PLACE OF SUPPLY (IGST Act)

Sec 12	Place of supply of services where location of supplier and recipient is in India.	165

Introduction :-

GST is primarily a destination based consumption tax. The POS of a particular transaction, coupled with the location of the supplier, will determine the nature of the tax to be paid by a tax payer. Based on its nature of transactions, the type of supply is determined whether to consider it as an "Intra State Supply" or an "Inter State Supply". IGST Act has been drafted mainly to address the supplies falling under the purview of Inter State supplies of goods & services or both. Thus, it will be beneficial to maintain uninterrupted ITC chain on interstate transactions & it will also ease the compliance procedure due to maintenance of proper records.

GST Implications & Registration

Housing society activities can attract GST. Registration required if turnover exceeds the threshold unless exempted.

Exemption

RWA services to its members, up to ₹ 7500 per month per member, are **exempt**.

Taxability

If society's monthly contribution is below ₹ 7,500/- per member no GST is charged, even if registered.

Non requirement of Registration

- 1) If the society/RWA's turnover is below the registration threshold and monthly member contributions are under ₹ 7,500 (exempt services), and no other taxable services are provided, then there's no need for GST registration.
- 2) Even if maintenance charges are over ₹ 7500 per month per member, an RWA doesn't need GST registration if its annual turnover remains below the threshold.

Annual turnover of RWA	Monthly maintenance Charges	Whether Exempt?
More than ₹ 20 lakh	More than ₹ 7500	No
	₹ 7500/- or less	Yes
₹ 20 lakh or less	More than ₹ 7500	Yes
	₹ 7500/- or less	Yes

Multiple Flats Ownership

If maintenance charges exceeds ₹7500

if the monthly contribution exceeds ₹ 7,500/- per member, **entire contribution is taxable.**

Example:- RWA collected the maintenance charges of ₹9,000 per month per member, GST @18% shall be payable on the entire amount of ₹9,000 and not on [₹9,000 - ₹7,500] = ₹1,500.

Statutory Charges and GST: Non-Agricultural Tax and Electricity Charges **aren't GST** taxed unless the society provides the services in which case they're liable.

CH 10 Payment of Tax & TDS-ICS

Order of discharge of tax and other dues

Refer Questionnaire: CCP 09.07.12.00 (IMP) & CCP 09.07.13.00 (IMP)

Sec 49(8) prescribes the chronological order in which the liability of a taxable person has to be discharged:

- ⇒ **Self-assessed tax**, and other dues **related to returns of previous tax period** have to be discharged first.
- ⇒ **Next self-assessed tax**, and other dues **related to the return of the current tax period**
- ⇒ Lastly, any other amount payable under this Act or the rules made thereunder including the demand determined under sec 73 or sec 74 is payable.

This sequence has to be mandatorily followed.

Note:- "Tax Dues": means the tax payable under this Act and does not include interest, fee and penalty.

"Other Dues": mean interest, penalty, fee or any other amount payable

Presumption that incidence of tax is passed on

Sec 49(9) implies that **when a taxable person pays GST under the corresponding Act, it is assumed they've passed the tax burden to the recipient of goods/services.**

Note:- This applies unless proven otherwise. This is particularly relevant for Sec 54 regarding tax refunds, where the payer must prove that the tax incidence wasn't transferred to the recipient.

Sub - Sec

Sec 50:-Interest on delayed payment of tax & Wrongly utilisation of ITC [read with rule 88B]

1 Interest on Delayed Payment of Tax

Due date of payment of tax

Return u/s 39(i.e. GSTR-3B) cannot be filed without payment of tax. Therefore we can reasonably say that due date of payment of tax is the due date of filing return (except QRMP Scheme).

When interest is payable?

Interest is payable in case of delay in payment of tax, in full or in part within the prescribed period which is mentioned below.

Rate of interest

The notified rate of interest is **18% p.a.** (calculate on daywise basis)

Manner of calculating interest on delayed payment of tax

The interest in cases where the tax return has been furnished after the due date (but furnished before commencement of proceedings u/s 73 or 74) shall be levied on that portion which is paid by debiting the electronic cash ledger

Note: Debit to e-cash ledger includes Net output liability (output tax - ITC) & RCM payment

Refer Questionnaire: CCP 09.10.17.00

		Comment :- If return is filed within due date but tax is short paid, then proviso shall not apply and interest is payable on gross tax liability.
	No Interest if sufficient balance in E-Cash Ledger before filing return	<p>⇒ If an amount is credited to the E-Cash Ledger as per section 49(1) before the due date for filing a return, but is then debited for tax payment after that due date, this amount will not be included in the interest calculation.</p> <p>⇒ This is only applicable if the amount remained in the ledger from the due date until the time it was debited for the tax payment.</p>

Newly Inserted by N/No. 12/2024

2	Computation of period for calculation of interest	
	Period u/s 50(1)	The period of interest will be from the date following the due date of payment to the actual date of payment of tax.

3 Wrongly availment & utilisation of ITC

Interest on wrong utilisation	Where the ITC has been wrongly availed & utilised, the RP shall pay interest on such ITC wrongly availed and utilised, at the notified rate 18% p.a.
Period	For the period starting from the date of utilisation of such wrongly availed ITC till the date of reversal of such credit or payment of tax in respect of such amount (wrongly availed and utilised).
When to say ITC wrongly utilised	<p>⇒ Wrongly availed ITC is considered utilized when the balance in the electronic credit ledger falls below the amount of input tax credit wrongly availed</p> <p>⇒ The extent of such utilization equals the amount by which the ledger balance is less than the wrongly availed ITC.</p>
Date of Utilization of Such ITC	<p>The date of utilization is determined based on two scenarios:</p> <p>(a) If the ledger balance falls below the wrongly availed amount due to tax payment via a return,</p> <p>➤ the date, on which the return is due to be furnished u/s 39 or</p> <p>➤ the actual date of filing of the said return, whichever is earlier,</p> <p>(b) In all other cases, it's the date when the ledger balance falls below the wrongly availed amount due to a debit entry in E-credit ledger.</p>

P :- Mr. Aman wrongly claimed ₹1,25,000 ITC (CGST + SGST) for Oct 20XX, used ₹75,000 of it in Nov 20XX, and later corrected this by paying ₹75,000 on 10th Mar 20YY and reversing ₹50,000 on 20th Mar 20YY.

