay in India during the previous year 2024-25 and in the preceding four years are as under:

P.Y. 2024-25

01.04.2024 to 19.09.2024	-	172 days
27.03.2025 to 31.03.2025	-	<u>5 days</u>
Total		<u>177 days</u>

Four preceding previous years

P.Y. 2023-24 [1.4.2023 to 31.3.2024] -		16 days
P.Y. 2022-23 [1.4.2022 to 31.3.2023]	-	Nil
P.Y. 2021-22 [1.4.2021 to 31.3.2022]	-	Nil
P.Y. 2020-21 [1.4.2020 to 31.3.2021]	-	<u>Nil</u>
Total		<u>16 days</u>

The total stay of the assessee during the previous year in India was less than 182 days and during the four years preceding this year was for 16 days. Therefore, due to non-fulfilment of any of the two conditions for a resident, she would be treated as non-resident for the Assessment Year 2025-26.

Notes:

1. Actual rent received has been taken as the gross annual value in the absence of other information (i.e. Municipal value, fair rental value and standard rent) in the question.
2. If the aggregate value of taxable gifts received from non-relatives exceed ₹ 50,000 during the year, the entire amount received (i.e. the aggregate value of taxable gifts received) is taxable. Therefore, the entire amount of ₹ 1,72,000 is taxable u/s 56(2)(x).
3. Since Miss Charlie is a non-resident for the A.Y. 2025-26, rebate u/s 87A would not be available to her, even though her total income does not exceed ₹ 5 lacs.
4. The tax liability of Miss Charlie would be the same even if she opts to pay tax as per section 115BAC, since she would be eligible for deduction u/s 24(b), for interest on housing loan in respect of let out property under regular provisions as well as u/s 115BAC of the Income-tax Act, 1961.

II. Residential status of Miss Charlie in case she is a person of Indian origin and her total income from Indian sources exceeds ₹ 18,00,000

If she is a person of Indian origin and her total income from Indian sources exceeds ₹ 15,00,000 (₹ 18,00,000, in her case), the condition of stay in India for a period exceeding 120 days during the previous year and 365 days during the four immediately preceding previous years would be applicable for being treated as a resident. Since her stay in India exceeds 120 days in the P.Y.2024-25 but the period of her stay in India during the four immediately preceding previous years is less than 365 days (only 16 days), her residential status as per section 6(1) would continue to be same i.e., non-resident in India.

Further, since she is not a citizen of India, the provisions of section 6(1A) deeming an individual to be a citizen of India would not get attracted in her case, even though she is a person of Indian origin and her total income from Indian sources exceeds ₹ 15,00,000 and she is not liable to pay tax in USA.

Therefore, her residential status would be non-resident in India for the previous year 2024-25.

- Disallowance u/s 40A(3) is not attracted in respect of cash payment exceeding ₹ 10,000 to A & Co., a goods transport operator, since, in case of payment made for plying, hiring or leasing

goods carriages, an increased limit of ₹ 35,000 is applicable (i.e. payment of upto ₹ 35,000 can be made in cash without attracting disallowance u/s 40A(3))

- (iii) Since drawings and investment in NSC have been given effect to in the profit and loss account, the same have to be added back to arrive at the business income.

Question 6

Balamurugan furnishes the following information for the year ended 31-03-2025:

Particulars	₹
Income from textile business	(1,35,000)
Income from house property	(15,000)
Lottery winning (Gross)	5,00,000
Speculation business income	1,00,000
Income by way of salary (Computed)	2,70,000
Long term capital gain u/s 112 [asset transfer on 10/07/2024]	70,000

Compute his total income, tax liability and advance tax obligations under default tax regime u/s 115BAC.

Answer 6

Computation of total income of Balamurugan for the year ended 31.03.2025

Particulars	₹	₹
Salaries	2,70,000	2,70,000
Less: Loss from house property (Cannot be set off against income under any other head)	-	
Profits and gains of business or profession		
Speculation business income	1,00,000	
Less: Business loss of ₹ 1,35,000 set-off to the extent of ₹ 1,00,000	(1,00,000)	
	Nil	
Balance current year business loss of ₹ 35,000 to be set-off against long-term capital gain		
Capital Gains		
Long term capital gain	70,000	

Chapter 13: Income Tax Liability Computation and Optimisation

Particulars	₹	₹
Less: Balance current year business loss set-off	(35,000)	
Long term capital gain after set off of business loss		35,000
Income from other sources		
Lottery winnings (Gross)		5,00,000
Total Income		8,05,000

Computation of tax liability for A.Y.2025-26

Particulars	₹
On total income of ₹ 2,70,000 (excluding lottery winning and LTCG)	Nil
On LTCG of ₹ 5,000 @20% (balance unexhausted basic exemption limit of ₹ 30,000 can be adjusted against LTCG taxable u/s 112)	1,000
On lottery winnings of ₹ 5,00,000 @ 30%	1,50,000
	1,51,000
Add: Health and Education cess @ 4%	6,040
Total tax liability	1,57,040

The assessee need not pay advance tax since the total income (excluding lottery income) liable to tax is below the basic exemption limit. Further, in respect of lottery income, tax would have been deducted at source @ 30% u/s 194B. Since the remaining tax liability of ₹ 6,040 (₹ 1,57,040 – ₹ 1,50,000) is less than ₹ 10,000, advance tax liability is not attracted.

Note - The first proviso to section 234C(1) provides that since it is not possible for the assessee to estimate his income from lotteries, the entire amount of tax payable (after considering TDS) on such income should be paid in the remaining instalments of advance tax which are due. Where no such instalment is due, the entire tax should be paid by 31st March, 2025. The first proviso to section 234C(1) would be attracted only in case of non- deduction or short-deduction of tax at source u/s 194B. In this case, it has been assumed that tax deductible at source u/s 194B has been fully deducted from lottery income. Since the remaining tax liability of ₹ 1,040 (₹ 1,57,040 – ₹ 1,50,000) is less than ₹ 10,000, advance tax liability is not attracted.

Since Mr. Siddhant is not liable to pay any tax under default tax regime u/s 115BAC, it would be beneficial for him to **not** to exercise the option of shift out of the default tax regime for A.Y.2025-26.

(2) Since Siddhant's own flat in a co-operative housing society, which he has rented out to a nationalized bank, is also in Delhi, he is not eligible for deduction u/s 80GG in respect of rent paid by him for his accommodation in Delhi, since one of the conditions to be satisfied for claiming deduction u/s 80GG is that the assessee should not own any residential accommodation in the same place.

Notes:

- Gratuity received during service is fully taxable.
- Employer's contribution in the recognized provident fund is exempt up to 12% of the salary i.e. 12% of (Basic Salary + DA for retirement benefits + Commission based on turnover) = 12% of (₹ 1,80,000 + (50% of ₹ 1,44,000) + ₹ 25,000) = 12% of 2,77,000 = ₹ 33,240
- An alternate view possible is that only the sum in excess of ₹ 5,000 is taxable in view of the language of Circular No.15/2001 dated 12.12.2001 that such gifts upto ₹ 5,000 in the aggregate per annum would be exempt, beyond which it would be taxed as a perquisite. As per this view, the value of perquisite would be ₹ 5,000. In such a case the Income from Salaries would be ₹ 4,00,760.
- Deduction u/s 80G is computed as under:

Particulars	₹
Donation to PM National Relief Fund (100%)	5,100
Donation to institution approved u/s 80G (50% of ₹ 11,000) (amount contributed ₹ 11,000 or 10% of Adjusted	
Total Income i.e. ₹ 45,129, whichever is lower)	5,500
Total deduction	10,600

Adjusted Total Income = Gross Total Income Deductions u/s 80C and 80D = ₹ 5,99,160 – ₹ 1,47,870 = ₹ 4,51,290.

- (3) In case of resident individuals, if the basic exemption limit is not fully exhausted against other income, then, the long-term capital gains u/s 112/short-term capital gains u/s 111A will be reduced by the unexhausted basic exemption limit and only the balance will be taxed at 20%/15%, respectively. However, this benefit is not available to non-residents. Therefore, while Mrs. Mary can adjust unexhausted basic exemption limit against long-term capital gains taxable u/s 112 and short-term capital gains taxable u/s 111A, Mrs. Rosy cannot do so.
- (4) Since long-term capital gains is taxable at the rate of 20% and short-term capital gains is taxable at the rate of 15%, it is more beneficial for Mrs. Mary to first exhaust her basic exemption limit of ₹ 2,50,000 against long-term capital gains of ₹ 100,000 and the balance limit of ₹ 1,50,000 (i.e., ₹ 2,50,000 – ₹ 1,50,000) against short-term capital gains.

Answer 22

(a) U/s 6(1), an individual is said to be resident in India in any previous year, if he satisfies any one of the following conditions:

- (i) He has been in India during the previous year for a total period of 182 days or more, or
- (ii) He has been in India during the 4 years immediately preceding the previous year for a total period of 365 days or more and has been in India for at least 60 days in the previous year .