Calculate the total interest payable (CGST + SGST) if Mr. Aman:

1. Filed GSTR-3B for Oct on 18th November 20XX.
2. Filed GSTR-3B for Nov on 25th December 20XX.

Assume no extension for filing and no other transactions during the year.

Hint:-

- ⇒ Interest is payable only on the wrongly used ITC of ₹75,000.
- Date of Utilization: 20th December 20XX (earlier of the due date or actual filing date for November).
- Interest Calculation: For 80 days (21st December 20XX to 10th March 20YY).
- ⇒ Interest = ₹75,000 × 80/365 × 18% = ₹2,959 (rounded off).

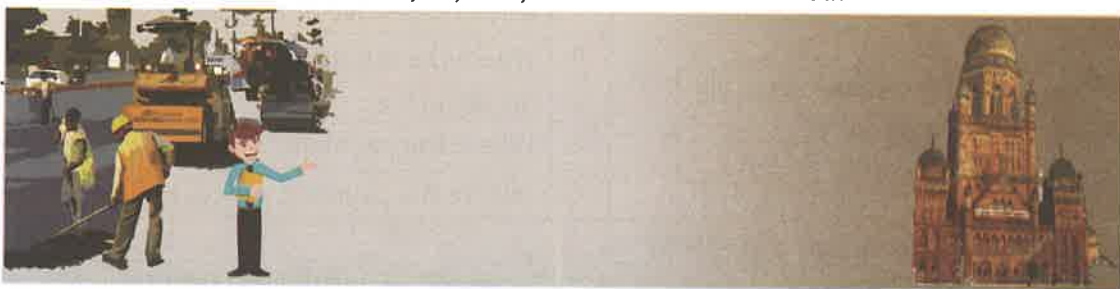

Authors note: ICAI has calculated interest from next day of Date of utilisation, but the provision says it should be from the date of utilisation, So Answer may vary in some cases & Student has to follow ICAI Approach.

Tax collected at source (TCS) by ECO [Section 52]

Who is liable to collect TCS and from whom?

- ⇒ Every ECO, not acting as an agent, is required to collect TCS on
 - the net value of taxable supplies made through its platform &
 - consideration in paid through it.
- ⇒ In practice, ECOs don't collect this from suppliers directly but retain the TCS amount and their commission from the payment received, and then pay the remaining balance to the suppliers.

Note:- In a scenario involving multiple ECOs where a customer orders through ECO-1, which is linked to ECO-2 (the one with a supplier agreement), TCS will be collected by ECO-2, the ECO making payment to the supplier. ECO-1 will not have the GST information of the supplier.

What is the rate of TCS notified?

Notified rate for TCS

Important Points

- ⇒ Calculated at GSTIN level on a monthly basis.
- ⇒ Only the value of **TAXABLE SUPPLIES** is considered..
- ⇒ ECO is required to collect tax on the **NET** value of taxable supplies made through it. Supply returns are adjusted against the agg. value of taxable supplies by each supplier.
- ⇒ If sales returns exceed sales, the negative amount cannot be declared and has no impact on future tax periods.

Example : ABC Ltd. is an Electronic Commerce Operator, it provides the following information.

Particulars	Amount ₹
Aggregate value of taxable supplies of goods by all registered taxable persons through ABC Ltd during the month of December, 2017	13,24,000
(Less) Value of supplies under section 9 (5)	1,00,000

- ⇒ The TCS details submitted by an ECO in GSTR-8 are made available electronically to **each of the registered suppliers** after filing of GSTR-8.
- ⇒ TCS is credited to the supplier's cash ledger in the relevant tax head and can be used for tax liability discharge.
- ⇒ If unused, suppliers may claim a refund as per provisions of sec 54(1)

Note:- Supplies by unregistered persons do not attract TCS.**Rectification of errors/ omissions in GSTR - 08**

- ⇒ If an ECO finds a discrepancy in GSTR-8 not arising from scrutiny or audit, it must rectify in the GSTR-8 for the month, when the discrepancy is noticed, alongwith interest under section 50.

Interest on non-collection of TCS	Interest is applicable on omission as well in case of incorrect particulars noticed. In case of non-collection of TCS, interest is applicable since it is a case of omission. Further penalty under sec 122(vi) would also be leviable.
Payment of TCS only through E-cash ledger	Payment of TCS by ECO is not allowed through input tax credit of ECO. This implies that TCS has to be paid in cash only.
Furnishing of required information	ECO on whom a notice is served shall furnish the required information within 15 working days of the date of service of such notice.
Penalty for not furnishing information	If ECO fails to furnish the required information, then he shall be liable for penal action u/s 122 & penalty up to ₹25,000.

Introduction:-

Scheme Design	The scheme is designed to avoid the cascading effect of taxes and establishes GST as a destination-based tax.
ITC Availability	Broadly, Input Tax Credit (ITC) is available on all inputs, input services, and capital goods used for business purposes by a taxable person. The exception to this is 'blocked credit'.
Blocked Credit	ITC is not available for 'blocked credit', even if these goods or services are utilized for business purposes.
No 'One to One' Co-relation Required	GST law does not mandate a direct correlation between inputs/input services and the final products/services. Any eligible ITC can be used to pay tax on any taxable output supply.
IGST and ITC Transfer	IGST facilitates the transfer of ITC when goods or services move across States, ensuring the scheme's integrity.
ITC Unavailability for Exempt Supply	ITC cannot be availed in respect of exempt output supply where tax is not payable.
ITC Utilization for Zero Rated Supply	ITC is available for Zero-rated supplies such as exports or supplies to SEZ, even if no tax is payable on the output supply. Such ITC can be either used to make payment for taxable supplies made or can be claimed as refund if remains unutilized.
Taxable and Exempt Supplies	A taxable person making both taxable and exempt supplies can avail full ITC for inputs exclusively used for taxable supplies, and no credit can be availed for inputs exclusively used for exempt supplies.

Proportionate ITC for Common Inputs	For common inputs used for both taxable and exempt supplies, ITC is available in proportion to the value of the taxable supply.
ITC on Job Work	ITC can be availed on inputs and capital goods sent for job work, even if they are sent directly to the job worker.
ITC for Input Services at Offices	Input services received at head office or branch offices, indirectly used for supplies from business premises, are eligible for ITC through the 'input service distributor' mechanism.

Understanding of Some important Terms in ITC

Availment or Taking Credit :	It means recording Credit in statutory records (i.e. in GSTR-3B). It results in increase in credit balance. Once credit is availed/taken, it becomes eligible for use as per law.
Utilization or Use of Credit:	It means using credit availed/taken to pay output tax or other eligible sums (transfer to electronic liability register). It results in decrease in Credit balance.
Reversal :	Reversal of credit also results in decrease in balance & is similar to utilization, with a difference that word 'reversal' is generally required/used when ➔ credit is wrongly taken or ➔ becomes subsequently ineligible.

Refer Question from
our Questionnaire:
CCP10.02.03.00

Example:- In September, Orion Industries received 50 invoices worth ₹ 5 lakh for ITC. Only 40 invoices (₹ 3 for lakh ITC) were reported by suppliers in GSTR-1 and appeared in GSTR-2B. Hence, Orion Industries can claim ₹ 3 lakh for ITC in September's GSTR-3B.

**Explanation: Bill to Ship to Model****The RP (third person) is deemed to have received goods or services**

Delivery of Goods	Provision of Service
<ul style="list-style-type: none"> ➤ Delivered by the supplier to a recipient or to someone else. ➤ based on the RP's direction, (e.g. agent or others). ➤ Transfer happens before or during goods' movement. ➤ Through title document transfer or otherwise. CCP 10.02.04.00,
CCP 10.02.05.00 &
CCP 10.02.06.00
(IMP)

Examples:-

1) Delivery of goods:- Trader X places an order with Supplier Y for a consignment of soda ash. Subsequently, X receives a purchase order from Customer Z for the identical quantity of soda ash. X directs Y to ship the goods directly to Z and then invoices Z for the order.

Although X never physically takes possession of the soda ash, Section 16(2)(b) permits X to claim an Input Tax Credit (ITC) for the goods & such goods are said to be received to X when such soda ash delivered by Mr. Y.

2) Provision of Services:- XYZ Ltd., with its registered office in New Delhi, contracts with UVW Ltd., also based in New Delhi, for the repair and maintenance of computer systems at XYZ's Bengaluru branch. UVW Ltd, raise the bill on the head office in New Delhi for these services.

Despite the services being utilized by the branch office and not the head office, Section 16(2)(b) permits the head office to claim an Input Tax Credit (ITC) for the repair and maintenance services.

ba) Details of ITC in respect of the said supply communicated to the RP under Sec 38 has not been restricted

Notes:- As per sec 38(2), ITC will not be available in respect of inward supplies details of which have been furnished by a registered supplier:

- who is a new registrant. (Specified period from taking registration will be prescribed for this purpose.)
- who has defaulted in payment of tax for a prescribed period.
- whose output tax payable as per GSTR-1/IFF exceeds the output tax paid in GSTR-3B for a particular tax period by prescribed limit.
- who has availed ITC of an amount that exceeds the credit that can be availed by him as per GSTR-2B during prescribed period and by prescribed limit.
- who has defaulted in discharging his tax liability i.e. who has discharged more tax liability from electronic credit ledger than prescribed under rule 86B.
- other specified classes of persons.

c) Tax leviable on supply actually paid to Government:-The supplier should have actually paid the tax charged on the Supply of goods and/or services, for which ITC is being taken, either in cash or by utilizing ITC, subject to the provisions of Sec 41.

Sec 41: Availment of self-assessed ITC

1) Eligibility of ITC: A RP can avail the credit of eligible ITC as self assessed in his return. Such amount shall be credited to his E-Cr. ledger.

2) ITC Reversal for Unpaid Tax: If the tax payable corresponding to the ITC availed on supply is not paid by the supplier to the Govt., the ITC so availed shall be reversed by the said person along with applicable interest SUBJECT TO PROVISIONS OF RULE 37A.

Rule 37A:- Reversal of ITC in the case of non-payment of tax by the supplier & re-availment thereof

ITC Availment in GSTR-3B

A RP (recipient) can avail ITC in GSTR-3B for a tax period in respect of an invoice/debit note, provided the details of which have been furnished by its supplier in GSTR-1/ **GSTR-1A if any** using IFF.