If an individual satisfies any one of the conditions mentioned above, he is a resident. If both the above conditions are not satisfied, the individual is a non-resident.

Therefore, the residential status of Mrs. Jasmin, an Australian, for A.Y.2025-26 has to be determined on the basis of her stay in India during the previous year relevant to A.Y. 2025-26 i.e. P.Y.2024-25 and in the preceding four assessment years.

Her stay in India during the previous year 2024-25 and in the preceding four years are as under:

P.Y. 2024-25

01.04.2024 to 10.08.2024 -132 days

23.02.2025 to 31.03.2025 - 37 days

Total - 169 days

Four preceding previous years

P.Y.2023-24 [1.4.2023 to 31.3.2024] - 14 days

P.Y.2022-23 [1.4.2022 to 31.3.2023] - Nil

P.Y.2021-22 [1.4.2021 to 31.3.2022] - Nil

P.Y.2020-21 [1.4.2020 to 31.3.2021] -Nil

Total 14 days

The total stay of Mrs. Jasmin during the previous year in India was less than 182 days and during the four years preceding this year was for 14 days. Therefore, due to non-fulfilment of any of the two conditions for a resident, she would be treated as non-resident for the Assessment Year 2025-26.

Computation of gross total income of Mrs. Jasmin for the A.Y. 2025-26

- (c) Ms. Soha (aged 35 years), a resident individual, is a dealer of scooters. During the previous year 2024-25, total turnover of her business was ₹ 110 lakhs (out of which ₹ 25 lakhs was received by way of account payee cheques and balance in cash). Ms. Soha opt out from default taxation regime u/s 115BAC.

What would be your advice to Ms. Soha relating to the provisions of advance tax with its due date along with the amount payable, assuming that she wishes to make maximum tax savings.

[MTP Q.]

Answer 25

- (a) U/s 6(1), an individual is said to be resident in India in any previous year, if he satisfies any one of the following conditions:

- (i) He has been in India during the previous year for a total period of 182 days or more, or
- (ii) He has been in India during the 4 years immediately preceding the previous year for a total period of 365 days or more and has been in India for at least 60 days in the previous year.

If an individual satisfies any one of the conditions mentioned above, he is a resident. If both the above conditions are not satisfied, the individual is a non-resident.

During the previous year 2024-25, Mr. Thomas was in India for 75 days and during the 4 years preceding the previous year 2024-25, he was in India for 360 days (i.e. 50+ 65+ 95+ 150 days).

The total stay of the Mr. Thomas during the previous year in India was less than 182 days and during the four years preceding this year was for 360 days. Therefore, due to non-fulfillment of any of the two conditions for a resident, he would be treated as non-resident for the Assessment Year 2025-26.

- (1) Not taxable, since interest payable by a non-resident to another non-resident would be deemed to accrue or arise in India only if the borrowed fund is used for the purposes of business or profession carried on by him in India. In this case, it is used for investing in Indian company's debt fund for earning interest and not for the purposes of business or profession. Hence, it is not taxable in India.
- (2) No income shall be deemed to accrue or arise to Mr. Thomas through or from activities

which are confined to the collection of news and views in India for transmission outside India. Hence, ₹ 10 lakhs is not taxable in India in the hands of Mr. Thomas.

- (3) ₹ 10 lakhs is deemed to accrue or arise in India to Mr. Thomas, a non-resident, since it represents royalty/fees for technical services paid for services utilized in India, in this case, for setting up a Steel manufacturing plant in India. Hence, the same would be taxable in India in the hands of Mr. Thomas.

(b)

	Transaction	Is quoting of PAN mandatory in related documents?
1.	Payment of life insurance premium of ₹ 40,000 in the F.Y.2024-25 by account payee cheque to LIC for insuring life of self and spouse	No, since the amount paid does not exceed ₹ 50,000 in the F.Y.2024-25.
2.	Payment of ₹ 1,10,000 to RBI for acquiring its bonds	Yes, since the amount paid exceeds ₹ 50,000
3.	Applied to SBI for issue of credit card.	Yes, quoting of PAN is mandatory on making an application to a banking company for issue of credit card.
4.	Payment of ₹ 1,00,000 by account payee cheque to travel agent for travel to Dubai for 3 days to visit	No, since the amount was paid by account payee cheque, quoting of PAN is not mandatory even though the payment exceeds ₹ 50,000

(c) **Computation of advance tax of Ms. Soha under Presumptive Income scheme as per section 44AD**

The total turnover of Ms. Soha, a dealer of scooter, is ₹ 110 lakhs. Since her total turnover from such business is less than ₹ 200 lakhs and she does not wish to get his books of account audited, she can opt for presumptive tax scheme u/s 44AD.