Inserted by N/ No. 12/2024

Condition for ITC Reversal	<p>If the supplier does not furnish a return in Form GSTR-3B for the tax period</p> <p>corresponding to the said statement of outward supplies (GSTR-1/IFF) <u>till 30th September</u> following the end of FY in which the ITC in respect of such invoice/debit note has been <u>availed</u></p> <p>the said amount of ITC shall be reversed by the said recipient.</p>
Timeline for ITC Reversal	<p>The ITC reversal should be done <u>while furnishing a return in GSTR-3B on or before 30th November</u> following the end of such FY during which such ITC has been <u>availed</u>.</p>
Liability for Unreversed ITC	<p>Where the said amount of ITC is not so reversed by the recipient, such amount shall be payable by the said person along with interest thereon u/s 50.</p>
Re-availment of ITC subsequently	<p>Where the said supplier subsequently furnishes the return in FORM GSTR-3B for the said tax period,</p> <p>the said RP may re-avail the amount of such credit in the return in FORM GSTR-3B for a tax period thereafter.</p>

Note:- There is no time limit for re-availing of ITC i.e. the time limit given u/s 16(4) is not applicable here.

Example:- Ram, a registered supplier, provides goods worth ₹10,000 to Shyam, charging ₹900 each as CGST and SGST in the invoice issued in March 20XX. Ram successfully uploads this invoice's details in his GSTR-1 for the same month, enabling Shyam to claim the ITC of ₹900 each for CGST and SGST in his March GSTR-3B, as it reflects in his GSTR-2B.

However, Ram doesn't file the corresponding GSTR-3B for March 20XX by September 20XX.

Consequently, in October 20XX, Shyam reverses the previously claimed ITC in his GSTR-3B filed on 20th November.

If Ram later submits his GSTR-3B on 20th December 20XX, paying the due ₹900 for both CGST and SGST plus interest, Shyam is then eligible to re-claim the earlier reversed ITC of ₹900 for CGST and SGST.

Refer Question from
our Questionnaire:
CCP 10.02.02.00
(IMP)

d) Filing of return: The **RP** taking the ITC must have filed his return in GSTR-3B under sec 39. Thus, a taxpayer should file GSTR-3B to avail ITC on eligible inward supplies.

Proviso 1

Goods received in lots: ITC available only on receipt of last lot

In case the goods covered under an invoice are not received in a single consignment but are received in lots / instalments, **ITC can be taken only upon receipt of the last lot / instalment.**

Example:- MNO contracts with PQR for 10 MT of a chemical delivery for ₹1,18,000 (inclusive of GST of ₹18,000) in August, spreading deliveries over 3 months. PQR issued the invoice for the total amount in August and MNO also makes the payment in August but delivery concludes in November. Despite MNO's August payment, it can only claim the ITC upon receiving November's final chemical lot.

Proviso 2

Payment for the invoice to be made within 180 days

[Read with
Rule 37]

Payment Within 180 Days

The **RP**, who has availed of ITC on any inward supply, **must pay** to the supplier, the value of the supply of goods and/or services along with the tax within **180 days** from the date of issue of invoice by supplier.

ITC Reversal or payment

Where a **RP** fails to pay such amount (value - wholly or partly & tax) to the supplier within 180 days from the date of issue of invoice then, he need to pay or reverse the amount.

Amount of Reversal or payment

RP Shall **pay or reverse** an amount **equal to the ITC availed** in respect of such supply, proportionate to the amount not paid to the supplier, **along with interest** payable thereon u/s 50.

Submission in GSTR-3B

Payment or reversal shall be while furnishing the return in Form GSTR-3B for the tax period immediately following the period of 180 days from the date of the issue of the invoice.

Exceptions	<p>This condition of payment of value of supply plus tax within 180 days does not apply in the following situations:</p> <ul style="list-style-type: none"> (a) Supplies on which tax is payable under reverse charge (b) Deemed supplies without consideration – Schedule I (c) Additions made to the value of supplies on account of supplier's liability, in relation to such supplies, being incurred by the recipient of the supply as per Sec15(2)(b). <p><u>Under situations given in points (b) & (c), the value of supply is deemed to have been paid.</u></p>
Example	<p>Facing a quality issue, LMN Ltd. delayed payment for a machine from a supplier, extending the dispute beyond 180 days.</p> <p>Consequently, LMN Ltd. had to reverse the previously taken credit, with interest, in the GSTR-3B of the following month.</p> <p>Only after the supplier resolved the issue and received payment from LMN Ltd., could LMN Ltd. reclaim the credit.</p>
Reavailment of ITC [which is reversed under proviso 2]	<p>RP (recipient) shall be entitled to avail ITC on payment made by him to the supplier of the amount towards the value of supply of goods or services or both along with tax payable thereon.</p>

Proviso 3

Refer Question from
our Questionnaire:
CCP10.02.07.00 (IMP)

If depreciation claimed on tax component, ITC not allowed

If the person taking the ITC on capital goods and plant and machinery **has claimed depreciation** on the **tax component** of the cost of the said capital goods under the **Income-tax Act 1961** then, **ITC on the said tax component shall not be allowed.**

Note:- Either depreciation on the tax component can be claimed under Income Tax Act or ITC of such tax paid can be availed under GST law. Dual benefit cannot be claimed

Example:- A registered supplier purchases a machinery for business purposes. The value of the machinery is ₹ 10 lakh and GST paid thereon is ₹ 1.80 lakh. ITC of ₹ 1.80 lakh cannot be availed by the supplier if he has claimed depreciation on such amount under income-tax law.

4. Time limit for availing ITC

ITC on invoices pertaining to a F.Y. or debit notes issued in a F.Y. can be availed any time
 ➔ **till 30th November of the succeeding F.Y. or**
 ➔ **the date of filing of the relevant annual return,**
whichever is earlier.

Note:- In case of debit notes, the date of issuance of debit note and not the date of underlying invoice (to which debit note pertain) is relevant to determine the relevant F.Y.

Non Applicability of Timelimit for availing ITC

The time limit u/s 16(4) does not apply to re-availing of credit that had been reversed earlier (e.g. reavailing ITC under 2nd proviso to sec 16(2) or Rule 37A).

Example:- Hercules Machinery supplied a machine to ABC Corp., a monthly GST return filer, in January 2025, billing them with Invoice no. 49 on the 28th for ₹ 4,15,000 plus GST. Post-delivery services including trial runs and calibration were later billed in April 2025 through a debit note for ₹ 50,000 plus GST. ABC Corp. had not filed its annual return for FY 2024-25 by November's end 2025. Explain the time limit for availing ITC by ABC Corp.

Original Invoice:- The deadline to claim ITC on the initial supply under Invoice No. 49 is November 30, 2025.

Debit Note:- As the debit note received in the subsequent financial year, ABC Corp. can claim ITC on ₹ 50,000 till November 30, 2026, to claim the ITC on the ₹ 50,000, assuming the annual return for FY 2025-26 isn't filed before then.

Clarification on time limit for availing ITC u/s 16(4) for RCM supplies received from URPs & tax paid under RCM (Circular No. 211/5/2024):-

Clarification on entitlement of ITC by insurance co. on expenses incurred for repair of motor vehicles in case of reimbursement mode of insurance claim settlement (Circular No. 217/11/2024 dt. 26.06.24):-

Facts:

- Insurance co. provide general insurance for motor vehicles & handle repair/damages costs through either Cashless or Reimbursement modes.
- Under both modes, repair invoices are issued by garages to insurance co.
- For Cashless mode, insurers directly pay network garages for approved repairs, while for Reimbursement mode, policyholders (insured) pay non-network garages (with whom there is no routine business relationship of insurance co.) & are later reimbursed by insurers for approved repair/claim cost (accounted repairs liability).
- Insurance co. avail ITC of tax paid for such repair services based on invoices issued by garages in both modes of settlement.

Clarification:- Availability of ITC to insurance co. for repair expenses reimbursed by it in case of reimbursement mode of claim settlement:-

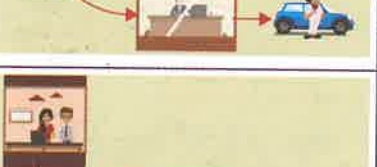

- Sec 17(5) provides that ITC for repair service of motor vehicles shall be available where received by a taxable person engaged in supply of general insurance services in respect of motor vehicles insured by him.
- In reimbursement mode, the liability to pay for repair service for approved claim cost lies with insurance co., irrespective of fact that expense is first paid by insured to garage & then reimbursed to insured for approved claim cost.
- **ITC is available to insurance co. (as a recipient) for such repair expenses incurred in reimbursement mode, since such service is used for outward supply of insurance services for such motor vehicles & it is not barred u/s 17(5).**

Repairs invoices Not in Insurer's Name:-

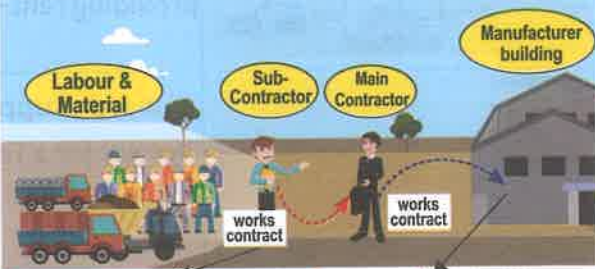

Sec 16(2)(a) & (aa) is not satisfied & thus, ITC is not available to insurance co.

Clarification on availability of ITC on ducts & manholes used in the network of optical fiber cables (OFCs) u/s 17(5) (Cir. No. 219/13/2024)

Issue:- The Cellular Operators Association of India (COAI) reported that some tax authorities were denying ITC on ducts and manholes used in OFC networks for telecommunication services, considering them immovable property (other than plant & machinery). Whether such ITC is barred u/s 17(5)(c) & (d) read with explanation to sec 17?

Clarification:-

- ➔ **Sec 17(5)(c) & (d) restricts** ITC on certain items related to immovable property, excluding plant & machinery.
- ➔ Ducts & manholes are integral to OFC network for providing telecommunication services (signals from one point to another, etc.) & maintenance.
- ➔ They are not classified as land, buildings, civil structures, telecommunication towers, or pipelines outside the factory premises.
- ➔ Therefore, **ducts & manholes fall under "plant & machinery" & are eligible for ITC & not blocked u/s 17(5)(c) & (d).**

Threshold for Registration		Legal Provision		
		Every supplier of goods &/or services is required to obtain registration in the State or UT from where he makes taxable supply , if his aggregate turnover exceeds specified threshold limit in a FY as under:-		
		Analysis:- Read with proviso (for Threshold Limit)		
		Indian State	If exclusively engaged in SOG If engaged in SOS or SOG + SOS	
		↻ Manipur ↻ Mizoram ↻ Nagaland ↻ Tripura	10 lakhs 10 lakhs	
		↻ Puducherry ↻ Uttarakhand ↻ Meghalaya ↻ Arunachal Pradesh ↻ Telangana ↻ Sikkim	20 lakhs 20 lakhs	
		All the other States including following Special category state - Assam, J& K, Himachal Pradesh	40 lakhs 20 lakhs	
Applicability of extended threshold of ₹ 40 Lakhs	No need to take reg. upto Agg. T/O 40L	Notification No. 10/2019 :- A person who is engaged in exclusive supply of goods & whose aggregate turnover in the financial year does not exceed ₹ 40 lakhs is exempted from obtaining registration.		
	Exceptions [Non-applicability of extended threshold 40L]	a)	Persons required to take compulsory registration u/s 24.	
		b)	Person who has opted for voluntary registration u/s 25(3)	
		c)	Persons engaged in making supplies of following goods:-	
			Ice cream and other edible ice, whether or not containing cocoa	Fly ash bricks; Fly ash aggregates; Fly ash blocks
Pan masala			Building bricks	
Tobacco and manufactured tobacco substitutes	Bricks of fossil meals or similar siliceous earths			
		Earthen or roofing tiles		
		Note:- For above goods basic threshold of 10L/20L is available.		
	d)	Persons engaged in making intra-State supplies in Arunachal Pradesh, Uttarakhand, Meghalaya, Sikkim, Telangana, Puducherry, Nagaland, Mizoram, Manipur, Tripura.		
		Note:- Inter-State supplies of goods are liable to compulsory registration & already covered in exception (a) above.		
Special Benefit to ₹40 Lakhs threshold	Explanation:- A person shall be considered to be engaged exclusively in the supply of goods even if he is engaged in exempt supply of services of extending deposits, loans or advances where the consideration is interest or discount .			
	Que 1:- Ronn Pvt. Ltd. earns ₹35 lakhs annually from the sale of pharmaceutical products and ₹8 lakhs as interest income from loans and deposits. The company believes it falls below the ₹40 lakh threshold for mandatory GST registration, as its primary business is the supply of goods. Explain whether company's view is right or not? would your answer differ if interest income is ₹3 Lakhs ?			
	Hint:- Interest income is an exempt service & hence, it is includible in agg. t/o of Ronn Pvt. Ltd. for deciding the threshold limit applicable for registration. However, Ronn Pvt. Ltd. is still deemed to be engaged only in SOG for applicability of ₹40 lakhs threshold. 1) Agg. T/o ₹ 43 lakhs(35 + 8) = need to take registration 2) Agg. T/o ₹ 38lakhs (35 + 3) = no need to take registration			