Profits and gains from business computed u/s 44AD:

Particulars	₹
6% of ₹ 25 lakhs, being turnover effected through account payee cheque	1,50,000
8% of ₹ 85 lakhs, being cash turnover	6,80,000
	8,30,000

An eligible assessee opting for computation of profits and gains of business on presumptive basis u/s 44AD in respect of eligible business is required to pay advance tax of the whole amount on or before 15th March of the financial year.

Computation of tax liability of Ms. Soha as per normal provisions of Income-tax Act, 1961

Particulars	Amount in ₹	
Total Income	8,30,000	
Tax on 8,30,000		
Upto ₹ 2,50,000	Nil	
₹ 2,50,001 – ₹ 5,00,000@5%	12,500	
₹ 5,00,001 – ₹ 8,30,000@20%	66,000	78,500
Add: Health and Education cess@4%		3,140

Tax liability		81,640
----------------------	--	---------------

Accordingly, she is required to pay advance tax of ₹ 81,640 on or before 15th March of the financial year. However, any amount by way of advance tax on or before 31st March of the financial year shall also be treated as advance tax paid during the financial year ending on that day for all the purposes of the Act.

- Rent paid less 10% of salary ₹30,000 ₹ 30,000	66,000	
Gross Salary	5,46,000	5,28,000
Less: Standard deduction u/s 16(ia)	50,000	50,000

Less: Deduction under Chapter VI-A	-	-
Total Income	4,96,000	4,78,000

	Nil	Nil

Cash Flow Statement

Particulars	Option I – HRA	Option II – RFA
Inflow: Salary	5,76,000	4,80,000
Less: Outflow: Rent paid	(78,000)	-

Answer 29
Computation of total income of Mr. Ashish for A.Y. 2025-26

	Particulars	₹	₹	₹
	<u>Income from business or profession</u>			
	Excess of income over expenditure		39,43,000	
	Add: Items debited but not allowable while computing business income			
	- Family planning expenditure incurred for employees [not allowable as deduction since expenditure on family planning for employees is allowed only to a company assessee/not allowed in case of individuals. Since the amount is debited to Income and Expenditure Account, the same has to be added back for computing business income]	20,000		
	- Salary payment to sister-in-law in excess of market rate [Any expenditure incurred for which payment is made to a relative, to the extent it is considered unreasonable is disallowed. However, sister-in-law is not included in the definition of "relative" for the purpose of section 40A(2).	Nil		

	Particulars	₹	₹	₹
	Therefore, no adjustment is required for excess salary paid to Mr. Ashish's sister-in-law]			
-	Employees' Contribution to EPF [Sum received by the assessee from his employees as contribution to EPF is income of the employer. Deduction in respect of such sum is allowed only if such amount is credited to the employee's account on or before due date under the relevant Act. Since, the employees contribution to EPF for February 2025 is deposited after the due date under the relevant Act, deduction would not be available]	10,000		
-	Medical expenses for the treatment of father [Not allowed as deduction since it is a personal expenditure/not an expenditure incurred for the purpose of business of Mr. Ashish. Since the amount is debited to Income and Expenditure Account, the same has to be added back for computing business income]	80,000		
-	Commission to Ms. Anjaleen without deduction of tax at source – [Mr. Ashish would be liable to deduct tax at source on commission since his gross receipts from profession exceeded ₹ 50 lakhs during F.Y.2023-24. Since commission has been paid without deduction of tax at source, hence 30% of ₹ 25,000, being commission paid without deducting tax at source, would be disallowed u/s 40(a)(ia) while computing the business income of A.Y.2025-26]	7,500		
-	Depreciation as per books of account	90,000		
-	Purchase of Furniture [not allowable, since it is a capital expenditure]	<u>48,000</u>

Hence, ₹ 18,000 and ₹ 11,000 paid on 31.8.2024 in cash would not be included in the actual cost of furniture]	1,900		
	- On Car [₹ 3,35,000 x 15%] [Actual cost of car would be the purchase price of the car to Mr. Ashish, i.e., ₹ 3,35,000]	<u>50,250</u>	<u>1,02,150</u>