Examples

1 Prithiviraj in MH, engaged in intra-State supply of shoes, has an Agg. T/o of ₹22 lakh in the current financial year. Since his turnover is below the ₹40 lakh threshold, he is not required to register under GST.

However, if Prithiviraj switches to exclusively supplying pan masala, the threshold limit for registration becomes ₹20 lakh, and he would need to register for GST.

Similarly, if he exclusively offers taxable services, the threshold limit for registration remains ₹20 lakh, necessitating his GST registration.

Even if Prithiviraj supplies both taxable goods and services, the threshold limit for registration remains ₹20 lakh, and he is obligated to register under GST.

Registration required only for a place of business from where taxable supply takes place
Basic Rule for
Registration

➤ If you're a supplier in India, you need to register for GST (Goods and Services Tax) in each state where you have a business place making taxable supplies.

➤ If in any state, person has taken registration, then registration in all other states from where he makes the taxable supply is mandatory.

➤ But, if you only supply exempt or non-taxable goods or services from a certain state, you don't need to register for GST in that state (Sec 22 read with Sec 23).

Fixed
Establishment
Principle

➤ You need to register in states where you have a fixed establishment. This is especially relevant for service providers like repair, transportation, security, etc., who might work across different states.

➤ If you're temporarily in a different state for work, you don't need to register there.

Example :- Mr. X has an office in Delhi and imports goods to Mumbai. He sells these goods directly from the Mumbai port to Mr. Y in Mumbai. Mr. X doesn't need to register in Mumbai since he doesn't have a fixed establishment there.

Liaison or
Marketing
Offices:

If you have only a liaison or marketing office in a state and don't make taxable supplies from there, you don't need to register in that state. You'll be considered 'unregistered' there.

Special Category
States

➤ If you have business places in multiple states, including any Special Category States, the threshold for mandatory registration drops to ₹10 lakh.

➤ However, if you make exempt supplies from a Special Category State and taxable supplies from another state, this reduced threshold doesn't apply.

Example 1:- Raghav, exclusively involved in intra-State garment supply, has a turnover of ₹28 lakh in Assam and ₹11 lakh in Tripura. As a Special Category State, the threshold limit for him is reduced to ₹10 lakh.

Therefore, Raghav must register for GST in both Assam and Tripura since his aggregate turnover exceeds ₹10 lakh in both states.

Example 2:- Uday Enterprises supplies taxable goods in Maharashtra with a turnover of ₹34 lakh and alcoholic liquor for human consumption from Nagaland with a turnover of ₹8 lakh. In Maharashtra, where it's exclusively involved in taxable supplies, the threshold limit is ₹40 lakh.

Uday Enterprises doesn't need to register in Nagaland because it's not making taxable supplies there. However, it must register in Maharashtra as its aggregate turnover exceeds ₹40 lakh in that state.

Calculation of agg. T/o of agent

Explanation:- Aggregate turnover shall include all supplies made by the taxable person, whether on his own account or made on behalf of all his principals.

Example:- Mohini Enterprises has appointed M/s Bestfords & Associates as its agent. All the supplies of goods are made by M/s Bestfords & Associates as agent of Mohini Enterprises. Examine whether such supplies shall be included in computation of aggregate turnover in order to determine the liability to get registered under GST?

Ans. - Aggregate turnover shall include all supplies made by the taxable person, whether on his own account or made on behalf of all his principals.

Thus, in the above case, all the supplies of goods made by M/s Bestfords & Associates as agent of Mohini Enterprises will also be included in the aggregate turnover of M/s Bestfords & Associates.

P1 :- A dealer 'Ram' has two offices from where he makes taxable supply, one in Delhi and another in Maharashtra. The aggregate turnover of both the offices is ₹30 lakh, Determine whether Mr. Ram requires a registration under GST?

P2:- M/s Janhavi enterprises is engaged in trading of various Stationary materials, on a whole sale basis. It has a place of business located in Mumbai (MH). Apart from it, there is also an income in form of interest earned from investment. The turnover from sale of Stationary material is 35 lakh and income from interest is 2,40,000. State whether M/s Janhavi enterprises is required to obtain registration.

P3:- M/s Tiger Trading corp is engaged in supply of variety of products located in state of Maharashtra & its turnover from the sale of following products is as follows:-

Microwave	₹ 5,10,000
Refrigerator	₹ 7,95,000
T.V stand	₹ 1,05,000
Washing Machine	₹ 7,90,000
Office portable chair	₹ 6,54,000

M/s Tiger trading corp needs an advice as regard for whether it should obtain registration under GST act or is there any exemption available to him.

Also state whether your answer will change, if M/s Tiger trading corp makes such supply from State of Telengana. You are required to advise him on this stating relevant provision of GST act.

P4:- Happy Ltd. of Delhi is exclusively engaged in intra-State supply of pan masala. It's aggregate turnover in the current financial year is 24 lakh. Can he take threshold limit of 40 lakhs for registration?

Person liable for registration in case of transfer of business

- When a business is transferred to another person as a going concern, including due to succession or a change in ownership because of the proprietor's death, the transferee/successor must register from the date of the transfer/succession.
- In cases of business transfer through amalgamation or de-merger of companies approved by a High Court/Tribunal, the transferee is to be registered from the date when the Registrar of Companies issues a certificate of incorporation confirming the transfer.

Persons who are not required to register u/s 23 are not classified as 'taxable persons' in GST.

However, this year, he started trading pre-packaged puffed rice in addition to wheat supply.</p> <p>With a total turnover of ₹41 lakh (₹32 lakh from wheat and ₹9 lakh from puffed rice), exceeding the threshold of ₹40 lakh for good's supply in Punjab, Deshbandhu is now obligated to register for GST.</p>

E-Invoicing in GST

Statutory Provisions	<p>➤ Rule 48(4): Specifies the e-invoice preparation process and obtaining IRN.</p> <p>➤ Exemptions: The Commissioner may exempt certain taxpayers from e-invoicing.</p>
What is E-Invoicing?	<p>➤ Definition: E-invoicing is not about generating invoices through a government portal. Businesses create GST invoices using their own systems and report them to the Invoice Registration Portal (IRP).</p> <p>➤ Process: After reporting to IRP, a unique Invoice Reference Number (IRN) is generated, which is necessary for the e-invoice's validity.</p>
Applicability	<p>➤ Mandatory for Certain Taxpayers: Businesses with an aggregate turnover exceeding ₹5 crores in any financial year from 2017-18 onwards are required to issue e-invoices for B2B transactions and exports.</p> <p>➤ Exclusions: E-invoicing is not required for B2C invoices currently, but this may change in the future. It's also not applicable for Input Service Distributors (ISD), import of goods, and certain reverse charge scenarios.</p>
Advantages of E-Invoicing	<p>➤ Efficiency: Automates reporting of invoices in GST returns and e-way bill generation.</p> <p>➤ Accuracy: Reduces transcription errors and facilitates reconciliation with purchase orders.</p> <p>➤ Tax Compliance: Helps in matching input tax credit with output tax, reducing tax evasion.</p> <p>➤ Fraud Prevention: Curbs fake invoicing and fraudulent ITC claims.</p>
Non Applicability of E-invoice	<p>➤ Special Economic Zone (SEZ) units, insurers, banks, NBFCs, GTA, suppliers of passenger transportation, and certain others.</p> <p>➤ Declaration Requirement: Exempted entities must declare that they are not required to prepare e-invoices as per rule 48(4).</p>
Important Notes for SEZ	<p>➤ SEZ Units vs. Developers: Only SEZ units are exempt, not SEZ developers.</p> <p>➤ Entity-Wide Exemption: The exemption applies to the entire entity, regardless of the nature of the supply.</p> <p>Example :- Maharaja Private Limited has an SEZ unit and a regular DTA unit (both having same PAN). The aggregate total turnover of Maharaja Private Limited is more than ₹ 5 crores (considering both the GSTINs). However, the turnover of DTA unit is below ₹ 5 crores for FY 20XX-XY.</p> <p>In this scenario, SEZ unit is exempt from e-invoicing. However, e-invoicing will be applicable to DTA Unit because the aggregate turnover of the legal entity in this case is > ₹5 crores. The eligibility is based on aggregate annual turnover on the common PAN.</p>
E-Invoice incase of Reverse Charge	<p>If the invoice issued by a notified person is in respect of supplies made by him to a person on which is payable under RCM under section 9(3), e-invoicing is applicable.</p> <p>On the other hand, where specified category of supplies are received by notified person from unregistered persons</p> <p>➤ attracting reverse charge under section 9(4) or</p> <p>➤ through import of services,</p> <p>e-invoicing doesn't arise/ not applicable.</p> <p>Example :- A taxpayer (say a firm of advocates) having aggregate turnover in a FY of more than ₹ 5 crore is supplying services to a company (who will be discharging tax liability as recipient under reverse charge mechanism), such invoices have to be reported by said taxpayer (since it is a notified person) to IRP.</p>

Non-applicability of provision of normal invoice	<ul style="list-style-type: none"> Every invoice issued by a person to whom Rule 48(4) applies in any manner other than the manner specified in the said sub-rule shall not be treated as an invoice. 3 copies of invoices is not required in case of e-invoice. Digital signature also not required in case of e-invoice.
Amendment/cancellation of e-invoices	<ul style="list-style-type: none"> An e-Invoice cannot be partially cancelled, it has to be cancelled fully. Once cancelled, it will need to be reported into the IRN within 24 hours. Cancellation after 24 hours cannot be done on the IRN and should be manually cancelled on the GST portal before the returns are filed. Once an IRN is cancelled, the same invoice number cannot be used again to generate another invoice. If used again, the IRP will reject the same. Any amendments to an e-invoice can be made only on the GST Portal.
Circular no. 186/18/2022	It has been clarified that the said exemption from generation of e- invoices is for the entity as a whole and is not restricted by the nature of supply being made by the said entity
CBIC Clarification Circular No. 198/10/2023	<ul style="list-style-type: none"> Government Departments/ Local Authority/ agencies/ PSU required to deduct TDS under section 51 are compulsorily registered under sec 24(vi). E-invoices must be issued for supplies to registered Government Departments/agencies by registered persons surpassing the turnover threshold of ₹5 CR.

Dynamic QR Codes in GST for B2C Invoices

What's a Dynamic QR Code?	<ul style="list-style-type: none"> It's a special type of QR code that changes (or is 'dynamic') and contains all the payment details for a transaction. When a customer scans it, they can pay directly without entering the amount manually.
Who Needs to Use It?	<ul style="list-style-type: none"> Businesses where Agg. T/o in any F.Y. since 17-18 exceeds ₹500 crores. These businesses must put these QR codes on invoices when they sell to customers who are not registered under GST (B2C transactions).
Why is it Diff. from Regular QR Codes?	<ul style="list-style-type: none"> Regular QR codes are static and don't change. They don't have specific transaction details. Dynamic QR codes are smarter – they have all the payment info for each specific sale.
Where QR code is not required?	<p>Some businesses don't need to use these QR codes. These include:</p> <ul style="list-style-type: none"> Insurance companies, banks, and financial institutions. Goods transport agencies. Companies providing passenger transport services. Multiplex cinemas. Online information and database access or retrieval (OIDAR) services.
What About Exports	Goods or services sold to other countries (exports) are treated differently. They don't need these QR codes because they follow different rules (B2B transactions).
What Should the QR Code Include?	<p>It should have:</p> <ul style="list-style-type: none"> The seller's GST number and UPI ID. The buyer's bank account number and IFSC code. Invoice number, date, total value, and GST details.
How Does it help in Payments?	The QR code can be scanned for instant digital payments, making the process quick and easy.

Dynamic QR Code Compliances in Various Cases

Case I	Supplier displays Dynamic QR Code, but customer pays without using it.	Invoice is complied if it includes a cross-reference to the payment (transaction ID, date, time, amount, mode of payment).
Case II	Supplier offers electronic payment modes without displaying Dynamic QR Code.	Invoice is complied if it includes a cross-reference to the electronic payment made. Dynamic QR Code is required if payment is after invoice generation.
Case III	Pre-paid invoices (payment made before invoice issuance).	Invoice is compliant if it references the pre-payment. Dynamic QR Code is needed for post-payment invoices.
Case IV	Supplier uses an e-commerce platform that complies with Dynamic QR Code requirements.	Invoice is complied if it references the payment received. Dynamic QR Code is needed for post-payment invoices.
Case V	Invoice issued to a recipient outside India for services with a place of supply in India, payment in FOREX.	No Dynamic QR Code is required as the recipient outside India cannot use it for payment.
Case VI	Retail sales over the counter with payment via dynamic QR code on digital display, invoice generated post-payment.	Invoice is complied if it includes a unique order ID/sales reference number linked to the transaction and payment.

- Every registered person shall keep & maintain accounts & records but certain notified persons are required to maintain specified records additionally or even if they are not registered under GST.
- Accounts & records may be maintained electronically or manually & have no prescribed format.

2. For E-Way Bill:-

- Under GST regime, for quick and easy movement of goods across India without any hindrance, all the check posts across the country are abolished. But, to monitor movement of goods to control tax evasion, e-way bill system is introduced.

 - inform each transaction's details to the tax department,
 - obtain an automatically generated acknowledgment no. for having thus informed, and
 - use it as valid document accompanying the conveyance carrying goods & to track also.

Refer Question from our Questionnaire: CCP 13.04.12.00 (IMP)

How to determine Consignment Value Explanation to Rule 138(1)	Value as per Sec 15	⇒ The consignment value is the value declared in an invoice, a bill of supply, or a delivery challan for that consignment as per Sec 15 i.e. T.V. including adj. of u/s 15(2) but excluding discount u/s 15(3)
	Special inclusion for E-Way Bill only	⇒ Include the CGST, SGST/UTGST and cess if they are charged and mentioned in the document.
	Exclusion	⇒ Exclude the value of exempt supply of goods if the invoice covers both exempt and taxable supplies.
	Example 1:- ABC Ltd. registered in Maharashtra supplies goods 'A' (Taxable goods valued @ ₹ 40,000 plus GST @18%) & 'B' (Exempt goods valued @ ₹ 20,000) to Mr. Ram, who is registered in same state. Solution: For the purpose of E-waybill, Value of exempt goods will not be included, hence consignment value will be ₹ 47,200 (₹ 40,000*118%), which does not exceed ₹ 50,000, therefore E-way bill is not required.	
	Example 2:- A truck contains 3 consignments based on 3 invoices, Invoice 1 for ₹ 55,000/-, Invoice 2 for ₹ 35,000/- and Invoice 3 for ₹ 90,000/- . How many E-Way Bills will be generated? Solution: E-Way Bill will be generated Bill/ Invoice wise, i.e. when value of invoice exceeds ₹ 50,000/-. Therefore, in this case E-Way bill will be generated for Invoice no. 1 & 3 only.	
E-way Bill in case of 'Bill to Ship to" Model	⇒ In this model there are 3 persons involved in a transaction, namely:- ➤ 'A' is the person who has ordered 'B' to send goods directly to 'C', ➤ 'B' is the person who is sending goods directly to 'C' on behalf of 'A', and ➤ 'C' is the recipient of goods. ⇒ Here, 2 supplies are involved & accordingly 2 tax invoices are required to be issued under:- ➤ Invoice 1: Issued by 'B' to 'A' ➤ Invoice 2: Issued by 'A' to 'C' ⇒ Clarification (Press release dated 23.04.2018):- For movement of goods taking place from 'B" to 'C" on behalf of 'A":- ➤ Either A or B can generate e-way bill but note that only one e-way bill is required to be generated.
